There has never been seen or tried, such, a simple, faithful, efficacious, satisfactory and pleasant remedy as Dr. Haas' Expectorant, for coughs and colds. 25 and 50 cents a bottle.

——Overcoats as low as $3 25 at Weis & Oppenheimers, Selinsgrove.

The Commissioners of Fisheries have appointed Joseph Richardson and Samuel P. Bright fish wardens for Northumberland, Snyder and Union counties, and have sent them their commissions.

The law permits partridge shooting after the 15th day of October, but farmers may not allow hunters to tramp over their farms, any more than hunters allow farmers to tramp over their gardens.

The leaves are turning slowly yellow; their summer's hue is hence; the ripening fruit is on the mellow; the small boy on the fence. He looks around, he views the ground, he thinks the moment suits; he fills his pockets full and round, then jumps the fence and scoots.

A Queer Looking Serpent.—A week or two ago, David Myers (hireling of Benjamin Martin) killed, near Henry Martin's saw mill, a double-headed copperhead snake. It is a queer looking object, each head forking in the form of a letter V, and when in life, attempting locomotion, each head wanted to take the body under its own direction. —*Opinion.*

An ingenious swindle is being practiced in some parts of the country by which one dollar bills are made to return a large interest to the manipulator. A one dollar and a five dollar greenback, or some national bank currency, are carelessly torn in two in the middle, and half of the one and half of the five are pasted together. Unless closely scrutinized they will be apt to be taken for fives. Thus with $1 dollars, the swindler will make a profit of four out of the two fives which he manufactures.

——Hats & Caps in Large variety at Weis & Oppenheimers, Selinsgrove.

SUDDEN DEATH.—On Sunday last the many relatives and friends of Irvin Smith followed his remains to their last resting place on earth at Adamsburg.

For a number of years he complained of spinal disease and on Monday 1st inst. he was attacked by apoplexy which resisted all that medical skill could do and ended his life on Thursday night at the age of 41 years, 7 months and 25 days.

Mr. Smith was an intelligent man possessing many good qualities for which he was generally esteemed. He took an active and efficient part in several movements and though exceedingly adhesive to his political ideas always yielded a due deference to the opinions of his adversaries. Whilst in public business he was generous almost to a fault. We deeply sympathize with the bereaved. Rest in peace.

Clearing Away Fish Dams.—During the past two weeks Sheriff Jennings and his deputies have been engaged in clearing out the fish dams in the Susquehanna river, between the Mahanoy creek, six miles above Millersburg and the Conewago creek, five miles below Middletown. Some seventy-three fish dams were destroyed by these gentlemen, and it is now hoped that the law will be respected. The Sheriff is determined to put a stop to the practice of building fish dams, and demolish them wherever discovered within his jurisdiction.

Some of the dams a number of shad, not over three inches in length were discovered caught in the meshes of the fish traps and killed. Are we to look upon this as one reason why shad are not caught in this vicinity?

Parties who are interested in fish matters intend to watch the constables returns to the next court to see if any action is made of any violations of the fish law. They argue that conviction cannot help but know the fact that fish dams are erected in their districts, and in ordering on the Susquehanna, the constable must return the violators.

The constables have the right and it is their duty to do so. Let a stern hand crush the violators and it will have the effect of preventing further violations in this respect.—*Harrisburg Patriot.*

—— Waterproof cloth and Dress Goods in great variety at S. Weis', Selinsgrove.

WHAT KIND OF A WINTER?—The corn husks are thin, indicating a mild winter; the woods are full of mast, an unfailing sign of a long, hard winter; there are myriads of spiders, mild winter; acres of caterpillars, hard winter; the squirrels are idle and listless, mild winter; the goose bone is black and gray, mild and hard winter; the woodchuck stays out, hard winter. It is, indeed, only a question of time when the system of weather prognostications will become one of the exact sciences.

VINEGAR.—As good vinegar as any one could wish may be made by mixing one part good New Orleans Molasses with four or five times its measure of water, and to commence it put in a little good yeast, set it in a warm place, cover it with gauze or muslin to keep out the flies and give it the air, stir it often, the oftener the better, as it will acidify the more rapidly, and in a few weeks it will be sharp. It is nice for pickles. When it is once started it is very little trouble or expense to add to it and keep a supply.

BADLY SCARED.—On Monday night a week, says a Perry county paper, the residents of Liverpool, living near the building occupied by Miss Kate Wenner and her mother were aroused by screams coming from that house. Upon asking the cause, they were told that some person had broken into the premises. The building was soon surrounded by the sheriff and a party so that the rascal could not escape when a thorough search of the house was made. The noise heard, which had been mistaken for a burglar making a forceable entrance, was found to have been caused by the falling of a mirror, which had broken its cord, and in its fall had brought down a pitcher standing under it, breaking both articles in many pieces.

☞ Flannels, Ginghams and Shirtings in great variety at S. Weis', Selinsgrove.

ENTERTAINING A RASCAL.—A few nights since a tramp came along and asked permission to stay all night at the house of Mr. John Dum, in Perry county, and was obliged to stay in a room occupied by the boys. Shortly after retiring for the night the chap got up and took a bottle out of his pocket after which there was a very strange smell in the room. The boys laid still watching the chap and saw him go and try the doors of other rooms. They then got up and informed Mr. Dum who had him put out of the house. The fellow then went a short distance, when he gave a whistle and two other men appeared and the three went off together. There was undoubtedly a plot to rob the house which was hapily frustrated. It is a great pity the chap was not arrested.

The Lewistown True DEMOCRAT says.—In response to our call for a cure for hog cholera, Mr. E. E. Locke two weeks ago called to say that he had cured or stopped the cholera on his hogs, some twenty years ago, by feeding them burnt corn. Several of our subscribers had, however, tried that remedy without avail, and we therefore said nothing about it. We are now able to give a better cure. Messrs. Felix Smokee and M. D. Brown, residing on Gen. Burn's farms across the river, both have successfully cured sick hogs within the last few weeks by giving them soft soap. Mr. Brown mixed the soap with milk, and the hogs ate of it and were cured. Some of the hogs had been so far gone as to be scarcely able to stand up, and after eating a little of the mixture one day they showed signs of improvement, which after a second dose the next morning, developed into permanent cures. Soft soap may be therefore set down as one of the remedies to be used for hog cholera. We should like to hear from others who may try it.

——Germantown wool and Zephyrs of all colors and shades at S. Weis', Selinsgrove.

To Cure Dyspepsia or Nervous Debility.—Change your diet and manner of living; drink neither tea nor coffee; never drink at meal times; after every meal, or during the meal, dissolve half a teaspoonful or more of Cayenne pepper in half a glass of milk and drink it; eat plain food; never taste pastry of any kind. If you are troubled with sleepless nights, do not try to promote sleep by taking stimulents or opiates; they do more harm than good; take a spunge bath just before retiring, and if you are unable to do it yourself, get some one to rub you well with a coarse towel; if you wake in the night and cannot get to sleep again, get up at once, not lie until you get nervous 'thinking about it;' take a foot bath; rub your limbs well, to get up a circulation; drink a glass of cold water. Do not expect to cure yourself in one week's time; have patience, and try one month. In bathing, use your hands to apply the water, it is much better than a sponge; soften the water with borax; it is more invigorating than salt water.

POST OFFICE COMPLAINT BOOK.—Postmaster General Key has addressed the following letter to postmasters throughout the country, and they will be placarded conspicuously in the respective post offices:

"Postmasters are required to keep a complaint book in which all letters reported to them as lost are to be entered; and, after making examinations in their offices, they are required to report the loss with all particulars without delay. The public are also invited to report promptly all losses or irregularities in the correspondence to the chief special agent, post office department, Washington, D. C., and investigation will follow. If all losses should be promptly reported it will be the means of correcting the irregularities, and the interests of the public, as well as the efficiency of the postal service, will be enhanced in a most important degree. The omission of the county in the address of letters is one of the great causes of delay and mis-sending.

—— S. Weis of Selinsgrove, has just returned from New York and Philadelphia and has now filled his Store with the largest stock of Fancy Goods, Notions and dry goods, ever brought to this county. Everybody is invited to call and eXamine the goods and prices whether you purchase or not.

Good use for a Dime.

We advise all our readers to forward their address and 10 cents to Orange Judd Co., 245 Broadway, New York, who make a special offer to send for this sum (half price and postage) the number for October 1st, of the AMERICAN AGRICULTURIST. This splendid number, besides over 50 engravings, contains a great amount of useful, practical, reliable, seasonable information, not only for the Farm and Garden, but for the Household. Children included. A boy will get from it hints and suggestions worth ten or twenty times the cost.....Better still to send $1.50 and receive the paper post-paid from now to the end of 1878—(that is all of volume 37, with the rest of this year free. (Two copies for $2.50 each). Nowhere else can one get so much really valuable, paying information for so little money—not 5 cents a week. No such paper ever published before, at the money. It is independent in politics, gives all the news, and, besides much other good reading, every number has from one to four original or selected stories. Every subscriber also receives a copy of the beautiful engraving, "The Power that Rules the Home," and, if specially requested to do so, a specimen copy of THE STAR ILLUSTRATED ALMANAC, 80 cts., unless must be sent to pay expense of packing and mailing prepaid. Specimen copies sent free. Address, Agents, always the most liberal in the field, are now greater than ever. We want every club agent in the country to communicate with us before commencing work. To any person desiring to get up a club, we will send a sample copy of the paper and a canvasser's outfit for the asking. Remember, you get the Paper, Engraving and Almanac for one dollar, and no other paper can be had for any other. Persons to whom we have already sent specimens, "The Power that Rules the Home" and "Friends," by saying so can have in its stead another excellent engraving, of same size, which we have reserved for this purpose.

Any Paper without picture, One Dollar.

A Word to the Unemployed.

Our attention has been called to a new cooking utensil, recently invented, which makes baking a pleasure. Instead of a dreaded necessity: the inventor of which has conferred an everlasting blessing upon every housekeeper. We refer to the Patent Centennial Cake and Bread Pan, with which, by simply raising a hook, you can remove the sides of the pan from the cake instantly, without breaking or injuring it in the least, thus enabling you to ice and frost it while warm. To remove the tube in the center, insert a knife in the slot in the top of the tube, and simply give it a half turn, and it will drop out. It is also provided with a slide on the bottom, so that, when you remove the tube, you can close the hole, making a pan with plain bottom, for baking jelly and plain cakes, pudding, bread, etc., *thus practically giving you two pans for the price of one.*

The Centennial Cake Pan is highly recommended by the ladies as being the best and most convenient pan ever introduced. They are made of Russia iron, *are more durable, and will bake your cakes more evenly and a much nicer brown than you can bake them in the old fashioned tin cake pans.* These goods are sold exclusively through agents to families, and every housekeeper should by all means have them. A splendid opportunity is offered to some reliable lady or gentleman canvasser of this county to secure the agency for a pleasant and profitable business. For terms, territory, etc., write to L. E. BROWN & Co., Nos. 214 and 216 Elm Street, Cincinnati, Ohio.

A good domestic Sulphur bath can be instantly prepared by taking a cake of GLENN'S SULPHUR SOAP into the bath tub. Such an expedient will, to use a slang phrase, "knock the spots off" any victim of cutaneous blemishes. Sold by all druggists 25 cents.

Hill's Hair and Whisker dye, black or brown 50 cents.

"EUREKA" is the sentiment of countless sufferers who find the balm of relief and the fountain of their health and strength, in AYER'S SARSAPARILLA. It is the most potent of all the alteratives to purify the system and cleanse the blood. It possesses invigorating qualities, so that it stimulates the veins and purges out the corruptions which mingle with the blood, promoting derangement and decay. We are assured by intelligent physicians that this medicine cures beyond all others of its kind, and we can fortify this statement by our own experience.—ATHOL (MASS.) WHITE FLAG.

HOW IT IS DONE.—The first object in life with the American people is to "get rich"; the second, how to regain good health. This standard article is compounded with the greatest care.

Its effects are as wonderful and as satisfactory as ever.

It restores gray or faded hair to its youthful color.

It removes all eruptions, itching and dandruff. It gives the head a cooling, soothing sensation of great comfort, and the scalp by its use becomes white and clean.

By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong.

As a dressing, nothing has been found so effectual or desirable.

A. A. Hayes, M. D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

Price, One Dollar.

Buckingham's Dye

This elegant preparation may be relied on to change the color of the beard from gray or any other undesirable shade, to brown or black, at discretion. It is easily applied, being in one preparation, and quickly and effectually produces a permanent color, which will neither rub nor wash off.
