—Friends from the country should not forget that we are always thankful for any item of news they may send us.

—Bring along your sale bills—we can do them as neatly, cheaply and expeditiously as they can be procured elsewhere.

—During the cold snap, last week, we are glad to learn, the ice houses in town and vicinity were all filled with thick, clear ice.

—On Saturday a snow fell, in this place, to the depth of about 9 inches. Sleighing is at present, Monday, pretty good.

—If any lady in this place is ambitious and desires a position on the school board now is the time to electioneer.

—"A spider found on your clothes indicates money coming to you." We noticed the above in one of our exchanges and have been looking for spiders ever since.

FIRE.—On Monday, of last week, Mr. Isaac Beaver's Smoke House, in Franklin, was burned, together with a large quantity of meat. The fire originated by a ham falling in the smoke fire.

—The season for spring sales is about opening, and our farmers, having nothnothing else to do, will find ample time to attend these gatherings. The hucksters will be on hand with oysters, cakes &c.

—Coffee is selling at present at a higher price, than any time during the war. We think it is all a speculation, and not owing to the scarcity of the article. Coal oil is sold at 19 cents a quart in this place, while in the surrounding villages it is worth but 6 cents.

—It is believed that in many cases coal oil accidents result from using too small wicks in the lamps, by which a dangerous space is left at the edges for the communication of explosive elements. This is very probable, and it is worth while for those using lamps to guard against it.

—Republicans form your Borough and Township tickets in due time and be ready for the election on Tuesday the 17th inst. Put the best men on your tickets to be found in your respective districts and thus secure prompt and efficiens services and at the same preserve the strength and character of the party.

—If there is anything in the ground hog superstition we shall have a short winter in this section of the Union, as he certainly did not see his shadow Many people believe implicitly in this omen, and if the winter should be short, will attribute it, in spite of all reasoning to the contrary, to the fact that Candlemas day was cloudy and the ground hog was not scared back into his hole by the sight of his shadow.

It is now generally admitted by honest physicians, that when once the consumption is fairly fastened upon the lungs, no human power can save the patient from death. They also say that about fifty per cent. of those who die from this disease can trace the cause to a neglected cough or cold, which might have been cured by a small bottle of Liquid Opodeldoc, or what is the same thing, Johnson's Anodyne Liniment.

Cut this notice out and bring it with you. We are authorized to refund the cash to any person or persons who shall buy and use Parsons' Purgative Pills and fail of relief and satisfaction.

For the Post.

MR. EDITOR:—Permit me through the columns of your valuable paper to say a few words in addition to what has already been said by the Franklin Township correspondent, with reference to the improvement which has been made in the public schools of West Beaver township. I admit there has been much advancement made in this district during the last two years, and [illegible] room for more, but still there seems to be a lack, in most all our districts, of the hearty co-operation of the parents with the Teacher's Institute of lending a helping hand in this direction, they throw numerous obstacles in the way which tend to debar the best interests of the schools. I assume it as a fact that in my school where the teacher has not the co-operation of the parents his or her labors must in a great measure prove abortive.

We have, it is true, persons in all our districts who are earnest co-workers in this capacity and are alive to the best interests of the schools, but it seems that their influence is over balanced by another class of individuals who by their actions must be inveterate enemies to the cause of education. This class of persons whom I will style old *Foggies* are prejudiced in their own opinion and are strongly in favor of established practices or the old fashioned way of teaching long ago out of date and should forever be discarded from within our schools. Such persons are not aware that we live in an age of advancement and if teachers deviate from their way of thinking they are considered monsters by such and it seems that the most active members of this foggy family are old women who who with their long noses are trying to root into school matters. But I do not wonder at the old ladies branching out in this direction, since the adoption of the new constitution no doubt while rooting round for business they turned up the article which reads *women* are eligible to be elected to fill the office of school director or any other office connected with school matters would it be a glorious feeling when school matters assumed this new phase. I think it is high time for Gabriel to sound his trumpet.

KRINO.

"Their Name is Legion," may be applied to those who die annually of consumption, although science has of late years sensibly diminished their number. It is gratifying to know that the general use of Dr. Wistar's Balsam of Wild Cherry is largely instrumental in accomplishing this end.

—According to the new Constitution you can not pay your tax on election day in order to vote.

The Musical Convention in session at Freeburg, on Friday the 30th ult., formed a Musical Association for Central Pennsylvania, comprising thirteen counties, viz: Snyder, Union, Juniata, Mifflin, Perry, Centre, Dauphin, Lebanon, Northumberland, Montour, Columbia, Lycoming, and Clinton. The following gentleman were elected as its officers:

President—F. C. Moyer, Freeburg, Snyder.
Vice Presidents—Hugh Hamilton, Mexico, Juniata; Wm. Moyer, Freeburg, Snyder; Hon. J. W. Rittinger, Lebanon, Lebanon; Prof. Perry, Danville, Montour; Rev. A. J. Heller, Williamsport, Lycoming; Alf. S. Sheller Lewisburg, Union; John A. Weaver, Pine Grove, Centre; A. H. Knecht Beech Creek, Clinton; Wm. H. Bratton Lewistown, Mifflin; Sol. Mallick, Sunbury, Northumberland; George F. Moyer, New Bloomfield, Perry; W. S. Conner, Bloomsburg, Colu'a.
Secretary.—Prof. I. W. Niles, Bloomsburg, Columbia.
Corresponding Secretary.—Prof. Jacob G. Meyer, Aaronsburg, Centre.

FLOUR FOR BURNS, SCALDS, &c.—We still see reported almost daily an appalling number of deaths by burns and scalds, none of which, we venture to say, need prove fatal, or would do so, if a few pounds of wheat flour could be very promptly applied to the wounds made by fire, and repeated until the inflamatory stage has passed. We have not known a fatal case of scalding or burning, where this practice has been pursued, during more than thirty years experience, and have treated hundreds in both public and private practice. We have known the most extensive burns by falling into caldrons of boiling oil, and even molten copper, and yet the patient rescued by this simple and cheap remedy, which, from its infallible success, should supplant all the fashionable nostrums, wether oil, cotton, lead water, ice, turpentine or pain extractors, every one of which has been tried a thousand times with fatal results, and the victims have died in excruciating agony, when a few handfuls of flour would have calmed them to sleep, and rescued them from pain and death. Humanity should prompt the profession to publish and republish the facts on this subject, which are established by the authority of standard medical works on both sides of the Atlantic.—*Ex.*

The February number of Woo'ds Household Magazine is really a marvel of what can be furnished for only one dollar a year; considering the cost and the quality this is the cheapest magazine which comes to our table. Its articles have a chasteness about them which is not always found in periodical literature, which adapts it to fill a place now too largely occupied by cheap publications that are positively injurious to the young, without being exactly immoral.

The Magazine contains three engravings—a pretty house design—also the New York Fashions (illustrated) prepared expressly for the Household by Mme. Demorest. The publisher announces that hereafter the magazine will *always* be illustrated. Subscriptions may begin with any number. Only One Dollar A Year, or with Chromo Yosemite, $1.50. Tape Worm, Tape Worm

Removed in a few hours with harmless Vegetable Medicine. No fee asked until the entire work with head, passes. Refer those afflicted to residents of the city whom I have cured, that had been unsuccessfully treated at the Jefferson Medical College, on Tenth Steet: had taken in vain turpentines, the so called specifics, and all known remedies. Dr. E. F. KUNKEL, No. 229 North Ninth Street Philadelphia. The Doctor has been in business for over twenty-five years, and is perfectly reliable. Call and see. Advice free. Removed tapeworm from a child six years old measuring 20 feet. At his office can be seen specimens, some of them over forty feet in length, which have been removed in less than three hours by taking one dose of this medicine. Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Remedator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases.

The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
