All wanting FRUIT FARMS, especially adapted to the growth of the VINE, where it is an established success and pays LARGE PROFIT. The land is also adapted to the growth of Peaches, Pears, apples and small fruits; also, Grain, Grass, and Vegetables.

Many hundreds of acres set out VINEYARDS, ORCHARDS and FARMS, can now be seen.

THE LOCATION is only 31 miles south of Philadelphia, by Railroad, in a mild, delightful climate, and at the very doors of the New York and Philadelphia Markets. Another Railroad runs direct to New York.

THE PLACE is already large, Successful and Prosperous. Churches, Schools and other privileges are already established. Also, manufactories of Shoes, Clothing Glass, Straw Goods and other things, at which different members of a family can procure employment.

It has been a HEALTHY RESORT for some years past for people suffering from pulmonary affections, Asthma, Catarrh, Ague, and debility; many thousands have entirely recovered.

A new Brick Hotel has just been completed, 100 feet front, with back buildings, four stories high, including French roof, and all modern improvements for the accommodation of visitors.

Price of FARM LAND $25.00 per Acre, payable by installments, within the period of four years. In this climate planted out to vines, 30 acres of land will count fully as much as 100 acres further north.

Persons unacquainted with Fruit Growing, can become familiar with it in a short time on account of surroundings.

Five Acres One Acre, and Town Lots in the towns of Landisville and Vineland, also for sale.

Whilst visiting the Centennial Exhibition, Vineland can be visited at small expense.

A paper containing full information will be sent upon application to CHARLES K. LANDIS, Vineland, N. J., free of cost.

The following is an extract from a description of Vineland, published in the New York Tribune, by the well known Agriculturist, Solon Robinson:

All the farmers were of the 'well to do" sort, and some of them, who have turned their attention to fruits and market gardening, have grown rich. The soil is loam, varying from sandy to clayey, and surface gently undulating, intersected with small streams and occasional wet meadows, in which deposits of peat or muck are stored, sufficient to fertilize the whole upland surface after it has been exhausted of its natural fertility.

It is certainly one of the most extensive fertile tracts, in an almost level position, and suitable condition for pleasant farming, that we know of this side of the Western prairies. We found some of the oldest farms apparently just as profitably productive as when first cleared of forest fifty or a hundred years ago.

The geologist would soon discover the cause of this continued fertility. The whole country is a marine deposit, and all through the soil we found evidences of calcreous substances, particularly in the form of indurated calcareous marl, showing many distinct forms of ancient shells, of the tertiary formation: and this nearly substance is scattered all through the soil, in a very comminuted form, and in the exact condition most easily assimilated by such plants as the farmer desires to cultivate. The Praying Sailors.

A ship once sprang a leak in mid-ocean, and there seemed no escape for the crew from a watery grave. The captain with deep emotion gathered his men around him, thirty-two in number, and briefly stated to them their condition. 'Are you ready for it?' he asked feelingly.

Two men stepped forward, 'Captain we believe we are prepared for death.'

'Then,' said he, 'pray for me and your shipmates. I acknowledge that I am not prepared.'

The two men knelt down with the company and earnestly prayed God to save them all for His Son's sake. There was no jeering now at the praying shipmates. No one to scoff at religion. Every one felt that there was comfort and safety for them only in God. While they were praying their signal of distress was seen, and a life boat sent to their rescue.

They felt as if God had sent an angel to their help, and their thanksgivings were as earnest as their prayers for assistance had been. A daily prayer meeting was established among them, and before the port was reached each one of the thirty-two was hopefully converted.

It is a blessing beyond every other earthly goods to be associated in life with praying, Christian people. We do not know how many times the Lord wards off danger and trouble from us on this account, and how many blessings come to us in answer to prayers. Choose such company in preference to any other, if you would enjoy the blessings God bestows in this life, and be fitted at last for such companionship in the life beyond.

THE DEVIL GETS HIS DUE.—On Sunday, the 15th ult, in the town of Maple Grove, Manitowoc county, a singular and fatal occurance took place. It being Sunday, the people of the neighborhood had generally gone to church, leaving as is the custom, only one or two of the family at home to guard the premises. At the house where it occurred, only a boy of about 12 years old was at home. A man went to the house completely enveloped in a beef hide, with horns, tail, and all complete, and so fitted that nothing could be seen. It was known in the neighborhood that the occupants of this house had money, and there was at the time about $200 on the premises. The man disguised in the hide told the boy that he was the devil, and that he had come after his money, and that the boy must give it to him. The boy answered that he would not give up the money. The devil then told the boy that he would kill him if he did not bring out the money. The boy then stepped into the house as if he was about to comply, but instead of bringing out the money he brought a gun and shot the man dead. The boy then ran to the nearest neighbor, and finding only a woman there, told her that he had shot the devil. The woman went with the boy, and found that the devil whom the boy had shot was her husband.—*Green Bay Advocate.*

An amusing incident occurred recently at a church in Connecticut. The clergyman decided to call the attention of the congregation to the fact that, it being the last Sunday in the month, he would administer the rite of baptism to children. Previous to having entered the pulpit he received from one of the elders, who by the way was quite deaf, a notice to the effect that, as the children would be present that afternoon and he had the new Sunday school books ready for distribution, he would have them ready to sell to all who desired them. After the service the clergyman began the notice of the baptismal service thus: "All those having children and desiring to have them baptised will bring them this afternoon." At this point the deaf elder, hearing the name of children, supposed it was something in reference to his books, and rising, said: "And all of those having none and desiring them will be supplied by me for 25 cents each."

THE FIRST WATCH.—At first the watch was about the size of a dessert plate. It had weights, and was used as a 'pocket clock.' The earliest known use of the modern name occurs in the record of 1552, which mentions that Edward VI. had 'one larum or watch of iron, the case being likewise of iron gilt, and two plommets of lead.' The first watch may readily be supposed to have been of rude execution. The first great improvement, the substitution of springs for weights, was in 1650. The earliest springs were not coiled, but only straight pieces of steel. Early watches had only one hand, and being wound up twice a day, they could not keep time nearer than fifteen or twenty minutes in the twelve hours. The dials were of silver or brass; the cases had no crystals, but opened at the back and front, and were four of five inches in diameter. A plain watch cost the equivalent of $1,600 in our currency, and after one was ordered it took a year to make it.

Is Your Hair Falling Out

OR TURNING GRAY!

If So Do Not Fail To Use

LONDON HAIR COLOR RESTORER

The Great Reputation

Which it has attained and the large number of testimonials which are constantly being received are conclusive proof of its great value.

Proof Positive—A New Suit of Hair. Natural Color and Beauty Restored.

Dr. Swayne & Son—Some six years ago, I began to loose my hair, and continued to do so until the scalp became as bare as the palm of my hand, troubled also with a disagreeable itching fever, great heat and dandruff, small pustules would form, quite sore to the touch, and the remaining portion of the hair, on the side and back of the head, became quite gray. After using a number of Restoratives, (so called), without success, and my head nearly destitute of hair, I reluctantly commenced using the

"London Hair Color Restorer and Dressing."

Now, through its use, candor and justice compel me to say to all that I now possess a new and beautiful growth of hair, completely restored to its original dark and glossy appearance, and I venture the assertion, the world furnishes a preparation equal to this; and I do conscientiously say to all who are gray or bald, hair dry and harsh or falling, to use at once this cleanly and delightfully perfumed article.

ISAAC N. MARSHAL,

Gunner, U. S. N., 630 Leonard street, Phila

Dr. Dalton of Philadelphia, says of it: The London Hair Color Restorer is used very extensively among my patients and friends, as well as by myself; I therefore speak from experience.
