Communications

Queer corn and cholera morbus will appear in market about the same time.

If you want to find out whether a newspaper has any influence, just let a paragraph get into it that nobody don't like.

The hot spell ceased last week, and we have now pleasant weather with an unusual quantity of rain.

The oats harvest has commenced, and promises to be good both as to quality and quantity.

Camp meeting season is approaching. An unusual number of these meetings will soon be held in different localities. They appear to be coming more popular than they were a few years ago, in all portions of the country.

The dwelling house of Hon. J. W. Killinger, in Lebanon, was entered, a few nights since, by burglars, during the absence of the family, and a small amount of money, a few articles of clothing, &c., carried off.

It is said that birds prefer the cicada, or locust, to cherries as food, which accounts for the cherry crop being so good this year The locusts were not made in vain, though they can save our cherry crop but once in seventeen years.

A want has been felt and expressed by physicians for a safe and reliable purgative; such a want is now supplied in Parsons' Purgative Pills.

H. K. Bond, of Jefferson Mc., was cured of spitting blood, soreness and weakness of the stomach, by the use of Johnson's Anodyne Liniment.

Charles R. Paxton Esq., President of the Bloomsburg Iron Company has contracted with Jas. J. Mitchell, to take out 4000 ton of Block and Fossil Iron ore, to be delivered to the Station at Paxtonville ready for shipping, after said amount of ore has been shipped, we understand the Company intends to begin the erection of a Hot Blast Furnace in the vicinity of Paxtonville and Middleburg.

We learn that the starting of a Bank in this place is a fixed fact, responsible parties have it in hands. This is a move in the right direction for Middleburg. Friends go on with the good work. We know of no locality where a bank would pay better than at Middleburg, it being the county seat, and no bank between Selinsgrove and Lewistown.

Brainard's Musical World for July is on our table, and is a noteworthy number. Brimful of good things to the musically disposed. It contains in addition to its usual amou[nt] interesting matter, an eight-page st[ate]ment, giving a full and complete repo[rt] of the BOSTON PEACE JUBILEE and the ST. LOUIS SAENGERFEST, with full programmes of each days' proceedings.

Subscription, $1.02 a year. Published by S. BRAINARD'S SONS, Cleaveland, O.

The Phrenological Journal for August maintains its high place among our leading monthlies. Its articles on Hon. Geo. I. Post; the Republican Nominees for President and Vice-President, and Fisher Ames, whose portraits are given, are readable sketches of eminent public men. We find also, social Science, or what do we mean by Love? Expression, Diseases of the Skin[,] ... Reform; What are Comets? &c., &c. Price $3,00 a year. Samuel R. Wa[ll] Publisher, 389 Broadway, New York.

A farmer from Robeson township, Berks county, near Beckerville, informs the Reading *Eagle*, that a large number of cattle have gone blind within a month or six weeks past; some in one eye, but most of them in both eyes. One farmer has twelve head, some entirely blind and others partially so. One calf at three days old never out of the stable lost its sight. One farmer in Brecknock had seven head which lost their sight. On some farms two, three and four are victims to the disease. The nerve of the eye seems to die from within, and the eye becomes white.

The Lady's Friend for August.—The leading engraving in this number is that of a most lovely lady on a balcony, waving a handkerchief—a beautiful picture. "Moonlight at Sea" is also something exquisite. The illustrations of stylish costume and tasteful novelties in dress are rather more than usually captivating, we should say. Music—"I've brought Thee an Ivy Leaf." An excellent little "Dolly Varden" story by Miss Fannie Hodgson leads off the literary matter, and the new serial "Only a Wish" is commenced. Price $2.00 a year. Four copies, $6. Eight copies (and one gratis) $12. Published by Deacon & Peterson, Philadelphia.

The New Steam Door and Sash Factory and Planing Mill, in Middleburg started by the *Messrs* Stettler and Stahlnecker is now in working order, they are now ready to do any kind of work in their line, we would advise all of our citizens in this end of the county, to patronize them, as they are among our most enterprising citizens, two of the proprietors are excellent house-carpenters, they will therefore know how to do up a job both neat and durable. We understand they have already some heavy orders to fill, give them a call, examine their stock and prices before applying elsewhere.

GREAT DISCOVERY.

Kunkels' Bitter Wine of Iron.

KUNKEL'S BITTER WINE OF IRON will cure all diseases arising from disordered liver and stomach, such as a constipation, flatulence, inward piles, fullness of blood to the head, acidity of the stomach, nausea, heartburn, disgust of food, fullness or weight in the stomach, sinking or fluttering at the pit of the stomach, swimming at the head, hurried or difficult breathing, fluttering at the heart, choking or suffocating sensations when in lying posture, dimness of vision, &c. Price, $1, per bottle. E. F. Kunkel, proprietor, Depot 259 North 9th st., below Vine, Philadelphia. Price $1.00 for sale by Druggists.

If your Druggist has it not, enclose $1.00 to my Address, N. E. Cor 10th, and Chestnut, and it will come by next express train, and advice free of charge.

A Rare Opportunity for Agents.—We have received from the publishers of Wood's Household Magazine, two beautifully tinted Crayon pictures representing the heads of a little boy and girl, and "Our Hope" and "Our Joy" are just the names for the dear, bright, happy little faces. L. Prang & Co. originally published them at $4, but they are now offered with Wood's Magazine for one year at only $1.50. They are to be introduced by agents, who are allowed a handsome commission on this price, which makes a most desirable business for canvassers. While the Magazine alone is richly worth the money, the pictures are charming, and must be seen to be appreciated. For full particulars address S. S. Wood & Co., Newburgh, N. Y.

A number of farmers have told us that their hay crop this year is better than it was last year, and say that the scarcity predicted is grately exaggerated. It is not all improbable that hay will be plentier next Spring than it has been in any Spring for some years. Corn-fodder is going to be abundant, and farmers will probably be more careful to prevent waste than when there is a general belief that there is an excess of hay. The price at which hay has been selling this season is higher than is warranted by existing circumstances bearing on the matter.

We understand that the surveying of Beaver's addition to Middleburg is now completed, and the Town Plot drawn by A. K. Gift Esq. The town is located around the Middleburg Station opposite Middleburg, on high and dry ground, the Plot is bordering on the banks of Middlecreek. Lots thus bordering have all the advantages for manufacturing purposes, and will be sold very cheap by the proprietor for that purpose. The town already boasts of two stores, one hotel and two coal yards. Eleven building lots have lately been sold and the deeds were all executed in one day, this is in addition to the lots sold heretofore. The proprietor Isaac Beaver Esq., intends making public sale of from 50 to 100 lots, very soon at which time lots will rather be sold at a sacrifice as not sold at all, in the meantime purchasers are requested to apply to the proprietor for particulars, whether in person or by letter.

Game Law in Brief.—Deer may be killed from September 1, to Dec. 31, but not hunted with hounds or dogs. Fine $50.

Squirrels and rabbits may be hunted from 1st August to January 1.

Pheasants may be hunted from Aug. 1 to Dec. 20.

Wild turkeys from Oct. 1 to Jan. 1.

Woodcock from July 4 to Nov. 15.

To kill, trap, or have in possession any night hawk, whippowill, finch, thrush, lark, sparrow, wren, martin, swallow, woodpecker, dove, bobolink, robin, starling, or any other insectiverous bird, or for robbing or destroying their nests at any time is prohibited under a penalty of $5 for every bird or nest.

Fine for hunting on Sundays from $5 to $25.

Pike can be fished for frome June 1 to Feb. 1.

Trout can be caught from April 1 to August 15.

Fish baskets and brush nets are prohibited in the waters of the Susquehanna and Juniata, and their tributaries, and the sheriff is required to destroy them if the owners will not on notice.

Shot by a Horse Thief.—On Sunday morning a week says the Lebanon *Courier* a farmer named Christian Risser, residing in South Lebanon township, was shot by a horse thief. About 3 o'clock on Sunday morning he heard a noise in his barn, and thought that one of his horses had got loose. He arose from his bed and was going towards the barn, and when some twenty yards from it he saw a man coming from the barn door with a saddle on his arm. Mr. Risser made for him, and catching him by the left arm a struggle ensued; but soon the man drew a revolver and fired, the ball from it striking Mr. Risser on the right breast. He fell, but was up again in a moment and again caught the thief, who again fired, this time the ball passing through Mr. Risser's hat just above the rim and striking him in the forehead, without penetrating. Again he fell, but rising again, the thief fired the third time, the ball striking him on the left breast and glancing around, passed into a post to the depth of two inches. The thief then took to his heels and escaped. Mr. R. describes him as a man of middling size smoothly shaved and about twenty-five years of age,

It is a mark of the unsuccessful man, that he invariably licks his stable when the horse has been stolen. This sort of wisdom never thinks about bodily health until it is gone. But just as much as any disease has become seated, the power of the system to resist and throw it off is weakened; hence time is so important. For dyspepsia, all diseases of the liver, stomach, skin and kidneys, and all that begin in vitiated blood, do not wait until the trouble is confirmed, but attack it by a timely use of Dr. Walker's California Vinegar Bitters. 4w

Where to Emigrate!—We answer, go to Southwest Missouri, because the Atlantic & Pacific Railroad Co. offer 1,300,000 Acres of land to actual settlers, at low price on long credit, besides furnishing free transportation over their road to purchasers; this road extends from St. Louis through Missouri to Vinita, Indian Territory, is being pushed rapidly to its destination, the Pacific Coast; will be one of the trunk lines of the country, never blockaded by snow—the lands along the road are in a rich fertile country, as productive as any in the State; the climate combines all the advantages of northern and southern latitudes; good climate soil, health, water, timber, grazing, fruits and flowers, invite you to go to this region. For further information address A. Tuck, Land Com'r, 523 Walnut Street, St. Louis, Mo.

How to go West.

This is an inquiry which every one should have truthfully answered before he starts on his journey, and a little care taken in examination of Routs will in many cases save much trouble, time and money.

The "C., B. & Q. R. R." running from Chicago, through Galesburg to Burlington, and the "I., B. & W. Route," running from Indianapolis, through Bloomington to Burlington, have achieved a splendid reputation in the last two years as the leading Passenger Routes to the West. At Burlington they connect with the B. & M. R. R. and form the great Burlington Route which runs direct throught Southern Iowa to Nebraska and Kansas, with close connections to California and the Territories; and passengers starting from Snyder County, on their way westward, cannot do better than to take the Burlington Route.

This Line has published a pamphlet called "How to go West," which contains much valuable information; a large correct map of the Great West, which can be obtained free of charge by addressing the General Passenger Agent B. & M. R. R. Burlington, Iowa.

The Campmeeting, announced to commence between this place and Freeburg, on the 18th inst., has been indefinitely postponed.

VINEGAR BITTERS

PURELY VEGETABLE FREE FROM D. WALKER'S CALIFORNIA ALCOHOL

VINEGAR BITTERS

Vinegar Bitters are not a vile Fancy Drink, made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion. Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that a marked improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver and Visceral Organs, and in Bilious Diseases.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Grateful thousands proclaim Vinegar Bitters the most wonderful Invigorant that ever sustained the sinking system.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist: There is scarcely an individual upon the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of Medicine, no vermifuges, no anthelmintics, will free the system from worms like these Bitters.

Mechanical Diseases. Persons engaged in Paints and Minerals, such as Plumbers, Typesetters, Gold-beaters, and Miners, as they advance in life, will be subject to paralysis of the Bowels. To guard against this take a dose of Walker's Vinegar Bitters once or twice a week, as a Preventive.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. Walker's Vinegar Bitters, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goiter, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc., etc. In these, as in all other constitutional Diseases, Walker's Vinegar Bitters have shown their great curative powers in the most obstinate and intractable cases.

Dr. Walker's California Vinegar Bitters act on all these cases in a similar manner. By purifying the Blood they remove the cause, and by resolving away the effects of the inflammation (the tubercular deposits) the affected parts receive health, and a permanent cure is effected.

The properties of Dr. Walker's Vinegar Bitters are Aperient, Diaphoretic and Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

The Aperient and mild Laxative properties of Dr. Walker's Vinegar Bitters are the best safe-guard in all cases of eruptions and malignant fevers, their balsamic, healing, and soothing properties protect the humors of the fauces. Their Sedative properties allay pain in the nervous system, stomach, and bowels, either from inflammation, wind, colic, cramps, etc. Their Counter-Irritant influence extends throughout the system. Their Anti-Bilious properties stimulate the liver, in the secretion of bile, and its discharges through the biliary ducts, and are superior to all remedial agents, for the cure of Bilious Fever, Remittent Fever and Ague, etc.

Fortify the body against disease by purifying all its fluids with Vinegar Bitters. No epidemic can take hold of a system thus forearmed.

Directions.—Take of the Bitters on going to bed at night from a half to one and one-half wineglassful. Eat good nourishing food, such as beefsteak, mutton chops, venison, roast beef, and vegetables, and take out-door exercise. They are composed of purely vegetable ingredients, and contain no spirit.
