THE POST

MIDDLEBURG.....JULY 26, 1872.

TOWN AND COUNTRY.

The cabbage worm is making sad havoc in this vicinity, where, if his ravages are not stopped, there will be a scarcity of kraut next winter.

NORMAL INSTITUTE.—Prof. Koetlinc, our efficient county Superintendent, will open a Normal Institute, at Selinsgrove, for the benefit of Teachers, on the 1st day of August next.

FIRE.—The large Bank Barn, belonging to Thomas Bower, Esq., was destroyed by fire on Monday afternoon, last. The origin of the fire is yet unknown. The loss including contents will not fall short of $3000.

BALLOU'S MAGAZINE FOR AUGUST.—This number of this excellent periodical is replete with entertaining reading matter Ballou is one of the cheapest and best of periodicals, and should be in the hands of every one. Single copies 15 cents, or $1.50 per year. Address Thomes & Talbot, 63 Congress Street, Boston.

TALL CORN STALK.—John Rushton, of Selinsgrove, reports that he has a corn stalk measuring 14 feet 11½ inches high. Mr. David Rauch of this place however, can best John somewhat. He has a stalk in the lot upon which our office is built, that measures 13 feet.

COMMISSIONED.—The contest of the County Superintendency of Northumberland county, has been decided in favor of Paul Shipman, who was charged with securing his re-election by bribery. Mr. Shipman has been commissioned by the State Superintendent.

DEMOCRATIC CONVENTION.—The "unterrified Democracy" will hold their county convention, at this place, on the 5th day of August next, at 1 o'clock P. M. Delegate meetings will be held on Saturday, the 3d of August, between the hours of 4 and 6 P. M. Prepare your white hats, Gentlemen!

THE commissioners of Mifflin county have been fined $500 each by the Supreme Court for refusing to obey its former mandate of building a bridge across the Juniata at Newton Hamilton. The county court has issued on injunction restraining the county commissioners from building said bridge. A very pleasant position for "county fathers" to be in.

BY referring to our advertising columns it will be observed that our friend Theo. Swineford is now engaged in selling Queensware &c. with Wm. Grange & Co. No. 319 Market Street, Phila. Mr. Swineford is a good salesman and understands his business thoroughly. His connection with the firm will be beneficial to it and bring to their house a large trade from this part of the State.

It is a mark of the unsuccessful man, that he invariably locks his stable when the horse has been stolen. This sort of wisdom never thinks about bodily health until it is gone. But just as much as any disease has become seated, the power of the system to resist and throw it off is weakened; hence time is all important. For dyspepsia, all diseases of the liver, stomach, skin and kidneys, and all that begin in vitiated blood, do not wait until the trouble is confirmed, but attack it by a timely use of DR. WALKER'S CALIFORNIA VINEGAR BITTERS. 4w.

The relaxing power of Johnson's Anodyne Liniment is truly wonderful. Cases are already numerous where bent and stiffened limbs have been limbered and straightened by it. When used for this purpose, the part should be washed and rubbed thoroughly. Apply the liniment cold, and rub it in with the hand.

A crowd of "horse men," and others, daily throng the stores in country and town for Sheridan's Cavaly Condition Powders. They understand that horses cannot be kept in good condition without them, and with them can be on a much less quantity of grain.

UNCERTAINTY OF LAW.—About a year ago the State Bank of Harrisburg had a suit against one Neal M'Coy, in the court of Juniata county, to recover the value of a note. The defence put in was that at the time of signing the note the defendent was so intoxicated that he did not know what he was doing. The jury found a verdict for the defendant, and the Bank carried the case to the Supreme Court, where an argument was had on a motion for a new trial. That body, at its session in Philadelphia recently, reversed the judgement and ordered the case remitted for a new trial, in the course of the opinion the court holds "That insanity is a misfortune and drunkeness is a vice." According to the decision the signature of a drunken man invalidates the note only as between the original parties, and not as to the bona fide holder or a third party who has purchased it.

ENTITLED TO BOUNTY.—In the matter of the decision of the Second Auditor, E. B. French refused to allow the claims of the members of the regiments of the Pennsylvania Reserves for the one hundred dollars bounty, under the provisions of the act of Congress of April 22, 1872, stating that the act referred to, applied only to men who were enrolled in the United States service prior to July 22, 1861. An appeal was made from this decision to the Second Comptroller, Hon. J. M. Brodhead, who, on a careful, examination into the facts, reversed the decision of the Second Auditor, and has decided that as the regiment of the Pennsylvania Reserves were enlisted in the State service prior to July 22, 1861, and were mustered into the United States service prior to August 6, 1861, bounty will be allowed and paid to men enlisting in the Pennsylvania Reserve regiments.

GRAND OIL.—We learn that Wm. H. Brown, the very efficient Superintendent of the Sunbury & Lewistown Railroad, is about completing the erection of a splendid new residence in the flourishing Borough of Lewistown and that he will ere long personally occupy the same We are glad of this, as it indicates that Mr. Brown proposes to remain the Superintendent of the road for some time to come. The Rail Road Company has been very fortunate, indeed, in securing the services of so competent and reliable an officer as Mr. Brown. He is very particular in having none but first class men employed on the road, and has given it an excellent reputation for safety and good management. As a new road it is in excellent condition and every one feels secure both in person and property as long as Brown remains its efficient conductor.

DRINKING IN WARM WEATHER.—Drinking is one of our fixed habits. Some people drink little, not because their constitutions require less than others, but because it is their habit. These persons do not perspire as freely as those who drink more. The more that is drank, the more water passes away, or the system would suffer. As it is, the strain affects it. The skin, the kidneys, bowles, lungs, are all drawn upon. The result is as may be expected, exhaustion. For this reason the man who drinks much water, particularly during the summer, and in the hottest weather, is less able to endure fatigue. The water is of no benefit to him—that is, the excess. It must pass away, and this requires an effort of the system, which is the sweating process. It is a bad habit to drink water so much; a false thirst is created. We should drink only what is needed. The habit of drinking more will soon be overcome, and the person will feel stronger and more capable of bearing fatigue. In winter little fluid is needed beyond what our food furnishes; in summer, some more, but not much.

THE new postal Code recently adopted by Congress makes many changes in the law as it formerly stood. According to the new code the branch post offices in large cities are made money order offices, and the fee for money orders of ten dollars or less is reduced from ten to five cents. A married woman is allowed to act as postmaster, and she is declared to be a "feme sole" as to her official acts. Letters between postoffices not over three miles apart may, at the discretion of the Postmaster General, be dispatched to their destination, though only partially prepaid with a two cent stamp, and the amount due is to be collected on delivery. Transient newspapers are to be hereafter sent at the rate of one cent for two ounces, instead of two cents for four ounces or under. Clothing for non-commissioned officers and privates in the United States service may be transmitted through the mails at one cent per ounce. Private boxes for the reception of mail matter may be placed by individuals in post offices. One cent postal cards like those in use in Great Britain are authorized, and the price of the card and of the stamp will be one cent. In case postal cards of private manufacture are used, the regular rates of postage are to be collected.

How to go West.

This is an inquiry which every one should have truthfully answered before he starts on his journey, and a little care taken in examination of Route will in many cases save much trouble, time and money.

The "C., B. & Q. R. R." running from Chicago, through Galesburg to Burlington, and the "L. B. & W. Route," running from Indianapolis, through Bloomingtonto Burlington, have achieved a splendid reputation in the last two years as the leading Passenger Routes to the West. At Burlington they connect with the B. & M. R. R. and form the great Burlington Route which runs direct throught Southern Iowa to Nebraska and Kansas, with close connections to California and the Territories; and passengers starting from Snyder County, on their way westward, cannot do better than to take the Burlington Route.

This Line has published a pamphlet called "How to go West," which contains much valuable information; a large correct map of the Great West, which can be obtained free of charge by addressing the General Passenger Agent B. & M. R. R. Burlington, Iowa.

"Lights and Shadows of New York Life; or, the Sights and Sensations of the Great City." A work descriptive of New York City in all its various phases. Its Splendors and Wretchedness: Its high and Low Life: Its Marble, Palaces and Dark Dens; Its Attractions and Dangers: Its rings and Frauds; Its Leading men and Politicians: Its Adventurers: Its mysteries and Crimes. By James D. McCabe, Jr.

What Paris is to the Frenchman, or London to the Briton, New York is to the American. It is not only the Metropolis, but it is the chief attraction upon this continent, the great centre to which men and women resort for both business and pleasure, and as such is a source of never-failing interest. Of late years several attempts have been made to reproduce its varied attractions in book form. The most successful result of these efforts is the book now before us. The author has had unusual facilities to see every feature of the great city, and has written the work with an enthusiasm which is apparent in every page. He has not merely produced a sensational story, but has given us a record of actual facts, of which he is personally cognizant.

The book is as fascinating and absorbing as a novel, and were it not for the evidence he furnishes, we should be tempted to believe that he has carried us into the realms of fiction. He tells us the history of the great city which has grown to be the most remarkable in America, and relates its old traditions with zest and humor. He introduces us to all classes of people, and initiates us into their ways and manner of life. He brings us face to face with great merchants and bankers, actors, editors, working women, ballet girls, thieves, gamblers, sailors, quacks, firemen, and a host of others. He delights us with his sketches of the better and brighter side of city life, of the genius, enterprise, charity and humanity of the great city, and appals us with his thrilling accounts of the darker and more terrible side of the life he is delineating.

A truthful picture of New York life cannot be otherwise than deeply interesting. Our author has succeeded admirably in his task, and we predict for his book a large sale. It is brim full of useful information brilliant and fascinating, and an emphatic warning against the vices of the city. It is pure and lofty in tone, and while it discusses fully many of the darker sides of city life, it does so with delicacy and candor. An interesting feature of the book is a powerfully written history of the Tammany Ring frauds with sketches of the actors therein.

It is comprised in one large octavo volume of 850 pages, illustrated with nearly 200 fine engravings of noted places, life and scenes in New York, and published by the National Publishing Company of Philadelphia.

The low price at which the work is issued, brings it within the reach of all, and no one who wants to know New York as it really is, should fail to buy this book. It is published in English and German, sold by subscription only, and agents are wanted in every county.

WHERE TO EMIGRATE?—We answer, go to Southwest Missouri, because the Atlantic & Pacific Railroad Co. offer 1,300,000 Acres of land to actual settlers, at low price on long credit, besides furnishing free transportation over their road to purchasers; this road extends from St. Louis through Missouri to Vinita, Indian Territory, is being pushed rapidly to its destination, the Pacific Coast; will be one of the trunk lines of the country, never blockaded by snow—the lands along the road are in a rich fertile country, as productive as any in the State; the climate combines all the advantages of northern and southern latitudes; good climate soil, health, water, timber, grazing, fruits and flowers. invite you to go to this region. For further information address A. TOCK, Land Comr, 523 Walnut Street, St. Louis, Mo.

GREAT DISCOVERY.

VINEGAR BITTERS

PURELY VEGETABLE — FREE FROM ALCOHOL — CALIFORNIA — D. WALKER'S — VINEGAR BITTERS

Vinegar Bitters are not a new Drink, made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and a Life giving Principle, a Perfect Renovator and Invigorator of the System, curing all diseases, and restoring the blood to a healthy condition, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion. Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms are the offsprings of Dyspepsia. In these complaints it has no equal, and one bottle will prove more valuable than a long list of testimonials.

For Female Complaints, in young or old, married or single, at the dawn of womanhood or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Biliousness, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

They are a Gentle Purgative as well as a Tonic, possessing also the power over the digestive organs of relieving congestion or inflammation of the Liver and Visceral Organs, in Bilious Diseases.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when, and the health of your system will follow.

Grateful thousands proclaim Vinegar Bitters the most wonderful invigorant that ever sustained the sinking system.

Pin, Tape, and other Worms, lodging in the system of so many persons, are effectually destroyed and removed. No system can resist long after these Bitters have been taken. Worms of all kinds, such as Pinworms, Tapeworms, Roundworms, or Ascarides, Seatworms, Grubs or Maggots, and other living animals infesting the system, are effectually destroyed and removed. For full directions around each bottle, which should be carefully preserved.

Mechanical Diseases. Persons employed in Paints and Minerals, such as Plumbers, Painters, Gilders, Type-setters, and Miners, as they advance in life, will be subject to paralysis or the Dry Belly-Ache. To guard against this take a dose of Walker's Vinegar Bitters once or twice a week as a Preventive.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the summer and autumn, and many other localities, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment a purgative, assisting a powerful tonic, should be resorted to in order to successfully accomplish the cure. There is no cathartic for the purpose equal to Dr. Walker's Vinegar Bitters, as they will operate on the liver and other abdominal viscera more powerfully than any pill, while at the same time invigorating the digestive organs into healthy action.

Scrofula, or King's Evil. Tumors, Ulcers, Enlargements of the Glands, Swellings, Goitres, Diseases of the Throat, Chronic Inflammations, Old Sores, Eruptions on the Skin, Scurfy Complexions, Blotches, Boils, Carbuncles, Ring-Worms, Salt Rheum, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Dr. Walker's California Vinegar Bitters act on all these cases in a manner somewhat by purifying the blood, which you see expelled through the skin in pimples, eruptions, or sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when, and the health of your system will follow.

The properties of Dr. Walker's Vinegar Bitters are Aperient, Diaphoretic and Anodyne, Nutritive, Laxative, Diuretic, Sedative, Counter Irritant, Sedative, Alterative, and Anthelmintic.

The Aperient and mild Laxative properties of Dr. Walker's Vinegar Bitters are derived from the best remedy known for curing all complaints of the Liver, Stomach, Bowels, Blood, and Nervous System, such as Indigestion, Dyspepsia, Biliousness, Intermittent Fevers, their Sedative, Counter Irritant, Sedative, Alterative, and Anthelmintic properties control the internal inflammatory action, and allay pain and irritation attendant on inflammatory diseases, while their Nutritive, Laxative, Diuretic, Sedative, Counter Irritant, Sedative, Alterative, and Anthelmintic properties remove the cause of the disease, and the patient recovers his health.

Fortify the body against disease by purifying all its fluids with Vinegar Bitters. No epidemic can attack a system fortified with this great preservative. Keep the bowels open and the blood pure, and the health of the system will follow.

Directions.—Take of the Bitters on an empty stomach a dose as a dram glass, as a preventive, one hour before each meal, or when any symptoms of disease appear. Take a good dose when you feel the first symptoms of sickness, sinking or faint feelings, or no appetite, or when you feel dull and drowsy. The dose should be proportioned to the age or size of the person. Directions for children, nursing women, and persons of delicate health, will be found around each bottle.
