THE POST.

MIDDLEBURG,..... ...OCTOBER 28, 1871

TOWN AND COUNTRY.

A GREAT Corner—6th & Market Sts., Phila., W. & B's Oak Hall.

THE stars are advertised to shoot on the night of Nov. 13th.

EXTREMES meet—Lowest prices and best Clothing at W. & B's.

OUR merchants receive their goods by S. & L. Railroad via Lewistown.

SIX Stories—full of fine Clothing at Wanamaker & Brown's

A SAVINGS Bank, with a capital of $200,000, has been opened in Danville.

WOULD cover 3 Acres—Wanamaker & Brown's Immense Salesrooms.

"The Fairmount House" is the name of the new hotel near the depot.

ALBERT, a son of A. J. Peters, Esq., fell from a persimmon tree yesterday, broke his right collar bone and was pretty severely bruised.

WHERE ARE THE HORSES.—An old lady not a thousand miles from this place, on seeing the cars approach for the first time innocently inquired: *"wo sin de gile?"*

A BEET TO BEAT.—Mt. John Erb of Troxelville raised a beet the present season that weighed ten pounds and ten ounces. This beet is hard to beat but if any person can beat it we would like to hear of it.

WE have at last got hold of the list of the awards of the Agricultural Society, and publish it in another part of this paper. The list is long, and the Secretary's work upon it has been burdensome and tedious.

OWING to the heavy losses sustained by the Lycoming Fire Insurance Company by the great fire in Chicago, the Board of Directors met on Thursday last, and ordered an extra assessment to be made on the premium notes, of 12½ per cent.

MANY of our contemporaries err in stating that a United States Senator will be elected by the Legislature of Pennsylvania in 1872, The term of Senator Cameron will not expire until March 4th, 1873, and the legislature of that year will elect.

ELECTION RETURNS.—The latest returns from the election show that the people have determined by a unanimous vote that the place to buy the best goods for the least money is at the Store of G. Alfred Schoch, first building west of the Court House. A splendid lot of new goods just received.

CHICAGO.—There are conflicting rumors in regard to the number of lives lost by the terrible Chicago fire, but there is only one opinion about the new goods just received by J. W. Dreese, and that is that he has the largeest and most complete stock ever brought to Middleburg. Don't forget to call around and see the splendid goods he is just opening.

Mr. A. H. LANDIS, formerly of Richfield, Juniata county, now proprietor of the Bumgardner House, Harrisburg, is gaining an enviable reputation as a prince of Landlords. His strict attention to the wants of his guests and moderate charges is giving his hotel an unusual run of custom. Don't forget to visit "Abe" when you go to Harrisburg. Remember the place opposite the Reading Railroad Depot.

FEVERS seldom make an attack without warning, and may often be thrown off by soaking the feet in warm water, wrapping up warm in bed, and taking two or three of *Parsons' Purgative Pills*.

A MISSIONARY, just returned says he regards *Johnson's Anodyne Liniment* as beyond all price, and efficacious beyond any other medicine. It is adapted to a great variety of special cases, and is the best pain killer in the world.

SUNDAY SCHOOL CONVENTION.—This Convention, which is to be held in this place on Friday and Saturday of this week, promises to be of more than usual interest. The questions to be discussed are important, not only for Sunday School workers but for the people generally. Such questions as "The object of the Sabbath School," "The duties of the church to the Sabbath School," "The duties of parents to the Sabbath School," "How to make Sabbath Schools interesting," with others of equal interest, discussed by able, live men, both from abroad and in our midst, should present such a treat that none will willingly stay away.

THE RAILROAD.—The people living along the line of the Sunbury & Lewistown Railroad are commencing to appreciate the advantages and conveniences it offers. Although the road is not yet finished, (about one mile of track remaining to be laid to make connection with the Selinsgrove end) goods are transported and passengers carried, on time, and with as much care as though we had a through road. For this we are indebted to the accommodating spirit and indomitable perseverance of Superintendent W. H. Brown and Conductor W. J. Morrison. These gentlemen are doing everything in their power to accommodate the business and traveling community and to have the road completed and fully equipped as soon as possible. By next week, it is hoped, through trains will be running on schedule time from Sunbury to Lewistown.

THE PHRENOLOGICAL JOURNAL,—one of the very few Magazines which are presented to the radical benefit of readers,—is represented on our table by its November number. The contents should interest every live member of our community. The following are particularly interesting. Rev. McCosh, President of Princeton College: A Man among Men: Spiritual Influence: The Educated Man in American Society: Alex'r H. Stephens: Thoughts on Phrenology: The Tagal and Visayans: Blindness or Diseased Children: "Fill up the Cup" (Metal) Measure:" Pre-historic Man: The Boa Constrictor: Consumption: His Recommendations, or the Boy who got a Education: etc. The publisher offers the first three numbers of 1871 free as a premium to subscribers for 1872. Terms $3 a year. Single Nos. 30 cts. S. R. WELLS, Publisher, 389 Broadway, N. Y.

WHAT do the late elections prove? *First*—Confidence in Republican administration of the Government, State and National.

Second—Want of confidence in the Democratic party.

Dauphin county has a township (Rush) which polled on by 12 votes at the late election—eight Democrats and four Republicans, but Lebanon has a still smaller (Cold Spring) which has but nine votes to its credit—six Republicans and three Democratic.

Mr. Vorice Clarke, of Curwensville, Lycoming county, raised this year 487½ bushels of corn on three and a half acres of land, making an average of 136½ bushels of corn to the acre The land is situated on the Susquehanna river, one half mile east of Curwensville.

It was formerly supposed that magnetism could bring to life the dead In France they tried it on dead cats and we are told they kicked. Why not at this juncture try it upon the Democratic party? It it can bring it to life and keep it alive it would be the brilliant achievement of science for the 19th century.

HON J. M. WEAKLY, Republican, was chosen at the recent election, in the Cumberland and Franklin District, to the State Senate, by a majority of 103, and yet the Democratic Senatorial return judges refuse to give him his certificate of election. We suppose they hope to accomplish by some sort of villainy, what they failed to do at the polls.

To Nebraska, California, and Kansas, and the B. & M. R. R. Lands

The "Burlington Route," so called, lies right in the path of the Star of Empire. It runs almost immediately in the centre of the great westward movement of emegration. Crossing illinois and Iowa, it strikes the Missouri River at three points.

These three points are the gateways into three great sections of the trans-Missouri region.

The Northern gate is Omaha where the great Pacific road will take you to the land of gold and grapes, sunny mountains, and perpetual summer.

The Middle gate is Plattsmouth, which opens upon the South half of Nebraska, south of the Platte river, a region unsurpassed on the continent for agriculture and grazing. Just here are the B. & M. Railroad lands, concerning which Geo. S. Harris' the land officer at Burlington, Iowa, can give you all information and in the heart of them is Lincoln, the State Capital and Present Terminus of the road.

The Southern gate leads to Kansas by connections with the St. Joe Road at Hamburg, running direct to St. Joe and Kansas City.

The trains of the Burlington run smoothly and safely and make all connections, It runs the best of coaches, Pullman Palace and Pullman dining cars and should you take the journey for the journey's sake alone, you will be repaid; or take it to find a home or a farm, and you cannot find either better than among the B. & M. lands, where you can buy on ten years' credit, and at a low price.

IT IS said that if a puff of air were to be blown into a vein of an animal, death would instantaneously follow, because circulation would be stopped. The blood makes the entire circuit of the human body every seven minutes and whenever this circulation is impeded or any of its channels are clogged by impurities which ought to be carried off, disease follows—fever or a disorder of liver or kidneys, or scrofula, or dispepsia. To get at and remove the source of the difficulty use the old and infallible blood purifier, DR. WALKER'S California Vinegar Bitters. 4w
