# towns of Landisville and Vineland, also for sale. Whilst visiting the Contennial Exhibition, Vineland can be visited at small expense. A paper containing full information will be sent upon application to Chaules K. Lannis, Vineland, N. J., free of cost. The following lean extract from a description of Vineland, published in the New York Tat-nus, by the well known Agriculturist, Solon Robinson.

surface after it has been exhausted of its natural surface after it has been exhausted of its natural fertility.

It is certainly one of the most extensive fertile tracts. In an almost level position, and suitable condition for pleasant farming, that we know of this side of the Western prairies. We found some of the oldest farms apparently just as profitably productive as when first clear, and she spirits were always and of forest fitly or a hundred years ago.

The goologist would soon discover the cause of full southeast of this continued fertility. The whole country is a marked espoit, and all through the soil we found evidences of calureous substances, generally in the form of indurated calcarcous mark, showing many distinct forms of ancient shells, of the teriang formstion; and this marly substance is scattered all through the soil, in a very comminuted form, and in the exact condition must carely assimilated by such plants as the former desires to outlivate.

At last the lucky day came.

It witness the scene were forced to retire to a more respectful distance. The sun's rays, which had hitherto been inconveniently felt from above, were quite forgotten in the glow which now flamed up from below, and it really seemed as if there was malice in the tongues of fire that spat out on every current of passing air.

Standing forty yards to the winds ward of this fierce fire, the heat was all but intolerable; and even the fire to a more respectful distance.

The sun's rays, which had hitherto were quite forgotten in the glow which now flamed up from below, and it really seemed as if there was out on every current of passing air.

Standing forty yards to the wind ward of this fierce fire, the heat was all but intolerable; and even the

stuck his pick into a little mound which resembled somewhat in appearance an ant hill, and to his delight he unearthed some pieces of decomposed quartz, attached to which were some colors of gold. Encouraged at this prospect he began warded by finding more or less gold at every stage of descent. Last Sunday a week he had reached a depth of about thirty feet and had taken of about thirty feet and had taken over coat of fustian covering an invergence of arms and the two skins, so to say, is a network of veins, through which are pumped continuous supplies of air and water, the main air tube, before it reaches the body, being enclosed in the larger water tube, and by such means kept perfectly cool.

The escape of the cool air is through ornices in front of the face, and the current so made forces back Manafacturers of and dealers in all kinds of of about thirty feet and had taken and the current so made forces back out in sinking that far rock estimation and the current so made forces back the flames and leaves perfect breath-Walaut, Cherry, Poplar, and Linn Lumber ted to be worth about \$1,500. The ing space.

The gouge, as we would call it, as The gouge, as we would take to be properly called a ledge, was discovered by noon a few days ago, to have become suddenly but apparently with enjoyment, Collections and all business parts ining to the rich in gold that pike began to wash times so as to be hidden by flames, the carried out a chair which was one it short notice.

July 22.75tf. fuls washed be obtained gold estimated to be worth between \$4,000 and \$5,000. That evening he came to town, and, giving us a hint of what he had got, invited us to go and see

we ever saw, and M'Cormick, who meet with a person so exactly formed to had mined in California in its palminest days, says it knocks spots off that hears or beholds him. This disposition is not merely the gift of nature, but frequently the effort of much knowledge particular occasion. Bell having conformed over passion and projudice. vinced us of the richness of his mine, over passion and prejudice. took us to his house to show us the proceeds of the previous day's pannothing: that he had taken out \$10, fork, melting them, and passing 000 in three pans that day; that he had taken out all told up to that time, between \$30,000 and \$35,000, that was near him. and that he had an offer and was

Last week Daniel Smith and his Last week Daniel Smith and his hired man were working in a field, near Danbury, Connecticut, when suddenly, Mr. Smith heard the noise of thunder and became unconscious. The man also heard the noise, but neither of them saw any flash of lightning. The man went to Smith, and in about twenty minutes he was restored to consciousness. Then ats restored to consciousness. Then attention was given to the horses. One of them was standing erect, with one foot lifted a little way from the earth, and the other was kneeling with his nose in the earth, and both were stone dead, and retained their positions until they were pushed.

"I will give and bequeath," said Pat in his will, to my beloved wife, Bridget, all my property without reserve; to my oldest son Patrick, one half of the remainder; and to Dannis, my younger son, the rest. If anything is left, it may go to Terence O'Carty, in sweet ould Ireland." were stone dead, and retained their positions until they were pushed over. The supposition is that in this case the electricity went from the earth to the sky.

Not one in a thousand of the readers of Frank Leslie's publications know that Frank Leslie is a now DN FLUME, and that the proprietor's real name is Henry Carter.
