The committee will meet on the first Saturday in August.

—Read advertisement in another column headed "Snyder County Normal School."

—Gorge yourself with unwholesome vegetables, and then cry cholera. Anything for a sensation.

—Our farmers are busily engaged in working at their corn, and will soon prepare to cut grass.

—Prof. Phillippi made an ascension in his air ship, Jonathan P. Mengle, last week, at Titusville.

—We omitted in Franklin township Improvements last week—Joseph Shannon building new barn.

—The latest style of ladies' hats are "banged up" at one side as if they had been lain on the night before.

—July 4th occurs on Sunday, and Saturday, by common consent, will be the day agreed upon to observe.

—The larvae of the potato bug, which is deposited on the under side of the leaf, are being destroyed, but only by a crushing process.

—Common wheat flour, made in a paste with cold water or applied dry, is said to take out grease spots without injuring the most delicate fabric.

—*Mr.* John Bricker, of Gregg township, Union county, is the possessor of a turkey which has four perfectly formed legs four wings, two tails and but one head.

—We want brief, spicy news items from every post office in the county, and will sent our paper free to any responsible person who will act as correspondent for us.

—The longest day in the year was on Monday, June 21st. We have not looked up this important matter, and assume the declarations of almanac makers to be the facts.

—Democratic candidates for the office of Sheriff are beginning to be plenty. Our Democratic friends should examine our advertising columns and see who all are candidates.

—Last Tuesday whilst John P. Smith was hauling ground the horse took fright and jumped out of the shafts of the wagon tearing the harness considerably, and tramping on the driver's foot, causing a painful wound.

—On the 24th of May, Mr. J. Y. Shelly, while setting a circular saw at his mill, near Richfield, had three of his fingers badly injured. The third finger was amputated near the first joint. Dr. Weimer, of Richfield, dressed the wounds.

—The Republicans of Union county have nominated the following excellent ticket: Associate Judge—Jacob Hummel; County Treasurer—Benj. F. Eeaton; Register and Recorder—Reuben Kline; Commissioners—Joseph Boob, George Schoch; Auditors—S. W. Burg, Thos. Strawbridge.

ROBBERY.—We are reliably informed that while *Mr.* James E. Kline of Troxelville this county, was attending church, on the evening of the 6th inst., some person or persons entered his house and forced open a chest and stole $230 and made their escape.—*Tribune.*

—Mr. C. W. Fisher, near *M'*Clure City, must be an ald troutist according to the following: On Friday the 11th inst., he concluded to have a little fun with the spotted beauties, and lifted out of Swift Run with the help of his hook and line, in exactly two hours 101 nice fat trout. West Beaver ahead. Who can beat it?

—There has been a period of near four weeks of what farmers call "fine growing weather;" and the different varieties of grains and grasses have made during that time remarkably rapid growth in this section of country. The prospect of a good hay crop is now considered fair, and the same may be said of wheat, corn and oats judging by appearance thus far.

—Capt. W. H. Freeburn, formerly conductor on the Sunbury & Lewistown railroad, but latterly baggagemaster on the M. & C. Branch, has resigned. Capt. Freeburn was one of the most agreeable men on the road, and we regret to part with him. We trust, however, he is going to pleasanter, or at least more profitable fields of labor—*True Democrat.*

—Farmers and gardeners are picking their potato bugs. There is an indication, however, that the "crop" will be somewhat less than that of last year, though it may be that they are only a little later about putting in their appearance. One thing is certain, the plants are making rapid strides in their development, and if the season continues favorable will soon be out of the reach of the beetle.

—On Saturday G. A. Bowersox, son of Samuel *Bowersox*, told his wife he was going to the barn to put the gears on the horses, as he had some work to do, and remaining longer than usual she went out to see where he remained so long, when he was found lying behind the horses in a state of unconsciousness. He was carried to the house and a physician summoned with all possible haste. The physician pronounced it a severe stroke of apoplexy, one side being severely paralized. At this writing, Tuesday, Mr. Bowersox has rallied a good bit, and he is thought to be out of danger. He is quite a young man which makes the case a very singular one.

—A close observer and gentleman of intelligence tells us that the potato bug has been overtaken by an enemy which threatens the extermination of that pest. Our friend has a patch of potatoes which he has carefully cultivated, killing off the bugs as much as possible, but was unable to prevent them from depositing their eggs. His crop, however, grew finely; and a few days ago, an immense swarm of little dark flies with unusually long wings (like little boys with their grandfathers' overcoats on) settled upon the leaves, and deliberately proceeded to go for the larvae. In a short time thereafter, not a bug nor the egg of one could be seen in the patch. He thinks that this "Irish brigade" has been providentially sent to destroy the pest and save the crop. And we hope his hopes are not hopeless.—*Lewisburg Chronicle.*

—The fire-fly now illuminates the evening twilights.

THE NAVAL CADETSHIP.—Three young gentlemen presented themselves, on the 1st instant, to the committee for examination preparatory to the nomination for the vacant place from this distrtct in the Nava Academy. The committee made a very careful and thorough examination and reported the result of their labors to Mr. Stenger. By this report it appears that Mr. Stenger will therefore recommend Mr. Barr for appointmen. Mr. Barr is an orphan, and resides in Waynesboro', this county, (Franklin.)—*Valley Spirit.*

A NEW REMEDY FOR POTATO BUGS.—A gentleman residing in the upper section of the city, having a few potato hills or stalks in his yard, observed on one hill seven potato bugs, which he removed and destroyed. Next day eighteen more bugs were picked off and exterminated. A lot of fresh horse manure was then placed around and on the hills, and singular enough the bugs gave the vines or hills a wide berth after the manure had been applied. Farmers and others raising this indispensable escolen would do well to try the experiment.—*Harrisburg Patriot.*

ABOUT HATING.—Hate not. It is not worth while. Your life is not long enough to make it pay to cherish ill will or hard thoughts toward any one. What if that man has cheated you, or that woman played you false? What if this friend has forsaken you in your time of need, or that one, having won your utmost confidence, your warmest love has concluded that he prefers to consider and treat you as a stranger? Let it all pass. What difference will it make to you in a few years, when you go hence to the "undiscovered country?" All who ill-treat you now will be more sorry for it then, than you, even in your deepest disappointment and grief, can be.

A few more smiles, a few more tears, some pleasure, much pain, a little longer hurrying and worrying through the world, some hasty greetings, and abrupt farewells, and our play will be "played out," and the injurer and the injured will be led away, and ere long forgotten. Is it worth while to hate each other?

LOCAL NOTICES.

GREAT BARGAINS in Clothing, Hats and Caps, Trunks, Valices, and Gents Furnishing Goods, etc., at WEIS & OPPENHEIMER'S new Clothing Store, next door to the Express office, Selinsgrove.

THE CHAMPION REAPER AND MOWER.—Samuel Aurand, of Adamsburg, is agent for the above named machine. We can safely say that Mr. Aurand is just the man to act in that capacity and the machine he represents one of the best, in all respects, now in use. We bespeak for him a liberal share of patronage.

GOOD PLACE TO STOP AT.—The Allegheny House, Nos. 812 & 814 is one of the best places to stop at in Philad. The Propr. Mr. Beck, is the right man and knows how to run a first-class hotel, as all will testify who have stoped at his House. Terms reasonable.

All who are indebted to Henry Houser on book account can pay the same between now and September first with butter and eggs, at the house of the undersigned, Saturdays between 1 and 5 o'clock p. m. All accounts must be settled on or before above mentioned date either with cash, produce or note. June 8-75.] CALVIN STETLER.

NEW CLOTHING STORE.—Messrs. Weis & Oppenheimer have opened a Clothing Store on Market St., next door to the Express office, Selinsgrove. They purchased a large stock of Mens' youths' & Boys' Clothing, hats and caps etc., and are now fully prepared for business. They are selling their goods cheaper than any offered in Snyder county.

People in need of clothing would do well by examining their stock before purchasing elsewhere, and convince themselves that they can save money by buying their clothing from Weis & Oppenheimer. Give them a call!

THE ALDINE for June (No. 18 of the current series) has come to hand, and it may be called one of the most substantial numbers of the publication which has yet appeared, appealing, throughout, to the most refined and elevated sentiments. This fact is especially notable in several of the illustrations.

In letter-press, no story of the secession war has been so plainly yet so sweetly told, as is "A Virgina Girl's Experience at the Fall of Richmond," of which a part is given in this number. Making up a whole of quite the average Aldine excellence which is all that need be said. The Aldine Company publishers, 58 Maden Lane, New York City.

Ayer's Cathartic Pills,

For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral whatever. Most serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the *Pills* with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by *Ayer's Pills*, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. There sugar-coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.
Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these *Pills* rapidly cure:—
For **Dyspepsia** or **Indigestion**, **Listlessness**, **Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.
For **Liver Complaint** and its various symptoms, **Bilious Headache**, **Sick Headache**, **Jaundice** or **Green Sickness**, **Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.
For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.
For **Rheumatism**, **Gout**, **Gravel**, **Palpitation of the Heart**, **Pain in the Side**, **Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.
For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent dose to produce the effect of a drastic purge.
For **Suppression**, a large dose should be taken, as it produces the desired effect by sympathy.
As a **Dinner Pill**, take one or two *Pills* to promote digestion and relieve the stomach.
An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.
