THE POST.

MIDDLEBURG,.....DECEMBER 29, 1870

TOWN AND COUNTRY.

We wish all our readers a happy New year.

The school teachers of this county are instituting at Freeburg this week.

The United Brethren are at present holding a protracted meeting in this place.

The Odd Fellows Fair and Festival at Selinsgrove is well attended.

The ice houses in this place are now being filled with a superior article of ice.

The old adage that "when the days begin to lengthen the cold begins to strengthen," is confirmed.

"We won't go home till morning" is now the favorite song with the young bloods of this place.

Hanlon, the murderer of little Mary Mohrman, will be hung on Wednesday, February 1st.

We learn that a large number of hands will be put to work in the ore banks at the Furnace early in the spring.

"Christmas comes but once a year," which is an excellent excuse with many for getting intoxicated.

Winter has set in with the waters lower in this vicinity than they have been at this season of the year for many years past.

John Wanamaker spent $100,000 in advertising last year, and added to his capital $1.000.000.

The boys are having a good time this week skating. The ice on the creek and ponds is in splendid condition, and the weather just cold enough to make the boys turn up their noses at furs and overcoats.

Don't Dye, but use a bottle or two of that incomparable article known as Nature's Hair Restorative. It makes the head feel so good. Sold everywhere. See advertisement.

Valuable Testimony From Abroad.—Vincent Lundburg of Stockholm, Physician-in-Chief to the King of Sweeden, recommends Hall's Vegetable Sicilian Hair Renewer for the scalp and for the hair.

No stamps required on receipts, transfers of mortgages, nor on notes of less than $100—No tax on auctioneer's monthly sales—No succession tax. Incomes below $2,000, and also including interest money paid out, exempt. No tax on watches.

Rev. Daniel Lord, D. D., Calvary Church Chicago, Ills., in speaking of our "Fathers House" says: It shows a noble aim, devout spirit, and loving study: and by its nice arrangement, beautiful illustrations, and popular style, will help all its readers to see more of science in the Bible, and of God in His works. See advertisement.

Messrs. Helfrich & Brower, merchants at Bannerville, present the compliments of the season to their friends and customers, and return their thanks for the largely increased patronage during the past year, and promise, with extra facilities and additional energy to make their stock the coming year still more attractive in all departments.

The first number of the "Young Folks' Rural" is received. It is a fine looking sheet of eight pages, full of entertaining matter—good stories, dialogues and pieces for school exercise, pictures, etc. It is designed to cultivate a taste for Rural life. $1 per year; single numbers ten cents. Published by H. N. F. Lewis Chicago, Ill.

The Legislature will meet on the third day of January, and if any of our readers desire a full report of the proceedings of that body they should subscribe for the Daily State Journal, published at Harrisburg. The paper will be sent to mail subscribers during the session for the low sum of $1,50. Address State Journal, Harrisburg, Pa.

The Christmas Number of Every Saturday is a gallery of fine pictures for the Holiday season. Several of the best of these are by well-know American artists,—Gathering Christmas Greens, by Darley; a charming portrait of Santa Claus, by Bush: an admirable sketch of a Southern Christmas scen, by Sheppard; a capital picture of Bob Cratchit and a touchingly beautiful face of Tiny Tim, by Eytinge; and a superb double-page drawing by Hoppin, representing a Christmas party with troops of children playing "King George" noisly and hapily. There are several other attractive pictures suited to the season, and a fine variety of reading matter by some of the most popular of American and foreign writers. A copy of this holiday number of Every Saturday would seem indispensable to a full appreciation and enjoyment of Merry Christmas.

A Midnight Murder.—'Twas night! the stars were shrouded in a vail of mist; a clouded canopy o'erhung the world; the vivid lightnings flashed and shook their fiery darts upon the earth; the deep-toned thunder rolled along the vaulted sky; the elements were in wild commotion; the storm-spirit howled in the air; the winds whistled; the hail-stones fell like leaden balls; the huge undulations of the ocean dashed upon the rock-bound shore; and torrents leaped from mountain-tops; when the murderer sprang from his sleepless couch with vengence on his brow,—murder in his heart,—and the fell instrument of destruction in his hand.

The storm increased; the lightnings flashed with a brighter glare; the thunder growled with deeper energy; the winds whistled with a wilder fury; the confusion of the hour was congenial to his soul, and the stormy passions which raged in his bosom. He clenched his weapon with a sterner grasp. A demoniac smile gathered on his lip; he grated his teeth; raised his arm; sprang with a yell of triumph upon his victim and relentlessly killed—a Buzzard.

Rev. Albert Barnes, one of the most widely known and best loved of American divines, died in Philadelphia last Saturday in the 72d year of his age.

We learn that a responsible and enterprising company of gentlemen have purchased a portion of the Smith farm, just west of Mifflinburg, extending from the Big Spring to the pike, and a little beyond the Toll Gate, with a view of constructing a series of ponds for the culture of fish. This is one of the most desirable locations for such a purpose and it affords us pleasure to note so praiseworthy an enterprise.—*Mifflinburg Telegraph.*

A week ago last Monday, Washington Bair, of Spring township, being out hunting, his dog scared up a fox, which took refuge in a hollow stump about fifteen feet high. Bair, on coming to the stump, set down his gun, and climbed to the top for the purpose of rescuing the fox. While on the top of the stump, the wood being decayed and rotten, broke from his hold, and the hunter fell inside, while the fox ran out, and he was thus left alone in a very uncomfortable situation—in fact in a trap. Nothing daunted, however, Bair took out his knife and set to work to hew his way out, which he accomplished, after much whittling. He remained in this novel situation from Monday, at 10 o'clock, till Tuesday night near midnight, over thirty-six hours.—*Bloomfield Advocate.*

The Phrenological Journal for January—New Volume—contains—"The Beechers of to-Day," with five excellent portraits; Importance of Chemistry, by Prof. Charles A. Joy; H. B. Claflin, the eminent merchant; Dream-land, the Nature of Dreams; Physical Education—Eating and Mental Action, Dyspepsia, etc.,; Moleration, a Poem; Woman's Sphere and Influence; R. B. Woodward, of California; Decision, its relation to a successful life; The Mormon People, who and what they are, their Religion, Social Life, Accomplishments and Prospects; The Editor's Message; The Study of Man; Leigh Hunt as an Essayist; "What shall I do?" Adventures of a Non-Combatant; The Cender, illustrated, and a dozen other articles, brief pertinent and interesting. The whole making up a number of peculiar excellence among the issues of a Monthly whose general superiority is universally acknowledged. Single Numbers, 30 cents; for the year $3, including a handsome chromo premium. S. R. Wells, Publisher, 389 Broadway N. Y.

HALL'S VEGETABLE SICILIAN HAIR RENEWER.

ITS EFFECT IS MIRACULOUS.

It is a perfect and wonderful article. Cures baldness. Makes hair grow. A better dressing than any "oil" or "pomatum." Softens brushy dry and wiry hair into beautiful silken tresses. But, above all, the great wonder is the rapidity with which it restores Gray Hair to its Original Color.

The whitest and worst looking hair resumes its youthful beauty by its use. It does not dye the hair, but strikes at the root and fills it with new life and coloring matter.

The first application will do good; you will see the Natural Color returning every day, and

Before You Know It,

the old, gray, discolored appearance of the hair will be gone, giving place to lustrous, shining and beautiful locks.

Ask for Hall's Sicillian Hair Renewer; no other is at all like it in effect.

See that each bottle has our private Government stamp over the top of the bottle; all others are imitations.

DOTY'S

Washing - Machine,

LATELY MUCH IMPROVED—AND THE NEW

Universal Clothes Wringer

Improved with Rowell's Patent Double Cog Wheels, and the Patent Stop, are now unquestionably far superior to any apparatus for washing clothes ever invented, and will save their cost twice a year, by saving labor and clothes.

Those who have used them give testimony as follows:

"We like our machine much; could not be persuaded to do without it and with the aid of Doty, we feel that we are masters of the position."—Rev. L. Scott, Bishop's M. E. Church.

"In the laundry of my house there is a perpetual thanksgiving on Monday for the invention."—Rev. Theodore L. Cuyler.

"Every week has given it a stronger hold upon the affections of the inmates of the laundry."—N. Y. Observer.

"I heartily commend it to economists of time, money, and contentment."—Rev. Dr. Bellows.

"Friend Doty—Your last improvement of your Washing Machine is a complete success. I assure you 'our Machine,' after a year's use, is thought of more to-day than ever, and would not be parted with under any circumstances."—Solon Robinson.

The N. Y. Weekly Tribune, of Dec. 15, 1869, in answer to a correspondent, says: "Of Washers, there is none to be compared with Doty's."

Prices---A fair offer.

If the Merchants in your place will not furnish or send for the Machines, send us the retail price, Washer $14, Extra Wringer $9, and we will forward either or both machines, free of freight, to places where no one is selling; and so sure are we they will be liked, that we agree to refund the money if any one wishes to return the machines free of freight, after a month's trial, according to direction.

No husband, father or brother should permit the drudgery of washing with the hands, fifty-two days in the year, when it can be done better, more expeditiously, with less labor, and no injury to the garments, by a Doty Clothes Washer and a Universal Wringer.

Sold by dealers generally, to whom liberal discounts are made.

"THE MORNING GLORY."

Littlefield's Patent Improved Base

COAL STOVE.

In this pattern of The Morning Glory, several new and important features have been embodied, which can only be seen to be admired. This new stove is made entirely of cast iron, so fitted as to be air tight, but can be made with sheet iron upper section when preferred by the purchaser. Its ornamental finish is drapery, making it a handsome piece of furniture, far more so than any stove heretofore made. Its internal construction, though resembling some of the former patterns of The Morning Glory is quite different, making it more durable, and far less difficult to be repaired. The castings are of the highest order, fully equaling the finest castings made in the country.

Among the many advantages in the use of the Morning Glory are the following:—1. Continuous Burning. 2. Quality of the Heat. 3. Ventilation through the stove. 4. Anti-Dust Stove. 5. No Escape of Gas. 6. Economy of Fuel.

Sliding front fire-doors, giving full use of the hearth.

An additional shelf in the oven, so arranged as to give more room in the upper part of the oven; a great convenience much needed.

The oven is nearly as *wide at the top* as at the hearth line, which not only increases the size, but will be recognized as a *great advantage in baking.*

DOTY'S CLOTHES WASHER.

The best, cheapest, and most popular Washing Machine ever invented.

It is easy to operate, sitting or standing takes but little room; injures no garments finishes its work from in two to four Minutes; is durable and convenient; and the only Washing Machine known that is liked the better the longer it is used.

THE UNIVERSAL CLOTHES WRINGER.

The "GREAT FAMILY ECONOMIZER."

The terms of our Patent call our Machine a "Wringer." Years of experience prove it also to be a most excellent Washer.

When we reduce every invention for washing clothes to a principle they all amount to that of pressing and squeezing, and forging the water through them, thus removing the dirt. Most Washing Machines do it by rubbing. The Universal Wringer does it by pressing.
