—This Senatorial District, composed of Snyder, Union, and Lycoming counties, is classed as one of the doubtful districts by some of the leading Democratic papers; and, consequently, the result of this fall's election will be looked for with a great deal of interest throughout the whole State. For six years we have been *mis*-represented at Harrisburg by a Democrat. This is not as it should be. We have a clean working majority in the district of at least four hundred and fifty, and but for our local quarrels, and nominating unpopular men, neither Walls nor Beck would ever have been sent to Harrisburg as Democratic Senators from a Republican district. Let us not repeat our former folly at the next election. We have some good men in the field. Let us nominate our best one, then stick to the ticket, and by harmonious action and unflagging exertions, the desired result of electing a Republican Senator, can easily be accomplished.

—The President issued a proclamation on Tuesday afternoon, setting forth that he has received information of illegal and unlawful expeditions being fitted out in the United States for the invasion of the Dominion of Canada, a province of the Crown of Great Britain, a country with which the United States is at peace, and in view of such information duly authenticated, the President warns all persons engaged in such expeditions of the consequence of such illegal acts, and announces that if captured they will not be shielded from the penalties so incurred by them and that the United States will not interfere in their behalf. He enjoins on all the officers of the United States to employ all legal authority to interpose and to apprehend such unlawful expeditions and defeat all the participants in their designs, and aid to bring to justice every such offender.

—Secretary Boutwell promises us for May another reduction of ten millions from the public burden. The gaping and demoralized Democracy begin to cry out against this course, and seem to denounce it as "a new way to pay old debts." To honest people and Union men it seems to be the old-fashioned way.

—The Republican party in Pennsylvania will be represented in the next State Campaign Committee by the Hon. Simon Cameron. No man better fitted for the position could be chosen. Mr. Cameron is well acquainted with the politics of the whole State, and though well advanced in life he possesses more vim than most men of not half his years.

—Advices from Red River report that an Indian outbreak there is imminent, and that there is great excitement at Fort Garry from this cause and the arrest of Riehl's soldiers in Canada.

—What is British free trade? It is that extraordinary governmental policy which would grant privilieges to foreighners which it withholds from its own people! It is that system of legislation which would permit those foreigners to send the goods, wares, and merchandise, the products of their labor, into your country untaxed, without contributing toward the support of your city, town, county, State, or National Government, while you pay for these purposes taxes upon real estate, sales, incomes, manufacturies, corporations, transportation, furniture, watches, light, heat, books, newspapers, bonds, mortgages, deeds, notes, checks, food, spirits, ale, medicines, law, etc., etc; in a word, upon all you eat, drink, wear, or are obliged in any manner or form to use, have, or enjoy, excepting only the air you brethe. Can such a system be based upon any principle of right or justice, or can it be expedient in any country or among any people?—*Press.*

WOMAN'S RIGHTS.—A sensible woman in New York, the mother of eight children, writes as follows to the editor of the New York Tribune:

SIR: I can no longer restrain from protesting against the absurb and unreasonable efforts of the dissatisfied few to tear the rest of us from our homes and proper spheres, and to launch us, in spite of ourselves, into the whirlpool of political life, to sever us from sweet and sacred home ties, and send us out into the world to perform the tasks allotted to man. After they have unsurped man's employment, what do they intend? The baking and cooking will never take care of itself. In the instructive story of "Darby and Joan," we see with what success the home department was managed by a man. The author is silent respecting Joan's success. Why has no one ever finished the witty fable? It would be a promising task for some wise poet, and particularly applicable to the present movement. As the peaceful mother of eight cherubs, content in the delightful task of rearing the tender thought and teaching the young idea how to shoot, I beg you to do all in your power to save us from the machinations of our unsatisfied, unfortunate sisters. Forty years' experience has taught me to look with pity on those who are discontented with the lot Providence designed them to occupy, and I honor the brave women who have spoken in behalf of the majority.

A JANESVILLE (Wisconsin) correspondent of the Chicago Post relates an exciting scene which occurred in the court room at the former place at the close of a murder trial. He says:

The argument of counsel in this case were prolonged until 3 o'clock P. M. to day 12th ult. Judge Lyon then delivered his charge to the jury, instructing them that according to the law and the evidence they must either find the defendent guilty of murder, or of manslaughter in the third degree. The jury then retired for deliberation.

An exciting cene occurred at the close of the speech of the District Attorney.—Mrs Roberts, the aged mother of the murdared man, who had been a quiet and attentive listener to the argument, arose and said that she desired to make a few remarks to the jury.

The Judge requested her to sit down, but she was persistent, and the sheriff was compelled to interfere. She took her seat for a moment, and the officer stepped away, when she again sprang to her feet, exclaiming, "He killed my son, and I will kill him;" rushed upon the old man Stowe, and grasping him by the throat and head, caused the blood to flow from the wounds she inflicted. The sheriff and his assistants interfered, and she was forced from the court room, still declaring that she would yet accomplish her purpose. It produced quite a sensation among the audience for a brief period, but the officers promptly restored order.

ONE of the victims of the Richmond disaster was a Republican member of the State Legislature. Ten years ago, a Virginia newspaper would have spoken of him in the phrase still fashionable with the Pennsylvania Democracy, as a "nigger." But times have changed in the Old Dominion, as may be inferred from the annexed paragraph, taken from a Richmond Journal of last week:

"Poor Bland, the colored member from Prince Edward, who was killed by the dreadful accident on Wednesday last, had by his straightforward, manly and independent course attracted the respect and confidence of both races. Had he lived, he would doubtless have been the foremost man of his race in the State. He was a man of excellent natural parts, and availed himself of every opportunity of selfimprovement. His good sense, good principles, and sound and elevated views of public duty, were conspicuously displayed whenever he was brought before the public. His death is much deplored by the white people of the State as it is by those of his own race.

THE Rev. Mr. Smythe, of New York, who recently partook of gin and milk, and afterward confessed his sin, has been roundly abused by the press, rebuked by the presbytery of his church, and called upon to resign his pastorate. The Rev. Henry Ward Beecher and the Rev. O. B Frothingham, who officiated at the marrige of Richardson, the seducer of an another man's wife, with the victim of his machinations and of her own wrong, asking the blessing of Heaven upon this unhallowed union and upon "what these two had been to each other," and who subsequently gloried in their act, and defended the conduct of the parties thus sacriligiously united, are still permitted to preach the gospel (as they understand it), and are defended by a large portion of the press. Comment is deemed unnecessary.—*The Day*

—The Senate committee on military affairs is opposed to the bill which passed the House, declaring May 30 a national holiday forever, a day to decorate the graves of soldiers who fell in the late war.

They oppose it on the ground that it is unnecessary to make such a declaration, for the reason that the devotion of the day will always be governed by popular impulse, and while a law of that character would not strengthen the ceremonies, it would cause great inconvenience to bankers and other business men by making another

—We had a report a short time ago that Andy Johnson was preparing for an extensive tour through Europe. We now have an authorative statement from a Tennessee paper, that his Accidency, instead of going to foreign parts, is making his arrangements to resume his old trade. It seems that he has purchased a large and commodious brick building in Greenville, proposing to engaged again at an early day in the tailoring business, under the old sign of "A. Johnson, Tailor." He intends to employ quite a number of tailors, and will conduct a wholesale and retail business. Bully! We wish him abundent success at his old trade. He made a great mistake, as the people of the United States know to their sorrow, when he gave it up and undertook to be a statesman. Now that he proposes to go back to the tailoring business, he may yet, in some measure regain the respect of the nation and die regretted by his customers.

—Two buildings connected with the Watertown (Mass.) Arsenal were blown into atoms on Sunday afternoon, by the accidental explosion of a large quantity of shells and other war munitions. The explosion occurred about 2 o'clock, in the shell house, caused by the intense heat drawn from the sun through a circular sky-light, which operated similar to a sun glass. It being Sabbath day, there were no workmen present, otherwise the loss of life would have been fearful. The explosion was distinctly heard a dozen miles in all directions. The shock was very severe, and caused great havoc among the windows for miles around, and services in the various churches suddenly closed.

—According to the *Paper Trade Report* the paper collar Abomination is to be followed by the "production of petticoats, which are either printed in imitation of the fashionable skirts of the day, or stamped out with open work of such beauty and delicacy that no amount of labor with needle and scissors could immitate." And that, too, at the trifling expense of fifteen cents apiece: so that the men with doll wives, can get their sawdust angels a spring outfit for one dollar. These prices will doubtless have a beneficial effect upon the present depressed matrimonial market.

—We have a story from Peru that the United States Consul at Tumbez has got himself into jail by slapping the face of a Postmaster. Of course consuls are not to be handcuffed and fettered for little indiscretions of that sort, and we are glad that Rear-Admiral Turner has taked the matter up; still postmasters have rights which even counsels are bound to respect. As soon as the Peruvian authorities have discharged Mr. Weir from durance and appologized for the arrest, we suggest that Mr. Weir should apologize for the slap and then be discharged from his consulship.

—Rev. Dr. Chapin of New York, before proceeding with his regular services last Sabbath morning, remarked to his congregation that he always preferred being "wet down" by a thunder shower than by a drizzling leak, and as their was a small debt remaining upon his church of $10,000, which caused a leak of seven hundred dollars per annum, he desired to have it stopped. The box went round, and when the contents were counted it was found that the desired sum had been obtained. The leak was stopped.

—"The anticipated reduction of the duties on Iron by the United States causes great activity in the iron regions of Wales." Such is the despatch sent by the cable from London. The only effect of the persistent efforts of the free traders in Congress is to give work to the paupers of Wales at starvation wages, and to turn out of employment the well-paid artisans of the United States; so that the effort to get what is called cheap iron really helps nobody but those who produce it abroad.

—Our intelligence from the Dominion this morning is of a somewhat startling character. The mysterious movements of the Fenians are at last assuming tangible shape. The reported burning of five hundred houses in Quebec, which comes to us in the same despatch announcing the massing of Fenians on the border, indicates a resort on the part of that organization to gunpowder plots, infernal machines, and the other resources of enthusiastic but impracticable revolutionists.—*Press of yesterday.*

—The result of the McFarland—Richardson trial conveys two or three lessons on liberty. The first is, that if a man takes the liberty of violating another man's household arrangements the other chap is at liberty to shoot him. Secondly, women are not at liberty to take liberties of that sort. Thirdly, juries are at liberty to find a verdict of not guilty on the ground of insanity, whenever it is necessary to restore liberty to an outraged husband.

—*The St. Louis Tribune* gives a list of *forty-nine* Missouri journals (seven of them issued daily) which are outspoken for Protection, and says this list is incomplete. These, with the Governor of the State and the President of St. Louis Board of Trade, afford a pretty fair indication of the drift of public sentiment.

—Hon. C L. Ward, an influential citizen of Pennsylvania, and a democratic politician, died at his residence at Towanda on Saturday morning.

—The Indian question will soon be solved. A man out in Chicago has invented a process by which living bodies can be petrified in half an hour. He proposes to go out on a confidential mission from the Government and harden up a whole tribe of Indians at one time, and then retail them out for tobacconists' signs. He thinks he can make this so profitable that, by the time he gets done with the Choctaws and the Tuscaroras, the income tax can be abolished with safety.

—A nugget of pure copper, weighing 117 pounds, was discovered in an Iowa field the other day. It had been kicked about for years, under the supposition that it was a stone. Finally, the tooth of a harrow scraped against it, making a bright streak, which revealed its true nature. It is pure metal, without the least alloy, stone, or quartz. The locality where discovered is in Cedar township, Monroe county, and hopes are entertained that extensive deposits underlie the whole region.

—Correspondence will soon be published which will explain the reason why Gen. Hancock was not appointed to succeed Gen. Thomas in the command of the department of the Pacific. The explanation will show that party politics had no connection with the matter.

—An English murderer lately killed a family of *seven* persons, at Uxbridge, seventeen miles from London, at last accounts this fiend incarnate had not been arrested. But it is not likely that he will be able long to elude the vigilance of the police.

—It is estimated that the reduction of the tariff advocated by the free-traders on pig-iron in Pennsylvania alone will throw thirty thousand people out of a living, while it will bring no relief to anybody but the British manufacturers.

—Not to be behind Chicago in the modern improvements, Philadelphia has now a divorce case in court. The parties are said to have lived together for upward of twenty years, and now come into court and ask a decree of separation.

—A despatch at army headquarters, from Gen Wood, dated Fort Wallace, Kansas, states that five hundred Indians were engaged in the late raid in that state. They drove off three hundred head of cattle and killed about a dozen men

CANDIDATES' CARDS.

CONGRESS.

REPUBLICANS OF SNYDER.—The time for choosing our standard bearers in the next campaign is rapidly approaching, and it is time we are thinking of whom to nominate on the 4th of June. For Congress I am certain we can do no better than to renominate our present able Member, Hon. JOHN B. PACKER. It is now customary to give our Representatives in this district a chance to serve a second term, and I can see no good reason why we should depart from this rule. JUSTICE.

ASSOCIATE JUDGE.

EDS. POST:—The selection of candidates to be voted for at the ensuing primary election, is surely an act requiring thought and honesty of purpose; we should select none but honest, intelligent, and reliable men as candidates. For the office of Associate Judge, especially, we should have men of integrity, sound judgement and honest convictions. In the person of M. L. RAUDENBUSH, a citizen of Beaver, we have these qualities combined; and it is with pleasure that we recommend him as a candidate for the office of Associate Judge. He has always been an active Republican, and now we request that the Republicans of this county do an act of justice by nominating and electing him to this important office. CITIZENS OF THE BEAVERS.

EDITORS POST:—Permit us, through your columns, to recommend Hon. A. J. Middleswarth for re-nomination as Associate Judge. He has served the people of Snyder county in that capacity, for one term, with fidelity to the people, credit to himself and honor to the position. He has demeaned himself as a faithful and efficient officer, as an affable and courteous gentleman, as a sound and purely orthodox Republican. He has contributed largely to the success of our party of which he has been a life-long member and justly merits a re-election.

MANY REPUBLICANS.

SENATOR.

EDITORS POST:—Please announce the name of Col. A. C. Simpson, of Selinsgrove, for State Senator of this District. He is a man whose business qualifications give assurance of his ability to act in a Legislative capacity for the good of his constituents and the welfare of the State; and his nomination at the Primary meetings will reflect credit on the Republican party, and his election to the state Senate will be creditable to this Senatorial district. BEAVER.

EDITORS POST.—Republicans of Snyder county, in a few weeks you will be called upon to select standard bearers, from your number, for the approaching campaign, and we recommend to your favorable consideration, COL. WM. H. HERRON as a suitable person to represent this Senatorial District in the Senate of Pennsylvania. Col. Herron's party fealty, integrity, ability and fitness will not admit of a question of doubt; and he justly merits the nomination. He will carefully guard and promote the interests of his constituency, and make us a representative of whom we may justly be proud. We venture the assurance that he will exercise every effort to advance every popular and feasible project which will enhance the interest of the people.

REPUBLICANS OF FRANKLIN.

ASSEMBLYMAN.

EDITORS POST.—We take pleasure in recommending to the Republican party of Snyder county, CAPT. WILLIAM H. HARDING, as a suitable person to represent us in Legislature of Pennsylvania. Fired with the zeal of the patriot, his pure ideas of equal rights and equal justice, he was among the first to offer his life a willing sacrifice on his country's alter in the late struggle for national life. Possessing every qualification to make a good Representative, it would only be a merited tribute to his service and heroic conduct to nominate him by an overwhelming majority. Our candidate for Legislature is honest and capable. Harding, is eminently qualified for and justly deserving of the public trust for which we recommend him. CITIZENS OF BEAVER.

EDITORS POST:—I noticed in your last issue that you have several recommendations for suitable persons for offices to be filled at the election next fall. Believing it to be to our interest as a party to nominate the best men for the respective offices, I would present the name of IRVIN SMITH, Esq., as a suitable person to represent the people of our county in the Legislature. Mr. Smith is a young man of more than ordinary ability; a staunch Republican; has served the party long and well, and heretofore has never asked anything within their power for himself. If the Republican party of Snyder county place Mr. Smith in nomination, he will represent their interests at Harrisburg with honor and fidelity. Let us nominate the best men presented for our choice, and victory will perch upon our banner. UNITES.

PROTHONOTARY.

TO MY FRIENDS:—I hereby announce myself as a candidate for re-nomination for the office of Prothonotary, and respectfully solicit the suffrages of the Republican voters of Snyder county at the coming primary election. JEREMIAH CROUSE.

REGISTER AND RECORDER.

EDITORS POST:—During the war, when soldiers were needed to protect our homes and guard the national honor, we said to our noble volunteers "Go, boys, and we will see that you are provided for should you be wounded." As a general thing our promises have been remembered, and many wounded soldiers are now holding offices of trust and honor. Believing that our citizens are

JAMES M. VANZANDT, a citizen of your town, for the office of Register and Recorder, at the ensuing primary election. Mr. VanZandt served faithfully in our army nearly four years, and in that time was so severely wounded as to unfit him for hard manual labor. Therefore we think that he should be nominated and elected. If elected we are satisfied that he will be an efficient officer. PENNS.

MESSRS. EDITORS:—Permit me, a subscriber, to suggest through the columns of your paper, the name of S. B. Schuck, of Middleburg, (formerly of Monroe township) as a suitable and worthy candidate for re-nomination for Register and Recorder of this county. He has proved himself capable, efficient, industrious and obliging. No one who has had occasion to enter the office can bear witness to the contrary. An excellent penman, a good accountant, a sound Republican deserving of success. Let us renominate him BEAVER.

DISTRICT ATTORNEY.

MESSRS. EDITORS:—Allow me to urge upon the Republicans of our county the propriety of re-nominating R. T. PARKE, Esq., for the office of District Attorney. Mr. Parke' brief official career has proven him to be an efficient and accomodating officer, and we can see no good reason why he should not be re-elected. At the breaking out of the rebellion, "Parkey" was among the first to respond to the call for volunteers—served his country faithfully as a soldier nearly four years, in that time received wounds from which he will never fully recover, and now we think that it would be but a small return for the gratitude we owe an honorable soldier and inefficient officer to re-elect him. OLD BEAVER.

EDITORS POST:—Believing that a political party has a warranty for success and perpetuity, only, when men of ability, sound integrity, persevering energy, and sober habits, who cannot bring dishonor upon themselves, nor reproach upon their constituents, are selected for standard bearers, and knowing that I. N. MYERS, Esq., preeminently possesses these qualities, and all the requisite qualifications essential to the honest and faithful discharge of the duties of District Attorney, we take pleasure in recommending to the Republican voters of Snyder county for nomination for that office, and feel confident if elected, that he will make a worthy and efficient officer. CENTRE.

COMMISSIONER.

The office of County Commissioner is one of the most important offices to the tax payers of a county, and to fill it we should have men of undoubted honesty and integrity. In connection with many Republicans, allow me to present the claims of CAPTAIN PHILIP KINNEY, of Beaver, for this important office. He is a man of sound judgement, honest and reliable, and if nominated and elected, will make a faithful officer. FRANKLIN.

EDITORS POST:—Please announce that JOHN ROMIG, of Penns twp., will be a candidate for County Commissioner, subject to the decision of the Republican voters of the ensuing Primary Election. Mr. Romig is well qualified to fill the office, is a good sound Republican, and will, if elected, make a good officer. J.

SURVEYOR.

EDITORS POST:—Please announce in your paper the name of A. K. GIST, Esq., as a suitable person to fill the office of County Surveyor. Mr. Gist has practiced surveying in this county a number of years, is punctual in business, and moderate in charges. I will not say anything as to his moral character as he is too well known throughout the county. If nominated and elected he will make a faithful officer.

A VOTER OF WEST BEAVER.

EDS. POST:—Please announce through your columns that DANIEL WEIMER, Esq., of Centre township, will be a candidate for County Surveyor, subject to the decision of the Republican voters at the ensuing primary election. Mr. Weimer is an experienced surveyor and is well qualified for the position. FRANKLIN.

AUDITOR.

THINKING that our township is entitled to the Auditor this fall, allow me to present the name of CALVIN L. FISHER to the Republican voters of our county in connection with that office. Mr. Fisher has always been an active and zealous Republican and has never heretofore asked for any thing in the power of the party to bestow. We think it would be but simple justice to place him in nomination at the ensuing primary election. Should he be nominated and elected, we will have an honest and competent Auditor. MIDDLECREEK.

EDITORS POST:—Believing that it is the right policy to retain good men in office, I would propose that we re-nominate DANIEL DIEFENDERFER for the office of County Auditor. He is a sound Republican, a good accountant, and should be re-elected. JACKSON.

THE GREAT MEDICAL DISCOVERY!

DR. WALKER'S CALIFORNIA VINEGAR BITTERS

MORE THAN 500,000 PERSONS Bear testimony to their Wonderful Curative Effects. WHAT ARE THEY?

THEY ARE NOT A VILE FANCY DRINK

Made of Poor Rum, Whiskey, Proof Spirits, and Refuse Liquors, doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers" or "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true medicine, made from the native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter, and restoring the blood to a healthy condition. No person can take these Bitters according to directions, and remain long unwell.

$100 will be given to an incurable case, provided the bones are not destroyed by mineral poisons or other means, and the vital organs wasted beyond the point of repair.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia, or Indigestion, Billious, Remittent, and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE, and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed.

In Billious, Remittent, and Intermittent Fevers, these Bitters have no equal. For full directions read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.
