

THE POST.
MIDDLEBURG, FEBRUARY 1, 1871

Too Late.
Too late, too late to have said
Of morning, sun, or land, or flower—
The light is gone to hills and glades,
The rose has faded to the hour.
The lark no longer asks the day to wait,
But sun and shadows late, too late!

Too late, too late to have said
The sun goes down before the flame—
To gentle words of love and cheer,
And we are strange with inward gloom,
To think our hearts have loved and loved,
And pride bows down—too late, too late!

Too late, too late for public prayer,
The words of hope have long been said—
Our cheeks are flushed with hastening tears,
We enter as the church is done,
And, passing at the temple gate,
We stand and say—"Too late, too late!"

"Too late, too late" who has not said,
The post is out—the debt not paid—
The time is fled—the work not done,
Neglect makes up life's weary freight,
And then we cry—"Too late, too late!"

LIGHTNING RODS.
The North American Lightning Rod Company
OF PHILADELPHIA.
Manufacture and put up their Celebrated
Copper Covered
LIGHTNING RODS,
at reasonable prices and in a manner
which cannot fail to give general satisfaction.
AGENTS OF THE COMPANY
have been in Snyder County every summer for
several years past, and they are here now.
Those who want a good Rod, should not fail to
consult with the Agents.

J. S. BURKHART,
Selinsgrove, Snyder Co., Penna.

Keeps constantly on hand a large and
well made assortment of Tin, Sheet-iron
ware, Stoves, &c., &c.
He is Agent for the following named
articles.

"THE MORNING GLORY."
Littlefield's Patent Improved Base
COAL STOVE.

In this pattern of The Morning Glory,
several new and important features have
been introduced, which can only be seen by
the eye. This new stove is made of
cast-iron, and is so designed as to be
section when preferred by the purchaser,
its ornamental finish is deep, making it
a handsome piece of furniture, far more so
than any stove heretofore made. Its in-
terior construction, however, resembling
some of the better patterns of The Morning
Glory, is quite different, making it more
durable, and far less difficult to be repaired.
The castings are of the highest quality, fully
complying with the best standards in the
country.

Among the many advantages in the use
of The Morning Glory are the following:—
1. Continuous burning. 2. Quality of the
heat. 3. Ventilation through the stove.
4. Anti-Dust Stove. 5. No Escape of Gas.
6. Economy of Fuel.

"THE BAILEY SHEAF"
Anti-Dust Air-Tight Cooking Stove,
with Extended Fire-Box
For Wood or Coal.

Patented May 16th, 1867.

We take pleasure in offering our customers
the best and most improved New First-Class
Flour, and would call particular attention
to its very attractive and valuable
features.

This Stove has been carefully tested for
several months, and the results have proved
it highly satisfactory, that several of our
ablest and most experienced stove dealers
prefer for it a safe far beyond our ability
to supply this season.

Send your order, giving full name of
the branch.

An additional note in this issue, so arranged
as to give more room in the upper part of
the oven, a great convenience which needed.
The Stove is nearly as good as the top in
the fourth place, which not only increases
the size, but will be recognized as a great
advantage in baking.

Twelve years ago I purchased a
Wheeler & Wilson Sewing Machine, and have
used it ever since. I have also a Singer
Machine, but I prefer the Wheeler & Wilson
Machine. It is simple, durable, and does all
the work that I require. It is also very
cheap, and I can recommend it to all
those who are in want of a Sewing Machine.
I have used it for many years, and it is
still as good as when I first purchased it.

**THE SINGER
SEWING MACHINES!**
AROUND OF ALL OTHERS!

THREE THOUSAND PER WEEK ARE
NOW BEING MADE AND SOLD!

THE REASONS WHY.

Because it embodies essential principles
not found in any other Machine! Because
of its simplicity of construction, ease of
operation, uniformity of precise action at
any speed, and capacity for the greatest
range and variety of work, fine or coarse.
Parties wishing to purchase should not
fail to examine the best of all Sewing Ma-
chines.

As it Was.
Sew, sew, sew,
At noon, at noon, at night
Work, work, work,
But never out of sight!
For great and small, for young and old,
In summer's heat, in winter's cold,
It has done a fair for man and woman,
And charity, too, and little man,
Now Mother sews on
SINGER'S NEW MACHINE

We advise all who want a first class
Sewing Machine, one that will sew lines of
glass thread as well as any other, to go to
B. W. ANGLIM,
on North Third St., in Lewisburg,
RATHBON & WINTERS, New Bern,
or **L. B. SMITH,** Selinsgrove.
And get one of these Famous Singer Ma-
chines, for there you will get instruction, as
you can get at no other place, and if a
Singer is put in your family, happiness will
be sure to follow.

**Ayer's
Hair Vigor**
For restoring to Gray Hair its
natural Vitality and Color.

Which is as
once a healthy,
and
effectual for
preserving the
hair. It
restores full
or gray hair
to its original
color, with the
glass and freshness of youth. The
hair is thickened, falling hair checked,
and baldness often, though not always,
cured by its use. Nothing can restore
the hair where the follicles are de-
stroyed; but such as remain can be
saved by this application, and stimu-
lated into activity, so that a new
growth of hair with a rusty tinge,
of fading the hair with a rusty tinge,
it will keep it clean and vigorous.
Its occasional use will prevent the hair
from turning gray or falling off, and
consequently prevent baldness. The
restoration of vitality it gives to the
scalp arrests and prevents the forma-
tion of dandruff, which is often so un-
pleasant and offensive. Free from those
irritating substances which make
some preparations dangerous and inju-
rious to the hair, the Vigor can only
benefit but not harm it. It is wanted
as a HAIR DRESSING,
nothing else can be found so effective,
containing neither oil nor dyes, it is
not so white as cambric, and yet
more on the hair, giving it a rich, glossy
tint, and a grateful perfume.

Ancedote of F. H.
The following story is told about
James Fisk, Jr. A man called at
the door of the Erie Railroad office,
on twenty-third street, New York,
on Friday week, and insisted upon seeing
Mr. Fisk. Nobody else would do
He must see the Colonel. He was
admitted into the private office and
granted a private audience.
"I am a Sing Sing convict, sir," he
said. "I was sent to prison for four
years, and by good conduct I shorten-
ed my term by six months. Yester-
day I was discharged and I want to
get to my home in Buffalo. Will you
please give me a pass?"
The Colonel inquired for proofs of
the story, and satisfied that the fellow
was telling the truth, he burst out
with the interrogation: "Had any-
thing to eat since dinner?"
"No, sir, nothing."
"Mr. Comer, please fill out a pass
to Buffalo for this man and give him
\$20. I don't care if such acts do im-
perish me; money was created to im-
prove the world." Turning to the suppliant, then
he said "And now, young fellow, when
you feel tempted to steal again just
write me what you want and I'll send
you money. Keep honest if you want
to live. Good bye!" and the man
with expressions of gratitude, took his
leave.

For Married People.
"The last word" is the most danger-
ous of infernal machines. Husband
and wife should no more strive to
get it than they would struggle to get
possession of a bombshell.
Married people should study each
other's weak points, as skaters look
out for the weak parts of the ice in
order to keep off them.
The wife is the sun of the social
system. Unless she attracts, there is
nothing to keep heavy bodies, like
husbands, from flying off into space.
The wife who would properly dis-
charge her duties must never have a
soul "above buttons."
The liberties of England have been
won by mutual conversation. Let the
husband who would acquire the privi-
lege of asking friends to dinner, with-
out notice, remember this when his wife
lights a new bonnet. The wife's
want is the husband's opportunity.
Notwithstanding the assertion of
mathematicians, the marriage ring is
a circle in which husband and wife
have the problem set them of making
all square.

A LEARNED JUDGE—Judge Jonah
Jones, a Western judicial dignitary
recently delivered the following
charge to the jury, in the case of Elm
Crunch, on trial for stealing:
"Jury, you kin go out; and don't
show your ugly mug here till you
find a verdict of Guilt in the ninth,
deuce and fourth verse."
Then Judge Jonah Jones pronounced
upon Crunch, this sentence:
"Elm Crunch, stand up and face
the music. Your are found guilty
of suicide for stealing. Now this
court sentences you to pay a fine of
two shillings; to shave your head with
a bayonet in the barbers; and if you
try to care in the heads of any of the
jury, you'll catch thunder—that's all.
Your fate will be a warning to others.
And, in conclusion may the Lord have
mercy on your soul!"

A YANKEE TRICK.—A story is told
of four Western 'bleeds,' with more
wheat ready cash, who went into a
saloon a few days ago, and "wined"
themselves to the extent of several
dollars' worth of liquor. The liquor
being drank the next question was
the pay for it, and after a few mo-
ments consultation one of the quar-
tette called to the waiter and asked for
the bill. One thrust his hand into his
pocket, as if to draw out his purse;
the second prevented him, declaring
he would pay, and the third did the
same. The fourth forbade the waiter
taking any money from either of them,
but all three persisted. As none
would yield, one said, "the best way
to decide the matter is to blindfold
the waiter and whoever he first catches
shall settle the bill." This proposi-
tion was accepted, and while the waiter
was groping his way around the
room, they all slipped out of the house
and left the waiter in the lurch.

**THE UNIVERSAL CLOTHES
WRINGER.**
The "GREAT FAMILY ECONOMIZER."
The terms of our Patent Machine
"Winger." Years of experience have
also to be a most excellent WINGER.
When we reduce every item of wash-
ing clothes to a principle they all amount
to that of pressing and squeezing, and
forcing the water through them, thus re-
moving the dirt. Most Washing Machines
fail by rubbing. The Universal Winger
does it by pressing.
