

THE POST. MIDDLEBURG, OCTOBER 19, 1871.

TOWN AND COUNTRY.

The United Brethren are holding a protracted meeting in this place.

Wanamaker & Brown's Clothing.

Applicants for schools in this place and Franklin township will please remember that the examination will be held in this place next Saturday, 21st inst.

Guaranteed—Perfect Satisfaction at Wanamaker & Brown's.

The awful conflagration which has destroyed two-thirds of the city of Chicago, was occasioned by a woman who took a kerosene lamp into the stable where she milked her cows.

Another Terror.—Mr. E. R. Swartz, of Troxville, has produced a turnip which measures 24 inches in circumference and weighs six pounds and two ounces. This beautes neighbor Smith's root in the shade.

Drive the boys—to Oak Hill for cheap and durable clothes.

Less than four miles of track remain to be laid to complete the S. & L. Railroad, and at the rate the work is now being pushed forward, the road will be finished by Wednesday or Thursday of next week.

Strains to reason—that Wanamaker & Brown sell cheapest.

We are pleased to see that our friend C. H. Henselinger has been re-elected Frothington of Union County. Charley is a deservedly popular man, a polite and accommodating officer and a gentleman in every sense of the term. Union county has done well by continuing him in office.

The passenger train on the S. & L. Railroad, arrives at this place from Lewistown at 10.48 A. M. Returning, leaves this place at 2.57 P. M. and arrives at Lewistown at 6.55 P. M. making close connection with trains east and west on the Pennsylvania Railroad.

Look Out for New Goods.—G. Alfred Schoob of this place, is now in the city laying in a supply of Fall and Winter Goods. So keep your eyes open next week and don't forget to call around and see them. Mr. Schoob always shows goods with pleasure whether you buy or not.

The new Odd-Fellows Hall at Salina grove was dedicated with appropriate and impressive ceremonies to-day. A large crowd was in attendance and everything passed off to the entire satisfaction of all concerned. We have not time to give details this week.

Parties from this section of the country who have occasion to visit Harrisburg will please remember that Mr. A. H. Landis, formerly of Richfield, is proprietor of the Bumpardier House. This house is situated off the Reading Railroad Depot, is fitted up in first class style and the accommodations cannot be excelled.

Persons to whom premiums have been awarded at the Snyder County Agricultural Fair can get their orders and diplomas by calling on the Secretary, D. S. Boyer, at Freeburg. The officers will meet at the house of Theo. Bower, President at this place on Saturday October 21, when the Treasurer will be ready to pay all orders presented.

The friends of Theodore Hill, in this vicinity will learn with pleasure that that gentleman has been elected Frothington of Lycoming county. Mr. Hill, it will be remembered, was a candidate for the Legislature last year but shamefully "sold out" by a party of political tricksters and defeated.

DEMOCRAT'S MONTHLY for November presents us with a full and varied choice of Winter Fashions, so essential to our climate and the tastes of the ladies. The present issue has its usual variety of Music Literature, Household, and other useful articles, and the new list of Premiums for 1872. The terms for clubs are very liberal, and should be examined by all who require—and who does not?—a Family Magazine, \$3.00 per year. Published at 838 Broadway, New York.

Notice.—Each Sabbath School Superintendent is requested to inform the undersigned on or before the 21st inst., how many delegates they will send to the convention at this place, on the 27th and 28th, so that arrangements can be made to entertain them. Any school failing to give the above requested information cannot expect to have its delegates provided for with free lodgings.

Rev. S. P. Owsen, Vice Pres.

Tax Base.—A committee composed of Messrs. A. M. Carey, Charles Boyer, and Charles Allen, awarded the FIRST PRIZE at the Grover & Baker late improved Shuttle Sewing Machine, at the Snyder county Fair. There can be no question as to the merits of this machine, Mr. Samuel Faust, of Selingsgrove, is the agent for this county, and he informs that his sales are rapidly increasing, showing that the merits of the machine are appreciated by the public. All those who are in want of a first class machine will do well to give Mr. Faust a call.

The question "how he was to live" was the "Illustrated Christian Weekly" has as its subject. The "Grain Fleet in New York," "Bethany Sunday-school" at Philadelphia, the "Secret Bambino" at Rome, a story showing the power of kind words, and the other subjects.

MUTILATED BANK NOTES.—For some time past mutilated five-dollar bills have been in circulation in nearly all the large cities of the country, and the presumption is that we have also a certain quota of this undesirable currency among us. To guard against them, as they are so ingeniously manipulated as to pass in nearly all instances without detection, we would call attention to the following extract from Peterson's Bank Note Detector:

"The sledge consists in making ten bills out of one, and so managed that there is but one parting to each of the manufactured notes. The nine whole bills are taken, and from the right of the second twentieth; from the right of the third three-tenths and so on to number nine, from which nine-tenths are taken from the right, or what amounts to the same, one tenth from the left. Number one is passed as it is, with a tenth from the right; the one-tenth taken from number one is pasted to the residue of number two, from which two tenths had been taken; then, and so on, made to answer the place of the three-tenths taken from number three, and so on through—Thus nine \$5 notes are completed, leaving the original number, nine with a tenth gone from the left as a tenth note. It will be seen that the bill is made from one bill, and in a different place on every one, and with a little ingenious pasting makes the loss imperceptible to ordinary observers. It is certain that large numbers of these mutilated bills have been put in circulation."

Look out for them! GODEY'S LADY'S BOOK for November is on our table. The following are the embellishments:—A fine steel Plate, Colored Fashion plate, containing six figures. Colored plate of Winter Fashions. A Bad Day's sport. Flowers and flower basket. An extra sheet of Fashions. A piece of walking dresses. Suburban Residence. It sides a variety of useful designs in the Work Department. The literary matter is interesting and instructive. Now is the time to commence making up clubs for 1872. Terms: One copy, one year, \$3.00; two copies, one year, \$5.00; five copies one year, and an extra copy to the person getting up the club, making six copies, \$14.00. Address: L. A. Godey, N. E. Corner Sixth and Chestnut Streets, Philadelphia.

Cramps and pains in the stomach are the result of imperfect indigestion, and may be immediately relieved by a dose of Johnson's Compound. A spoonful in a little sweetened water is a dose. Heavy cuts are good for horses; none will deny that; but one can't make a horse's coat look smooth and glossy when he is out of condition. Johnson's Compound is the only condition. Johnson's Compound is the only condition.

BRADSHAW'S MEDICAL WORLD for October is received, and we notice the Publishers have enlarged and improved it. Each number of the MEDICAL WORLD now contains twenty-four large quarto pages of choice new music and interesting literature written expressly for it. The Publishers offer to send the October, November and December numbers FREE to all new subscribers sent in this month, \$1.00 per year. Address: S. Bradshaw's Sons, Publishers, Cleveland, O.

Neighborhood News. Perry county is building a \$25,000 poor house. The authorities of Lewistown have forbidden the sale of coal oil at night. Northumberland county man has raised a Rambo apple that measured 1 1/2 inches in circumference and weighed four pounds. According to the census of 1870, Perry county has a population of \$25,700, of which number 25,255 are natives, 425 are foreign born, and 140 are colored. Three fires occurred in Midlin county—two in Lewistown and one in Mennon township—within the last week. The former burning two roofs, the latter, Samuel Poneley's barn and entire crop, amounting to \$6,000.

An oyster train on the Northern Central R. R., under took to run through a passenger train, near Harrisburg, and succeeded only in smashing a palace sleeping car, without doing further damage. The house of Mr. Joseph Grange, in Lewis township, Northumberland county, was entered between eleven and twelve o'clock, on Monday morning of last week, during the absence of the family, by some unknown person or persons, and robbed of \$5 in money, a watch, suit of clothes and three shirts. This is the way the Lewisburg Chronicle "puffs" an exhibition. A large brown bear had a couple of men on exhibition in our streets the other day. They performed well. The bear had a cord attached to one of them, by which he was governed; the other was trained to bring a drum and collect pennies. Master Boin attracted more attention than his pupils, by his graceful performances.

In Williamsport, recently, a child of Joseph Carling, aged four years, fell into a dry well, 37 feet deep. The mother's attention was attracted by the screams and the unfortunate child was extricated and medical aid summoned. It sustained a severe injury to the skull, and several pieces of bone were taken out of its head. The sufferings of the child were extremely severe.

On Saturday morning of last week quite an unusual accident occurred on the Northern Central R. R., by which the passenger train was detained several hours. The engineer on arriving at Georgetown, between Harrisburg and Sunbury, as is customary at that station, descended to oil up, when to his surprise he found that one wheel had become detached from the rest of the train, and that the car had been riding on the ties, for several hundred yards. Fortunately no injuries were received by those on board, and while the passengers were congratulating each other upon their miraculous escape, a new engine arrived to bear them to their journey.

The Mancy Lunimuary of the 10th inst., says: Joel Heiber, residing in the Mancy Hills within the range of the hail storm of July last, brought us one day last week a branch of the common field raspberries, containing green and ripe raspberries, grown since the storm. He also brought us several stalks of oats grown from the roots of oats destroyed at that time. He says he cut about ten acres of this second growth. It was this upon the ground and about half filled.

On Wednesday of last week, Martin Oberdorf, a respectable farmer of Upper August township, was shot by Perry county, deceased, having been brought to the undersigned, all persons knowing themselves indebted to said estate are requested to make payment without delay, and those having claims on the same will present them to JOSEPH GISH, Executor. Perry township, Aug. 14, 1871.

It is said that if a puff of air were to be blown into a vein of an animal, death would instantly ensue, because circulation would be stopped. The blood makes the entire circuit of the human body every seven minutes and whenever this circulation is impeded or any of its channels are clogged by impurities which ought to be expelled, disease follows—fever or disorder of liver or kidneys, or scrofula, or dropsy. To get at and remove the source of the difficulty use the old and infallible Blood Purifier, Dr. WALKER'S California Vinegar Bitters.

NEW RAILROAD GUIDE.—We are in receipt of a new railway guide which is one of the most valuable works of the kind published. In addition to giving time tables of 500 railroads, it gives the population, general situation, newspapers, b. n. k. s., leading manufacturing interests and hotels of every railroad and river town west of Pittsburg, and Buffalo. Sent to any address by the publishers, Rand, McNally & Co., 51 Clark Street Chicago, on receipt of 15 cents and four cents postage.

To Nebraska, California, and Kansas, and the B. & M. R. R. Lands. The "Burlington Route," so called, lies right in the path of the great Empire. It runs almost immediately in the centre of the great westward movement of emigration. Crossing Illinois and Iowa, it strikes the Missouri River at three points. These three points are the gateways into three great sections of the trans-Missouri region.

The Northern gate is Omaha where the great Pacific road will take you to the land of gold and grapes, sunny mountains, and perpetual summer. The Middle gate is Plattsmouth, which opens upon the South half of Nebraska, south of the Platte river, a region unsurpassed on the continent for agriculture and grazing. Just here are the B. & M. Railroad lands, comprising which Geo. S. Hart, the land officer at Burlington, Iowa, can give you all information, and in the heart of them is Lincoln, the State Capital and Present Terminus of the road. The Southern gate leads to Kansas by connections with the St. Joe Road at Hamilton, running direct to St. Joe and Kansas City.

The trains of the Burlington run smoothly and safely and make 10 connections. It runs the best of coaches, Pullman Palace and Pullman dining cars, and should you take the journey for the journey's sake alone, you will be repaid or take it to find a home on a farm, and you cannot find either better than the B. & M. lands, where you can buy on ten years' credit, and at a low price.
