Sunbury	1 35	7 05	7 15	4 10

E. L. TAYLOR, Superintendent.

A Centennial Celebration will be held at Meiser's Station on Saturday, the 12th inst. All are cordially invited.

COAL.—Just arriving, 1000 tons of Wilkesbarre & Shamokin coal at S. B. Schuck's Coal Yard, Middleburg, Pa. at reasonable prices.

SENATOR.—It looks very much as if Dr. Wagenseller will receive the district nomination without any difficulty and with entire good feelings throughout the district.

We learn from a correspondent that a large number of hogs are dying in Penn twp. One man lost 18; another 17; another 14, and quite a number from 2 to 6, all within a few days time.

—Quite a brisk frost visited a small portion of Union county, on Sunday night, 23d ult. Some of the more tender varieties of flowers and plants were killed, four or five miles west of Lewisburg.—*Lewisburg Chronicle.*

Mr. John Bilger, of Franklin, has been appointed Ticket and Freight Agent and Telegrapher at this station. Mr. B. will do all in his power to accommodate the public. He is certainly an attentive, clever and obliging officer. The R. R. Co. have selected a *reliable* and *efficient* agent.

An exchange wants ladies to take off their hats in church, but as long as half the ladies go to church for the purpose of displaying their hats, it is hardly possible that the suggestion will be adopted—unless a glass case is placed along side of the pulpit for their accommodation, and the name of the owner is prominently affixed to each hat.

☞Weis & Oppenheimer, of Selinsgrove, about as clever business men as can be found anywhere, have on hand a large and well selected stock of READY-MADE CLOTHING, which they have reduced 20 per cent. The Railroad being now operated affords facilities for reaching this establishment whereby you can save, in the purchase of goods, the fare and a full day's wages. They now offer goods lower than ever was before offered in this county.

FARMERS PICNIC.—A general Farmers Basket Picnic for the whole county, will be held in Hughes' woods near Kantz, half way between Selinsgrove and Freeburg, on Saturday, August 26th. An effort will be made to obtain a good speaker or two. The invitation will include all others, as well as farmers, who see proper to come. Each one will be expected to furnish sufficient eatables for his own use. The grounds will be open early in the forenoon, and the occasion will be made a pleasant and enjoyable one for all who may come.—*Times.*

Committee Meeting.

The standing Committee met, Aug. 5, 1876, pursuant to adjournment:

Messrs. D. Bolender, James Middleswarth Esq., Geo. R. Hendricks and Levi Kepler were nominated for chairman.

First ballot, Bolender 6, Hendricks 6, Middleswarth 6, Kepler 5.

Second ballot; *Mr.* Kepler withdraws, Bolender 6, Hendricks 7, Middleswarth 10, whereupon James Middleswarth, Esq. having received the highest number of votes, was declared duly elected.

The Chairman made a short, neat, and pointed speech on taking the chair.

C. F. Moyer was unanimously elected Secretary.

Some business of minor importance was transacted when the committee adjourned

JAS. MIDDLESWARTH, Chm.
C. F. MOYER, Sec.

Our New Supt.

The Altoona *Tribune*, in speaking of the appointment of a new Superintendent, says: "It affords us much pleasure to record the appointment of Mr. E. B. Taylor as Superintendent of the Bunbury and Lewistown division of the Pennsylvania Railroad, vice F. F. Smith, Esq., transferred, to fill the position of Superintendent of Transportation, formerly held by Hon. John Reilly. Mr. Taylor has been in the employ of the company for many years, and fully understands the duties of his new position, having been chief clerk to Saml. A. Black, late Superintendent of the Middle Division. Mr. Taylor is also an agreeable gentleman, and those who may have to do with him, either in an official or business capacity, will find in him a very pleasant and obliging officer. Our intercourse with him during the past few years induces us to speak thus confidently and knowingly of his abilities for the superintendency and also of his personal worth." This is a strong laudation which we hope will prove true to the letter.

Campmeeting &c.

No preventing providence there will a campmeeting be held under the auspices of the Evangelical Association on the land of widow A. R. Manbeck, near Adamsburg, Snyder county, commencing August 26th, 1876.

On Saturday of the meeting, at 10 o'clock, a childrens' meeting will be held to which all the Sabbath Schools of the vicinity are respectfully invited to attend.

Notice is also hereby given to all whom it may concern that the lands of the following persons have been leased and no pasion is allowed to Huckster or traffic on the same, viz: Widow A. R. Manbeck, Amos L. Hackenbery.

Mr. Amos L. Hackenbery and Mr. Aaron Hackenbery will keep a boarding house where all who may desire to attend the meeting can be provided for.

By order of committee

Report of the Superintendent of Snyder County, for the Year Ending June 1, 1876.

The condition of our schools during the past year, was in some respects better than at any previous time of my superintendency. But, owing to the retarding influences named in my last year's report, the progress in some districts was equal to that of the others.

Houses.—Every year new schoolhouses take the places of old ones that have become unfit for use. During the past year six were built; one in West Perry, one in Perry, one in Middlecreek, and one Selinsgrove. Those in Middlecreek and in Selinsgrove are of brick; the others, frame. Selinsgrove, Washington, and Middlecreek furnished theirs with neat and comfortable patent desks; the others, theirs with the old style or double pine desks.

The house erected in West Perry is an improvement on the other schoolhouses of that district. It is of sufficient size, is well lighted, has a good black-board, and is pleasantly located.

The largest of the new houses is that built in selinsgrove. It has two stories, with two school-rooms and two recitation rooms on each floor. Its general plan is that recomended by Dr. Wickersham and other leading educators as the cheapest to secure system and discipline, complete supervision, and effective teaching.

In the building of school-houses this county has yet much to learn. One respect in which knowledge upon the subject is needed, is, that as these buildings are erected for a specific purpose, they should in all particulars be constructed with reference to it; and another, incidental to the former, that experienced persons in the profession for whose use they are designed know at least a little more about the internal arrangements requisite to adapt them properly to the purpose for which they are intended, than persons in other callings materially different from that of teaching.

Very few of the houses built in the county during the past three or four years, reflect credit upon the districts which had them erected. Nearly all of them are too small to afford aisles of sufficient width for the teachers to pass through while their pupils are engaged in writing. Scarcely any have room for recitation-benches. Some have the seats for children from six to ten years of age, higher than chairs are ordinarily made for grown persons. Others have the black-boards at such a height from the floor as to be almost out of reach of the smaller pupils.

Surely these deefets should not be repeated in the future, and as many of them as can be removed should receive attention at no distant day:

Schools.—The number of graded schools heretofore reported was increased at the beginning of last term by the addition of the three new schools of Freeburg. We now have sixteen graded and ninety-one ungraded schools. Of the ungraded ones six should yet be graded. Penn should grade two, Union one, Middlecreek one, and Beaver two.

As elsewhere stated, the schools of the county, considered as a whole, were during the past year in a much more satisfactory condition than during any previous year of my official connection with them; yet here and there, some were again very poor, and among them several of the graded ones.

Our graded schools, with a single exception, are such only in name and not in fact. To yield the best fruits of which they are capable, their work must be systematized; they must have a regularly graded course of studies; each grade must have its kind, as well as amount, of work assigned; and lastly, there must be proper supervision, in order that each grade may do the work expected of it.

The supervision should be entrusted to a competent, experienced teacher. The most suitable person for the position would be the teacher of the highest grade of school, and in selecting him, fitness for this duty should be had in view. He should have the co-operation of the directors, and be held responsible for the successful working of the schools.

The directors of Selinsgrove have been fortunate in having the services of Mr. John G. Cope, a graduate of the Mansfield Normal School, and a competent and most faithful teacher. Their schools, better now than ever before, have improved from year to year, under his supervision, notwithstanding that his connection with them has occurred during three of the most unfavorable years in the history of the place.

In practical common-sense methods of imparting instructions this county has made most encouraging progress, and as a consequence—reason having taken the place of passion and prejudice—the relations between teachers and pupils have become friendly, manifesting themselves in mutual good will, and the infrequent use of the rod as either a correction of errors or an incitement to study; less damage has been done to the school property, fewer marks and scratches have been found upon the walls and furniture, the rooms have been kept neater and cleaner, and less indecent and unbecoming language has been heard from the pupils.

Other and equally important benefits resulting from improved methods of instruction, have been (1) the rapid gaining of the younger pupils upon the older ones in knowledge of various studies pursued, and (2) the greatly increased number of those desiring instruction in what were formerly considered dry and uninteresting branches. Thus the number instructed in all the branches, except reading, has nearly doubled within the last two years and of the number receiving instructions in grammar and geography, there has been an increase of more than four hundred per cent, during the past four years.

The improved condition of our schools is largely due to the progressive spirit of our teachers, many of who have labored with commendable zeal, and hence deserve favorable mention.

Failures in teaching have resulted from at least four causes: 1. Insufficient education; 2. Want of experience; 3. Lack of parental co-operation; 4. Lack of knowledge of teaching.

Lack of parental co operation is an impediment to the successful working of not a few of our schools. Many parents are never seen inside of their school houses, to inform themselves concerning the training their children receive; and, what is much worse, imagine a condition of things that scarcely ever exists, and then, accordingly, ignorantly, unjustly, and, too frequently, maliciously abuse the teachers, misrepresent their schools, and even go so far as to misconstrue their best motives. In this respect a few of our schools have become almost veritable purgatories. It is, generally speaking, true that teachers change schools too frequently, but any one who can endure such treatment more than one term, must be composed of different material from the generality of mankind. It is hoped, however, that in the future, better counsel will prevail in the communities referred to, and that their teachers will receive such treatment as both reason and justice demand.

We constantly have teachers who, for want of proper knowledge of methods of imparting instruction, prove almost total failures. Indeed some of them prove worse than that; they do positive harm; for by their blind and misdirected efforts, they check the normal growth of mind, and reduce their pupils to very little better than machines, governed by the minds of others and incapable of any original investigation of their own.

[illegible] teachers [illegible] possession of [illegible] qualifications, [illegible] to remain in the profession [illegible] the better it will be for the innocent victims, the [illegible] children whose time they squander.

Prejudice against female teachers exists in a number of districts. The objections urged against them are, (1) that they are too lazy, and (2) that they cannot control the larger boys and girls. The first, every one who has had experience in the matter, knows is not true; and the second, if true in some localities, shows that the pupils in question need higher civilization before they are sent to school.

DIRECTORS.—The law requires the directors (1) to establish a sufficient number of schools, and (2) to visit them by one or more of their number, once a month; and it forbids them to employ a teacher who at the time does not hold a valid certificate. All of these were violated by some districts, and yet oath was made that the law was complied with.

DISTRICT INSTITUTES.—District Institutes were held in five districts: Union, West Beaver, West Perry, Monroe, and Centre. Those meetings, generally attended by directors and parrons, were quite successful, especially in Union, West Beaver, and West Perry; and a comparison of the condition of the schools of the districts holding them, with that of those not having any, convinces me that they should be held in all of them.

CHILDREN NOT IN SCHOOL.—Of the whole number of children of proper school age (6301,) the number enrolled was 5408; and of those not in school, 918, most of whom are growing up in virtual ignorance!

WORK DONE BY SUPERINTENDENT.—During the 172 days I spent in official duties, I held 16 public and 14 private and special examinations; examined 130 applicants, of whom 111 received provisional certificates, 1 a professional, and 28 were rejected; made 225 visits to schools; traveled 1275 miles; held 1 County Institute and 15 educational meetings; wrote 170 official letters; and made out nearly all the district reports for the directors. WM. NOETLING.

Selinsgrove, July 6, 1876. Supt.

A WONDERFUL ESTABLISHMENT—One of the sights afforded by our city at the present time, which no one visiting the Centennial should fail to see, is Wanamaker's Mammoth Clothing Depot, Thirteenth and Market Streets.

This is the largest establishment of its kind in the world, comprising, as it does, between two and three acres of store room on one floor, and containing on its hundreds of retail counters a stock of clothing, boots and shoes, hats and caps, and Men's Furnishing Goods valued at over one million of dollars. Some idea of the extent of business done at this giant establishment may be gathered from the fact that nearly two thousand hands are constantly employed in the different departments—of these five hundred being always in the store engaged in the capacity of clerks, salesmen, cutters, sewers, etc., etc.

The business is all done on one floor, and is carried on in all its branches with the most perfect system. Everything works as smoothly as clockwork, for the simple reason that every employee in the manufacturing department has his specific work to perform, and a particular place to perform it in, while the clerks and salesmen are under strict discipline from the time they begin to work in the morning until they leave their posts in the evening.

Visitors to this mammoth house are always welcome, and are treated with uniform courtesy and attention, whether they purchase or not. The different stages in the manufacture of clothing, from the reception of the fabrics in the piece, direct from the mills, down to the folding of the ready-made garments for exhibition on the counter, may be seen here to the best advantage, while the wonderful steam cutting machines and other improved labor-saving appliances used in the tailoring business, are constantly in operation.

The proprietor, Mr. John Wanamaker, is also the senion member of the firm of Wanamaker & Brown, of the celebrated Oak Hall Clothing Store, Sixth and Market streets, and of the house of John Wanamaker & Co., 818 and 820 Chestnut street, this city. These two establishments employ over a thousand hands, and do an immense business.

Mr. Wanamaker began business in 1861 with Mr. Brown, under the now famous firm name of Wanamaker & Brown. The business relation continued until Mr. Brown's death in 1868, when the entire business passed into Mr. Wanamaker's hands, and has since been carried on under his personal supervision with a degree of enterprise and success that has not only made his name a synonym of American goaheaditiveness, but has enabled him to build up a princely private fortune.—*Catholic Standard.*

CELEBRATION.—The Sunday Schools of this place, purpose holding a grand celebration and Harvest Home, near the town, on Saturday, Sept. 2. A committee, to select the grove, has already been appointed. Eminent speakers will deliver the addresses. The music will be furnished by at least two brass bands and a string band. It is expected the Sunbury & Lewistown R. R. will run at excursion rates during said week, Including Saturday of the Celebration, it being court week at Lewistown. The managers will spare no pains to make this celebration a grand Success.

R. F. Kunkel's Bitter Wine Of Iron

R. F. Kunkel's celebrated Bitter Wine of Iron will effectually cure liver complaint, jaundice, dyspepsia, chronic diarrhœa, disease of the kidneys, and all diseases arising from a disordered liver, stomach or intestines such as consumption flatulence, inward piles fullness of blood to the head, acidity of the stomach, nausea, heartburn disgust for food, fullness of weight in the stomach sore eructations sinking or fluttering at the pit of the stomach, swimming of the head, hurried or difficult breathing, fluttering at the heart choaking suffocating sensations when in a lying posture, dimness of vision dots or webs before the sight, dull pain in the head deficiency of perspiration yellowness of the skin and eyes, pain in the side, back, head, chest, limbs, etc., sudden flushes of great burning in the flesh, constant imaginings of evil and great depressions of spirits. Price $1 per bottle. Beware of counterfeits Do not let your druggist palm off some other preparation of iron he may say it is as good but ask for Kunkel's Bitter Wine of Iron. Take no other. Kunkel's Bitter Wine of Iron is not sold in bulk—only in $1 bottles. R. F. Kunkel, Proprietor, No. 259 North Ninth Street, Philadelphia, Pa.

Sold by all druggists and dealers everywhere.

Tape Worm Removed Alive

Head and all complete in two hours. No fee till head passes. Scat Pin and Stomach Worms removed by Dr KUNKEL, 259 North Ninth St., Philadelphia, Pa. Send for circular. For removing Scat, Pin or Stomach Worms, call on your druggist and ask for a bottle of Kunkel's Worm syrup, price $1. It never fails. Common sense teaches if Tape Worm be removed, all other worms can be readily distroyed.

A CARD TO THE AMERICAN PUBLIC.—For many years we have made two medicines suited to the ailments of a yeast class of sufferers. Thousands of cures have been made by them, and, in fact, the word failure could never be coupled with them. But within the last two years counterfeits of our medicines have sprung up, dangerous in their close imitation of our Trade Mark. To secure the people we have placed upon each genuine box of Holloway's Pills and Holloway's Ointment the fac-similie of the signature of our Agent, Mr. Jos. Haydock. To counterfeit this is felony. We shall relentlessly pursue any one who imitates this with the utmost vigor of the law. We most earnestly beg that the great mass of the American people will aid us in our efforts to protect their health, and help us in our task of bringing those most unprincipled men to the bar of justice. Uniformly refuse to purchase Medicines purporting to be ours unless Mr. Jos. Haydock's signature is attached to each Box of Pills or Pot of Ointment and the end will soon be reached.

The public's obedient servants,
HOLLOWAY & CO.

MARRIED.

On the 6th inst., by Rev. J. Wetrick, Mr. Geo. O. Peters of Franklin and Miss S. J. Yeager, of Adamsburg.

On the 31 inst., by A. G. Hornberger, Esq., Mr. John Knause and Mrs. Mary A. Rumberger, both of Juniata county.

On the 27th ult., at the residence of the bride's brother, by Rev. W. Donat, W. W. READING, to Miss Mary L. SHOWERS, both this county.

DIED.

On the 30th ult., in this place, Mrs. Elizabeth Bachman aged 87 years. She was the mother of Israel Bachman, an esteemed citizen of this Borough, and of Mrs. Frale one of our excellent neighbors. Her advanced age and aggravated sickness made constant care necessary. The Rev. Wetrick preached an able funeral discourse from the 90 Psalm, 12 verse.

On the 26th ult., in Perry township, Lizzie Barge, aged 21 years, 3 months and 26 days.

In this Place on the 27th ult., Henry Herbert Infant Son of T. J. and Lizzie B. Smith. Aged 5 months and 5 days.

Only Remedy for Hard Times.

Change Your Surroundings.

All wanting FRUIT FARMS, especially adapted to the growth of the VINE, where it is an established success and pays LARGE PROFIT. The land is also adapted to the growth of Peaches, Pears, Apples and small fruits; also, Grain, Grass, and Vegetables.

Many hundreds of excellent VINEYARDS, ORCHARDS and FARMS, can now be seen.

THE LOCATION is only 24 miles south of Philadelphia, by Railroad, in a mild, delightful climate, and at the very doors of the New York and Philadelphia Markets. Another Railroad runs direct to New York.

THE PLACE is already Large, Successful and Prosperous. Churches, Schools and other privileges are already established. Also, manufactories of Shoes, Clothing, Glass, Straw Goods and other things, at which different members of a family can procure employment.

It has been a HEALTHY RESORT for some years past for people suffering from pulmonary affections, Asthma, Catarrh, Ague, and debility; many thousands have entirely recovered.

A new Brick Hotel has just been completed, 100 feet front, with back buildings, four stories high, including French roof, and all modern improvements for the accommodation of visitors.

Price of FARM LAND $25.00 per Acre, payable by installments, within the period of four years. In this climate planted out to vines, 20 acres of land will count fully as much as 100 acres further north.

Persons unacquainted with Fruit Growing, can become familiar with it in a short time on account of surroundings.

Five Acres One Acre, and Town Lots in the towns of Landisville and Vineland, also for sale.

Whilst visiting the Centennial Exhibition, Vineland can be visited at small expense.

A paper containing full information, will be sent upon application to CHARLES K. LANDIS, Vineland, N. J., free of cost.

The following is an extract from a description of Vineland, published in the New York Tribune, by the well known Agriculturist, Solon Robinson:

All the farmers were of the "well to do" sort, and some of them, who have turned their attention to fruits and market gardening, have grown rich. The soil is loam, varying from sandy to clayey, and surface gently undulating, intersected with small streams and occasional wet meadows, in which deposits of peat or muck are stored, sufficient to fertilize the whole upland surface after it has been exhausted of its natural fertility.

It is certainly one of the most extensive fertile tracts, in an almost level position, and sensible condition for pleasant farming, that we know of this side of the Western prairies. We found some of the oldest farms apparently just as profitably productive as when first cleared of forest fifty or a hundred years ago.

The geologist would soon discover the cause of this continued fertility. The whole country is a marine deposit, and all through the soil we found evidences of calureous substances, generally in the form of indurated calcareous marl, showing many distinct forms of ancient shells, of the tertiary formation; and this marly substance is scattered all through the soil, in a very comminuted form, and in the exact condition most easily assimilated by such plants as the former desires to cultivate. Aug.3,'76.

SAMUEL BOWEN,
July 15 '75-tf.) Middleburg, Snyder Co. P

Manhood: How Lost, How Restored!

Just published, a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical cure (without medicine) of Spermatorrhœa or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy and Fits, induced by self-indulgence or sexual extravagence &c.

☞Price, in a sealed envelope, only six cents.

The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

☞This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any adress, post paid, on receipt of six cents or two post stamps.
