It has been a REALIZING RESORT for many years past for people suffering from pulmonary affections, Asthma, Catarrh, Ague, and debility; many thousands have entirely recovered.

A new Brick Hotel has just been completed, 100 feet front, with back buildings, four stories high, including French roof, and all modern improvements for the accommodation of visitors.

Price of FARM LAND $25 per Acre, payable by instalments, within the period of four years. In this delightful climate, 50 acres of land will count fully as much as 100 acres further north.

Persons unacquainted with Fruit Growing, can become familiar with it in a short time on account of surroundings.

Five Acres One Acre, and Town Lots in the towns of Lamprille and Vineland, also for sale.

Whilst visiting the Centennial Exhibition, Vineland can be visited at small expense.

A paper containing full information will be sent upon application to CHARLES K. LANDIS, Vineland, N. J., free of cost.

The following is an extract from a description of Vineland, published in the New York Tribune, by the well known Agriculturist, Solon Robinson:

All the farmers were of the "melt to do" sort, and some of them, who have turned their attention to fruits and market gardening, have grown rich. The soil is loam, varying from sandy to clayey, and surface gently undulating. Interspersed with small streams and occasional wet meadows, in which deposits of peat or muck are found, sufficient to fertilize the whole upland surface after it has been exhausted of its natural fertility.

It is certainly one of the most extensive fertile tracts, in an almost level position, and suitable condition for pleasant farming, that we know of this side of the Western prairies. We found some of the oldest farms apparently just as profitably productive as when first cleared of forest fifty or a hundred years ago.

The geologist would soon discover the cause of its continued fertility. The whole country is a marine deposit, and all through the soil we found evidences of calcareous substances, generally in the form of fodurated calcareous marl, showing many distinct forms of ancient shells of the tertiary formation; and this marly substance is scattered all through the soil, in a very comminuted form, and is the chief ingredient in most easily assimilated by such plants as the former desires to cultivate

Manhood: How Lost, How Restored!

Just published, a new edition of Dr. CULVERWELL'S CELEBRATED ESSAY on the radical cure (without medicine) of SPERMATORRHŒA or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy, and Fits, induced by self-indulgence or sexual extravagance, &c.

☞ Price, in a sealed envelope, only six cents.

The celebrated author, in this Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and *radically*.

☞ This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any address, *post paid*, on receipt of SIX cents or two postage stamps.

Ayer's Sarsaparilla

For Scrofula, and all scrofulous diseases, Erysipelas, Rose or St. Anthony's Fire, Eruptions and Eruptive diseases of the skin, Ulcerations of the Liver, Stomach, Kidneys, Lungs, Pimples, Pustules, Boils, Blotches, Tumors, Tetter, Salt Rheum, Scald Head, Ringworm, Ulcers, Sores, Rheumatism, Neuralgia, Pain in the Bones, Side and Head, Female Weakness, Sterility, Leucorrhœa, arising from internal ulceration, and uterine disease, Syphilitic and Mercurial diseases, Dropsy, Dyspepsia, Emaciation, General Debility, and for Purifying the Blood.

This Sarsaparilla is a combination of vegetable alteratives—Stillingia, Mandrake, Yellow Dock—with the Iodides of Potassium and Iron, and is the most efficacious medicine yet known for the diseases it is intended to cure.

Its ingredients are so skilfully combined that the full alterative effect of each is assured, and while it is so mild as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome diseases.

The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it proves their experience of its usefulness.

Certificates attesting its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alterative medicine. So generally is its superiority to any other medicine known that we need do no more than to assure the public that the best qualities it has ever possessed are strictly maintained.

Pen Picture of President Hayes.

A strong, well-built man of model size and form, good-looking, healthy, hearty, and cheerful; a full, sandy beard slightly touched with silver streaks; a full face, ruddy and glowing with health; no crow's feet, no furrows; a well-shaped mouth, good teeth; two large, open, blue eyes of kindly expression; a smile on his lips; a high, broad, clear forehead; a voice deep, strong, and sonorous; large, shapely limbs; a full breast; quick but not nervous of movement; moderately quick in it not rapid of speech; a good listener, calm, cool, dispassionate, anything but radical; never curt, short, or sharp; always affable, kind and candid, with no secrets to whisper, no plots to promote, no tricks to explain; open as the day, firm as a rock; pure as a woman, with no bad habits, whether of tobacco, whiskey, or anything else; pure and plain of speech, popular among all classes, without affectation, mock dignity, or the least suspicion of demagoguery; wearing the same face for all, speaking the same language to all, bearing himself with dignity and modest reserve; regular in his hours, happy to his family relations as man can be, strong in the affections of the people. Such is General Hayes the President of the United States. No man was ever so fortunate. He has not a single personal enemy in Ohio, a fact true perhaps of no other prominent politican in Ohio. In all his long public career as Congressman, General in the army, Governor three terms, there is nothing mysterious to explain and no charge has ever been made against him of any kind whatsoever. It is doubtful if any man living is less open to criticism or reproach. Even the Democratic members of the General Assembly, at the end of this protracted campaign, speak well of him. They have known him familiarly from boyhood, know the minute particulars of his private and public history, and join with one accord in awarding him the compliment of their unanimous endorsement and approval.

TEN THOUSAND AMERICAN PLOWS FOR RUSSIA.—The *American Agriculturist* for March 1st says: One of the most noticeable of recent occurrances is the purchase of ten thousand American plows by the Russian Government, for distribution among the farmers of Russia. There is more in this than would seem to be at first sight. It is certainly a great compliment as well as a valuable acknowledgement of merit to American agricultural implement makers, but it implies that the competition of American farmers in the European grain trade has touched what has been considered an invulnerable spot. The wheat growers of south Russia supply what is known as the the Black Sea trade, and being much nearer to the market than we are, their wheat has had a great advantage over ours. But American wheat has displaced the Russian wheat, to a considerable extent, in the English market and the Russian farmers have now to exert themselves to hold every portion of that trade. Hence it is determined to try the plow that we are using, with a view to produce wheat more cheaply than hitherto. But there is something else needed. The man that holds the plow is of more account than the plow, and there are no farmers in the world who are more inteligent or more skillful than American farmers. But we cannot afford to rest upon what we have gained. The important fact here noticed shows that our competitors are by no means idle, and intend to improve their methods of work as far as possible. We must meet their improvements by others of our own.

How He Found a Friend.

A relative of the well known comedian, William J. Florence, tells the following: Many years ago, while Florence was under an engagement at the Winter Garden Theatre, New York, he invited a friend to dinner at a Broadway restaurant. Both were hungry and they ordered a plentiful supply of food. When their appetites were satisfied, Florence called for the bill, and to his utter dismay discovered that he had no money. In changing his clothing in the morning, he neglected to take the money from his discarded pantaloons. He told the friend of the fix he was in, and asked him for a loan. Mortified and chagrined, he answered that all he had was just sufficient to pay his fare home. Then the actor called the restaurant keeper and told him the truth about the money. The quickly excited man raved and stormed at Florence, saying that he had resolved not to be swindled by any one, and that he should send for the police.

At this time a short, stout old gentlemen stepped up to the proprietor, and firmly said:

"How dare you speak to a gentleman in the way you have done? His mistake is a perfectly natural one, and such as might occur to any man. I am ashamed of you! I'll dine no more in your house, nor permit my friends to do so in the future. Here take this!" and the old gentlemen took a fifty dollar note from a fat wallet and handed it to the discomfited landlord, saying: "Deduct the amount of the young man's bill and return me the change."

The proprietor's apologies were unheeded. He handed the old gentlemen $47.50, and again essayed apologies.

When in the street Florence handed his benefactor his professional card and address, adding that he should certainly reimburse him. The old gentleman's indignation quickly passed away, and beginning to smile he said:

"That's all right, young man; I've been trying to pass that counterfeit bank note all day."

Itching Piles

Are generally produced by a sedentary, life sustaining habit, first causing itching, then protrusion, after which moisture or blood appears, then intense suffering, particularly at night when undressing, or in bed; after scratching awhile, often times shocking. They are purely vegetable, and act specially on their liver as Blue Mass or Calomel, without any bad results from taking.

TO THE SICK.

A great many are now suffering with colds, coughs, and other ailments, which if not promptly attended to may result in an incurable disease. For all diseases of the throat, breast and lungs, bronchitis or asthmatic affections,

Dr. Swayne's Compound Syrup of Wild Cherry

It promotes expectoration, removes all diseased matter when obstructed by colds, the ulceration is healed, and the system is restored to perfect health. If the bowels are costive, or liver disordered, take at first two doses of Swayne's Tar and Sarsaparilla Pills, which will evacuate the bowels, and is of more importance, relieve the congested liver, and remove all biliousness. Then follow with Swayne's Wild Cherry Syrup, and health, strength and happiness is sure to be the result. These valuable medicines

Is Your Hair Falling

OR TURNING GRAY!

If So Do Not Fail To Use

LONDON HAIR COLOR RESTORER

The Great Reputation

Which it has attained and the large number of testimonials which are constantly being received are conclusive proof of its great value.

Proof Positive—A New Suit of Hair. Natural Color and Beauty Restored.

Dr. Swayne & Son—Some six years ago, I began to loose my hair, and continued, to do so until the scalp became as bare as the palm of my hand, troubled also with a disagreeable fever, great heat and dandruff, small pimples would form, quite sore to the touch, and on the inferior portion of the hair, on the side and back of the head, became quite gray. After using numbers of Restoratives, (so called), with no success, and my head nearly destitute of hair, I finally commenced using the

"London Hair Color Restorer and Dressing."

Now, through its use, candor and justice compel me to say to all that I now possess a new and beautiful growth of hair, completely restoring the original dark and glossy appearance, and I venture the assertion, the world furnishes no preparation equal to this; and I do conscientiously say to all who are gray or bald, have dry and harsh or falling, to use at once this cheap and delightfully perfumed article.

ISAAC W. HARRIS,

Gunner, U. S. N., 430 Locust street.

Dr. Dalton of Philadelphia, says of the London Hair Color Restorer it is used very extensively among my patients and friends, as I am by myself; I therefore speak from experience.
