THE POST.

MIDDLEBURG.....JULY 8, 1871

The Art of Living Well.

A Georgian, a carpenter by trade, thus gives his mode of living. He is 93 years of age, and professes to be in good, robust health:

"I get up about five in the morning, drink about six or eight drinks of good solid corn whisky by about 8 o'clock by that time I have jacked off and dressed about 500 feet of plank, more or less, then take breakfast.

"My breakfast is generally a sumptuous chicken and a stewed catfish or two or three trout; sometimes two or three shad with beefsteak and ham and fried eggs, with two or three dozen boiled eggs, fifteen or twenty batter cakes—with a little coffee or tea—say about six or eight cups. I then joint, tongue and groove the plank. By about 1 o'clock I am ready for putting up or down, at which time I dine.

"My dinner is not always the same; but generally I take about three or four quarts of turtle or pea soup, a small baked pig or a roasted goose, sometimes a quarter of a lamb or kid, greens, beans, peas, onions, potatoes, cabbage, and other vegetables, by which time I have drank about fifteen or twenty drinks of old, solid corn whisky. After dinner I put up or down my plank, as the case may be, and take a few drinks during the time, say about twelve or fourteen.

"I then take the last meal, which is generally called tea.; don't use any meat; drink about six quarts of good buttermilk, with about one and a half or two pounds of light bread; take about four drinks to hold it steady, lay down about eight, and rest better than if I had crowded my stomach. I then rest well, dream pleasant dreams, and rise early again

"This has been my mode of living through life. I am stout and active; weigh from 260 to 275 pounds; health fine. My head is as black as a gander's back. I am not very extravagant in using tobacco; only use about two or three plugs daily, say one and a half pounds; smoke some and chew the rest—not that I am fond of the weed. I use it only to keep my flesh down."

The Yankee Factory Girls.

In one of the factories in Maine, recently, the proprietors reduced the wages, whereupon their was a general determination to strike; and as they were obliged to give a month's notice before quitting work, they had meanwhile issued a circular to the world at large in which is the following interesting paragraph: "We are now working out our notice—can turn our hands to most anything—don't like to be idle—but determined not to work for nothing where folks can afford to pay. Who wants help? We can make bonnets, make dresses, puddings, pies, knit, roast, stew, and fry; make butter and cheese; milk cows, feed chickens, and hoe corn; sweep out the kitchen, put the parlor to rights, make beds, split wood, kindle fires, wash and iron, besides being remarkably fond of babies; in fact can do anything the most accomplished housewife is capable of doing, not forgetting the scolding on Mondays or Saturdays; for specimens of spirit will refer you to our overseer. Speak quick. Black eyes, fair foreheads, clustering locks, beautiful as Hebe; can sing like seraph and smile most bewitchingly; any elderly gentleman in want of a good housekeeper, or a nice young man in want of a wife—willing to sustain either character; in fact we are in the market. Who bids? Going, going, gone! Who's the lucky man?"

A Tough Customer.

A revival preacher says the toughest customer he ever came across in the pursuit of his callings was a rough old fellow in the valleys of the Green Mountains, who approached him at the close of an evening meeting with a very long face and asked gravely:

"Did I understand you to say that hell was a lake of fire and brimstone?"

"Yes," said the divine, thinking he had at last succeeded in making an impression upon the hitherto obdurate heart, and going on to enlarge upon the horrors of the place of torment.

"Nonsense! nonsense!" interrupted his listener; "I don't believe a word of it; you pile it on too thick; a man couldn't live a minute in such a place."

"They will be prepared for it," said the minister, impressively.

"O! prepared for it, will they!" exclaimed the anxious questioner, brightening up. "I'd as soon be there as anywhere, then;" and off he walked, perfectly satisfied, and as gay as a lark.

"MR. PRESIDENT—I rise to get up, and I am not backward to come forward in the cause of education, for had it not been for education, I should be as ignornant as you are, Mr. President." So said an eloquent advocate of popular education, at a public meeting in the town of Huntingdon.

Harper's Periodicals For 1871.

THE PERIODICALS WHICH THE HARPERS PUBLISH ARE ALMOST IDEALLY WELL EDITED.
—The Nation, N. Y.

Harper's Magazine.

The great design of HARPER'S is to give correct information and rational amusement to the great masses of the people. There is no monthly Magazine an intelligent reading family can less afford to be without. Many Magazines are accumulated. HARPER'S is edited. There is not a Magazine that is printed which shows more intelligent pains expended on its articles and mechanical execution. There is not a cheaper Magazine published. There is not, confessedly, a more popular Magazine in the world.—New England Homestead.

At once the most popular and, in its scheme, the most original of our Magazines. * * * All the periodicals which the Harpers publish are almost ideally well edited.—Nation.

"A complete Pictorial History of the Times."

Harper's Weekly.

The best publication of its class in America, and so far ahead of all other weekly journals as not to permit of any comparison between it and any of their number. Its columns contain the finest collections of reading matter that are printed. * * * Its illustrations are numerous and beautiful, being furnished by the chief artists of the country.—Boston Traveler.

HARPER'S WEEKLY is the best and most interesting illustrated newspaper. Nor does its value depend on its illustrations alone. Its reading matter is of a high order of literary merit—varied, instructive, entertaining, and unexceptionable.—N. Y. Sun.

Harper's Bazar.

Free from all political and sectarian discussion, devoted to fashion, pleasure, and instruction, it is just the agreeable, companionable, and interesting domestic paper which every mother and wife and sweetheart will require every son, husband, and lover to bring home with him every Saturday evening.—Philadelphia Ledger.

By all means buy HARPER'S BAZAR. Not for yourself, but for your wife, or daughter, or sister or sweetheart. There never was any paper published that so delighted the heart of woman. Never mind if it does cost you a new bonnet; it will save you ten times the price in the household economy it teaches.—Providence Journal.

When no time is specified, it will be understood that the subscriber wishes to begin with the first Number of the current Volume, and back Numbers will be sent accordingly.

The Volumes of the Weekly and Bazar commence with the year. When no time is specified it will be understood that the subscriber wishes to commence with the Number next after the receipt of his order.

Keeps constantly on hand a large and well made assortment of Tin, Sheet-iron ware, Stoves, &c., &c.

He is Agent for the following named articles.

"THE MORNING GLORY."
Littlefield's Patent Improved Base
COAL STOVE.

In this pattern of THE MORNING GLORY, several new and important features have been embodied, which can only be seen to be admired. This new stove is made entirely of cast iron, so fitted as to be air tight, but can be made with sheet-iron upper section when preferred by the purchaser. Its ornamental finish is drapery, making it a handsome piece of furniture, far more so than any stove heretofore made. Its internal construction, though resembling some of the former patterns of The Morning Glory is quite different, making it more durable, and far less difficult to be repaired. The castings are of the highest order, fully equaling the finest castings made in this country.

Among the many ADVANTAGES in the use of the Morning Glory are the following:—1, Continuous Burning. 2, Quality of the Heat. 3, Ventilation through the stove 4, Anti-Dust Stove. 5, No Escape of Gas. 6, Economy of Fuel.

"THE BARLEY SHEAF."
Anti-Dust Air-Tight Cooking Stove, with Extended Fire-Box for Wood or Coal.

Patented May 16th, 1865.

We take pleasure in offering our customers and the Stove Trade, a New first-Class Flat-top, and would call *particular attention to its many attractive and valuable improvements.*

This Stove has been carefully tested for several months, and the results have proved so highly satisfactory, that several of our oldest and most experienced stove dealers predict for it a sale far beyond our ability to supply this season.

Sliding front fire-doors, giving full use of the hearth.

An additional slide in the oven, so arranged as to give more room in the upper part of the oven; a great convenience much needed.

The oven is nearly as *wide at the top* as at the hearth line, which not only increases the size, but will be recognized as a *great advantage in baking.*

DOTY'S CLOTHES WASHER.

The best, cheapest, and most popular Washing Machine ever invented.

It is easy to operate, sitting or standing takes but little room; injures no garments finishes its work from in two to four Minutes; is durable and convenient; and the only Washing Machine known that is liked the better the longer it is used.

THE UNIVERSAL CLOTHES WRINGER.
The "GREAT FAMILY ECONOMIZER.

The terms of our Patent call our Machine a "Wringer." Years of experience prove it also to be A MOST EXCELLENT WASHER.

When we reduce every invention for washing clothes to a principle they all aomunt to that of pressing and squeezing, and forcing the water through them, thus removing the dirt. Most Washing Machines do it by rubbing. The Universal Wringer does it by pressing.

The Great Medical Discovery!
Dr. WALKER'S CALIFORNIA
VINEGAR BITTERS,
Hundreds of Thousands
Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

THEY ARE NOT A VILE
FANCY DRINK,

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal. They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful Derivative to the Organs of Digestion, Liver, Blood, and Uterine System. Send for a circular.

Made of Pure Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION.
Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle is such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle.

Ayer's
Hair Vigor,
For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *It soon restores faded or gray hair to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.
