THE POST

MIDDLEBURG, MAY 4, 1878.

Local News,

Meeting of the Republican Standing Committee.

The members of the Republican Standing Committee are requested to meet at Middleburg, on

Saturday, May 11, 1878,

at 1 o'clock P. M., for the purpose of appointing a time for holding our Primary Election, and transacting other important business. A full turnout is requested. By order of

WM. HARDING, Chairman.

—Remember, boys, there is only five dollars fine for the destruction of a bird's nest.

—Two dollars a day, (and mileage) will now be paid jurors for attending court. Right.

—To avoid spring fever, people should turn out of bed at sunrise, instead of turning over. The cure is simple, but extra.

—But few blossoms on fruit trees have their appearance the past year, at this date, the trees were full of them.

—Have had a making encouraging additions to our subscription list, the past week, but, there is always room on our list for more.

—Now is the best time to set out ornamental climbers. These beauties of the garden can be procured from almost any nurserymen.

—One of our exchanges says: "Women are said to be angles just two months—a month before marriage and thirty days after death."

—The bases of all local prosperity consists in keeping money in circulation at home—in sending products abroad and bringing money home.

—Who is the most use to a community, the man who is wealthy and hoards his money, or the man, who has less, but aids and pushes forward public enterprise?

—Lamp chimneys boiled in hot water for will not break, unless you fling a flat-iron at them, and, an exchange says, even then won't if you don't hit them.

—Dead poultry, oats, &c., *are* an ornament to any locality where they are found "lying around loose." It is not only highly beneficial to health, in a sanitary point, but it's business like.

—Ink stains may easily be removed from cotton or linen by washing the spot that is stained in salt and water. This should be done previous to its being washed with soap, for soap sets the color.

—Of the 45,781 weighing-machines turned out by the Fairbanks Scale Company in 1872, 5,248 were of foreign standards, and a large proportion of these were of the prime sizes, railroad-track, miners', transportation, and other large patterns.

J. W. DREESE our enterprising and accomodating Merchant has just returned from the city where he has been Purchasing one of the most select and extensive stock of Springand Summer Goods we have seen in any store outside the city. His immense stock includes the latest styles and his Goods and prices will suit the most fastidious.

—A young lady describes the beaux of her town in "words and figures" as follows: "The cigar-smoking, tobacco-chewing, peanut-eating, candy-sucking, ill mannered, lazy, gawkish, self-conceited, rubbish popinjays of the town, who are vain as peacocks and stupid as Colorado potato bugs." The description suits a good many towns.

BARGAINS—BARGAINS TO BE HAD.—JACOB ALBAND & SON are now disposing of their large assortment of Merchandise in Centreville. They purpose going into other business and will sell out their WHOLE STORE to any one wishing to engage in the Mercantile business. In the meantime GREAT BARGAINS can be had by all those in need of anything usually kept in a country store. They will retail at cost until they have disposed of their entire stock. They are reliable men and will do as they say. Give them a Call. May, 8, 4w.

BURNING OILS.—The new law regulating the sale and inspection of refined petroleum in this State, passed by the last Legislature, went into effect the 1st of May, 1873. It forbids the sale of any product of petroleum to be used in lamps for burning, of a lower fire test than 110 degrees Fahrenheit. Any violation of this law is punishable by a fine of not less than two hundred and fifty dollars, or imprisonment not less than one year, or both; any person sustaining damage to property or person by reason of the use of oil not put up to the legal test, can collect damage of the party who sold the oil.

POSTAGE ON COUNTY PAPERS.—The new postage law which goes into effect on the first day of July next, requires the payment of postage on all regularly issued publications sent through mail. Each subscriber of the Post by going to the Postmaster at the office where he receives his paper on or before the first of July, can with 5 cts. prepay the postage on it for three months, or for ten cents six months.

We would advise this prepayment for not longer then six months by all residents in the county, as doubtless the law will be modified early in the next session of Congress, so far at least as regards the circulation of papers in the county where published.

THE LOSS OF ONE SUBSCRIBER.—One of our exchanges recently lost a subscriber; the man thought he had ruined the establishment, and did not expect another number could possibly be issued. Contrary to his expectations the paper came out as usual, the next number containing the following from the editor: "It was pretty close work for a while, we confess; but by omitting to put sugar in our tea, and by buying a cheaper grade of paper collars and reversing them for the second and third time, we managed to rub along until a new subscriber came and took the place of our respected, disgusted friend, and then Richard was himself again. Nothing but rigid economy will carry one safely over such a calamity as the loss of a subscriber."

DECORATION DAY.—The following general order has been issued from the headquarters of the Grand Army of the Republic Department of Pennsylvania, under date of April 22, 1873.:

In accordance with our rules and regulations, Friday May 30th, will be observed as a memorial day for the purpose of strewing with flowers, or otherwise decorating the graves of comrades who died in defense of their country during the late rebellion or who have since passed away. Citizens generally, military and civic associations, churches and Sunday schools should be invited to participate, and in places where there are no Posts of the Grand Army, it is hoped that the Citizens will join together for this purpose that fitting services may be held in every church yard or cemetery where our dead heroes sleep.

The manner of conducting these services is optional with Posts, but those desiring it, can obtain copies of the form of ceremonies, as furnished last year by making immediate application to the A. A. G.

Attention is especially invited at this time to the recommendation from National headquarters last year "that flowers and shrubs be planted at each grave, in order that when we are gone, the seasons, in their ceaseless round, may in our stead, adorn the sleeping places of our comrades."

A MAN by the name of Charles Rock, was put in jail, last Wednesday. He was accused of burglariously entering the store of Rathfon & Winters in New Berlin Union Co. On Friday he was liberated, By whom or through what authority he was imprisoned, we have failed to learn.

TEN or twelve Gypsies encamped in Beaver's Grove, for several days, last week, about a mile south from here, and quite a number of young and old people from town went to see them during their stay. They had some six or eight head horses with them, and were engaged in trading, &c.

THE PUREST and Sweetest Cod-Liver Oil is Hazard & Caswell's made on the Sea shore, from fresh, selected livers, by Caswell, Hazard & Co., New York. It is absolutely pure and sweet. THE "WEED"

SEWING MACHINE.

The most perfect and generally useful machine in existence. For the people of the farmer or mechanic, who desires a reliable and interesting machine ranges from the heaviest garments of leather wear to the most delicate and ornamental fabrics for home and children use. These prove itself thoroughly reliable and entirely satisfactory. Its unequaled simplicity and consequent freedom from getting out of order, together with the ease of learning and operation with one's self in the least expenditure of time and labor, with a capacity for speeding, quality and variety of execution beyond its competitors, and a reputation for durability and reliability above and appreciated by thousands who have purchased, fully justifies the confidence that its peculiar merits cannot fail to convince the several examiners of its superiority.

DR. FAHRNEY'S

Celebrated Blood Cleanser or Panacea.

The Panacea will not only cure old standing and malignant complaints, but is one of the best preventatives of such disorders ever offered to the world. You can avoid severe attacks of acute diseases, such as Cholera, Small Pox, Typhoid, Bilious, Spotted and Intermittent Fevers, by keeping your blood purified. The different degrees of all such diseases depend altogether upon the condition of the blood; for if this vital fluid is deranged you will take a disease much more readily than otherwise, and the suffering will be in proportion to the amount of foreign matter in the blood. This is so reasonable that we need not here make any illustrations.

Remember the name and don't be put off with anything else which druggists may say is just as good as the Blood Cleanser. Because they make more profits on cheaper articles.

Sold by druggists and dealers every where.
