A PICKPOCKET'S ADVICE.—The New York Tribune publishes the following letter from a pickpocket, which is valuable for the good advice it gives:

SIR: Please advise your readers always to leave their names and addresses in their pocket books. It freequently happens in our business that we come in possession of portmonnaies containing private papers and photographs which we would be glad to return, but we have no means of doing so. It is dangerous to carry them about—so we are forced to destroy them. I remember an instance where I met with serious trouble because I could not make up my my mind to destroy a picture of a baby which I had found in the pocket-book of a gentlemen which came into my hands in the way of business on the Third avenue road. I had lost a baby myself, the year before, of the same age as this one, and I would have given all I had for such a picture. There was no name in the portmonnaie, and no way of finding out who was the owner, so like a fool I advertised it and got shadowed for it by the police. Tell your readers to give us a fair show to be decent—and always leave their addresses in their pocket-book. We want to live and let live. Yours truly,

A PICKPOCKET.

The English papers contains the returns of the cost of the poor of London during 1872. The total expenditure for the relief of metropolitan pauperism amounted last year to the sum of $8,784 645, being only two millions less than the sum expended for the support of all the paupers in the United States, according to the returns collected by Gen. Walker. The number of paupers in London is about 130,000, so that their cost per head is equal to $67.60. Gen. Walker found that in 1870, the total number of people dependent on public charity in the United States was 116,102, showing an average cost per head of $94. Taking into account the enormous saving effected by a centralized administration as compared with one spread over innumerable counties of this Union, the administration of our pauper relief fund can fairly enough challenge superiority over that of London.

BOTS IN HORSES.—Drench the animal with half a pint of thin tar, which kills them instantly. One half pint of whiskey, one-half pint of gunpowder, one half-pint of molasses; and one-half pint of soft soap will cure the worst case of bots.

Manhood: How Lost, How Restored

**DR. FAHRNEY'S**
*Celebrated Blood Cleanser or Panacea.*

The Panacea will not only cure old standing and malignant complaints, but is one of the best preventatives of such disorders ever offered to the world. You can avoid severe attacks of acute diseases, such as Cholera, Small Pox, Typhoid, Bilious, Spotted and Intermittent Fevers, by keeping your blood purified. The different degrees of all such diseases depend altogether upon the condition of the blood; for if this vital fluid is deranged you will take a disease much more readily than otherwise, and the suffering will be in proportion to the amount of foreign matter in the blood. This is so reasonable that we need not here make any illustrations.

Remember the name and don't be put off with anything else which druggists may say is just as good as the BLOOD CLEANSER. Because they make more profits on cheaper articles.

**Ayer's Sarsaparilla,**

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of **Scrofula**, and all scrofulous diseases, **Ulcers, Eruptions**, and eruptive disorders of the skin, **Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm**, and internal **Ulcerations of the Uterus, Stomach, and Liver.** It also cures other complaints, to which it would not seem especially adapted, such as **Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility**, and **Leucorrhœa**, when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer for cleansing the blood. The system moves on with renewed vigor and a new lease of life.
