A full line of regular made hose at S. Weise's Selinsgrove.

Mr. ROBERT HUNTING, the best clown in America, at the Great Pacific Circus at Middleburg and Adamsburg.

☞ Great bargains in Sun Umbrellas and Parasols, at S. Weis's Selinsgrove.

The 4th of July celebrations at Selinsgrove and Adamsburg, drew large crowds of people to those places, and with one or two exceptions, all passed off pleasantly.

Palatable Medicines.—Ayer's Cherry Pectoral is a honeyed drop of relief; his Cathartic Pills glide sugar-shod over the palate: and his Sarsaparilla is a nectar that imparts vigor to life, restores the health and expels disease.—*Waterford (Pa.) Advertiser.*

MR. ALEX. GREENWOOD, the one legged wizard horseman, is the daring hurdle rider in the profession. With Hilliard & Huntings' Pacific Circus at Middleburg on Friday, July 13th, and Adamsburg, Saturday, July 14th.

During the thunder and rain storm which passed ever this place on Saturday night a week the barn on the Keck farm, near Smith Grove, now owned and occupied by Edward Miller was struck by lightning and consumed. We do not know at what the loss is estimated. There was an insurance of $1800.

With Hilliard & Huntings great Pacific Circus the sensational gymnasts, Cordella, and Victorelli, who perform astonishing evolutions upon the horizontal bar. In conjunction with other feats, they actually turn complete double somersaults after relaXing their holds from a giant swing

WATCH DRAWN.—Weis & Oppenheimer, proprietors of the Mammoth Clothing Store at Selinsgrove, have been as good as their word. The watch drawing on the 30th ult. came off as previously announced. No. 60 took the watch, and New Berlin, Union Co., is the place where the lucky person lives who drew it.

If you get a fishbone in your throat and sticking fast there, swallow an egg raw; it will be almost sure to carry down a bone easily and certainly. When, as sometimes happens by accident, corrosive sublimate is swallowed, the white of one or two eggs will neutralize the poison, and change the effect to that of a dose of calomel.

M'lle Clarice Hunting, the daring female gymnast, late from the Royal amphitheatre, London, now with Hilliard & Hunting's Pacific Circus. Will exhibit at Middleburg, Friday, July 13 and Adamsburg, Saturday, July 14.

☞ Great bargains in Alpacas, Calicos & Muslins at S. Weis's Selinsgrove.

BUSYBODIES.—That class of individuals who are ever on the alert to interfear with and comment on the business of other people, in whose business they have no warrant or right to interfear, is among the most dangerous that can infest a community. They always discover something in the affairs of their neighbors that they take particular interest in busying themselves about. No matter how well a man or woman conducts him or herself, they will discover some flaw or fault to make a mountain of. If an individual does the best he can to discharge the duties of his position, they will hunt up something that he or she has neglected to do, to bring up in judgment against them. We regret to know that our own community is not free from such characters. It would be better for all if the busybodies could be banished to some isolated spot where they might enjoy themselves to their heart's content finding fault, complaining and growling with and at each other—allowing people who have enough to do to attend to their own business alone. But such a delightful state of things cannot be brought about.

MISS ANNA WORLAND, is regarded as superior in horsemanship to any other artist in the world. Possessing all the attraction of form, features and youth she adds an intrepidity that is astonishing and marvelous. Miss Worland performs with Hilliard & Hunting's next *Friday* and Saturday.

THE SWINDLERS.—On Saturday evening last the two swindlers who have been traveling over the central part of the state, and the people warned against by the papers, paid Lewisburg a visit. They came in a two horse carriage; and after procuring license opened their sale. In the first place, one dozen rings were sold at ten cents each. The money was then returned to those who had invested. Other articles were disposed of in a like manner. In several instances the money returned was double that which had been given to the swindlers. It was in this way the crowd become convinced the chaps were either crazy or extremely benevolent. When the next lots were offered there were quite a number anxious to bite at the bait. The chap who did the talking kept deluding them with the idea that he intended soon bringing out a case of watches. After he had some $40 in his possession and the crowd were not buying rapidly, he remarked that this time he would put the money in his own pocket, and bidding the crowd "good evening" drove his team off at a rapid pace. The looks of those who were swindled could not be described; and their threats of what they would do if they caught those fellows were terrible. But they will not soon be seen again.

It is said the same chaps were at Sunbury on Saturday afternoon, and swindled the people out of several hundred dollars. They have been at Lock Haven, Bellefonte, Clearfield, Williamsport and numerous other towns that we have seen reports. They were followed from Williamsport by a lawyer and another man whom they had swindled; but when they came up to the villains, the latter sent the Williamsporters home with a thrashing in the bargain.

Strange as it may seem, it is said there is no law to punish the villains. They are a sharp pair, and there is no getting over it.—*Lewisburg Journal 29th ult.*

CIRCUS! CIRCUS!!

At Middleburg, Friday, July 13th.

Adamsburg, Saturday, July 14.

Hilliard & Hunting's great Pacific Circus, will give two exhibitions in this place on Friday July 13th, 1877. It is said that the best performers and best trained horses &c., in the world are with this show.

FILE YOUR LOCAL PAPER.—It is well worth while to save your home paper and have it bound. A few years will make it the most instructive and entertaining volume that you can possess. All the laws of association make it more or less a history of yourself and friends. Names, dates, facts are preserved for you in the most accessible manner, over it you may cry at your mistakes, laugh at your follies, and rejoice in a review of those steps that have led you to prosperity. It gives the history of your town which is but an epitome of universal history.

FREE EXHIBITION every day at 1 o'clock. Stewart W. Davis will make a tight rope ascension from the ground to the top of the canvas, 120 feet in length and 45 in height before the opening of the afternoon exhibition at Hilliard & Hunting's Great Circus at Middleburg on *Friday*, July 13th,' and at Adamsburg, Friday, July 14th. This is free to all.

LEMONADE FOR BILLIOUSNESS.—Dr. Hall relates the case of a man who was cured of his billiousness by going without his supper and drinking freely of lemonade. Every morning, says the Doctor, this patient arose with a wonderful sense of rest and refreshment, and a feeling as though his blood had been literally washed, cleansed, and coiled by the lemonade and the fast. His theory is that it can be used successfully as a remedy for many diseases.

This treatment might do for persons who require acids, but another apparently as strong and hearty, it would kill in a week. Lemons and other acid fruits are healthful to some persons and almost a rank poison to others. Hence it is more than folly to advise their indiscriminate use. Let every person determine for himself what kind suits his own stomach best for it will tell him very soon; and if he does not heed this mentor, he deserves to suffer, as thousands do, from over indulgence in those things which tickle the palate while destroying the health. The too free use and indulgence in in acid fruits have done more to make Americans a race of dyspeptics than anything else; but our physicians do not seem to have looked in that direction for the rapid increase of this very prevalent and annoying disease. It might seriously injure their trade if they did.

CURE FOR DIPHTHERIA.—A correspondent of a Victorian paper writes: Should you or any of your family be attacked with diphtheria be not alarmed, as it is easily and speedily cured without a doctor. When it was raging in England a few weeks ago, I accompanied Dr. Field on his rounds to witness the so called "wonderful cures" he performed, while the patients of others were drooping on all sides. The remedy, to be so rapid, must be simple. All he took with him was powder of sulpher and a quill, and with these he cured every patient without exception. He put a spoonfull of the flour of brimstone into a wine-glass of water, and, stirred it with his finger, instead of a spoon, as the sulphur does not readily amalgamate with water. When the sulphur was well mixed he gave it as a gargle, and in ten minutes the patient was out of danger. Brimstone kills every species of fungus in man, beast and plant in a few minutes. Instead of spitting out the gargle he recommends the swallowing of it. In extreme cases in which he had been called just in the nick of time, when the fungus was two nearly closed to allow the gargling, he blew the sulpher through a quill into the throat, and after the fungus had shrank to allow of it, then the gargling. He never lost a patient from diphtheria. If a patient cannot gargle, take a live coal, put it on a shovel and sprinkle a spoonful or two of flour brimstone at a time upon it let the sufferer inhale it, holding the head over it and the fungus will die. If plentifully used the whole room may be filled to almost suffocation; the patient may walk about in it, inhailing the fumes, with the doors and windows shut, the mode of fumigating a room with sulphur has often cured violent attacks of cold in the head chest, etc., at any time and is recommended in case of consumption and asthma.

With Hilliard and Hunting's Circus is Mr. Alex Greenwood, the only one-legged bare-back rider in the world. Mr. Greenwood lost his leg at the battle of Vicksburg and since then has devoted his time to learning the most difficult feats of equestrianism until now he is excelled by few bare-back riders who possess both limbs. Cordella and Victorelli are gymnasts of rare merit who have played with success in all the large variety theatres of the country. Their horizontal bar act is said to be unequaled. This circus will exhibit at Middleburg on Friday July 13th, and Adamsburg July 14th.

THE CABBAGE BUTTERFLY.—Few persons are aware that one butterfly will lay hundreds of eggs, and the following facts and incident regarding this pest will, we think, be of interest to our readers.

There are several insects known to entomologists by this name, three of which—the large white—the smaller white—and the green veined white are common to Great Britian and a fourth more common in many parts of New England and introduced from Europe is yellow with two black spots on the foreward wings and one on the hinder wings.

The one more common to this region and so hurtful to our cabbages is probably the small white British with expanse of wings about 2 inches, while the large white *British* has expanse of wings 2½ or 3 inches. The wings of both are spotted with black. The female of the large white lays cone-shaped eggs 20 or 30 in a cluster, and the caterpillars coming forth are very voracious eating twice their weight of cabbage leaf in 24 hours. They however only strip the leaves, while the one troubling us brings forth from its circular eggs caterpillars which make straight for the heart of the cabbage and thus ruin the whole head. In addition to this our now acclimatized butterfly lays large quantities of eggs, the general plan being as with the others to lay them on the leaves of cabbages. One was however observed by a lady in town here last week laying eggs on a twig and it kept on till dark before stopping. The twig was then examined and found to have 5 inches covered with 4 rows of eggs 30 to the inch in each row of 600 in all and then nearly ⅓ of this space doubled over as the end of the twig was reached, so that about 1000 eggs had been laid. The best way to fight the pests is to let small birds stay in the garden in spite of a little destruction to other useful vegetables.—*Bloomfield Times, June 25th.*

A BOX OF GLENN'S SULPHUR SOAP, which contains three cakes and costs only sixty cents, is sufficient to supply material for at least twenty Sulphure Baths which would eradicate a whole catalouge of rheumatic and cutaneous maladies. Sold by all Druggists.

SUPERIORITY OF THE CHAMPION.

The undoubted excellence of the Champion over all other machines, is in the material, workmanship, simplicity and durability of construction, Lightness of Draft, convenience of handling, Durability of machine, and finally a machine that harvests all crops raised by a farmer successfully. It will cut lodged and tangled Grain, Clover Seed and Flax can be successfully harvested with this machine.

In a few minutes the Reaping Attachment can be removed and the machine made ready for the meadow,

All we ask is to give the Champion a fair trial, and if it does not give entire satisfaction in every particular, we do not ask you to buy. For further particulars call on or address,

Ayer's Cherry Pectoral

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

The reputation it has attained, in consequence of the marvellous cures it has produced during the last half century, is a sufficient assurance to the public that it will continue to realize the happiest results that can be desired. In almost every section of country there are persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs, by its use. All who have tried it acknowledge its superiority; and where its virtues are known, no one hesitates as to what medicine to employ to relieve the distress and suffering peculiar to pulmonary affections. CHERRY PECTORAL always affords instant relief, and performs rapid cures of the milder varieties of bronchial disorder, as well as the more formidable diseases of the lungs.

As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of Childhood, it is invaluable; for, by its timely use, multitudes are rescued and restored to health.

This medicine gains friends at every trial, as the cures it is constantly producing are too remarkable to be forgotten. No family should be without it, and those who have once used it never will.

Eminent Physicians throughout the country prescribe it, and Clergymen often recommend it from their knowledge of its effects.
