THE POST.

MIDDLEBURG, November 13, 1873

Local News, &c.

—See changes made in the S. & L. R. R. time-table, in this weeks paper.

—The Diamonds which will soon become all the rage—the black diamonds.

—People are now looking at the advertisements to see about selecting Fall and Winter goods.

—The matrimonial season is about commencing. A young lady of Middleburg wishes it would rain husbands.

—We would call the attention to the advertisements in this paper of Valuable Mill properties at Private Sales.

—Get your pockets double lined, specie is coming. Don't you remember how the fip-penny bits passed out the little hole in the bottom.

—The long evenings we are all positive are here, but how they are to be spent is the question. Sociability is certainly one of the biggest wheels in the whole concern, and when properly revolved will set the others in motion.

—Saddlers, Shoemakers &c., would find it to their benefit, by ordering their leather from G. Milton Moatz, & Bro. Middleburg Pa. They sell at the lowest possible rates for cash, and keep a well finished stock of all kinds on hand to suit purchasers.

A Startling Truth!—Thousands die annually from neglected coughs and colds, which soon ripen into consumption, or other equally fatal diseases of the lungs; when by the timely use of a single bottle of *Dr. Wister's Balsam of Wild Cherry* their lives have been preserved to a green old age.

—Our city exchanges say that since the panic has seized upon some of the people in the country, and induced them to withdraw their deposits from the banks, the thieves smell their game afar off, and have gone to the country like vultures, to light upon those who keep money at their homes,

The Purest and Sweetest Cod-Liver Oil is Hazard & Caswell's, made on the sea shore, from fresh, selected livers, by Caswell, Hazard & Co., New York. It is absolutely pure and sweet. Patients who have once taken it prefer it to all others. Physicians have decided it superior to any of the other oils in market.

—From the amount of squirming WEIRICK of the *Times* is doing lately, we are of opinion that he is severely troubled with worms, and therefore recommend a thorough course of Gerhart's Vermifuge. The symptoms exhibited indicate very clearly that he is *very wormy* and for a complete restoration should procure at least one dozen bottles, exercising due care to get the genuine article.

—For the past few weeks the mortality in this vicinity has been really alarming, scarcely a day passing but the doleful sound of the church bell chimes the death of a neighbor. It pains us to chronicle the death of Mr. Philip Wittenmyer following closely his two children to their last resting place leaving a disconsolated widow and mother to morn their loss. Mr. Wittenmyer was a quiet, industrious citizen esteemed by all who knew him, and in the prime of life. A truly deep and heartfelt sympathy is felt throughout the community for the bereaved.

Mrs. Fryer, familiarly termed "Aunty Fryer," a life-long resident of this Borough, died at her residence, last week, at the advanced age of 83y. 3mo. and 27 days. For a number of years she and her husband kept the Brick Hotel and thus they both became widely known, the old lady for her generosity and hospitality. She was charitable and she never turned any one from her door hungry. For three years previous to her death she was blind added to the infirmities of old age making life burdensome she bore it with gratitude. Peace to her ashes.

—Saw-millers who can beat the following? Harry Bostian, sawyer at Stem & Bro's Steam Mill, located on lands of Moses Krebbs, in Beaver township, handed us this statement. Oct. 16th ult. working ten hours for a day they sawed 19832 feet of oak lumber, none of the logs exceeded 13 feet in length. One tree cut 1699 feet. They cut 408 feet in 13 minutes. During the same month, working 15 days, they cut 154063 feet. This is certainly "business" and we would like to hear from some of the other firms in the county. Harry says, the firm books and other employees will corroborate the above statement.

WORK FOR THE FISH COMMISSIONERS.—The Newport (Perry county) *News* says:

Fish Baskets.—These instruments for the wholesale destruction of fish have again made their appearence in the Juniata, near the Millerstown dam. The person or persons who have thus undertaken to catch fish, in direct violation of the law, deserve, not only to have their baskets torn out, but they themselves placed behind the iron bars of our county jail, and fed on fresh fish until they are so disgusted with them that they will no more forever be guilty of murdering fish with baskets.

A NEW kind of croquet has lately been introduced, which sails under the euphonious title of "kissing croquet." According to the rules laid down in the game, young ladies are allowed the privilege of moving thair balls one foot at each time they favor their young gentlemen opponents with a kiss. It only to be regretted that the wintry weather has so far advanced as to preclude the possibility of a frequent practice of this innocent game for some time to come, but it is hoped that during the next summer the dear ladies will take frequent advantage of this valuable desideratum to a successful game.

TO THE LADIES.—We find the following in one of our exchanges: "Now that the hair is confined so closely, it should be allowed to remain unconfined at times. Each morning, or at some time during the day or night, it should be worn flowing loosely, or combed in a loose net with large open meshes. Dyes, powders, oils and cosmetics are injurious to the hair, and should therefore not be used. Keep the scalp clean; do not wash the head too often; use a weak solution of borax in tepid water, and afterwards rinse the hair well, and be careful to dry it thoroughly before it is braided or dressed."

THE SELINSGROVE RACES.—The four days' races at Selinsgrove closed on Saturday 1st inst., and were of the most satisfactory character. In the 2.27 class the following entries were made: A. Ogden, Philadelphia, Lady Patterson; C. T. Potter, Elmira, Frank Phelps; J. H. Oates, Utica, Pompey. Won by Frank Phelps in three heats. Time 2.42, 2.46, 2.51. The next was for horses owned in Lycoming, Union, Cumberland, Montour, Snyder, Dauphin and Juniata counties. Jas. Johnson, Williamsport, entered ch. c.; J. Gansberlain, Lewisburg, ch. f. Nut; T. B. Kauss, Blind Tom. Won by Blind Tom in. Three straight heats.

—See and read Wanamaker & Brown's Advertisement in this paper, and when you go to Philadelphia do not fail to go and see their immense stock, and buy some of it.

IN MEMORIAM.

At a meeting of the officers of the Freeburg Academy, held in Meyer's Musical College, the following preamble and resolutions were adopted:

WHEREAS, It has pleased Almighty God in his infinite wisdom, to remove by death—while on a visit to his friends in the State of Ohio, our friend and neighbor GEORGE HILBISH, Esq., therefore

Resolved, That while we humbly bow to the will of Him who doeth all things well, we deeply feel our bereavement in the loss of a true and devoted friend of our academy and the cause of education and member of the Board of Trustees.

Resolved, That we deeply sympathize with the afflicted family of our deceased friend, in their irreparable loss of a devoted husband and indulgent father, and we commend them for comfort in this the hour of their need, to the God who doeth all things well, and in whom we live, move, and have our being.

Resolved, That a copy of these resolutions be placed on the minutes of the Academy, and a copy of the same be forwarded to the family of our deceased friend, and that they be read from the pulpit on the day of his funeral, and published in our papers.

A GENTLEMAN who suffered for years from Nervous Debility, Premature Decay, and all the effects of youthful indiscretion will, for the sake of suffering humanity, send free to all who need it, the receipt and direction for making the simple remedy by which he was cured. Dyspepsia! Dyspepsia! Dyspepsia!

Dyspepsia is the most perplexing of all human ailments. Its symptoms are most infinite in their variety, and the forlorn and despondent victims of the disease often fancy themselves the prey, in turn, of every known malady. This is due, for the most part, to the close sympathy which exists between the stomach and the brain, and in part also to the fact that any disturbance of the digestive function necessarily disorders the liver, the bowels and the nervous system, and effects, to some extent, the quality of the blood.

E. F. Kunkle's Bitter Wine of Iron a sure cure. This is not a new preparation, to be tried and then if wanting it has been a prescription daily for many years in the practice of eminent physicians with unparalleled success, it is not expected or intended to cure all the diseases to which the human family is subject, but is warranted to cure Dyspepsia in its most obstinate form. Kunkle's Bitter Wine of Iron never fails to cure Symptoms of dyspepsia or loss of appetite, wind and rising of the food, dryness of the mouth, heartburn, distension of the stomach and bowels constipation, headache, dizziness sleeplessness and low spirits. Try the great remedy and be convinced of its merits. Get the genuine. Take only Kunkle's, which is put only in $1 bottles. Depot, 259 North Ninth Street Philadelphia.

"FAMILY FAVORITE!"

THE "WEED" SEWING MACHINE.

The most perfect, and generally useful machine in existence. For the family of the farmer or mechanic, where the work required of a sewing machine ranges from the heaviest garments of men's wear to the most delicate and ornamental fabrics for ladies and children it has proved itself thoroughly efficient and entirely satisfactory. Of unequalled simplicity and compactness of construction, capable of being owned and operated with one fourth the usual expenditure of time and labor, with a capacity for quantity, quality and variety of execution beyond its competitors, and a reputation for durability and reliability known and appreciated by thousands, it is offered to the people for the most critical inspection and comparison, with confidence that its obvious merits cannot fail to convince the critical examiner, of its superiority.

who examine the WEED before purchasing can be induced to have any other, and agents of all other machines know this fact, employ street peddlers or canvassers to push their machines into the houses of the people and sell them before they have any opportunity to see the WEED.

He is also agent for WEED'S Sewing Machine Oil, Silk, Linen and Spool Cotton.
