THE POST.

MIDDLEBURG.....AUGUST 28, 1871

Sleep. Fainting. Apoplexy.

When a man is asleep, his pulse beats, his lungs play, but he is without sense, and you can wake him up.

If a person faints, he too, is without sense, but he has no pulse and does not breathe.

An apoplexy is between the two; the heart beats, the lungs play as in sleep and there is no sense, as in fainting; but you cannot shake the man back to life.

In sleep the face is natural; in a faint it is pale, it has the pallor of death; in apoplexy, it is swollen, turgid and full of blood.

If a man is asleep, let him alone and he will wake him up as soon as he has slept enough.

When a person faints, all that is needed is to lay him down on the floor and he will "come to" in double quick time. He fainted because the heart ceased a beat, failed for an instant to send for only once to send the proper amount of blood to the brain. To restore the patient in a fainting fit, lay him on his back, which will cause much forced the blood on a leavel to the heart. If you set a man up the blood is shot upward to the head, and causes much more force; yet in nine cases out of ten, if a person faints and falls to the floor, the first thing is to run to him and set him on a chair.

In apoplexy, as there is too much blood in the head, every one can see that the best position is to set a man up, and the blood naturally tends downward, as much so as water will come out of a bottle when turned upside down, if the cork is out.

Swindlers.

It is estimated that not less than three million dollars are taken from the pockets of various country people by the various swindle establishments in New York city alone, mostly by means of alluring advertisements. Other cities probably draw from country people, in a similar way, about as much in proportion to their population and business. So that, including the amount sponged by traveling "agents," the country pays a large tax to support rascality. But where does the rascality actually come in? If it is dishonest to offer three or four, or ten times as much for a dollar as a dollar is worth, is it honest to accept ten dollars' worth for one dollar? It takes to make a bargain, and both expect to get more than they give, can the kettle call the pot black, or has either a right to grumble about getting cracked a little? It is said that one of the most modern swindles consists in selling counterfeit money. Now if there is any difference in the degree of wrong doing, is it not worse to put such money in circulation than it is to manufacture the "queer stuff?" Is not the success of all these swindling operations based largely on the practical dishonesty or cupidity of their dupes. Country people are gravely advised "never to trust their money, not even a postage stamp, to any person whose reputation they no nothing about." But how will it answer for us to fall back on the old fashioned and perhaps somewhat antiquated rule of dealing justly, of paying a fair price for what we buy and of expecting only an equivalent for what we sell? Would not this be a better protection against fraud than whole columns of newspaper exposures of successful swindling.

If a man at twenty-one years of age began to save $1 a week, he would have at thirty-one years of age, $650; at forty-one, $1,850; at fifty-one, $3,680; at sixty-one, $6,150; at seventy-one, $11,500. When we look at these sums, and when we think how much temptation might be avoided in the very act of saving them, and how much good a man, in humble circumstances, might do for his family with these sums, we cannot help wandering that there are not more savers of $1 a week. He who saves this sum may not only pay his own way, but help the afflicted, and subscribe to various benevolent societies. In short may show mercy to thousands in this world, and he may help them on their way to a better.

This calculation is from an English paper, and the interest is reckoned at about one-half the rate in this country. If a man here were to save $1 a week during the time specified, he would at seventy-one be worth nearly $20,000, provided the interest be computed semi-anually at 6 per cent. a year.

WASHING FOR ROOFS AND BUILDINGS.—Slake lime in a close box to prevent the escape of steam, and when slacked pass it through a sieve. To every six quarts of this lime add one quart of rock salt and one gallon of water. Af this boil and skim clean. To every five gallon of this add by slow degrees, three quarter of a pound of potash and four quarts of sand. Coloring matter may be added if desired. Apply with a paint or whitewash brush. This wash looks as well as paint and is almost as durable as slate. It will stop small leaks in a roof, prevent the moss from growing over it, renders it incompunstible of sparks falling on it. When applied to brick work it renders the bricks utterly impervious to rain, it endures as long as paint, and the expense is a mere

JOHN LAUDENSLAGER.

Ayer's Hair Vigor,

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *It soon restores faded or gray hair to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

Keeps constantly on hand a large and well made assortment of Tin, Sheet-iron ware, Stoves, &c., &c.

He is Agent for the following named articles.

"THE MORNING GLORY."

Littlefield's Patent Improved Base

COAL STOVE.

In this pattern of THE MORNING GLORY, several new and important features have been embodied, which can only be seen to be admired. This new stove is made entirely of cast iron, so fitted as to be airtight, but can be made with sheet-iron upper section when preferred by the purchaser. Its ornamental finish is drapery, making it a handsome piece of furniture, far more so than any stove heretofore made. Its internal construction, though resembling some of the former patterns of The Morning Glory is quite different, making it more durable, and far less difficult to be repaired. The castings are of the highest order, fully equaling the finest castings made in this country.

Among the MANY ADVANTAGES in the use of the Morning Glory are the following:—1. Continuous Burning. 2. Quality of the Heat. 3. Ventilation through the stove 4. Anti-Dust Stove. 5. No Escape of Gas. 6. Economy of Fuel.

"THE BARLEY SHEAF."

Patented May 16th, 1865.

We take pleasure in offering our customers and the Stove Trade, a New first-Class Flat-top, and would call *particular attention to its many attractive and valuable improvements.*

This Stove has been carefully tested for several months, and the results have proved so highly satisfactory, that several of our oldest and most experienced stove dealers predict for it a sale far beyond our ability to supply this season.

Sliding front fire-doors, giving full use of the hearth.

An additional slide in the oven, so arranged as to give more room in the upper part of the oven; a great convenience much needed.

The oven is nearly as *wide at the top* as at the hearth line, which not only increases the size, but will be recognized as *a great advantage in baking.*

THE UNIVERSAL CLOTHES WRINGER.

The "GREAT FAMILY ECONOMIZER."

The terms of our Patent call our Machine a "Wringer." Years of experience prove it also to be A MOST EXCELLENT WASHER. When we reduce every invention for washing clothes to a principle they all nomount to that of pressing and squeezing, and forcing the water through them, thus removing the dirt. Most Washing Machines do it by rubbing. The Universal Wringer does it by pressing.

VINEGAR BITTERS,

Hundreds of Thousands Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

☞ For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION.

Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

☞ They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle.

Harper's Bazar.

Free from all political and sectarian discussion, devoted to fashion, pleasure, and instruction, it is just the spreading, companionable, and interesting domestic paper which every mother and wife and sweetheart will require every son, husband, and lover to bring home with him every Saturday evening.—Philadelphia Ledger.

By all means buy HARPER'S BAZAR. Not for yourself, but for your wife, or daughter, or sister or sweetheart. There never was any paper published that so delighted the heart of woman. Never mind if it does cost you a new bonnet; it will save you ten times the price in the household economy it teaches.—Providence Journal.
