

THE POST.

MIDDLETOWN, OCTOBER 5, 1871.

TOWN AND COUNTRY.

Popular Verdict—Oak Hall is 'the place' to buy Fall Clothes.

Vote for WOODS! First Suits—for children, at Wana-maker & Brown's, \$5 and upward.

Vote for STANTON! Stirring Times—just now at Wana-maker & Brown's Oak Hall.

Vote for BEATH! The bottom prices—can always be had at Wana-maker & Brown's.

Vote for HERROLD! Every bottle of Hall's Vegetable Mellan Hair Renewer is tested before leaving the laboratory, hence its uniform quality and never failing results.

Vote for FISHER! Show this to your Democratic neighbor: Reduction of the public debt during September, under Republican rule, \$13,458,620.

Vote for GROSS! The contract for erecting the new bridge over the west branch of Middle-creek, near Kautz, was awarded to H. Haughawout of Beavertown, for the sum of \$1,392.

Vote for WETZEL! MESSRS YOUNG & CUMMINGS, the Democratic candidates for Assembly in this District are both determined main in the field—neither being willing to yield to the other.

The trains on the Sunbury & Lew-town Railroad reached Paxtonville on Monday last, and the track-layers are doing their best to reach this place by Saturday of this week. Next Monday Trains will commence running between this place and Lew-town.

PAYMASTER HODGE, under Repub-lican oversight, has been convicted, sentenced and is already in prison, where are Tweed, Sweeney, Hall, and Conolly? This is the difference between the Republican and Democrat-ic parties. The one punishes for crimes—the other promotes it.

The State defaulter Evans was ar-rested at New York on Friday last, through the efforts of Auditor Gener-al Hartranft and Treasurer Mackey, when Tammany at once interferred by bringing him before one of the most corrupt Judges in New York on a writ of habeas corpus.

NEVER was there so demoralized and despondent a political party as the Democracy of Pennsylvania. They have no hopes of winning, and all they depend upon is a light Republi-can vote. Let every Republican in every county of the Commonwealth exercise his right of suffrage.

Do Republicans realize that the election is within one week? If there is yet work to be done, there is no time to lose. The last days are im-portant days and should be well im-proved. A victory we are sure of. A good vote and a large majority are what are wanted for the sake of their effect on the opposition. They can be had with some effort. The major-ity is in the State. Let us have it brought out.

THE FAIR—The Snyder County Agricultural Fair opened on Monday last and closed yesterday; and so far as the attendance was concerned, was a perfect success. The articles on exhibition, agricultural and others, were not as numerous as they might have been; but they were at least equal in character and number to the usual display at Agricultural Fairs. There were some fast horses on the ground and the trotting was spirited and well sustained. We will give fuller particulars next week.

AFRICAN WINES.—It is not gener-ally known that Cape Colony produces the most delicious wines grown on the face of the earth. A cargo received as a remittance by our neighbors Dr. J. C. Ayer & Co., contains several var-ieties raised there, among which the Constancia commands the highest price of any wine in the world. Al-most the entire crop of it is consumed in the palaces of Europe, this rare exception being sent to them in ex-change for their medicines, which have long been the staple remedies of South Africa.—[Boston Journal.]

ENLARGED AND BEAUTIFIED.—The Great Family Paper for Half a Cen-tury. On the occasion of entering upon its Fifty First year, the Satur-day Evening Post comes to us great-ly enlarged, and in a complete suit of new type. Fifty years is a long time in the life of a paper, and The Post may well be proud of its long and honorable career. The Post makes now a New Departure, enlarging it-self Fully One-Third, and claims to be the Largest and Cheapest of the Family Papers. It also leads off with a new Revolutionary Story, called 'Agnes Ayre, a Tale of the Times of Summer and Mariage.'

The Post takes ground against the low and corrupting stories now becom-ing so common, and pledges itself to the publication of a Pure Literature, such as any man may take with safety into the bosom of his family. It also pledges itself to Entire Neutrality in Politics. Price \$2.50 a year. Four copies \$6.00. Eight (and one extra) \$12.00. The Post and the Lady's Friend \$4.00. Single numbers 6 cents. Address H. Peterson & Co., 819 Wal-ter St., Philadelphia.

There is no disease flesh is heir to more troublesome to manage than rheumatism. It comes when you least expect it, and generally remains till it gets ready to go away. The most conspicuous remedy for this complaint is Johnson's Anodyne Liniment.

Two or three doses of Sheridan's Cavalry Condition Powders will cure a horse of any common cough or cold, and the very worst cases may be cured in a few weeks. We know this from experience.

In the issue for this week of that excellent paper, *Hearth and Home*—No 39—a new story entitled "The Hoosier School Master" has been commen-ded. It will be complete before the end of the year. It will contain vivid and graphic pictures of out-of-the-way life in one of the older western States. Subscriptions will be received until the completion of the of the volume, or annual subscriptions can commence with the present number. Address Publishers, Orange Judd & Co., 245 Broadway N. Y.

The increased expense of the Demo-cratic Senate last winter over the Re-publican Senate of the year previous was about \$1500 per member. A Demo-cratic House at the same rate will make an increase of \$150,000. Can we afford to let the Democracy get control of our Legislature at this cost? Tax payers it is for you to say if you want the annual expenditures of our Legislature increased \$20,000. If you do, vote the Democratic ticket. If you prefer to save that \$200,000 toward paying off the State debt, vote for the Republican ticket.

To Nebraska, California, and Kansas, and the B. & M. R. R. Lands.

The "Burlington Route," so called, lies right in the path of the Star of Empire. It runs almost immediately in the centre of the great westward movement of emigra-tion. Crossing Illinois and Iowa, it strikes the Missouri River at three points.

These three points are the gateways into three great sections of the trans-Missouri region.

The Northern gate is Omaha where the great Pacific road will take you to the land of gold and grapes, sunny mountains, and perpetual summer.

The Middle gate is Plattsmouth, which opens upon the South half of Nebraska, south of the Platte river, a region unsur-passed on the continent for agriculture and grazing. Just here are the B. & M. Rail-road lands, concerning which Geo. S. Har-ris' the land officer at Burlington, Iowa, can give you all information and in the heart of them is Lincoln, the State Capital and Present Terminus of the road.

The Southern gate leads to Kansas by connections with the St. Joe Road at Ham-burg, running direct to St. Joe and Kansas City.

The trains of the Burlington run smooth-ly and safely and make all connections. It runs the best of coaches, Pullman Palace and Pullman dining cars, and should you make the journey for the journey's sake alone, you will be repaid; or take it to find a home or a farm; and you cannot find either better than among the B. & M. lands, where you can buy on ten years' credit, and at a low price.

THE Novelty Clothes Wring'er

Nothing, except the Sewing Machine, has ever been invented which so much re-lieves the labor of the household as the Wring'er. But its usefulness does not end here. The saving of clothing is of much greater importance. It is often remarked that articles of fine texture, last twice as long when wrung in a Wring'er as when wrung by hand. The Novelty has Cog-wheels on both ends. The rolls are allowed to separate freely at either end. These, besides other advantages, which it contains, seem to be indispensable to a practical wringer.—New York Independent.

The Novelty Wring'er.—Has be-come an indispensable institution in thou-sands of families. And we believe its great and increasing popularity is fully merited—for the Novelty evidently possesses all the requisites of a first class, practical machine. Indeed, after using one for many months in our own family, we are pre-pared to indorse the Novelty (as unsurpassed (the laundress says unequalled,) by any of the several wringers previously tried.—Moore's Rural New-Yorker.
