THE POST.

MIDDLEBURG, MAY 29, 1873.

Local News, &c.

—The worst punishment for a child is making it hunt a switch for its back.

—Over 800 fine shad were caugh in the Juniata last week below the Millerstown dam.

—Good butter has been one of the scarcest articles sought for in our market for some month past.

The days are now over thirteen hours long, between sunrise and sunset—daylight enough for all practical purposes.

The railroad track scales built by the Fairbanks Scale Company in 1872, could weigh 654 locomotives loaded upon them all at once.

—Plant sunflowers if there is any place about your house where water is thrown out and likely to become malarious. This is the ... of absorbing malaria sphere.

...terms.—The large ...ntreville. (Wever ...enquire of E. T. ...burg, or P. Hartman ...ent.)

—So... ... that the man who laid aside his ... because the almanac said Spring ha... ..., was seen at the drug store the other day, hunting up a patent medicine to cure the rheumatism.

—The Lewisburg, *Chronicle* says: A Mr. Wm. Pursley, fell from a pine tree standing on a high bank along Penns Creek. The distance fell was *three hundred feet*, and did not receive the least injury. How is that for high!

—The new game law, passed at the recent session of our Legislature, prohibits the shooting of Squirrels between the 1st day of January and the 1st day of July in each and every year, under a penalty of $5 for every squirrel killed or found in possession.

—If you want "tight" notes—as "tight" that they will make a man pay his honest debts, or clean him out of his last toothpick—go up by a "tight"—no not a tight lawyer, but one who knows how to get up a "tight" note—call at this office.

—It is predicted we are to have a dry, hot summer. We certainly had enough of rain and snow for the last six months, to prepare the earth for any amount of heat, and yet the prophets who foresee this parching, may be mistaken. Whether prophets, other than old Probabilities, are not very much relied upon.

—Decoration day is fast approaching. Are our citizens making any effort toward rendering the occasion, the most interesting event of the month of May? The custom should be upheld for ages to come, in honor of the heroes who sacrificed their lives to save and perpetuate our glorious institutions.

A LEADING medical journal says that sleeping rooms should always be arranged if possible, as to allow the head of the sleeper to be turned toward the north. Frequently, in cases of sickness, a person will find it impossible to obtain rest if his head is in any other direction, and often a cure is retarded for a long time.

For Loss of Appetite, Dyspepsia, Indigestion, Depression of Spirits and General Debility, in their various forms, Ferro-Phosporated Elixir of Calisaya made by Caswell, Hazard & Co., New York and sold by all druggists, in the best tonic. As a stimulent tonic for patients recovering from fever or other sickness, it has no equal. If taken during the season it prevents fever and ague and other intermitteat fevers.

PENSION TO WIDOWS.—The pension laws as amended by the last Congress will give increased pension to widows having one child. The amount of increase is two dollars per month, and has not been allowed heretofore except where there was more than one child. Many claims are being filed under the new law, and the question to be decided is whether the increase is to date back from July 22, 1866, the date of the original act increasing widows' pensions, or from the date of the modified law of last session.

—The County Superintendants of Public Schools of the counties of Lycoming, Clinton, Snyder, Union, Northumberland, Sullivan, Tioga, Potter, Elk, Cameron and Centre, will hold a private conference at the Herdic House, Williamsport, on Tuesday, June 5th, at 9 A. M. Many vexatious questions will be discussed, among which are the following:—1. The Educational Wants of the People; 2. The work of the Superintendency; 3 The Difficulties encountered in that Work; 4. Modes of Overcoming these Difficulties.

A HINT TO HASTY PEOPLE.—It is an erroneous impression, which prevails to a great extent, that farmers have a right to shoot or injure dogs or other stock which may trespass on their property. The law will not uphold the man in shooting the dog or fowls of his neighbor, simply because they are trespassing on his land, or in other words, no one is allowed to take execution of the law into his own hands. His legal remedy is in a claim for damages against the owners of the offending stock.

THE SCIENCE OF HEALTH for June, has excellent articles on "Pre-Natal Influence, which all parents should read; "Disease and its Treatment: "The "Step Mother," so true to life, will attract attention; "Warranted to Cure," is a scathing rebuke of Quackery; &c., &c. The best number yet issued of this popular magazine. Only 20 cents, or $2 a year. Sent three months on trial, for 25 cents. Now is the time to subscribe! A New Volume begins with the next number. —The Juniata *Republican* of the 23d inst., contains the following: "On the 28th of August, 1869, the husband of Mrs. Sarah Ann Weber was killed on the Pennsylvania railroad near Marysville. Proceedings were instituted by the widow and her minor children for the recovery of damages from the company, and at the August term of the Perry county court in 1871 a verdict was rendered in favor of the plaintiff for $2,500. The defendant carried the case to the Supreme Court, which tribual reversed the decision of the court below on the ground of the accepting of inadmissible evidence. The consequence was a new trial, which took place week before last and resulted in an award of 4,166 66 damages to Mrs. Weber.

THE NINTH ANNUAL SESSION of the Pennsylvania State Sabbath School Association will be held in Titusville June 3rd, 4th and 5th in the Methodist Episcopal church.

District, County and township Secretaries, ... Pastors, Superintendents, ... are requested ...

—Tom. Thumb and wife and Comodore Nut and wife, will be at Sunbury, June 10th.

—The corn planted in this vicinity has nearly all rotted in the ground. Many of our farmers are planting for the Second time.

We understand that our Burg has been selected, as the regular place for holding our Agricultural fair. A committee has been appointed to purchase 10 acres of land for its location.

The Sunbury *Daily*, has been recently enlarged and improved. It is now a respectable size, and for the latest newf, &c., can't be best.

—The S. & L. R. R. Co. have been very successful in their selection of Sub Division Bosses on Divisions No. 10, 11 & 12. Messrs. Bowsman, Attig and Keiser are untiring in their efforts to not only please their employers, but to make and have their respective Divisions the best and most approved on the Road. May success attend and promotion follow the trio.

BARGAINS—BARGAINS TO BE HAD.—Jacob Aurand & Son are now disposing of their large assortment of Merchandise in Centreville. They purpose going into other business and will sell out their WHOLE STORE to any one wishing to engage in the Mercantile business. In the meantime GREAT BARGAINS can be had by all those in need of anything usually kept in a country store. They will retail at cost until they have disposed of their entire stock. They are reliable men and will do as they say. Give them a Call. May. 8, 4w.

The June number of that time-honored monthly, THE PHRENOLOGICAL JOURNAL, maintains its character for excellence and progression. Its long table of contents discloses a freshness at once timely, interesting, and edifying—witness—The Baron of Schwarz Seeborn and the Union Exhibition; Empress Elizabeth of Austria; Socialism in America, an account of the different Communities, from the earliest; One Kind of Ghosts; Emily Faithful and her Mission; Born to be Hanged, with Brilliant illustration; A Neighbor of Mine—a good story; Respiration, or How to Breathe; The late Julius Von Leibigs Will, &c. This valuable Journal will enhance its fifty-seventh volume with the July number. Subscription price, $3.00 a year, or on trial $1.50 for six months, 30 cents single numbers. S. R. Wells, New York.

The annual meeting of the board of directors of the Missionary Institute will be held at Selinsgrove on Monday evening June 2d.

THE ADVANCE for June shows what the landscape painters of America can do, when they have a mind to work in black and white. The paint pictures which are seen for a short time in their studios and then re-seen no more, except by their purchasers; being in fact, as much removed from the actual world of art as if they did not exist. It is otherwise with them we're they are drawn on wood, and seen by the thousands of readers of THE ADVANCE, in every section of the country, which constitute powerful art constituency, and one which can represent posterity. The literature of this number is remarkably of a high excellence. There are two stories of unusual merit, either of which would be the literary feature of the month in any magazine. The poetry is as good as ever. Subscription price $2 including Chromo "Village Belfry" and "Christmas Morn." James Sutton & Co., publishers, 38 Maiden Lane, New York.

CLOTHES ON FIRE.—The following, which we copy from the Scientific American, should be remembered:

Three persons out of four would rush right up to the burning individual and begin to paw with their hands without any definite aim. It is useless to tell the victim to do this or that, or call for water. In fact, it is generally best not to say a word, but to seize a blanket from the bed or any woolen fabric—if none is at hand, take any woolen material—hold the corners as far apart as you can, stretch out higher than your head, and running boldly to the person, make a motion of clasping in the arms, mostly about the shoulders. This instantly smothers the fire and saves the face. The next instant throw the person on the floor. This is an additional safety to the face and breath, and any remnant of flame can be put out more leisurely.

The next instant immerse the burnt part in water as rapidly as possible. Next get some common flour, remove from the water, and cover the burnt parts with an inch in thickness of flour; if possible put the patient to bed, and do all that is possible to soothe until the physician arrives. Let the flour remain until it falls off itself when a beautiful new skin can be found. Unless the burns are deep, no other applications is needed. The dry flour for burns is the most admirable remedy ever proposed, and the information ought to be imparted to all. The principle of its action is, that like the water, it causes instant and perfect relief from pain by totally excluding all air from the injured parts.

"FAMILY FAVORITE!"

THE "WEED"

SEWING MACHINE.

The most perfect, and generally useful machine in existence. For the family of the farmer or mechanic, where the work required of a sewing machine ranges from the heaviest garments of men's wear to the most delicate and ornamental fabrics for ladies and children. It has proved itself thoroughly efficient and entirely satisfactory. Of unequaled simplicity and compactness of construction, capable of being learned and operated with ease from the mere inspection of time and labor, with a capacity for quantity, quality and variety of execution beyond its competitors, and a reputation for durability and reliability known and appreciated by thousands, it is offered to the people for the most critical inspection and comparison, with confidence that its merits cannot fail to convince the careful examiner, of its superiority.

Not one person in

who examine the WEED before purchasing can be induced to have any other, and agents of all other machines KNOWING this fact, employ great peddlers or canvassers to push their machines into the houses of the people and sell them before they have any opportunity to see the WEED.

LYON'S NEW SEWING MACHINE

Challenges the World!

Yet it is supplied to agents for $1.00 above the actual cost. Thus the universal complaint of agents that they do not receive their share in the profits of the business, is entirely cured for a series of years at least, and if agents now fail to earn a competency it fault is their own. We give out agencies for towns or counties or States as may be preferred, and each agency is secured by a sealed contract. No pains or expense will be spared to add every possible improvement, that we may furnish to be at machine in the market, as well as the cheapest. We hope to make every agency permanent, thus dignifying a business hitherto degraded by tricky and irresponsible peddlers.
