THE POST

Middleburg, ... December 18, 1873.

WHAT IS A BLOODED HORSE?—He is a horse having more than an ordinary quantity of drops or pounds of blood in his system in proportion to his size and weight. This large amount of blood acts upon his system through a large heart and correspondingly large arteries and veins, and put in motion; it acts in driving him to speed just the same as an increased amount of fire under the boiler drives off a greater amount of steam, and makes the machinery go faster. This large amount of blood also aids in refining the skin, making it and the horse finer than a horse of less blood; it refines and gives elasticity to the muscles, the feet, &c.; it refines the entire horse, making strong and valuable parts, and fitting the whole system for speed and endurance.

Prospectus for 1874—Seventh Year.

The Aldine,

An Illustrated Monthly Journal, universally admitted to be the handsomest Periodical in the World. A Representative and Champion of American Taste.

Not For Sale in Book or News Stores.

THE ALDINE, while issued with all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light & graceful literature; and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it has been bound at the close of the year. While other publications may claim superior cheapness as compared with rivals of a similar class, THE ALDINE is a unique and original conception—alone and unapproached—absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any other shape or number of volumes for ten times its cost; and then there are the chromos, besides!

Art Department, 1874.

The illustrations of The Aldine have won a world-wide reputation, and in the art centres of Europe it is an admitted fact that its wood cuts are examples of the highest perfection ever attained. The common prejudice in favor of "steel plates," is rapidly yielding to a more educated and discriminating taste which recognizes the advantages of superior artistic quality with greater facility of production. The wood cuts of The Aldine possess all the delicacy and elaborate finish of the most costly steel plate, while they afford a better rendering of the artist's original.

To fully realize the wonderful work which The Aldine is doing for the cause of art culture in America, it is only necessary to consider the cost to the people of any other decent representation of the productions of great painters.

In addition to designs by the members of the National Academy, and other noted American artists, The Aldine will reproduce examples of the best foreign masters selected with a view to the highest artistic success and greatest general interest. Thus the subscriber to The Aldine will at a trifling cost, enjoy in his own home the pleasure and refining influences of true art.

The quarterly tinted plates for 1874 will be by Thos. Moran and J. D. Woodward.

The Christmas issue for 1874 will contain special designs appropriate to the season, by our best artists, and will surpass in attractions any of its predecessors.

Premium for 1874.

Every subscriber to THE ALDINE for the year 1874 will receive a pair of chromos. The original pictures were painted in oil for the publishers of The Aldine, by Thomas Moran whose great Colorado picture was purchased by Congress for ten thousand dollars. The subjects were chosen to represent "The East" and "The West." One is a view in the white Mountains, New Hampshire; The other gives The Cliffs of Green River, Wyoming Territory. The difference in the nature of the scenes themselves is a pleasing contrast, and affords a good display of the artist's scope and coloring. The chromos are each worked from thirty distinct plates, and are in size (12 x 16) and appearance exact fac-similes of the originals. The presentation of a worthy example of America's greatest landscape painter to the subscribers of The Aldine was a bold but peculiarly happy idea, and its successful realization is attested by the following testimonial, over the signature of Mr. Moran himself.

These chromos are in every sense American. They are by original American process, with material of American manufacture, from designs of American scenery by an American painter, and presented to subscribers to the first successful American art Journal. If no better because of all this they will certainly possess an interest no foreign production can inspire, and neither are they any the worse if by reason of peculiar facilities of production they cost the publishers only a trifle, while equal in every respect to other chromos that are sold single for double the subscription price of The Aldine. Persons of taste will prize these pictures for themselves—not for the price they did or did not cost and will appreciate the enterprise that renders their distribution possible.

If any subscriber should indicate a preference for a figure subject, the publishers will send "Thoughts of Home," a new and beautiful chromo, 14 x 20 inches, representing a little Italian exile whose speaking eyes betray the longing of his heart.

TERMS.

$5 per annum, in advance, with Oil Chromos free.

For 50 CENTS EXTRA, the chromos will be sent, mounted, varnished, and prepaid by mail.

THE ALDINE will hereafter, be obtainable only by subscription. There will be no reduced or club rates; cash for subscriptions must be sent to the publishers direct, or handed to the local canvasser, without responsibility to the publishers, except in cases where the certificate is given bearing the fac-simile signature of JAMES SUTTON & Co.

CANVASSERS WANTED.

A BOOK FOR THE MILLION!

Marriage Guide.

A private Counselor to the Married or those about to marry on the physiological mysteries and revelations of the sexual system, with the latest discoveries in producing and preventing offspring, how to preserve the complexion, &c.

This is an interesting work of two hundred and sixty pages, with numerous engravings, and contains valuable information for those who are married, or contemplate marriage. Still it is a book that ought to be kept under lock and key, and not laid carelessly about the house.

It contains the experience and advice of a physician whose reputation is world-wide, and should be in the private drawer of every male and female throughout the entire globe. It embraces everything on the subject of the generative system that is worth knowing, and much that is not published in any other work.

Sent to any one (free of postage) for Fifty Cents.

Notice to the Afflicted and Unfortunate.

Before applying to the notorious quacks who advertise in public papers, or using any quack remedies peruse Dr. Butts' work no matter what your disease is, or how deplorable your condition.

Dr. Butts occupies a double house of twenty-seven rooms; is indorsed by some of the most celebrated medical professors of this country and Europe, and can be consulted personally or by mail, on the diseases mentioned in his works. Office and parlors, No. 12 N. Eighth street, Between Market and Chestnut, St. Louis, Mo.

DR. FAHRNEY'S

Celebrated Blood Cleanser or Panacea.

The Panacea will not only cure old standing and malignant complaints, but is one of the best preventatives of such disorders ever offered to the world. You can avoid severe attacks of acute diseases, such as Cholera, Small Pox, Typhoid, Billious, Spotted and Intermittent Fevers, by keeping your blood purified. The different degrees of all such diseases depend altogether upon the condition of the blood; for if this vital fluid is deranged you will take a disease much more readily than otherwise, and the suffering will be in proportion to the amount of foreign matter in the blood. This is so reasonable that we need not here make any illustrations.

Remember the name and don't be put off with anything else which druggists may say is just as good as the BLOOD CLEANSER Because they make more profits on cheaper articles.

Ayer's

Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of **Scrofula**, and all scrofulous diseases, **Ulcers, Eruptions**, and eruptive disorders of the skin, **Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm**, and internal **Ulcerations of the Uterus, Stomach, and Liver.** It also cures other complaints, to which it would not seem especially adapted, such as **Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility**, and **Leucorrhœa**, when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer for cleansing the blood. The system moves on with renewed vigor and a new lease of life.
