THE POST.

MIDDLEBURG,.....JULY 21, 1870.

TOWN AND COUNTRY.

THE wheat harvest, has been housed. The oats crop which is now being harvested, is an extra good one.

THE Union Sabbath-School of this place, will hold a celebration in Bower's woods, on Saturday the 13th of August.

THE Pennsylvania State Teachers Association will meet in the city of Lancaster on the 9th day of August next, and continue in session three days.

ONE HUNDRED MEN, to whom good wages will be paid, are wanted to work on the Sunbury and Lewistown Railroad. Apply to any of the subcontractors on the road.

THE VOLKSFREUND printing office has been purchased by Rev. R. Lazarus, of this place, and we learn that the office will again be brought to Middleburg.

APPLES will not be plenty in this section. The trees blossomed well and promised a large yield in the spring, but the fruit has been falling off rapidly for some time past.

HOUSEKEEPERS can be excused for getting cross such weather as we have been favored with recently. Cooking a dinner with the mercury among the nineties is somewhat exciting.

THE camp meeting to re held under the auspices of the United Brethern Church in Bower's woods, about a mile and a half south of this place, one of the largest ever held by that denomination in this section.

$500.00 PRIZE STORY.—*The Little Corporal Magazine* offers this sum for a prize story. Those interested can send twelve cents to the publishers, Sewell & Miller, Chicago, Ills. for the August number of the Magazine, which gives all particulars.

GODEY for August is already on our table. It opens with a handsome engraving "Going Home," followed by a splendid colored fashion plate, patch work, patterns, &c. The reading matter, as usual, is of the most interesting character. Addres L. A. Godey Philadelphia.

THE contract for building a new bridge across Mahantongo creek, in Chapman township, was given to James P. Smith of this borough. The bridge is to be sixteen feet wide and of one span fifty feet in length. Mr. Smith is to receive $600 for the work. No big "pickings" in that job,

GRINDSTONES.—At our Hardware Store in the Borough of Selinsgrove, people will find the best and largest assortment of grindstones in the county. Call in and see them.

JARS, JARS.—We do not mean family jars, but the Excelsior Fruit Jars, which we have for sale. Being now in the opening of the jarring season, we call the attention of the Ladies to these jars. Call and see them. They are the best in the market, and cheap durable. HEISTAND & BOYER.

SPECIMENS of silver coinage have just been struck at the United States mint in Philadelphia of the denominations of ten, twenty-five and fifty cents. Three different specimens of each of these denominations have been submitted to the Treasury Department for approval. The standard value of the new coins is reduced to correspond in actual value with our present "currency," with a view to its immediate use instead of ten, twenty-five and fifty cent notes.

RAILROAD LETTING.—Sealed proposals for the grading, masonry, and bridging of that part of the Lewisburg, Centre, and Spruce Creek Railroad, extending from Lewisburg to the western boundary of the borough of Mifflinburg, a distance of about ten miles, will be received at the office of the President of the Company, at Lewisburg until August 13th. It is with great pleasure that we note such cheering prospects of the early completion of the road for which our Union county neighbors have long been laboring. The county through which the road will pass is one of the richest in the State, and should have had a railroad long ago. Our Mifflinburg friends expect to have the cars running to that place by Christmas.

SUDDEN DEATH.—The *Newport News* says: On Saturday afternoon last, about four o'clock, Mr. John Kough, of Juniata township, was taken suddenly ill with something resembling cramp in the stomach, while on his reaper in the field cutting grain; he [illegible] and went to the house, saying to his wife that he "came in to die," at the same time suffering intense pain in the bowels. Medical aid was immediately sent for and every effort made to relieve the sufferer, but permanent relief was impossible, and he lingered until Sunday night, when death relieved him of all suffering. Mr. K. had eaten very heartly of cherries and cherry pie during the forenoon of Saturday, swallowing the seeds of the cherries which clogged in his intestines, causing the extreme pain or cramp from which he died. Persons cannot be too careful while eating cherries, in separating the seeds from the cherries, as they very frequently terminate the existence of those who thoughtlessly swallow both.

HOW TO STOP A PAPER.—The following from one of our exchanges, so fully and clearly expresses our views upon the subject that we copy it without comment:

"You have undoubted right to stop a newspaper whenever you are disposed, upon payment of all arrearages. Do not hesitate to do so on account of any 'tenderness of feeling,' for the editor. Don't suppose he would stop [illegible] of meat, cloth-ing, dry goods, &c., &c., if he thought he was not getting his money's worth? And when you discontinue a paper, do so manfully. Don't be so pitiful as to throw it back to the postmaster with a conscientious, 'I don't want in any longer?' and have 'refused' written on the margin, and have the paper returned to the editor. No gentleman ever stopped a paper in that way, no matter if his head is covered with gray hairs that should be honorable. If you do not wish longer to receive a newspaper write a note to the editor like a man, saying so—and be sure that arrearages are paid. This is the way to stop a newspaper.

A prominent Kentuckey democrat has just given utterance to the following: "My friends, I never was for biting my nose off for spite, and I think this refusing negro testimony in the state courts, when you cannot deny it to them in the federal, is very much short of true wisdom. But, let us rise above the expediency. Is it right? Suppse some villain goes to your house and murders you or some of your family; no white witness present, but there are some reliable negroes who witness the murder, should the murderer escape? I think not. Again, a number of negroes are together, a white scoundrel comes up and shoots one or more; is he to escape unwhipt of justice? Both justice and humanity require that he should not." This shows that even stolid, stubborn, old Kentucky is not beyond the reach of hope.

DESTRUCTIVE FIRE.—One of the most destructive conflagrations that has occurred in Philadelphia for a long time, took place on Tuesday evening last, involving the total destruction of the immense sugar refinery of Newhall & Borie, situated at the northeast corner of Crown and Race streets. In two short hours the mammoth establishment was converted from one of the most extensive refineries in the country, employing over one hundred men, and stocked with $400,000 worth of material, into a smouldering pass of ruins, only portions of the lofty walls remaining standing here and there.

Although the total loss by the destructions of the refinery will reach to about the large sum of $1,200,000, the saddest part remains to be told, for at least two men, members of the Philadelphia hose, have sacrificed their lives, and about ten others are injured, some of them very seriously, by the falling walls.

ARTIFICIAL LIMBS FOR OUR HEROES.—Congress having provided by acts approved June 17, June 30, and July 11, 1870, for a reissue every five years of artificial limbs, or the value thereof in money to officers, soldiers, seamen and marines who have lost limbs in the service of the United States, instructions are published for the benefit of those interested. Upon application for limbs, *in kind*, orders will be given by the surgeon general upon any manufacturer selected who shall have first filed a bond in the sum of $5,000, with two surities, to furnish good and satisfactory limbs without extra charge to a soldier, and make good all defects of material or workmanship without additional charge to a soldier, and be subject in all cases, to the inspection of such persons as the surgeon may designate. Transportation to and from the place of fitting the limbs will also be furnished upon a written request addressed to the surgeon general.

Manhood: How Lost, How Restored

Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure, (without medicine) of Spermatorrhœa, or Seminal Weakness, Involuntary Losses, Impotency, Mental and phisical Incapacity, Impediments to marriage, etc.: also, Consumption Epilepsy and Fits, Induced by self indulgence or sexual extravigance.

The celebrated author in this admirable essay clearly demonstrates from a thirty years successful practice, that the alarming consequences of self abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply privately and radically.

This Lecture should be in the hands of every youth and every man in the land.
