Local News, &c.

—All communications, business letters &c., for this office, to secure prompt attention should be addressed as follows: THE POST, Middleburg, Snyder County, Pa. Advertisements, communications &c. must be handed in by Monday noon, to secure insertion in next issue

March came in like a lamb; will it go out like a lion?

Soldiers who have lost an arm or a leg are now entitled to a pension of $67 per month.

The ladies will be rejoiced to know that there are seventy-two styles of Spring hats to choose from, and yet many of them will fail to be suited.

Col. J. C. Eyer, of Selinsgrove, it is said, is perhaps the heaviest loser in the Shamokin bank failures, his loss being $7,000.

Blue birds have been whistling cheerily during the past week, telling a tale of spring, but the story needs confirmation by the "peewee" before it will be generally believed.

It is necessary that Justices of the Peace who were elected on the 20th, ult., must file an acceptance in the Prothonotary's office within thirty days from the election.

Subscribers intending to change their residence this spring will please send us their new address together with old one in order that we can make the necessary change on our subscription book.

The reports in regard to fruit prospects in this State are encouraging in some respects and the opposite in others. The apple and pear trees are all right, but the wonderful yield of last year cannot be expected this year. In many places the frost has damaged the peach and cherry trees.

Representative Engelbert, of Daughin county, has introduced a bill in the House providing for the infliction of a fine of $25 on minors for obtaining liquors by representing to the seller that they are of age. The bill also provides for an imprisonment of the offender, not exceeding three months, if the court should deem such action necessary.

The Legislature last winter, by an act approved March 31, 1876, fixed the time for the annual meeting of the Auditors of the several townships and boroughs to settle accounts, on the second Monday in April. It was formerly fixed on the first Monday in June. These accounts are required by law to be published under a severe penalty for neglect.

Sewing Machines &c.—Charles C. Seebold, of this place, the popular agent for the White Shuttle Sewing Machine, one of the best and cheapest machines sold, is also, agent for attachments, such as rufflers, tuckers, hemmers, also, needles, oil, for all leading Sewing machines, and which can be had at a small advance of cost.

The first of April occurring on Sunday this year, will doubtless be rather a hard matter to observe the day as strictly as it should be, from the fact that the moving of this, that and the other articles must be planned, whether the 'right side' be up, or if hauled or carried, while those who have been fortunate enough to get moved on Saturday, will find it next to impossible to keep hands off under the pretext 'only to set things straight.'

SHARP TRICK.—We learn that a few weeks ago a gentleman from Centre twp., sold a horse to a man at Selinsgrove, and the day following the sale he hired one of his trusted friends to deliver it at Selinsgrove to the man who had bought it. The horse was taken to the above mentioned place, by his neighbor, the money received, but instead of going home and returning the money to the rightful owner, he crossed the river at Selinsgrove, went to Sunbury, got a new suit of clothing a railroad ticket, and then left for parts unknown. It is now said that that Centre township farmer, can be seen early, very early, in the morning, standing upon the top of his barn roof looking in every direction, to see that honest neighbor and his "spondulix."

DIPHTHERIA AND ITS CURE.—Dr. Chenery, of Boston, announces that hyposulphite of soda furnishes a sure specific remedy against diphtheria. He uses it in his own practice, and reports more than one hundred and fifty cases of successful treatment. A dose of this hyposulphite is from five to fifteen grains or more in syrup every two or three hours, according to the age and circumstances of the patient. Purging is the only evil which an overdose can produce, hence as much as the patient can bear without producing that result is a good rule in the severer cases. The solution or mixture can be used in doses of five drops to half a drachm in milk. For thorough stimulation the the amount is greater than can be taken in water. Dr. Chenery usually gives the specific in such doses as can be readily taken in milk, using milk besides as food for children. It is said, however, that hyposulphite prevents the digestion of milk, and therefore the latter should not be given in less than one hour after administering the medicine.

The following is also said to be a certain cure, and if so, is within the reach of all; Take ordinary garden sage, make a strong tea, put it in an ordinary tea pot and let the patient inhale the steam through the spout. By this process relief is soon obtained, and in a short time the patient is restored to health. So say those who have given it a trial.

GEORGE KERSTETTER, and old gentleman, between 70 and 74 years of age living back of Treverton, was at home with his wife on Sunday evening Feb. 25th when about dark a man disguised in female apparel and wearing a mask entered Mr. K's house and presenting a revolver demanded Mr. Kerstetter's money. The old gentleman had a cane in his hand and with this he dealt the robber a blow, knocking the revolver out of his hand and stunning the villain. A scuffle ensued, during which Mrs. Kerstetter ran out and screamed for help. Outside the house she was met by another robber, also attired in woman's clothing and masked. This man took hold of Mrs. Kerstetter and commanded her to go back and keep quiet, as they did not intend to harm her. In the meanwhile the old gentleman had been severely beaten and kicked, and was so badly used up that he was almost senseless. The old couple having been overpowered the robbers proceeded to rifle Mr. Kerstetter's pockets and also sear hed the premises for money. All they obtained was less than two dollars.

The robbers it is supposed made a mistake in going to Geo. Kerstetter's house. Leonard Kerstetter was reported to have received five hundred dollars lately, and it is thought that he was the man they were after.

A man by the name of Jacob Long, residing at Shamokin, has been arrested as one of the persons who committed the outrage.—*Sunbury Times.*

Capitol Letter.

HARRISBURG, Mar. 9, 1877.

The past has been a week of not very active but nevertheless of important legislation. Most of the Republican members took advantage of the Sunday recess to visit Washington and participate in the inauguration of President Hayes. Returning to the session of Tuesday morning the business was at once entered upon rapidly and as among the most important legislation the appropriation bills take the precedence and they are being pushed through with all possible speed.

FINAL ADJOURNMENT.

A joint resolution has been passed by both houses fixing Friday March 23rd, as the end of this session and providing for a regular adjourned session to be held next year. It was hoped that as soon as the day of adjournment had been determinded upon that all filibustering would be dispensed with and the work of legislation would progress without interruption and this is the disposition of the republican side of the house, but the democrats seem to have adopted the policy of retarding business as much as possible and the liberal rules of the house puts it in the power of even the minority to call the yeas and nays upon every trifling pretext and introduce motions and resolutions of a frivolous character in order to prevent the regular proceedings. The object on the part of the democracy is to prevent as much work as possible and then arraign the majority in the next campaign for doing nothing and thus try to bring the republican legislature in as great odium as that of the previous two years.

NEW TAX BILL.

This bill passed the House finally after a bitter fight this week and it is one of the most important general bills that will be brought before the legislature. The system of taXing corporations for state purposes heretofore has been to leavy taX upon dividends or net profits. In consequence of the crisis the dividends have been so reduced that this important source of revenue to the state has dwindled to almost nothing. For illustration we will take the Phila. & Reading Railroad company which formerly paid into the state treasury about $3oo,ooo but last year only returned $5o,ooo and its return next year would be simply nominal. The state taX upon land having been taken off some years ago it was evident that we should have to return to the old taX or divise some other means of securing money from corporations and so this bill was devised and introduced by Mr. Hahn, of Phila., it provides for the assessment of taX upon gross receipts instead of dividends, and will yield, about $15o,ooo more to the State treasury than was estimated last year. Its passage in the face of the combined opposition of the railroad monopolies speaks well for the integrity of the legislators.

USURY BILL AND NEW COUNTY.

These are both important bills. The former as originally drawn provided the penalty of forfiture of entire principal and interest for the taking of usury. The bill finally passed on Wednesday after striking out the forfeiture of principal features and in this shape it may succeed in its final passage on third reading though the prospect is not very flattering. The new county bill has not yet been reached on second reading and, in consequence of the limited time of the present session and the amount of opposition that is likely to be developed in regard to it, there is no probability that it will be enacted into a law even if it would not be killed if it came to a vote. The local option bill will also probably fall for this session for the same reason. The opposition will filibuster by discussion and the introduction of dilatory amendments until it is too late for action.

SUDDEN CHANGES.—This is the season of the year when persons should be careful in dress in such a manner as to feel no effects of the sudden changes which take place in the fickle March weather as much as possible. The afternoon may be as bland, warm and beautiful as a day in May, we retire with a pleasant atmosphere around us, only to wake up a few hours later and find that the mercury has taken a sudden drop below the freezing point. This is the time to take care of yourself. The thickest underclothing are not too heavy at this season of the year, and if you lay off any of the clothing which you have been accustomed to wear in winter, you invite disease and death.

FALSE IMPRESSION.—It is generally supposed by a certain class of cliticens, who are not practical or experienced, that Dyspepsia can not invariably be cured, but we are pleased to say that GREEN'S AUGUST FLOWER has never to our knowledge, failed to cure Dyspepsia and Liver Complaint in all its forms such as Sour Stomach, Constipation, Sick Headache, palpitation of the Heart, low spirits, &c., &c. Out of 30,000 dozen bottles sold last year, not a single failure was reported, but thousands of complimentary letters received from druggists of wonderful cures. Three doses will relieve any case. Try it. Sample Bottles 10 cents. Regular Size 75 cents. For sale by John A. Moatz Oct. 5, '76.

White, smooth and soft any lady's hands arms or neck may become, who uses Glenn's Sulphur Soap.
