THE POST.

MIDDLEBURG, FEBRUARY 17, 1870.

HYMEN IN 1769.—BRIDE AND BRIDEGROOM A CENTURY AGO.—To begin with the lady: Her locks were strained upwards over an immense cushion, that sat like an incubus on her head, and plastered over with a pomatum, and then sprinkled over with a shower of white powder. The hight of this tower was somewhat over a foot. One single white rosebud lay on its top like an eagle on a haystack. Over her neck and bosom was folded a white handkerchief, fastened in front with a bosom pin rather larger than a copper cent, containing her grandfather's miniature set in virgin gold. Her airy form was braced up in a satin dress, the sleeves as tight as the natural skin of the arm, with a waist formed by a bodice, worn outside, hence the skirt flowed off, and was distended at the top an ample hood. Shoes of white kid, with peaked toes, and heels of two or three inches elevation, inclosed her feet, and glittered with spangles, as her little pedal members peeped curiously out. Now for the swain: His hair was slicked back and plentifully beflowered, while his nose projected like the handle of a skillet. His coat was a sky blue silk lined with yellow; his long vest of white satin, embroidered with gold lace; his breeches of the same material and tied at the knee with pink ribbon. White lace stockings and pumps with bows, and ties of the same hue, completed the habiliments of his nether limbs. Lace ruffles clustered around his waist, and a portentious frill, worked in correspondence and bearing the minature of his beloved finished his truly genteel appearance.

A BEAUTIFUL COMPARISON.—Rev. T Devitt Talmage, now of Brooklin closed a sermon as follows:

Seated, at a country fireside, the other day, I saw the fire kindle, blaze, and go out, and I gathered up from the hearth enough for my reflections. Our mortal life is just like the fire on that hearth.—We put on the fresh faggots, and the flame bursts through, gay of flash, gun of crackle—emblems of boyhood. Then the fire reddens into coals. The heat is fiercer, and the more it is stirred, the more it reddens. With sweep of flame it clears its way till all the hearth glows with intensity—emblem of full manhood. Then comes the whiteness in the coals. The flickering shadows have died along the walls. The faggots drop apart. The household hover over the expiring embers. The last breath of smoke has been lost up the chimney. Fire is out. Shovel up the white remains. Ashes!

AN ARTILERY DOG.—At Fort Leavenworth, Kansas, as the gun for reveille and evening roll-call is fired each day, a dog belonging to the post, and known as "Artilery Jack," takes his position beside it, superintends the operation of loading and firing with the most assiduous attention, and, when the match is applied, leaps with a yelp through the smoke to catch the ball, which he firmly believes has been discharged. This he eagerly hunts for through the parade ground, and, when disappointed he runs back to the gun, looks into the muzzle, hangs his head, and walks away, seeming puzzled and disgusted, but not hopeless.

Says Josh Billings: "Most enny man will concede that it looks very foolish to see a boy drag a heavy sled up a steep hill for the fleetin pleasure of ridin down again; but it appears to me that the boy is a sage by the side of that young man boo works hard all the week, and drinks his stamps up Saturda nite.

A farmer, near Montreal, says no one need tell him that advertising will not cause a big rush, for he advertised ten bushels of grapes for sale, and next morning there wasn't one left, the boys stole 'em all.

Manhood: How Lost, How Restored

Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure, (without medicine) of Spermatorrhœa, or Seminal Weakness, Involuntary Losses, impotency, Mental and phisical incapacity, Impediments to marriage, etc.: also, Consumption Epilepsy and Fits, induced by self indulgence or sexual extravigance.

Price, in a Sealed Envelope, six cents.

The celebrated authur in this admirable essay clearly demonstrates from a thirty years successful practice, that the alarming consequences of self abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply privately and radically.

This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any address, postpaid, on receipt of six cents, or two post stamps. Also, Dr. Culverwell's Marriage Guide, price 25 cents. Address CHAS. J. C. KLINE & CO., 127 Bowery, New York. P. O. Box 4586. [Jan 27, '70-1y

J. S. BURKHART,
Selinsgrove, Snyder Co., Penna.
Keeps constantly on hand a large and well made assortment of Tin, Sheet-iron ware, Stoves, &c., &c.
He is Agent for the following named articles.

"THE MORNING GLORY."
Littlefield's Patent Improved Base Burning
COAL STOVE.

In this pattern of THE MORNING GLORY several new and important features have been embodied, which can only be seen to be admired. This new stove is made entirely of cast iron, so fitted as to be airtight, but can be made with sheet-iron upper section when preferred by the purchaser. Its ornamental finish is drapery, making it a handsome piece of furniture, far more so than any stove heretofore made. Its internal construction, though resembling some of the former patterns of The Morning Glory is quite different, making it more durable, and far less difficult to be repaired. The castings are of the highest order, fully equaling the finest castings made in this country.
Among the many ADVANTAGES in the use of the Morning Glory are the following:—1. Continuous Burning. 2. Quality of the Heat. 3. Ventilation through the stove. 4. Anti-Dust Stove. 5. No Escape of Gas 6. Economy of Fuel.

"THE BARLEY SHEAF."
Anti-Dust Air-Tight Cooking Stove, with Extended Fire-Box for Wood or Coal.
Patented May 16th, 1865.
We take pleasure in offering our customers and the Store Trade, a New first-Class Flat-top, and would call *particular attention to its many attractive and valuable improvements.*
This Stove has been carefully tested for several months, and the results have proved so highly satisfactory, that several of our oldest and most experienced stove dealers predict for it a sale far beyond our ability to supply this season.
Sliding front fire-doors, giving full use of the hearth.
An additional slide in the oven, so arranged as to give more room in the upper part of the oven; a great convenience much needed
The oven is nearly as *wide at the top* as at the hearth line, which not only increases the size, but will be recognized as *a great advantage in baking.*

DOTY'S CLOTHES WASHER.
The best, cheapest, and most popular Washing Machine ever invented.
It is easy to operate, sitting or standing; takes but little room; injures no garments; finishes its work from in two to four Minutes; is durable and convenient; and the only Washing Machine known that is liked the better the longer it is used.

THE UNIVERSAL CLOTHES WRINGER.
The "GREAT FAMILY ECONOMIZER.
The terms of our Patent call our Machine a "Wringer." Years of experience prove it also to be A MOST EXCELLENT WASHER. When we reduce every invention for washing clothes to a principle they all amount to that of pressing and squeezing, and forcing the water through them, thus removing the dirt. Most Washing Machines do it by rubbing. The Universal Wringer does it by pressing.

Ayer's Cathartic Pills,
For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative *Pill*. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.
They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.
Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—
For **Dyspepsia** or **Indigestion**, **Listlessness**, **Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.
For **Liver Complaint** and its various symptoms, **Bilious Headache**, **Sick Headache**, **Jaundice** or **Green Sickness**, **Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.
For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.
For **Rheumatism**, **Gout**, **Gravel**, **Palpitation of the Heart**, **Pain in the Side**, **Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.
For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.
For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.
As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.
An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

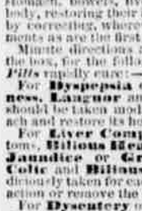
Ayer's
Hair Vigor,
For restoring Gray Hair to its natural Vitality and Color.



A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a nasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a
HAIR DRESSING,
nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.
