# THE POST.

**Middleburg, Nov. 2, 1876.**

## Local News, &c.

—All communications, business letters &c., for this office, to secure prompt attention should be addressed as follows: THE POST, Middleburg, Snyder County, Pa. Advertisements, communications &c. must be handed in by Monday noon, to secure insertion in next issue

SNYDER COUNTY COURTS.—The Courts of Snyder County are held on the fourth Mondays of February, May, and September, and second Monday of December.

## GRAND MASS MEETINGS.

There will be a grand Hayes and Wheeler Mass Meeting at

*MIDDLEBURG, Friday, Nov. 3,* 1876 in the afternoon.

Gen. W. H. McCARTNEY, of Wilkesbarre,
" JAS. W. LATTA, of Harrisburg

and others will be present to address the meeting.

AT SELINSGROVE, Saturday, Nov. 4, 1876 in the afternoon,

Gen. Wm. H. JASSUP, of Montrose,

and others will address the meeting.

Let there be a grand rally from every district of the county. Let all without party distinction come and hear the political issues of the campaign fairly and ably discussed.

JAS. MIDDLESWARTH, Ch. Co. Com.
C. F. MOYER, Sec.

The thanksgiving proclamation will sound the death-knell of thousands of expectant turkeys.

A vote deposited in the ballot-box for the Republican ticket is better than a dozen broken promises.

The season is advancing, but old straw hats may yet serve a good purpose. Bet them on the election.

On Monday next. Mrs. F. E. Bower and George A. Snyder will open the schools of this Borough. They are excellent teachers, experienced and properly qualified.

**Vote for Thad. M. Mahon, for Congress. Maj- Mahon is honest, capable, and should be elected.**

John Barbin, George Zortman and Benton his son, all of Ohio, formerly residents of this place are here visiting their friends and acquaintances. They are all looking well and have accumulated comfortable homes and estates in their adopted State. They are sound Hayes men.

*Vote for Benjamin F. Wagenseller, for Senator. He will receive the support of both parties in this county.*

Our friend Wm. Reichley will again take charge of the Renninger school. He is ranked among the best teachers in the county. If the township School Board don't soon make a change he will claim the school house and all "by right of peaceable possession for twenty-one years."

*Vote for Charles Miller, for Assembly. He is the laborers friend,*

Charles Webster, aged 64 years, was found dead a few days ago in the ditch alongside the road near Thompsontown, Juniata Co. The deceased had a deep gash back of his left ear and there were other indications of foul play. No valuables were found upon his person, and the examination of the coroner's jury elicited no facts to explain the old man's death.

*Vote for James. M. Vanzant, for Register and Recorder, Mr. Vanzant has proven to be one of the best officers we ever had in this county.*

RESPONSIBILITY OF RELATIVES.—Here is a fact not generally known: An act of the legislature of Pennsylvania, passed June 13, 1876, says: "The father and grandfather, and the mother and grandmother, and the children and grandchildren, of every poor person unable to work, shall at their own charge, being of sufficient ability, relieve and maintain such person at such a rate as the Quarter Sessions of the county where such poor person resides shall order and direct." This, it will be seen, makes, children and grandchildren responsible for the support of their parents and grandparents, if the latter are unable to maintain themselves; while it makes parents and grandparents liable for the support of their children and grandchildren, in case the latter are destitute and unable to work for a living.

*Vote for John H. Arnold for District Attorney. Mr. A. will make a competent and Faithful Officer.*

CHEERFULNESS.—Cultivate a sunny disposition under all circumstances and conditions of life. Cheerfulness is the flower of happiness and fruit of contentment. With profuse abundance gather it and place it in your storehouse of thought that it may always be there ready for use and in use all the time. Its magical power will disarm and destroy three-fourths at least of all the annoyances which ever stand ready to vex whenever it pleases the disposition to recognize and encourage them. The practice of constant cheerfulness is medicine to the body, and nourishment to the mind. Its value is of great price, and yet the possession of it is within the means of every one. It cannot be made a monopoly. *It is free* to all. Possessed of such merit, obtainable on such easy conditions, the wonder is that there should be occasion to lament the lack of it anywhere. Where unfortunately it is not, it proves very conclusively a valuable privilege is being wasted—a waste no one can afford, taking into account what is best for their well being.—Ex.

*Vote for Samuel F. Sheary for Jury Commissioner.*

Remember on Tuesday is election day. Every Republican should vote,

There will be two tickets or slips to be voted for the coming election, one containing Presidential electors and the other the county ticket, embracing Congress, Senator, Members of Assembly, Prothonotary, Register & Recorder, District Attorney and Jury Commissioner.

EXCURSION.—Anticipating the desire of the people of Snyder county to participate in the closing exercises of the Centennial Exhibition, as well as to witness the grand display of Fireworks on the 9th November. The Penn'a. R. R. Co. will run a special train on the 8th to Philadelphia. Tickets good for Ten (10) days. From Stations between Selinsgrove and Beavertown—Four ($4) Dollars—From Stations between Adamsburg and Maitland inclusive Three Dollars and Seventy-Five Cents ($3.75). Persons wishing to avail themselves of the opportunity should at once make known their intention of going so that a necessary number of cars can be secured.

### Recipes.

*A Good Cake Recipe.*—Three cups of sugar, 1 of butter; beat together, and the yolks of seven eggs well beaten; add 1 cup of sweet milk, 4½ cups of flour, the whites of the seven eggs, beat to a froth, 2½ teaspoonfuls of yeast powder; flavor to suit the taste. This makes nice large cakes.

*Recipe for Gingerbread.*—One cup of molasses, 1 egg, 4 tablespoonfuls of boiling water, 3 tablespoonfuls of butter, 1 teaspoonful of ginger, 1 teaspoonful of saleratus, a little salt, 3 teacupfuls of flour.

*Cure for Gapes.*—A poultry raiser says: I have tried several remedies for gapes, but have found none so effectual as assafoetida. Put a few grains into the watering-trough, and let the chickens have no other water and they will not be troubled with gapes. I have found it to be a preventive as well as a cure.

FALL PLANTING.—Fruit bearing trees, shrubs, vines and brambles may be transplanted in the fall; and very often under more favorable conditions and with better prospects of success, than if set out in the spring. There are some well known objections raised against fall planting, especially of fruit trees, such as the long exposure to the swaying of the winds before growth commences. But the injury or displacement of the roots from swaying at the tops amounts to little, compared to the many striking advantages gained in planting at a season of the year when there is comparative leisure, when the ground is usually dry and in a good condition, and when the necessary preparatory stirring of the soil can be made without any extra expense. These are points that tell in the growth and productiveness of fruit trees, either in the garden or the orchard. If planted in the fall, the soil settles closely around the roots and fibers by the time the spring opens, and an earlier growth is started than with spring setting, which is often pushed back until the season is well advanced from causes over which the planter has no control. The spring may be backward enough to hinder planting of trees in a way in which they should be set out to insure success. All other things being equal, there is no doubt that spring would be the better time to plant trees. But this does not often happen to be the case, as every practical fruit grower well knows. It is therefore wise to transplant in the fall, if the trees and the ground are in readiness.

THE COLOSSAL BRONZE STATUE OF VICTORY which stands in the Park, at Lowell, before the tomb of the first soldiers that fell in the revolution, is a lasting and beautiful tribute of art. It is one of the first objects sought by the strangers visiting our sister city, which indeed many visit purposely to see this elegant object of high art. It was obtained from the King of Bavaria by Dr. J. C. Ayer, to whom his majesty was especially gracious in acknowledgment of what his remedies are reputed to have done for the suffering sick. It was donated by the Doctor to the city of Lowell as a permanent and speaking emblem of the victories both of Science and Arms.—HAGERSTOWN (MD.) PRESS.

THE PREMIUM ENGRAVING, issued by "Peterson's Magazine" for 1877 is of rare value, and ought to be in every household in the land. It is not one of the cheap colored lithographs, with which the country is flooded, but a first-class line and stipple engraving, executed in the highest style of art. Size 27 inches by 20, expressly engraved for "Peterson's Magazine." The picture represents that proudest event in our national history, the "SURRENDER OF CORNWALLIS". It is full of authentic portraits—Washington, Rochambeau, Lincoln, Knox, O'Hara, Lauzun, etc., etc.—and on that account is invaluable. It is really one of the gratest of historical pictures. Any person may get this valuable historical picture, gratis, by raising a club for "Peterson" for 1877, or by remitting $2.00 for it and the Magazine the magazine alone being two dollars. This is a rare chance. Specimens of the magazine sent gratis to those wishing to get up clubs. Address CHAS. J. PETERSON, 306 Chestnut Street, Philadelphia, Pa.

WONDERFUL SUCCESS.—It is reported that BOERHAVE'S GERMAN SYRUP has, since its introduction in the United States, reached the immense sale of 40,000 dozen per year. Over 6,000 Druggists have ordered this medicine direct from the Factory, at Woodbury, N. J., and not one has reported a single failure, but every letter speaks of its astonishing success in curing severe Coughs, Colds settled on the Breast Consumption, or any diseases of the throat and Lungs. We advise any person that has any predisposition to weak Lungs, to go to their Druggist John A. Monis, and get this Medicine, or inquire about it. Regular size, 75 cents; Sample bottle, 10 cents. Two doses will relieve any case. Don't neglect your cough.

There roses have done blowing for this year but the noses will take it up where the roses left off, as soon as the first frost comes.

A CARD TO THE AMERICAN PUBLIC.—For many years we have made two medicines suited to the ailments of a vast class of sufferers. Thousands of cures have been made by them, and, in fact, the word failure could never be coupled with them. But within the last two years counterfeits of our medicines have sprung up, dangerous in their close imitation of our Trade Mark. To secure the people we have placed upon each genuine box of Holloway's Pills and Holloway's Ointment the fac similie of the signature of our Agent, Mr. Jos. Haydock. To counterfeit this is felony. We shall relentlessly pursue any one who imitates this with the utmost vigor of the law. We most earnestly beg that the great mass of the American people will aid us in our efforts to protect their health, and help us in our task of bringing those most unprincipled men to the bar of justice. Uniformly refuse to purchase Medicines purporting to be ours unless Mr. Jos. Haydock's signature is attached to each Box of Pills or Pot of Ointment and the end will soon be reached.

The public's obedient servants,
HOLLOWAY & CO.

A paper containing full information will be sent upon application to CHARLES K. LANDIS, Vineland, N. J., free of cost.

The following is an extract from a description of Vineland, published in the New York Tribune, by the well known Agriculturist, Solon Robinson:

All the farmers were of the "will to do" sort, and some of them, who have turned their attention to fruits and market gardening, have grown rich. The soil is loam, varying from sandy to clayey, and surface gently undulating, intersected with small streams and occasional wet meadows, in which deposits of peat or muck are found, sufficient to fertilize the whole upland surface, after it has been exhausted of its natural fertility.

It is certainly one of the most extensive fertile tracts, in an almost level position, and suitable condition for pleasant farming, that we know of this side of the Western prairies. We found some of the oldest farms apparently just at profitably productive as when first cleared of forest fifty or a hundred years ago.

The geologist would soon discover the cause of this continued fertility. The whole country is a marine deposit, and all through the soil we found evidences of calcareous substances, generally in the form of indurated calcareous marl, showing many distinct forms of ancient shells, of the tertiary formation; and this nearly stimulance is scattered all through the soil, in a very comminuted form, and in the exact condition most easily assimilated by such plants as the former desires to cultivate. and are the only organs assigned this rank. Their superiority is thus declared, not in one or two respects only, but in all the important qualities of an organ. A Medal and Diploma have also been awarded them, but medals of equal value were awarded all articles deemed worthy of recognition, so that many makers can advertise "first medals" or "highest awards."

Comparative rank in excellence, has been determined by the Judges' Reports alone, in which the MASON & HAMLIN ORGANS are Unanimously assigned "The First Rank in the several requisites" of such instruments, and are the only ones assigned this rank. See Judges' Reports. This result was not unexpected, for these organs have Uniformly taken the highest awards in such competitions; there being less than six exceptions of hundreds of comparisons. They were awarded first medals and highest honors at Paris 1867 Vienna 1873, Santiago 1875, Philadelphia 1876; having thus been awarded highest honors at Every World's Exhibition at which they have competed, and being the only American organ which ever obtained any award in Europe.

NEW STYLES, with improvements exhibited at the Centennial; elegant new cases in great variety. Prices very lowest consistent with best material and workmanship. Organs sold for cash or installments, or rented until rent pays. Every organ warranted to give entire satisfaction to every reasonable purchaser or the money returned. Illustrated Catalogues sent free.

## RUPTURE

Patients cured 30 years ago remain sound.

DR. J. A. SHERMAN'S successful treatment of Rupture has induced unprincipled persons to advertise the elastic trusses as a certain cure; Knowing them to be but an imperfect support. Thousands of victims are to day suffering through the Elastic Truss delusion.

It is worn tight around the body it wastes away the muscles, interrupts the circulation and predisposes to paralysis; besides, the strap between the legs drags the great ball of wood upon the intestine, spermatic cords and Pelvis Bone in a manner to produce impotency with its horrors. Indeed the legion of trusses with their gripping pressure on the spine, abdomen and delicate parts adjacent to Rupture, sooner or latter cause kidney and bladder affections; destroy manhood, making the young old and the old useless, until life settles into frightful apathy. The afflicted should think seriously of the subject and act in accordance with the dictates of reason,

*DR. SHERMAN'S*

*Treatment is Practical, Rational*

and Economical; its object is immediate relief and eventual cure. It is based upon scientific principles and easily demonstrated to the comprehension of every intelligent person. Though he does not use a truss he uses a support infinitely superior which keeps everything in proper position while the Curative Compound applied daily by the patient, excites healthy action, adhesion and cure. Besides this treatment does not interfere with labor or exercise on horseback or otherwise, and affords security against inflamed and strangulated rupture.

The afflicted are coming from all parts of the country. Terms moderate, depending upon the case. Persons from the country can receive treatment and leave for home on the same day. Send 10 cents for Dr. Sherman's Book thereon of bad cases before and after cure. References given to gentlemen who have been cured. Office No. 1 Astor Street New York. Beware of the fellow calling himself Dr. W. O. Crompton and using Dr. Sherman's name in his advertisement to decoy the afflicted. Rate This advertisement.
