THE POST.

MIDDLEBURG.....JUNE 22, 1871

THE town in Coos county, N. H., named "Success", is a failure. After twenty years it has only five inhabitants.

A BOSTON jail holds a beautiful and well educated girl who was arrested for stealing $2,000 from her employers, a dry goods firm.

A COUPLE at Danbury, Conn., having carefully considered the question for twenty-five years, have recently decided to get married.

A NEW BRUNSWICK boy has teamed all the family wood from the shed to wood box, with a span of cats the past year, working in double harness.

A TOLEDO druggist had his name taken off a petition for a street improvement when he learned that such would improve the health of the neighborhood.

"Has your sister got a son or a daughter?" asked an Irishman of a friend. "Upon my life," was the reply, "I don't know yet whether I'm an *uncle* or an *aunt*."

THE combined populations of the eight largest cities of the United States—New York, Philadelphia Brooklyn, Chicago, St Louis, Baltimore, Boston and Cincinnati—are less than the population of the city of London, as announced by the recent British census.

THE risk of refusing liberal offers is shown in the case of William Bradley, of Meriden, Conn., who declined to take $15,000 for his horse Leviathan a fortnight since. A day or two ago he had to pay $5 to get rid of the animal, who had died of a spasm in the meantime, and needed to be carted off.

A YOUNG girl of Williamsport, who had been attending boarding school at Bethlehem, eloped with a gambler and sailed from New York for Europe on Wednesday. The father of the girl arrived hastily at the dock an hour after the vessel had sailed, and wept bitterly on ascertaining the hopelessness of his attempt to stop the runaways.

ALEXANDER HAMILTON once said to an intimate friend: "Men give me credit for genius. All the genious I have lies just in this: When I have a subject in hand, I study it profoundly. Day and night it is before me. I explore it in all its bearings. My mind becomes pervaded with it. Then the effort which I make, the people are pleased to call the fruit of genius. It is the fruit of labor and thought, and the ability to study so profoundly is in itself genius.

"MY competitor," exclaimed a political orator, "has told you of the service he had rendered his country during the late war. Let me tell you that, I, too, acted my humble part in that memorable contest. When the tocsin of war summoned the loyal masses to rally to the defense of the national flag, I, fellow citizens, animated by the patriotic spirit that glows in every American bosom, hired a substitute, and the bones of that man now lie bleaching on the banks of the Rappahannock."

A SEAL, weighing 580 pounds, was recently captured in the Delaware river near Bordentown, by two fishermen. They at first tried to secure it in their net, but failed. A rifle was then used, and, after an exciting chase, lasting half a day, the seal was killed, having received fifteen balls in different parts of its body.

THE Lynchburg (Va.) women have presented General Early with a cane, as a token of his appreciation of his services in behalf of the "Confederacy." We don't know the exact tenor of his speech on the occasion, but he might have said, "I tried all I could during the rebellion to raise Cain, but I found I was not Abel."

THE other day W. A. Pierce of Lawrence, Massachusetts, had removed from his jaw the fragment of a dirk-blade an inch and a quarter long with which he had been stabbed by a rowdy eleven years before, the blade breaking off at the time and defying all efforts at extraction. The piece of steel was taken out through the opening of the ear.

The following resolutions were passed by the board of Councilmen in Canton, Mississippi:

1. Resolved, by the Council, that we build a new Jail.
2. Resolved, that the new Jail be built out of the material of the old Jail.
3. Resolved, that the old Jail be used until the new Jail is finished.

A YOUNG Polish nobleman, speaking speaking fluently seven European languages, having been banished by the Russian government, finally reached San Francisco, California, about a year ago, according the San Francisco *Chronicle*, and opened a fashionable drug store, but losing heavily and failing in business, he sought for employment, and is now a bottle-washer at six dollars per week.

Harper's Periodicals For 1871.

THE PERIODICALS WHICH THE HARPERS PUBLISH ARE ALMOST IDEALLY WELL EDITED. —The Nation, N. Y.

Harper's Magazine.

The great design of HARPER'S is to give correct information and rational amusement to the great masses of the people. There is no monthly Magazine an intelligent reading family can less afford to be without. Many Magazines are accumulated. HARPER'S is edited. There is not a Magazine that is printed which shows more intelligent pains expended on its articles and mechanical execution. There is not a cheaper Magazine published. There is not, confessedly, a more popular Magazine in the world.—New England Homestead.

At once the most popular and, in its scheme, the most original of our Magazines. * * * * All the periodicals which the Harpers publish are almost ideally well edited.—Nation.

"A complete Pictorial History of the Times."

Harper's Weekly.

The best publication of its class in America, and so far ahead of all other weekly journals as not to permit of any comparison between it and any of their number. Its columns contain the finest collections of reading matter that are printed. * * Its illustrations are numerous and beautiful, being furnished by the chief artists of the country.—Boston Traveler.

HARPER'S WEEKLY is the best and most interesting illustrated newspaper. Nor does its value depend on its illustrations alone. Its reading matter is of a high order of literary merit—varied, instructive, entertaining, and unexceptionable.—N. Y. Sun.

Harper's Bazar.

Free from all political and sectarian discussion, devoted to fashion, pleasure, and instruction. It is just the agreable, companionable, and interesting domestic paper which every mother and wife and sweetheart will require every son, husband, and lover to bring home with him every Saturday evening.—Philadelphia Ledger.

By all means buy HARPER'S BAZAR. Not for yourself, but for your wife, or daughter, or sister or sweetheart. There never was any paper published that so delighted the heart of woman. Never mind if it does cost you a new bonnet; it will save you ten times the price in the household economy it teaches.—Providence Journal.

Keeps constantly on hand a large and well made assortment of Tin, Sheet-iron ware, Stoves, &c., &c.

He is Agent for the following named articles.

"THE MORNING GLORY."

Littlefield's Patent Improved Base

COAL STOVE.

In this pattern of THE MORNING GLORY, several new and important features have been embodied, which can only be seen to be admired. This new stove is made entirely of cast iron, so fitted as to be air tight, but can be made with sheet-iron upper section when preferred by the purchaser. Its ornamental finish is drapery, making it a handsome piece of furniture, far more so than any stove heretofore made. Its internal construction, though resembling some of the former patterns of The Morning Glory is quite different, making it more durable, and far less difficult to be repaired. The castings are of the highest order, fully equaling the finest castings made in this country.

Among the many ADVANTAGES in the use of the Morning Glory are the following:—1, Continuous Burning. 2, Quality of the Heat. 3. Ventilation through the stove 4. Anti-Dust Stove. 5, No Escape of Gas. 6, Economy of Fuel.

"THE BARLEY SHEAF."

Anti-Dust Air-Tight Cooking Stove, with Extended Fire-Box for Wood or Coal.

Patented May 16th, 1865.

We take pleasure in offering our customers and the Stove Trade, a New first-Class Flat-top, and would call *particular attention to its many attractive and valuable improvements.*

This Stove has been carefully tested for several months, and the results have proved so highly satisfactory, that several of our oldest and most experienced stove dealers predict for it a sale far beyond our ability to supply this season.

Sliding front fire-doors, giving full use of the hearth.

An additional slide in the oven, so arranged as to give more room in the upper part of the oven; a great convenience much needed.

The oven is nearly as *wide at the top as* at the hearth line, which not only increases the size, but will be recognized as *a great adcantage in baking.*

DOTY'S CLOTHES WASHER.

The best, cheapest, and most popular Washing Machine ever invented.

It is easy to operate, sitting or standing takes but little room; injures no garments finishes its work from in two to four Minutes; is durable and convenient; and the only Washing Machine known that is liked the better the longer it is used.

THE UNIVERSAL CLOTHES WRINGER.

The "GREAT FAMILY ECONOMIZER."

The terms of our Patent call our Machine a "Wringer." Years of experience prove it also to be A MOST EXCELLENT WASHER.

When we reduce every invention for washing clothes to a principle they all aomunt to that of pressing and squeezing, and forcing the water through them, thus removing the dirt. Most Washing Machines do it by rubbing. The Universal Wringer does it by pressing.

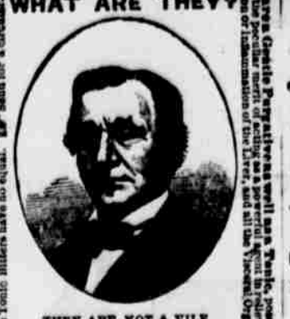
The Great Medical Discovery!

Dr. WALKER'S CALIFORNIA
VINEGAR BITTERS,

Hundreds of Thousands
Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?



THEY ARE NOT A VILE
FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that leat the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION.

Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle.
