For those who admire evergeens, have room for them, there are va s means of beautifying the interior e house. One method is to take nium leaves from luxuriant stems before winter sets in, cut as if for and immerse them in soap water. will, after drooping a few days, their leaves, put forth fresh ones, continue in the freshest vigor all ter. Place them in bottles with s in a flower basket so as to conceal m, and you have a show of ever ns insured for the entire winter.

IMPORTANT TO KNOW.—A simple hod has been discovered for rescu persons from wells, who have been cked by "damps." It consists in ling down on the patient a steady am of water for a few moments. stream of water in passing down tes a partial vacuum, which is fill with pure air that passes in from top and expels a portion of the ious gas; so that a person can go to rescue of the patient without dan

A couple of pails of water will erally be found sufficient to purify all so that persons may descend hout fear of consequences.

REMEDY FOR CHAPPED HANDS.—The test and simplest remedy is found in ry storeroom. Take common starch grind with a knife until it is reduc to the smoothest powder. Take a box and fill it with starch thus pared, so as to have it continually hand for use. Every time the hands taken from the suds or dish-water, e them, and while they are yet up rub a portion of starch thorough over them, covering the whole sur e. The effect is magical. The rough, arting skin is cooled and soothed healed, bringing and insuring the atest degree of comfort and freedom this by no means insignificant l.

—A short time since "old probabili made the declaration that this uld be a very light winter, with fre nt snows and but little intensely d weather, and founded his convic n and prediction on the fact that the n husks were exceedingly thin. is, he stated, was a certain and nev failing sign of a mild winter. The "true prognosticator" himself now ps forward and solemnly declares, a very authoritative manner, that e coming winter will exceed in se rity and intensity of cold that of any nter for many years past, and basis foreknowledge on the tenacity with ich the leaves cling to the branches the forest trees. As both are posi e, and each claims his sign to be ver failing, it will be almost impossi e to foretell the weather for the win , unless one of the old gentlemen n be induced to acknowledge that s sign does sometimes fail.

In *Wood's Household Magazine* for No mber, the table of contents seems read for a Thanksgiving feast, and ves evidence that no efforts have en spared that could add to its excel nce. "A Sermon on a Skimmer," is t only pleasing in its quaintness, and iginality, but contains sound logic. Mrs. Pomeroy's Pin Money," is capi l. "Upon the Stand," is another eritorious sketch, by the popular wri r, Kate W. Hamilton. "Codfish and otatoes," by Eleanor Kirk, is a short rial which opens well. "Growing ged Together," by the Rev. Robert ollyer, is well worth the price of the ar's subscription; it is full of this reat man's eloquence—powerful in its ry simplicity. There are many oth interesting articles had we space to ention them. The poetry in this num er is unusually good. A new feature the magazine is the introduction of ictures, and the illustration, "Past, resent and Future," here given is ex edingly pretty.

Price of magazine, one dollar per ar—with the chromo "Yosemite," e dollar and a half. Address WOOD'S OUSEHOLD MAGAZINE, Newburgh, N. Y.

Dyspepsia! Dyspepsia!

Dyspepsia, the most perplexing of all human ailments, and the torture and despondent in their misery, and the torture and despondent in their misery, and the torture and despondent victims of the disease often fancy themselves victims of every known malady. This is due, in part, to the close sympathy which exists between the stomach and the brain, and in part also to the fact that any disturbance of the digestive function necessarily disorders the liver, the bowels and the nervous system, and effects, to some extent, the quality of the blood.

E. F. KUNKEL'S Wine of Iron a sure cure. "FAMILY FAVORITE!"

THE "WEED"

SEWING MACHINE.

The most perfect, and generally useful machine in existence. For the family of the farmer or mechanic, where the work required of a sewing machine ranges from the heaviest garments of men's wear to the most delicate and ornamental fabrics for ladies and children, it has proved itself thoroughly efficient and entirely satisfactory. Of unequalled simplicity and compactness of construction, capable of being learned and operated with one-fourth the usual expenditure of time and labor, with a capacity for quantity, quality and variety of execution beyond its competitors, and a reputation for durability and reliability known and appreciated by thousands, it is offered to the people for the most critical inspection and comparison, with confidence that its obvious merits cannot fail to convince the careful examiner, of its superiority.

Not one person in

TWENTY

who examine the WEED before purchasing can be induced to have any other, and agents of all other machines, KNOWING this fact, employ street peddlers or canvassers to push their machines into the houses of the people and sell them before they have any opportunity to see the WEED.

J. D. LOTZ, Agt.

He is also agent for WEED'S Sewing Machine Oil, Silk, Linen and Spool Cotton.

VINEGAR BITTERS

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases.

The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
