THE POST.

Middleburg, May 11, 1876.

Local News, &c.

—All communications, business letters &c., for this office, to secure prompt attention should be addressed as follows: THE POST, Middleburg, Snyder County, Pa. Advertisements, communications &c. must be handed in by Monday noon, to secure insertion in next issue

SNYDER COUNTY COURTS.—The Courts of Snyder County are held on the fourth Mondays of February, May, and September, and second Monday of December.

COMMITTEE MEETING.

The members of the Republican Standing Committee are respectfully requested to meet in this place, on Tuesday, (Court Week), May 23d, 1876, at 1 o'clock P. M., for the purpose of fixing the time for holding the Primary Election and transacting such other business as may claim the attention of said committee.

WM. H. BEAVER, Chairman.

C. F. MOYER, Secretary.

GYPSIES have commenced their wanderings. Keep an eye on your horse stables.

Now prepare to shed your last winter cold, and take on the freckles of the season.

—Has there been anything done in the way of arranging matters for decoration day, yet?

The slender wasp is about and an exchange pertinently suggests that it might be well enough not to fool with his business end.

Skipping rope, trundling the hoop, playing marbles and kindred amusements are now in order, and fully occupy the juveniles of our town.

Dress, used with taste and judgment, enhances beauty. Ladies, you will find both taste and judgment displayed in the "Domestic Fashions.

A great many neighboring towns are holding meetings and inaugurating measures to celebrate the 4th of July, on a grand scale.

There is a peach tree in a garden in this place which is very full of snow white blossoms. White blossoms on a peach tree is something we never saw before.

—Farmers have commenced the spring campaign in good earnest. Considerable work has already been done, and the planting of corn is now the order of the day.

An ingenious fraud is going about the country, taking the pictures of the children in public schools at the rate of twenty-five cents apiece, ostensibly for exhibition at the Centennial.

☞ White Pique and a large stock of other white and assorted dress goods at astonishing low prices take a look for yourselves. Wagenseller & Son.

By an advertisement in this issue it will be seen that, on and after May 1st, the Phila. & Reading railroad company issue excursion tickets to the Centennial good for fifteen days.

The Pennsylvania Legislature adjourned sine die on the 5th inst. The number of bills sent to the Executive for his approval was 233, of which 95 originated in the Senate and 138 in the House.

THANKS.—Mr. A. W. Smith and wife return sincere thanks to the Middleburg Band for the excellent music discoursed on their wedding occasion, Thursday evening May 4th, and hope that all enjoyed themselves.

Calicoes are now selling at a lower figure than they reached in the darkest days of 1857. The decline has caused great loss to large dealers, one Philadelphia house losing $40,000 on a sale of less than 1,000 cases

Doctor Wagenseller informs us that Miss Woodling, the young lady who was accidently shot in the brain, at Boyer's sale in March last, has so far recovered as to be able to visit her friends. Her recovery can certainly be considered a miracle.—*Tribune.*

GOOD CORN BREAD.—Three cupfuls of corn-meal, one cupful of flour, one egg, two cupfuls of sweet milk, one cup of sour cream (buttermilk, will do), a little butter or drippings in absence of cream, one teaspoonful of soda, the same of salt. Bake in quick oven. A little molasses or brown sugar may be added, according to taste.

☞ Black Alpacas and other Dress Goods cheaper than you ever saw them and the proof is in calling to satisfy yourselves. Please do so

Wagenseller & Son.

PLANT TREES AND VINES.—Every one that has a foot of ground to spare should do this. Trees and vines grow into value while we are sleeping. Fruit is healthy and palatable, and would be plenty and cheap if every one who could do so would plant. The season for doing so is here and good trees and vines are plenty and cheap.

We call attention to the advertisement headed Reapers, J. H. App is Agent for this celebrated machine, and will travel through the county in a short time selling them. He will have one of the machines, and also the patent combined rake, on exhibition, in this place during court week, when he desires that all shall examine them and judge for themselves.

☞ Come and see our large assortment of boiled silk, sun umbrellas, new styles parasols—some of the above are especially suited for elderly ladies, very low. Wagenseller & Son.

WHEN it comes to shaking carpet, how much sooner the man thinks they are "shook" enough than the wife does. While shaking, and he thinks he sees a lull in her energy, let him not console himself with the idea that she thinks it is time to quit; she is only stopping to ask him why he don't shake harder.

ABOUT these times, when the peaceful Sabbath morning comes around, and the head of the household, full of good resolutions for the coming week, seizes his blacking-brush and attacks his go-to-meeting boots, he is apt to howl out: "Mariar, how often have I told you to keep this brush out of the stove polish?"

CHEAP CLOTHING &c.—G. C. Gutelius will receive his spring and summer stock of clothing next week, and says he will sell cheaper than ever. All are invited to come and see his stock and compare present with former prices. Remember he will not be undersold by any one. He will also receive a fresh supply of groceries. &c.,

THE *Phrenological Journal* and Life Illustrated for May, has been received. Among its varied contents we note Portrait and sketch of John W. Garrett President of the Baltimore and Ohio R. R. The article How to Teach, will attract attention, which is to be continued. This publication needs no recommendation from us, as it has already established an enviable reputation. Published by S. R. Wells & Co., New York.

☞ Ladies, Please call to see our dress silks, Black, Gros Grain, plain black colors, the cheapest ever offered in our county. We are sure no one will leave without buying if they see any thing of the stock. Wagenseller & Son.

☞ S. Weis, of the firm of Weis & Oppenheimer, Selinsgrove, is again in in the City this week to buy goods. They will have unpacked their second invoice of clothing, hats, caps, and furnishing goods (for this spring) the latter part of this week all of which will be sold dirt cheap at their store one door above the Keystone Hotel.

—The *Mountain Echo* of the 2nd inst., has the following:

Rev. Andrew Jackson Carney, a notorious fraud who makes his bread and butter by traveling over the country, preaching on the street corners and swindling the people, visited Mt. Holly on Saturday evening last. We regret that Mt. Holly Springs has a citizen who would entertain or even offer to entertain, such a despicable character.

Mr. Carney traveled through this county frequently, several years ago, but of late does not make his appearance, on our streets, we presume, for reasons which he and a great many of our citizens in the county very well know.

ABOUT BUTTER.—The Philadelphia *Press*, in discussing the probable price of butter during the Centennial, says that hundreds of dairymen have, in anticipation of high prices, been packing large quantities of butter ever since the opening of last autumn, and the chief reason why the commodity has been only equal to the demand within the last four or five months is to be found in the fact that almost all market people have been packing butter all winter. This "pot butter" as it is termed, is only inferior to "pound butter" in its lack of perfect freshness, and is sold from eight to ten cents a pound less than the delicately stamped lumps which bring the highest prices. In a few weeks the spring or grass butter will make its appearance and with it will come quantities of that packed during the winter, so that instead of an advance there will probably be a reduction of prices for the Centennial season.

A THIEVING TRAMP.—A correspondent from Monroe township, writes as follows under date of May 1st, to this office:

On Saturday 29th ult., a tramp entered the residence of Mr. Clarance Lesher in Monroe township during the absence of Mr. Lesher. Two of the boys were in the field plowing and no one was in the house at the time. The tramp first entered the cellar, then went into the upper part of the house, taking from Mr. L.'s pocket about five dollars, mostly silver. By this time the boys had come and when they came to the house the rascal was coming out the window up stairs. He then asked the boys for some dried beef when they told him that they had none and he got saucy and entered the cellar a second time.

Mr. Lesher went in pursuit immediately after his return, in company with James Young and they overtook him at Snyder's hotel in Winfield, Union county, but they did not recover any money.

CLEAN UP.—The season to clean up things generally has come again. Thirty housewifes are engaged in the interesting business of house-cleaning, and tearing up things generally. "Clean up" is the order of the day. Alleys and lanes and streets and pavements should be cleaned, and made fit for man and beast. Roads ought to be repaired and cleaned up. Cellars and out-houses should be cleaned up; filth and all kinds of debris should be removed. Sewers and under-ground drains—some of which are the producing cause of typhoid fevers—should be examined and cleaned up. Care should be taken that the water used for drinking and cooking be not contaminated with noxious fluid percolating through surrounding grounds, in which are embedded the germs of disease and death. In small towns every one is left to a large extent to form his or her own sanitary regulations; on the farm the owner or tenant is the sole judge as to what should be done in the matter. Perhaps not a few of the prevalent diseases that afflict mankind are mainly, if not altogether attributable to a neglect of proper and necessary sanitary regulations. We all learn slowly, and some never profit by the experience of the past. The plague is raging in certain districts of Asia—the cradle of mankind; and yet people there are known to be very unwise in regard to the means of preserving health or life.

KEEP YOUR EYES OPEN.—We find the following sensible article going the rounds of our exchanges, which we commend to our readers:

"With the opening of spring, generally come the tree, patent right, and other agents. There being so many persons idle, we anticipate an unusual number of *traveling* agents. Many of these persons are honest fair dealing men, whom you can trust. But while this is the fact, there are a host of dishonest scamps preambulating the country, who are ready to take advantage of everybody they can. These fellows are adepts at becoming acquainted, and in making themselves familiar with your special wants. They spare no efforts to gain your confidence and respect. When this is accomplished, they are ready to offer you a great bargain in a new kind of fruit, patent right, or some other device. Look out for this class of sharpers, they are after your money. Don't hastily sign any purported agreement, or paper, that may be presented to you. They may be all right, and they may not. If the offer is worth anything, a thorough investigation as to its merits (and the character of the agent) will be heartily accorded you before closing the bargain. Don't sign the papers first as too many do. To guard against being swindled, only buy of well known and reliable agents or business houses."

☞ Farmers we have white plaster ground put up in Barrels very Convenient. Cement, Rope for hoisting hay, Shovels, forks, hoes, baskets &c., Nails, Iron, coal, of all kinds &c., You will find it your interest to call and see our cheap goods.

REMEMBER THIS.—Now is the time of year for Pneumonia, Lung Fever, Coughs, Colds, and fatal results of predisposition, to Consumption and other Throat and Lung Disease. BOSCHEE'S GERMAN SYRUP has been used in this neighborhood for the past two of three years without a single failure to cure. If you have not used this medicine yourself, go to your Druggist John A Moatz and ask him of its wonderful success among his customers Two doses will relieve the worst case. If you have no faith in any medicine, just buy a Sample Bottle of Boschee's German Syrup for 10 cents and try it, Regular size Bottle 75 cents. Don't neglect a cough to save 75 cents.

Sunbury & Lewistown R. R.

—The new Sunbury and Lewistown Railroad Company met at 130 South Sixth street, Philadelphia, on the first inst., and organized by the election of Mr. N. Fries as president, and Messrs. J. W. Moffly, Josiah Hart, James H. Campbell, Geo. Schnure, George Shannon and R. W. Shenk as directors. Josiah Hart was chosen treasurer and George Bull secretary. The new company will have the road in repair in a few days, and its operation by regular passenger and freight trains between Sunbury and Lewistown will be resumed within the next ten days. The road has not had trains on it since January, 1875, but it is now in strong hands and will doubtless be made a successful enterprise.

☞ We want a great many new and all our old customers to call and see our large assortment of everything usually kept in stores—Clocks, Carpets, Gents, Ladies and boys wear, &c. Call and see and you will buy very low. Black Alpacas a specialty.

Sunday School Convention.

SELINSGROVE, May 2, 1876.

At a meeting of Representatives of all the Sunday Schools of this place it was *Resolved*, That the Sec'y, insert notices in all the county Papers requesting Sunday Schools to elect their delegates *immediately* and to notify the committee on securing entertainment as to how many and who will be present. Friends please take note of this and act promptly, send list of Delegates to W. C. Meyer, Selinsgrove, Pa. Delegates on reaching town will report at the Methodist Church where they will be met by the reception committee. Convention will be called to order at 2 o'clock P. M., of the 31 Tuesday, the 15th inst.

By order of the General Committee,
M. L. WAGENSELLER, Sec'y.

The *Woomfield Times* of the 2nd inst., has the following:

A QUEER SHOW.—Last week a suspicious looking tramp was observed stealthily following a little girl with a basket at Marysville. His movements were closely watched, and his evident intention being to commit an outrage, several persons pursued him and accomplished his capture. They then secured a rope, put it around his neck and led him around the town as they would an ox as a punishment for his suspicious action. The tramp presented a woe begone expression while passing through the severe ordeal.

ROBBERY AND ASSAULT.—On Friday night the house of Mr. Chas. Raub, of Penn twp., was entered by some persons and a watch and several other articles were stolen. Mr. R. hearing the noise attempted to stop the robbers when he was assaulted with a hatchet, and badly injured as were also his wife and child. The injuries are not considered dangerous. Mr. Raub was known to have considerable money in the house and it is supposed that a tramp who had worked for him and who had left the day previous, was one of the robbers.

TWO GIRLS BURNED TO DEATH.—We are pained to learn that, on the night of the 21 inst. the house of Daniel Bateman, in Oliver township, took fire and burned to the ground, two children, one 11 and the other 9 years old, perishing in the flames. The fire originated in the room in which the girls slept, and became so terrible at least that they could not escape, and all attempts to relieve them were in vain. The boys made their escape by the way from the window to the ground. One leg to pass the house is still standing and the bodies of the unfortunate girls have not been recovered from the ruins.

In addition to this heartrending calamity, the wheat, flour, meat, money, clothes and all means of subsistance were burned and the balance of the family are thus reduced to want. A call is made on the liberality of our citizens for immediate help.—(McVeytown Journal 4th inst.

—There was a slight inaccuracy in our last issue in the description of a lost medal and pin. The words, "Class of '73" were on the *same* side with the owner's name, and on the same side, also, were the words, "University Female Institute." On the opposite side of the medal was an eye looking upward, with the motto, "Excelsior." Two dollars will be paid the finder on return of the medal and pin, and no questions asked.

Life, Growth, Beauty.

LONDON HAIR COLOR RESTORER.

LONDON HAIR COLOR RESTORER.

Not a Dye; makes harsh hair soft and silky; cleanses the scalp from all impurities, causing the hair to grow where it has fallen off or become thin.

Can be applied by the hand as it does not stain the skin or soil the finest linen. As a hair Dressing it is the most perfect the world has ever produced. The hair is renovated and strengthened and natural color restored without the application of mineral substances.

Since the introduction of this truly valuable preparation into this country, it has been the wonder and admiration of all classes, as it has proved to be the only article that will absolutly without deception, restore gray hair to its original color, health softness, lustre and beauty, and prevents all on bald head of its original growth and color.

This beautiful and fragrantly perfumed article is complete within itself, no washing or preparation before or after its use, or accompaniment of any kind being required to obtain these desirable results.

HERE IS THE PROOF

OF ITS

Superior Excellence.

Read this Home Certificate, testified to by Edward Bringhurst one of the most competent Druggists and Chemists of Philadelphia, a man whose veracity none can doubt.

I am happy to add my testimony to the great value of the "London Hair Color Restorer," which restored my hair to its original color, and the hue appears to be permanent. I am satisfied that this preparation is nothing like a dye but operates upon the secretions. It is also a beautiful hair dressing and promotes the growth. I purchased one large bottle from Edward B Garrigues, druggist, Tenth and Coates street, which also restored my hair which was quite gray when I commenced using.

MRS. MILLER.

No. 730 North Ninth street, Phila.

Dr. Swayne & Son, Proprietors. Gentlemen: I have the pleasure to inform you that a lady of my acquaintance, Mrs. Miller, is delighted with the success of your "London Hair Color Restorer." Her hair was falling rapidly, and quite gray. The color has been restored the falling off entirely stopped, and a new growth of hair is the result.

BOSTON TESTIMONY.

July 23d, 1874.—Dr. Swayne & Son: Last winter while in Boston, N. H., I purchased of Edwin Fogg a bottle of "London Hair Color Restorer," and I do not hesitate to say that it has done more for my hair than any thing I have tried in the last quarter of a century. I have used no other since, and recommend it to all who desire a good article. Yours truly, C. D. PAGE of W. S. Fogler & Son, Druggists, No. 222 Tremont street, Boston.

The Lungs!

CONSUMPTION!

This distressing and dangerous complaint, and its premonitory symptoms, neglected coughs, night sweats, hoarseness, wasting flesh fever, permanently cured by Dr. Swayne's Compound Syrup of Wild Cherry.

Hundreds of certificates of the most remarkable cures, which could not be controverted, could be given, were it necessary, but a trial will convince the most skeptical. I have used enough as I represent of this, about the size of a pint, in this city. Read its historical sketches, sore throat, loss of voice, coughs, &c.

DR. SWAYNE'S
Compound Syrup of Wild Cherry
is a sovereign remedy.

HEMORRHAGE, or SPITTING OF BLOOD, may proceed from one of the lungs, bronchial tubes or lungs, and arise from various causes, as undue physical exertion, pleurisy, or failure of the vocal cords, weakness, overstraining of the voice, suppressed secretions, obstruction of the system of liver, &c.

Dr. Swayne's Compound Syrup of Wild Cherry

strikes at the root of disease by purifying the blood, restoring the liver and kidneys to healthy action, and regulating the nervous system.

The only standard remedy for hemorrhage, bronchitis and all pulmonary complaints. Consumptives or those predisposed to weak lungs should not fail to use this great vegetable remedy.

Its restorative power, not only over deranged conditions, but over chronic diseases where a radical or active action is required. Under its use the system is supplied with the rich nutritive elements of the blood, the right secretions are established, the whole system is renovated, and has a power and healthy activity of self-support to resist or throw off disease. Purely vegetable and safe to be used.

Further particulars will be given, and my name used if necessary, and I can be found at my residence, 1224 Queen street, Phila. Pa. I am a painter by trade. Yours truly,
