—The Steam thresher was busy last week,—so was the whistle.

—The days are growing shorter, water-melons riper, and camp meeting time's approaching.

—A harvest home celebration will be held at Freeburg, on Saturday, August 21. A large turnout is anticipated.

—The oats harvest has been sadly interrupted by the frequent rains. The farmers are only now about over it.

—Some men's friendship only lasts as long as you will turn the stone for them while they grind their own axe.

—There is a good bit of talk about cattle being on the streets in our Borough, at night. Well any person has a right to pen it up.

—Counterfeit nickle coins are said to be plenty. They are of genuine metal, but weigh a trifle less than that made by Uncle Sam.

—It is said that the bite of a young lady will produce hydrophobia,—but the fellows who dangle over gates o'nights are as reckless as ever.

BIRDS PROTECTED.—All insecticverous birds are protected by law under a penalty of $5 for each bird killed. For robbing or destroying a nest, $10.

—"A man passes for what he is worth." Not always; for some men are like counterfeit coins, gilded to deceive, and pass for what they are not.

—Farmers complain that the corn is growing so tall and rank that it will not ear properly, and there is danger of the crop being a light one, after all. "It was ever thus."

—The grean corn and cucumber season has arrived and paregoric juleps, and castor-oil cocktails, and pain-killer slings have taken a place on the list of seasonable beverages.

—S. Alleman, Esq., continues to make improvements upon his premises. The Squire now has, and when fully completed, a residence which will be an ornament to our town.—*Tribune.*

—The wheat crop, this year, in the United States is ascertained to be 89 per cent. of a full crop; from which is to be deducted a liberal per centage in gathering, caused by heavy rains and storms.

—Deliver us from a man whose tongue never made a mistake, and makes a note of the fact! If there is anything more provoking to sinners—and we are sinners—than another, it is one of these consciously perfect folks. —*Ex.*

PETERSON'S MAGAZINE (the Lady's National) is already on our table for September, and is an unusually fine number, even of this popular periodical. Specimen copies are sent, gratis, Address CHAS. J. PETERSON, 306 Chestnut Street, Philadelphia, Pa.

—The multitudious grasshopper, that has furnished so many sprightly items for the fagged and weary local, is no longer of much account, but the army bug, the potato bug, the lightning bug, the June bug, the tumble bug, and the humbug, are generously striving to fill the place.

LOST.—The undersigned lost his pocket book on the road leading from Beavertown to Paxtonville, on the 17th, inst., containing about $12. in money and two notes one of $374.04 and the other $75. A liberal reward will be paid to the finder by returning the same to Chas. Boyer, Paxtonville, or, J. W. Dreese, Middleburg.

JNO. D. KISE.

—The *Post* is delivered by the carrier every Wednesday afternoon to subscribers in town. We hope that none will bother us earlier for their paper, as it is impossible to give it to some at the office, and then for the carrier to know who received it and who did not. We certainly do not mean to offend any one, when the paper is refused, but want to see that all get it regularly and at the proper time.

—When you have old papers about your stores, you should throw them into the street—they come so handy to scare horses on windy days. If you have any old rubbish about your yards, throw it into the street or alley, to vex and bother those who may want to pass that way. A careful observance of these precepts will insure the intense love and everlasting gratitude of your neighbors.

—The *True Democrat* has this to say about our railroad: "The newest rumor about the Sunbury and Lewistown Railroad is to the effect that attorneys of the present owners will in a few days make a trip over the road in a passenger train, which will atop at every farm, with a view to negotiating, if possible, a final settlement with each and every land-owner. Should this mission prove successful the road is to be re-opened forthwith."

—The newspapers all over the country are recording robberies of private houses, and there is much appearance of an organized gang operating on that line. For ordinary thieves lock and slight care are sufficient. To experts locks and common precautions are scarcely an inconvenience or hindrance. Watchfulness is the only remedy. Money in considerable sums should never be kept in any private house. It is only temptation to robbery and murder.

FIRST IN SEASON.—The *Upper Dauphin Agricultural Association* at Millersburg Dauphin county, Pa., holds its Fourth Annual Fair at that place on Tuesday, the 7th of September next, and to continue Four days. The big Posters and Premium Lists show a degree of enterprise and liberality which is especially noteworthy. $2500 are given away in premiums. The season ticket holder, whether present on the ground or not, is entitled to be represented in the awards of thorough bred cattle of which the Association have purc[illegible] six head, said to be choicest spe[illegible] their several kinds. These [illegible] at $900, and are given [illegible] ell as choice varieties [illegible] iberality such as this [illegible] with its reward, [illegible] number of [illegible] which [illegible] on J.

—Wm. Hassinger, of Franklin twp., sent an oats stalk to this office which has 230 grains and more than half of them are double!

CORN BEER.—Put a quart of good yellow corn, and a half gallan of molasses in a five gallon cask fill with water shake it well, and in three or four days it will be fit to drink. Bung tight after you begin to use it. If the contents is speedily drank fill again with molasses and water: the corn will be good for another brewing or two.

The Great European Circus and Menagerie.—Great Alliance of Europe and America! Equestrianism and Zoology combined and exhibited under separate tents!

The wild animals entirely separate from the Circus, thus giving all classes an opportunity of seeing the animals without coming in contact with the Circus Performance. Two separate tents expressly manufactured for the Exhibition of this Grand Exposition: The command willing and liberal patronage of the amusement-loving thousands. The Georgeous Mammoth Golden Globe Chariot! Bearing upon its platform living statues of beautiful females, the whole surmounted by an immense globe representing the world, &c., &c. An enormous, living Hyena trained by M'lle Marie, and under her control, will be bourne, unchained, loose and untrammeled, through the streets, lying untied at the foot of its trainer. No effort of rivalry can do more than make a faint attempt and weak approximation of this Grand Original Feature. The massive dens of wild animals; The Golden Car of Music, and other rare attractions. This show will exhibit at Middleburg, Wednesday, August 25, 1875. Come to town early so you can see a sight that you may never see again. Admission 50 cents. Children under 10 years of age 25 cents. Doors open at 1 and 7 p. m. Performance at 2 and 8 p. m.

CURE FOR HYDROPHOBIA.—We have not heard of any person being bitten by dogs in this vicinity lately, but the following may be of interest to our numerous readers:

A correspondent of the *West Chester Republican* from Kennott Square some time ago sent that paper the following cure for hydrophobia, which it might be well to lay by for future reference. The correspondent writes:

Medical science seems vainly to have exhausted its skill in search of a cure for the bite of a mad dog. The following is Mrs. Goodman's celebrated remedy, which has been unfailing in every case where taken before the occurrence of spasms. It consists of three doses of elecampane root prepared and taken in the following manner: For the first dose take one and a half ounces of either the dried or green root; if the green root is used grate it as you would horse radish; if the dry root grind it in a coffee or spice mill; mix it in a pint of milk fresh from the cow, and boil it down to half a pint. Take this early in the morning upon an empty stomach and eat nothing until after four o'clock in the afternoon. Forty-eight hours after this take two ounces of the root prepared in the same way, boiling it down to a half pint as before and taken the same as the first.

Again in forty-eight hours take another dose in the same quantity as the last. This will make in all five and a half ounces of the root and three pints of milk. The directions are to be closely observed, using milk fresh from the cow, boiling each dose down to a half pint, taking the whole dose at once upon an empty stomach; fasting until 4 o'clock, taking the dose every other day; for the first dose taking one and a half ounces of the root and for each of the other doses two ounces. The green root is preferable. It is an exceedingly nauseous dose, to prepare or take, but is a certain cure if taken in time, either for hydrophobia or snake bite. The gentleman who gave us the receipt paid twenty-five dollars for it several years since and was cured by it. Since then he has prescribed it in a number of cases with certain effect. In one case two men were bitten by the same dog. One took the remedy and is living to-day; the other refused to take it and died in most terrible agony.

We have received from the hands of the Agt., a copy of the Life & Labors of Dr. Livingstone. Through the perusal of it we were impressed with the truth of the fact, that the merits of the work which the publishers claim for it are not over drawn. It is certainly a most instructive and interesting book. Everybody would profit by the reading of it. Every family should have it in the family library. Do not pass such an interesting work by. Subscribe for it. Buy it. Pay for it. Read it.

KRAMER, Aug. 13, 1875.

MR. EDITOR:—Samuel Hollinger Esq., of Kramer, found on the lands of Isaac Diemer, an oats head containing 360 grains.

The Young folks of Kramer are under sincere thanks to the Middleburg Band for furnishing music for the Celebration. The band was entirely procured by the young and all were well pleased. Thanks also to those who assisted in raising funds for it.

There is some talk of having a good Harvest Home picnic at Kramer, before long.

Is Your Life Worth 10 Cents?—Sickness prevails everywhere and everybody complains of some disease during their life. When sick, the object is to get well; now we say plainly that no person in this world that is suffering with Dyspepsia, Liver Complaint and its effects, such as Indigestion, Costiveness, Sick Headache, Sour Stomach, Heart Burn, Palpitation of the Heart, Depressed Spirits, Biliousness, &c., can take Green's August Flower without getting relief and cure. If you doubt this, go to John A. Moatz, Middleburg, Pa., and get a sample bottle for 10 cents and try it. Regular size 75 cents. Two doses will relieve you. [July 22 '75 1yr

MARRIED.

On the 8th inst., near Beavertown, by Rev. D. M. Stetler, Michael Foult, of West Beaver, to Miss Amelia Haas, of Middlecreek township.

On the 1st inst., by Rev. J. W. Beats, William H. Brook and Miss Lovina Loos, both of Centreville, Snyder Co.

DIED.

On the 5th inst., in McClure, William K. Brostus, formerly of Perry township, after a short illness, aged 29 years and 4 months.

On the 10th inst., at Pattonville, Mary A. Hamilton, colored, wife of Geo. Hamilton, aged 55 years. She was an active member of the Evangelical Church. Five sons are left to mourn her loss.

The subject of the above obituary deserves more than a passing notice. Not because she was one of the world's rich and great and noble—for she was not—but rather because of the reverse of this—she was one of Christ's poor and meek and lowly. A number of years ago, she, with her husband, and considerable of a family settled in the neighborhood of Beaver Furnace. The husband was wreckless, and in a few years deserted her, leaving her with a large and almost helpless family in absolute want, and of necessity, for a time a charge on the township. Though poor she was not a pauper. She set about seeking employment in house and field work, and toiling on day after day and week after week, she soon became able to relieve the township of further assistance, and maintain herself and helpless ones by her own earnings. And not only did she raise her own family, and maintain herself for many long and weary years—even to old age—by the labor of her hands, but had, as we understand, also accumulated—through her diligence and economy—a pleasantlittle home.

She was for many years, as we infer, a consistent member of the Evangelical Association or Albright Church—A pious christian woman. One who trusted in God, and believed that He would help such as were willing to help themselves. Assured that those "who trusted in the Lord would not be left to want."

Strictly honest in all her dealings, convinced of the truthfulness of the maxim, "Honesty is the best policy." Simple-minded. Kind and affectionate in all her intercourse with her neighbors.

She died as she had lived a christian. And now laid peacefully to rest on the quiet village graveyard—those weary limbs freed from the toilings and burdens of life, the care-worn spirit relieved from the anxieties and cares of time—enjoying in the presence of God, the richness and fulness of her Redeemer's love,—we leave her fully impressed as we trust, with the beauty and nobleness of the life of the honest and humble poor.

Many useful lessons might be drawn from the honest, simple and dutiful life of this poor colored woman. What a comment on the life of many who could and should live to better and nobler purposes.

HALL'S VEGETABLE SICILIAN HAIR RENEWER.

Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR-DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected; the excellent quality; and I consider the BEST PREPARATION for the intended purposes."

Sold by all Druggists and Dealers.
Price One Dollar.
