Life, Growth, Beauty.

LONDON HAIR COLOR RESTORER.

LONDON HAIR COLOR RESTORER.

Not a Dye; makes harsh hair soft and silky; cleanses the scalp from all impurities, causing the hair to grow where it has fallen off or become thin.

Can be applied by the hand as it does not stain the skin or soil the finest linen. As a hair Dressing it is the most perfect the world has ever produced. The hair is renovated and strengthened, and natural color restored without the application of mineral substances.

Since the introduction of this truly valuable preparation into this country, it has been the wonder and admiration of all classes, as it has proved to be the only article that will absolutely without deception, restore gray hair to its original color, health softness, lustre and beauty, and produces hair on bald heads of its original growth and color.

This beautiful and fragrantly perfumed article is complete within itself, no washing or preparation before or after its use, or accompaniment of any kind being required to obtain these desirable results.

HERE IS THE PROOF
OF ITS
Superior Excellence.

Read this Home Certificate, testified to by Edward H Garrigues one of the most competent Druggists and Chemists of Philadelphia, a man whose veracity none can doubt.

I am happy to add my testimony to the great value of the "London Hair Color Restorer," which restored my hair to its original Color, and the hue appears to be permanent. I am satisfied that this preparation is nothing like a dye but operates upon the secretions. It is also a beautiful hair dressing and promotes the growth I purchased the first bottle from Edward H. Garrigues, druggist, Tenth and Coates street, who can also testify my hair was quite gray when I commenced its use.

MRS. MILLER.
No. 730 North Ninth street, Phila.

Dr. Swayne & Son, Respected friends:—I have the pleasure to inform you that a lady of my acquaintance, Mrs. Miller, is delighted with the success of your "London Hair Color Restorer." Her hair was falling rapidly, and quite gray The color has been restored the falling off entirely stopped, and a new growth of hair is the result.

E. B. GARRIGUES,
Druggist, cor. Tenth and Coates, Phila.

BOSTON TESTIMONY.

July 22d, 1871.—Dr. Swayne & Son: Last winter while in Taunton, N. J., I purchased six bottles "London Hair Color Restorer," which I like very much, in fact better than any thing I have used in the last nine years. If you please, send me one dozen bottles C. O. The Lungs!

CONSUMPTION!

This distressing and dangerous complaint, and its premonitory symptoms, neglected coughs, night sweats, hoarseness, wasting flesh fever—promptly cured by "Doctor Swayne's Compound Syrup of Wild Cherry."

BRONCHITIS—A premonitor of Pulmonary Consumption, is characterized by catarrh, or inflammation of the mucous membrane of the air passage, with cough and expectoration, short breathing, soreness, pains in the chest. For all bronchial affections, sore throat, loss of voice, coughs,

DR. SWAYNE'S
Compound Syrup of Wild Cherry
is a sovereign remedy.

HEMORRHAGE, OR SPITTING OF BLOOD, may proceed from the larynx, trachia, bronchia or lungs, and arises from various causes, as undue physical exertion, plethora, or fullness of the vessels, weak lungs, overstraining of the voice, suppressed evacuation, obstruction of the spleen or liver, &c.

Dr. Swayne's Compound Syrup of Wild Cherry

strikes at the root of disease by purifying the blood, restoring the liver and kidneys to healthy action, invigorating the nervous system.

The only standard remedy for hemorrhage bronchial and all pulmonary complaints. Consumptives, or those predisposed to weak lungs, should not fail to use this great vegetable remedy.

Its marvelous power, not only over consumption, but over every chronic disease where a gradual alterative action is needed. Under its use the cough is loosened, the night sweats diminished, the pain subsides, the pulse returns to its natural standard, the stomach is improved in its power to digest and assimilate the food and every organ has a purer and better quality of blood supplied to it, out of which new recreative and plastic materials is made.

HOME TESTIMONY.

I was surely afflicted with one of the most distressing of all diseases Pruritus or Purigo, or more commonly known as Itching Piles. The itching at times was almost intolerable, increased by scratching, and not unfrequently became quite sore. I bought a box of "Swayne's Ointment to use gave quick relief, and in a short time made a perfect cure. I can now sleep undisturbed, and I would advise all who are suffering with this distressing complaint to procure Swayne's Ointment" at once. I had tried prescriptions almost innumerable, without finding any permanent relief.

Electing Postmasters.

A bill is now pending in the House of Representatives that proposes the election of postmasters in every city and incorporated town by the people of the municipality, by ballot. The election is to be held every four years, concurrent with the Presidential election. The person elected is to be commissioned by the President on presenting the Postmaster General's certificate of election, and giving bond as now provided by law. Postmasters thus elected are to be removable for cause by the President and Postmaster General; and on such removal, or on failure to qualify according to law, the President is to appoint another person to fill the vacancy until the next stated election.

Such a law would doubtless relieve the Department of much labor and responsibility in the matter of making the numerous appointments required by the postal service. It is also probable that the people of any city or town would be as well qualified to select suitable persons for the office as the Department now is under the present system of petition and recommendations. Of course, like every other office, it would immediately fall into the pool of politics. But that would render the matter little less objectionable than the case now is, where appointments are almost invariably made on political grounds.

The result of the elective plan would be to make postmasters somewhat more independent, and it would likewise, in a great measure, prevent the postal service of the country from being made the medium of electioneering for any particular Presidential nominee. It would moreover produce a spirit of greater vigilance and accommodation on the part of postmaster towards their constituency, upon whose votes depend their election; and this is a consummation most devoutly to be wished in regard to that branch of the public service. Their fidelity to the requirements of the law and the rules of the Department would likewise be secured by reason of the power of removal for cause still held by the Department. It would give the elected incumbent the assurance of at least a four-year term, provided he gave no cause of removal in the meantime; and he could therefore address himself to his duties with no misgivings of mind as to being outside by the machinations of any rivals during his elected term. Upon the whole we do not see but that the people and the public service would both be benefited by such a law.—*Exchange.*
