THE POST.

Middleburg, June 8, 1876

Local News, &c.

—All communications, business letters &c., for this office, to secure prompt attention should be addressed as follows: THE POST, Middleburg, Snyder County, Pa. Advertisements, communications &c. must be handed in by Monday noon, to secure insertion in next issue

FARMERS ATTENTION!—Farmers having wool to sell or trade for factory goods will find it to their advantage to dispose of it to A. E. Scholl who is traveling the county. Orders left with Mr. Nathan Schambach of Middleburg, will receive attention.

OMITTED.—The following was omitted in our proceedings of the Standing Committee last week relative to duties of Return Judges: *Resolved*, That the Return Judges of the Republican Primary Election, of Snyder county, to be held June 17, 1876, appoint three Congressional Conferees and three Senatorial Conferees of the different Counties forming part of the Congressional and Senatorial districts of which Snyder formes a part.

HIGHWAY ROBBERY.—Rev. H. C. Barger, residing at Rebersburg, Centre Co., and son of Mr. Urish Barger, of Centre twp., this county, was robbed of $8. in money and a valuable watch, on Monday of last week, in the Narrows, between Hartleton and Woodward. Two men leaped out of the woods and caught his horse, each presenting a pistol, and demanding his money and valuables. Being totally unprepared to receive his customers in a suitable manner, he was forced to hand over his money and watch. They then ordered him to start and he waited not for further orders. It is said one of the robbers soon afterwards purchased eggs &c. at a store in Hartleton, at least it is presumed he was one of them.

FOUND HIS MARK.—The Harrisburg Patriot, of the 26th ult., says: Yesterday morning a person of gentlemanly appearance called at the Kittatinny Park hotel, and inquired where the main entrance to Camp Curtain was.—The proprietor, Sheriff Davis, was a little uncertain in regard to where the main entrance was, but after a survay the point was found, and the desired information imparted to the gentleman.—The stranger took from his pocket a compass and after locating himself proceeded about due northwest, and just above the residence of Ma Major Anthony proceeded to investigate the ground of the locality. After digging awhile with a good sized stick the stranger unearthed a segar boX, which, upon being opened, was found to contain six hundred dollars in greenbacks. The stranger had but few words to say and took his treasure away without saying many words. He proceeded to Sheriff Davis' and invited a number of folks that were looking at the construction of the park to take a glass of lemonade. He informed the curious that during the war he had taken a bounty, and while in Camp Curtin, in the year 1864, he concluded to bury his treasure rather than have it stolen. The ground was marked out by the gentleman at that time with a compass, and it was only yesterday he returned after many years and found his treasure. There may be many more of these treasures around Camp Curtin grounds, but we don't think it would pay in seeking after wealth to go around that neighborhood.

Decoration Day at Selinsgrove.

The following abstract taken from the *Tribune* will show that decoration day 1876, at Selinsgrove, was a grand affair:

"The 30th of May 1876 will long be remembered by the citizens of Selinsgrove, it having been a grand success. The rain which visited us on the previous day had the effect of settling the dust and making everything pleasant.

Early in the morning the Band and the Hose Company made their appearance on our streets, and under the Chief of the Department, paraded to the railroad and awaited the arrival of Ex-Gov. Pollock. The Committee of reception were on hand to receive their honored guest.

Owing to the fatigue caused by the long car ride, the Governor did not avail himself of the use of the carriage which was in waiting, but acted the part of a pedestrian, and was escourted to the residence of Wm. F. Eckbert.

The citizens of the town had decorated their houses and places of business with flags, mottoes, pictures, &c., from all points the stars & stripes floated proudly in the breeze. Large flags were stretched across the streets at various places.

The stand was erected in front of W. F. Eckbert's residence.

At half-past 1 o'clock the various associations moved into the square as previously announced.

The exercises were opened by music with the Selinsgrove Band.

Prof. Born offered a very feeling and impressive prayer after which the Middleburg Band favored the assemblage with music.

After which Col. W. F. Wagenseller introduced the Hon. James Pollock. The Governor held his audience spellbound by his eloquent and patriotic oration. It has never been our good fortune to listen to a more able or impressive address. From the first to the last word, it was replete with patriotism, showing that the speaker's heart throbbed in unison with the noble sentiments which he uttered.

Immediately after the address, Messrs. William and Philip Moyer and Wm. E. Houtz, by special request favored us with a patriotic air entitled "An Hundred Years Ago," which was rendered in their usual excellent style.

Dr. Ziegler next followed in a brief but highly interesting address, full of fervor and patriotism.

The procession was then formed and proceeded to the 2nd New Lutheran Cemetery where several appropriate pieces were sung and after very brief but appropriate remarks by Rev. Shannon, the graves of the fallen heroes were stewn with the rarest and choicest flowers of spring, after which the column moved to the Methodist Cemetery, were an appropriate piece was sung and an impressive address delivered by Rev. Swartz, from whence the procession moved to the 1st Lutheran Cemetery where the children sung a hymn especially prepared for the occasion, after which Rev. Reed addressed those assembled in the Cemetery in a patriotic manner convincing all who heard him that his heart was in the work. from here the procession moved to the Hall, where the children were dismissed and the societies marched to Baker's Cemetery, where the Band played a dirge, after which Rev. E. H. Leisenring delivered an inspiring impromptu address, after which the line moved to town and dismissed.

In the evening the ex-soldiers went to Dr Wagenseller's cemetery and decorated the graves of W. S. Keller and Benjamin D. Fry, Lieutenant Parks making the speech which was well received.

Thus ended one of the most impressive and successful decorations ever held in this section of the State."

The Rec. Secy. read a statistical report of the county. There are about fifty schools in the Co., out of which forty two (42) reported.—Average no. of months of school—nine. Officers and teachers—722. Infant scholars—467. Main School—2343. Adult classes—380. Total in schools—1175. Total membership—4837. Average attendance—2825. Addition to church from S. S.—145. Money expended for schools $1064, 85. For benevolent contributions $296,42. 7 hold teacher's meeting, 35 do not.

Discussion of subject. How can we get the parents interested in the S. S. work?

1st speaker. Rev. Helmer. The S. S. does not take any of the responsibility from the parents. Scholars when properly instructed, may frequently have an influence over the parents, to bring them into the S. S. Pastors should more frequently speak of the matter to the parents.

2nd speaker Rev. E. G. McCool. To get parents interested, we might have classes for old men and women. We must have in our S. Schools a special work for the parents if we wish them to attend.

3rd speaker. Jacob A Smith. In our school we have all at work, and it does admirably. If we wish to interest the parents, we must give them something to do.

4th speaker Prof P. Born. If we wish to interest parents, we must make them feel their responsibility. Teach the scholars to ask their parents to aid them in the study of the lessons: in this way parents will become interested, and thus feel their responsibility.

5th speaker. A. M. Cary. Many scholars are irregular in their attendance. Parents are frequently at fault By interesting the parents the scholars will be more regular in attendance. Teachers should visit their scholars, and in this way gain the interest and co-operation of the parents.

6th speaker. Prof Born. In our collection and collections for the S. S., we make the impression that the S. S., does not belong to the church, but is a separate institution. The sooner we make the impression that the school belongs to the members of the church, the sooner will we make the parents feel their responsibility.

7th speaker. Prof. Wm. Neatling. This question is also a practical one.—The parents should be teaching in the S. S., and the whole work of teaching should not devolve upon the young people.

Here a other discussion arose as to whether the church council should have exclusive control of the S. S. C. P. Ulrich, A. M. Carey and Prof. Neatling were appointed a committee, to draft resolutions with regard to the discussion, and report at to-night's session.

CHILDREN MEETING,
WEDNESDAY EVENING SESSION.

After opening with devotional exercises, there followed an address by Rev. Reed. We are to speak to the little ones this evening. All the big things in the world commenced in a little way. The church of Christ has had a beginning, and the little ones form no small part of it. If the child be well trained it, the first seven years of its life we care very little what may happen it in the future. Some people say that little things do not amount to much, but little things, have an influence for good or evil. We an apt illustration, he showed that by not resisting evil in its first advances. It soon takes hold of us in the form of Satan himself. In the S. S., is the place where you may learn such truths as will enable you to resist these attacks of Satan. Little things are also important in that they are means of producing good. I hope you will always remember that though you are little children, you may do a great deal of good by commencing right. Here a piece of music was sung.

Next followed an address by Rev. Swartz to the older portion of the S. S.—We as christians, tho' comparative strangers to each other, are one in spirit. Though there are many here who might not be classed among children, still we term it a childrens' meeting. I hear the cry of the young, almost on the verge of ruin coming to my ear, and I feel an interest in the young As we would rush to the rescue of a drowning child, so would we rush to the rescue of perishing souls. The S. S. is the place in which we especially do this work. While many condemn the S. S., we may say that through it many souls have been started right. The S. S., must advance with the age. We are not now satisfied with what we were years ago. We have to-day more inducements than ever to attend S. S.—in it we now have an opportunity to more thoroughly study divine truth. To you my friends, who are not active in the work, he would say, have a care for the nourishing of the S. S., cause. If you neglect your duty in this regard it will be said of you: Inasmuch as ye did it not to the least of these my brethren, ye did it not to me."

After singing a piece of music, a collection was lifted, amounting to $2.24.

The following resolutions were presented and adopted.

Whereas it is an acknowledged fact, that great indifference and want of interest on the part of Parents and Heads of Families in our Community, and throughout our County, in the great cause and work of the Sabbath School thereby greatly hindering its efficiency and the good it might effect upon themselves and their children.

AND WHEREAS, it is most earnestly desired by every true christian worker that this great hindering cause be removed as speedily as possible.

THEREFORE RESOLVED:—That this Convention ask the Pastors of all the different churches in the county to make special effort, from their Pulpits and in their Pastorial visitations, to enlighten and direct the People and especially heads of Families, to the solemn responsibility resting upon them in reference to this great cause.

After singing a piece of music, the Convention adjourned to meet at Adamsburg, third Tuesday of May 1877.

J. A. M. ZIEGLER, Sec'y.

A horrible miscreant walked deliberately into a certain store in this place a day or two ago and registered an awful vow that, for once in his life, at least, his wife should have a sensible present. As it is to be a surprise, we mention no names, but will simply state that the sensible present' is to be a new 'Domestic' sewing machine.

STATE SABBATH SCHOOL CONVENTION—The twelfth annual convention of the Pennsylvania State Sabbath School Association, will be held in the first Presbyterian Church, on Fifth street, south of Penn St., Reading, Penn'a, on Tuesday, Wednesday, and Thursday, June 13, 14, and 15, 1876. Entertainment will be provided for delegates who notify William G McGowan, Chairman of Committee on Entertainment, Reading, on or before June 10th.

The Primary Election Boards should be composed of men who will observe the rules governing the election. There is an inflexible determination to kick out every district which violates the rules. It is only justice that all come in on fair, equal footing.

HOW TO MAKE A FLAG.—Persons who desire to make their own flags for the coming Fourth of July must remember that certain proportions should be observed in their manufacture. Any one can find the proper proportions from the following data: The United States garrison flag is thirty six feet "fly" (long) and twenty feet hoist (wide), or in that proportion, the width being five ninths of the length. The recruiting flag is nine feet, being four-ninths of the length. The "union," or blue field, is in length, one-third the length of the flag, and extends in width to the lower edge of the fourth red strip from the top. There are thirteen stripes, beginning and ending with red. The garrison flag is the one usually taken as the standard for making flags for private use or decoration.

FEARFUL ENCOUNTER WITH SNAKES.—The Perry Co., ADVOCATE & PRESS of the 31st ult., says: Whilst Mr. William Sheaffer, of Tyrone township, was ascending the mountain in Sheaffer's Valley, on the afternoon of the 21st inst., he came upon a lot of black snakes lying in the rocks—the largest he had ever seen. The snakes five in number, immediately attacked Mr Sheaffer, who, not having time to secure a club or anything to defend himself, was compelled to run, but was closely followed by the entire number. The situation becoming critical he attempted to climb a small tree that stood in his path but the tree broke and he fell to the ground. Fortunately he secured a club and gave battle in self-defense. After a fierce fight he succeeded in killing three of them, when the remaining two escaped into the rocks. The next day he took his gun and returned by the same route, and finding another of the reptiles, shot it making four killed. This is one of the most thrilling adventures of the kind that has ever taken place in our county. Any one acquainted with Mr. Sheaffer knows that he is not the man to turn his back to a foe, and we beleive that if a person of a timid nature had been in his situation he would have been killed.

SAD AND FATAL ACCIDENT.—Mr. John H. Aungst in the employ of Mr. J. W Dunmoyer, on his Steam Portable Saw Mill, met with an accident whilst at work on the mill, near Orwig's Mill in Union county, about 9 o'clock on Tuesday morning, the 29th ult., which resulted in his death a little before 9 o'clock P. M. of the same day. The following facts about the sad affair we obtained from Daniel S. Snyder who employed on the mill: Aungst was about to repair a grind stone, and was sawing a piece of timber to suit the purpose, on a small circular saw. He had ripped a peice of wood, one piece was lying near the saw, about 2½ feet long and 4 inches square; the other he was holding in his hands, when the first was caught by the saw and whirled with great force, striking Mr. Dunmoyer in the side that he fell, and was partially stunned, but soon regained his feet, when he saw Mr. Aungst lying near him, having been struck by the same piece over the side of the head above the left eye, fracturing the skull, he raised him up but giving no sign of life he was carried inside the mill, and soon after became conscious, and was rational in his talk, and had no thought that his earthly career was so near ended. He said that it was only a bruise and that in a few days he would be all right again. He was then taken to a bed at his boarding house, where he soon became unconscious and remained so up to the time of his death. His parents live in Schuylkill Co., where the remains were sent to for burial.

He had been in the employ of Mr. Dunmoyer ever since he moved his mill to this part of the State, about four years, and was greatly respected by his employer, and all who knew him. Aged about 30 years.

IT PAYS

any smart man who wishes to make $2 000 a year on a small capital, to commence in our line of business. Roofing is a specialty. There is no one in your county who carries on the business. You can learn it in one week by studying our instructions which we send to all who ask for them. Any man having $100 capital to start with, can purchase enough material for roofing three ordinary houses. The sum realized from sale and profit on this supply, added to the regular pay for labor as roofer, should amount to not less than $200. An expert man could easily do the work in nine working days. Two persons of small means can join together to advantage: one canvassing, while the other stands to the work. Send for terms, circulars, instructions (free if you write at once) and study it. Ask for terms. If you are unable to advance the money, present the matter to the principal storekeeper in your place, and talk it over with him. He will be glad to furnish the stock and divide the profit with you. We will guarantee the territory to the first responsible applicant. Address N. YORK ROOFING CO., LIMITED, 4 Cedar St., N.
