THE POST.

MIDDLEBURG.....MAY 9, 1872.

A farmer, the other day, who was examining a confirmation class in the South of Ireland, asked the question: "What is the sacrament of matrimony?" A little girl at the head of the class answered, "'Tis a state of torment into which sowls enter to prepare them for an other and a better world." "Put her down to the fut of the class," says the curate. "Leave her alone," said the priest, "for any thing you or I know to the contrary, she may be perfectly right."

A resolution directing the President to demand the release of Dr Howard and the restoration of his property, confiscated by the Spanish government, has been reported by the Foreign Relations Committee to the House of Representatives. Secretary Fish, gives notice that the State Department will not fail to give careful attention to whatever may be presented in such form that it can be used to advantage in behalf of the prisoner.

At San Francisco last week Dr. W. Howe, an English miser, aged 84 years, was found dead in his room in Dupont street. His room had not been swept in fourteen years. Twelve thousand pounds in English money was found in his room.

Keeps constantly on hand a large and well made assortment of Tin, Sheet-iron ware, Stoves, &c., &c.

He is Agent for the following named articles.

"THE MORNING GLORY."

Littlefield's Patent Improved Base

COAL STOVE.

In this pattern of THE MORNING GLORY, several new and important features have been embodied, which can only be seen to be admired. This new stove is made entirely of cast iron, so fitted as to be air tight, but can be made with sheet-iron upper section when preferred by the purchaser. Its ornamental finish is drapery, making it a handsome piece of furniture, far more so than any stove heretofore made. Its internal construction, though resembling some of the former patterns of The Morning Glory is quite different, making it more durable, and far less difficult to be repaired. The castings are of the highest order, fully equaling the finest castings made in this country.

Among the many ADVANTAGES in the use of the Morning Glory are the following:—1. Continuous Burning. 2. Quality of the Heat. 3. Ventilation through the stove 4. Anti-Dust Stove. 5. No Escape of Gas. 6. Economy of Fuel.

"THE BARLEY SHEAF."

Anti-Dust Air-Tight Cooking Stove, with Extended Fire-Box for Wood or Coal.

Patented May 16th, 1865.

We take pleasure in offering our customers and the Stove Trade, a New first-Class Flat-top, and would call *particular attention to its many attractive and valuable improvements.*

This Stove has been carefully tested for several months, and the results have proved so highly satisfactory, that several of our oldest and most experienced stove dealers predict for it a sale far beyond our ability to supply this season.

Sliding front fire-doors, giving full use of the hearth.

An additional slide in the oven, so arranged as to give more room in the upper part of the oven: a great convenience much needed.

The oven is nearly as *wide at the top* as at the hearth line, which not only increases the size, but will be recognized as a *great advantage in baking.*

DOTY'S CLOTHES WASHER.

The best, cheapest, and most popular Washing Machine ever invented.

It is easy to operate, sitting or standing takes but little room; injures no garments finishes its work from in two to four Minutes; is durable and efficient; and the only Washing Machine known that is liked the better the longer it is used.

THE UNIVERSAL CLOTHES WRINGER.

The "GREAT FAMILY ECONOMIZER.

The terms of our Patent call our Machine a "Wringer." Years of experience prove it also to be A MOST EXCELLENT WASHER.

When we reduce every invention for washing clothes to a principle they all acmount to that of pressing and squeezing, and forcing the water through them, thus removing the dirt. Most Washing Machines do it by rubbing. The Universal Wringer does it by pressing.

SEWING MACHINES!

AHEAD OF ALL OTHERS!

THREE THOUSAND PER WEEK ARE NOW BEING MADE AND SOLD!

THE REASONS WHY.

Because it embodies essential principles not found in any other Machine; because of its simplicity of construction, ease of operation, uniformity, of precise action at any speed, and capacity for the greatest range and variety of work, fine or coarse.

Parties wishing to purchase should not fail to examine the best of all Sewing Machines

As it Was.

Sew, sew, sew,
At morn, at noon, at night!
Work, work, work,
But never out of sight!
For great and small, for young and old,
In summers's heat, in winter's cold,
By midnight lamp, by midday's sun,
'Twas sew, sew, sew, but never done,
When Grandma sewed.

As it Is.

Buzz, buzz, buzz; why how the panties fly!
Oh, oh, oh! 'twould charm the dullest eye!
The legs are sewed, the waistband's on,
The buttons set—the pants are done!
And here's a pair for Sam and John,
And Charley, too, and little Dan.
Now Mother sews on

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Colds, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing easy and health-restoring sleep. No one will suffer troublesome **Influenza** and painful **Bronchitis**, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.
