THE POST.

MIDDLEBURG..... NOVEMBER 20, 1871

Fighting a Bear in a Cattle Car.

The men on the mixed train going west, says a London, Canada, paper, had a pretty good-sized sensation just as the train arrived in Bothwell. As the noise of the wheels subsided, unusual and excited sounds were heard issuing from a bonded car, which all along the passage from the Suspension bridge had remained under lock and key, attracting no especial notice from any one, as no one on the train seemed aware of its true contents. Gradually the noise grew louder and more excited, and scuffling was heard, accompanied by yells and imprecations from a human voice, and a series of low, fierce snarls and growls as from an enraged and powerful animal; then a shuffling to and fro, and more excited but perfectly unintelligible exclamations. The men were at a loss what to make of all this, and marveled exceedingly. A crowd collected, and noises of the same character continued within.

There appeared to be a terrible rumpus inside the car, which each moment grew more desperate and alarming. All at once a violent thumping against the door and the voice of a man, which by this time had grown more coherent, but sounded faint and smothered, broke out in exclamatory appeals. "Brek door! brek door! Injin get kill!" After which the struggle seemed to be renewed more furiously than ever, "Injin" giving vent to short yells of pain and distress.

No time was lost by the men outside, who proceeded at once to obey the call and break the lock. No sooner had the door been partially opened than out sprang a stripping young Indian in a terrible excited state of mind, minus his hat, with his clothing hanging in shreds about his body, and displaying several bleeding wounds. He was well nigh exhausted, but did not stop running till he got behind the station house in a place of safety where he stood panting for breath for some minutes before any one of those who surrounded him could elicit any information from him as to the nature of the ordeal through which he had passed. That, however, was perfectly intelligible to those who witnessed his escape, for he had no sooner got clear than a large black bear came snuffling at the door, wanting to get out too and pursue his enemy like a roaring lion to devour him. On seeing the men, however, and probably not caring to jump into the immediate presence of so many persons, Bruin recoiled and sneaked into a corner, from which he glared savagely at them.

There were several other animals in the car, some of them in cages, and some securely fastened up with chains and ropes. Among them was a young cub belonging to the old bear, who at once took refuge behind his ma in the corner, apparently somewhat bashful by the appearance of so many grown men. There were also an antelope, a couple of monkeys, a wild kangaroo, some curious specimens of the feather-creation, and a box of snakes which remained cofortably coiled up in their blankets, either too tired or sleepy to take any part in the fuss. The collection, it appears, belonged to a traveling showman, who proposed to exhibit in a western town.

The Indian boy, for he was scarcely out of his teens, although big and muscular, as soon as he could collect his senses, and began to realize that he was safe and sound, related that he was employed by the proprietor at $8 a month to attend the animals in their travels as keeper; that he had been shut up with them in the car for nearly three days, with nothing to eat but bread and turnips, and with only water to drink, that the old bear had become restive in the car while on the journey probably from hunger and thirst, and ended by committing an assault upon him, which he repelled as long as he was able to hold out. He thought every moment he would have to give in, and consent to be eaten up for breakfast by the she bear and her interesting offspring. Twice she got her arms fondly around him, and would certainly have hugged him to death but for the herculean strength which enabled him to throw her off and spurn her advances. Being somewhat cramped in her physical energies by the confinement and dull routine of show life, besides being not so young as she used to be, she was the more easily overcome and failed to make as stout an attack as the circumstances seemed to demand from her. The young man from the country parts, however, was determined not to be "takin in" any more by the deception and allurements of side-shows life, and then and there resolved to abandon a profession which he discovered he had neither the talent nor education to shine very resplendently.

"He tink me big fool," said he; "Ingin only get $8 a month, and a chance to get ate up into the bargain. "No, no, my friends, that muchly too thin! Ugh! Not for Joseph—not if he knows it."

Ayer's
Hair Vigor,
For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *It soon restores faded or gray hair to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so unsightly and offensive. Free from those poisonous substances which make many preparations dangerous and injurious to the hair, the Vigor can not be too highly recommended. It is

Keeps constantly on hand a large and well made assortment of Tin, Sheet-iron ware, Stoves, &c., &c.
He is Agent for the following named articles.
"THE MORNING GLORY"
Littlefield's Patent Improved Base
COAL STOVE.
In this pattern of THE MORNING GLORY, several new and important features have been smoothed, which can only be seen to be admired. This new stove is made entirely of cast iron, so fitted as to be air tight, but can be made with sheet-iron upper section when preferred by the purchaser. Its ornamental finish is drapery, making it a handsome piece of furniture far more so than any stove heretofore made. Its internal construction, though resembling some of the former patterns of the Morning Glory is quite different, making it more durable, and far less difficult to be repaired. The castings are of the highest order, fully equaling the best castings made in this country.
Among the many ADVANTAGES in the use of the Morning Glory are the following:—1. Continuous Burning. 2. Quality of the Heat. 3. Ventilation through the stove 4. Anti-Dust Stove. 5. No Escape of Gas 6. Economy of Fuel.
"THE BARLEY SHEAF."
Anti-Dust Air Tight Cooking Stove with Extended Fire-Box for Wood or Coal.
Patented May 16th, 1865.
We take pleasure in offering our customers and the Stove Trade, a New first-Class Flat-top, and would call *particular attention to its many attractive and valuable improvements.*
This Stove has been carefully tested for several months, and the results have proved so highly satisfactory, that several of our oldest and most experienced stove dealers predict for it a sale far beyond our ability to supply this season.
Sliding front fire-doors, giving full use of the hearth.
An additional shelf in the oven, so arranged as to give more room in the upper part of the oven; a great convenience much needed.
The oven is nearly as *wide at the top* as at the hearth line, which not only increases the size, but will be recognized as a *great advantage in baking.*
DOTY'S CLOTHES WASHER.
The best, cheapest, and most popular Washing Machine ever invented.
It is easy to operate, sitting or standing; takes but little room; injures no garments; finishes its work from in two to four Minutes; is durable and convenient; and the only Washing Machine known that is liked the better the longer it is used.
THE UNIVERSAL CLOTHES WRINGER.
The "GREAT FAMILY ECONOMIZER."
The terms of our Patent call our Machine a "Wringer." Years of experience prove it also to be A MOST EXCELLENT WASHER.
When we reduce every invention for washing clothes to a principle they all assume to that of pressing and squeezing, and forcing the water through them, thus removing the dirt. Most Washing Machines do it by rubbing. The Universal Wringer does it by pressing.

The Great Medical Discovery!
Dr. WALKER'S CALIFORNIA
VINEGAR BITTERS,
Hundreds of Thousands
Bear testimony to their Wonderful Curative Effects.
WHAT ARE THEY?

THEY ARE NOT A VILE
FANCY DRINK,
Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.
For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.
DYSPEPSIA OR INDIGESTION.
Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.
They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.
FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.
Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.
FOR TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle.
