**J. S. BURKHART,**  
Selinsgrove, Snyder Co., Penna

Keeps constantly on hand a large and well made assortment of Tin, Sheet-iron wares, Stoves, &c., &c.  
He is Agent for the following named articles.

**"THE MORNING GLORY,"**  
Littlefield's Patent Improved Base  
**COAL STOVE.**

In this pattern of THE MORNING GLORY, several new and important features have been embodied, which can only be seen to be admired. This new stove is made entirely of cast iron, so fitted as to be airtight, but can be made with sheet-iron upper section when preferred by the purchaser. Its ornamental finish is drapery, making it a handsome piece of furniture, far more so than any stove heretofore made. Its internal construction, though resembling some of the former patterns of the Morning Glory, is quite different, making it more durable, and far less difficult to be repaired. The castings are of the highest order, fully equalling the finest castings made in this country.

Among the many ADVANTAGES in the use of the Morning Glory are the following—1. Copious burning. 2. Quality of the heat. 3. Ventilation through the stove. 4. Anti-Dust stove. 5. No leakage of Gas, Economy of Fuel.

**"THE BABBLEY SHEAF"**  
Anti-Dust Air-Tight Cooking Stove,  
with Extended Fire-Box  
for Wood or Coal.

Patented May 16th, 1865.

We take pleasure in offering our customers and the Stove Trade, a New First-Class Flat-top, and would call particular attention to its many attractive and valuable improve-ments.

This Stove has been carefully tested for several months, and the results have proved so highly satisfactory, that several of our oldest and most experienced stove dealers predict for it a sale far beyond our ability to supply this season.

Sliding front fire-doors, giving full use of the oven; a great convenience much needed. The oven is nearly as wide at the top as at the bottom, so that it will not increase the size, but will be recognized as a great advantage in baking.

**DOTY'S CLOTHES WASHER.**  
The best, cheapest, and most popular Washing Machine ever invented.

It is easy to operate, sitting or standing takes but little room; injures no garments; finishes its work from ten to four Minutes; is durable and economical; and it only Washing Machine known that is liked the better the longer it is used.

**THE UNIVERSAL CLOTHES WRINGER.**  
The "GREAT FAMILY ECONOMIZER."

The terms of our Patent call our Machine a "Wringer." Years of experience prove it also to be a most EXCELLENT WASHER. When we reduce every invention for washing clothes to a principle they all amount to that of pressing and squeezing, and forcing the water through them, thus removing the dirt. Most Washing Machines do it by rubbing. The Universal Wringer does it by pressing.

PETERSON & CARPENTER,  
General Agents,  
914 Chestnut Street, Philadelphia.

Quincy—Eleven years ago I purchased a Wheeler & Wilson Sewing Machine and have had it in constant use. In my Tailoring Establishment at this time. I have used no other Sewing Machine, but do my all my sewing on the Wheeler & Wilson, as it makes a much nicer stitch and draws it more evenly than the Singer Machine. It is much lighter, my wife, also, it is as her family sewing on the W. & W. It is still in good running order, having been broken down a few times, though the needle that I now work with I use for near three years. You are welcome to use my name in your communication. **Ayer's**  
**Cherry Pectoral,**  
For Diseases of the Throat and Lungs,  
such as Coughs, Colds, Whooping  
Coughs, Asthma,  
and Consumption.

Among the great discoveries of modern science, few are more real in value to the human race than this effective remedy for all diseases of the Throat and Lungs. A vast host of suffering humanity, throughout this and other countries, has shown that it does surely and effectively control them. The testimony of our best Physicians, of all classes, establishes the fact, that Ayer's Cherry Pectoral does more to cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affection of the pulmonary Organs, when attended to in season, may be cured by its use. As a remedy it is adequate, on curing Croup, the treatment of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the ordinary and unperceived attack of Pulmonary Affection, which are easily met at first, but which become dangerous, and often fatal, if neglected. Tender lungs need this delicate and safe remedy, without it. As a safeguard to children, and the distressing diseases which beset the Throat and Chest of childhood, Cherry Pectoral is invaluable; for, by its timely use, troubles are rescued from premature graves, and the love and affection control on them. It is especially adapted to the treatment of Croup, securing sound and health-restoring sleep. No one will suffer from Croup and other pulmonary Affections, when they know how early they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no other is so effective in its action on the Throat and Chest as this. It may be confidently relied upon as possessing all the virtues it has acquired, and as the greatest it has ever effected.
