The Penn's Valley people are growling about high freights on the Lewisburg, Centre, and Spruce Creek Railroad.

——A full line of Muslins, prints, Flannels, Dress goods &c., at S. Weis', Selinsgrove. Prices very low.

Wood ashes and common salt, made compact with water, will stop the cracks of a stove, and prevent the smoke from escaping.

It is estimated that when corn is worth fifty cents per bushel, pork should bring six dollars per hundred, otherwise, it would be better to sell corn than feed it to the hogs.

The glories of the American autumn are rapidly developing on our hills and mountains, than which we can conceive of nothing more grand or exquisite.

Gen. J. K. Clement, the republican candidate for District Attorney in Northumberland county, is confined to his room with congestive chills. His illness is reported as very serious.

——S. Weis, of Selinsgrove has a large and fine assortment of Germantown wool and Zephyrs, than ever before. That's the place to buy,

Is it not a strange and disquieting thought that thousands of people are at this moment hungry or in dread of hunger, in a country which has stored in its 320,000,000 bushels of wheat and 1,230,000,000 bushels of corn—the yield of a single year?

The Presbyterian Sabbath school of Bellefonte, in addition to the organ heretofore used to aid the choir, have added two fiddles, a bass violin and a silver horn, and the *Watchman* pronounces the music excellent. The introduction of these instruments has caused considerable comment, favorable and otherwise.

——LADIES! If you wish to see a fine line of CLOAKS go to S. Weis', Selinsgrove, opposite the Keystone Hotel.

A remedy for choking cattle is opportune about this time when they are more than usually exposed to the danger of getting an apple, potato, or small turnip stuck in the gullet. A certain remedy is said to be to open the mouth of the choking animal and throw upon its tongue, away back, a tablespoonful of saltpeter, then let the beast go and the obstacle will either pass out or in, in a very short time.

ARM BROKEN.—We neglected to notice the fact that several days ago, John Bowen, son of Samuel Bowen of Franklin twp, fell from a hickory-nut tree and broke his left arm in a fearful manner. It was not only a compound fracture but a regular smashing of the bone so that portions pierced through the flesh to the surface. We learn he is doing well under treatment of Dr. Rockafeller.

Tickets for the republicrn candidates have been printed and are ready for distribution and can be had by calling at this office.

A number of Indian's bones and an Indian picture were unearthed in Huntingdon, in front of Mr. Lovell's new residence a short time ago. The house is erected on the site of a burial mound made by the Standing Stone Indians, we believe, over a century ago. The bones presented a dark appearance, were not much decomposed, and the larger bones of the thigh and leg could readily be distinguished.

GUNNING ACCIDENT.—Report reaches us that Levi Swartz, residing near Mannsville, this county, was accidently shot by Esquire Croll on Monday last. It appears that Swartz was seated on a grape vine, engaged in gathering grapes, and, while thus occupied was espied by Croll, who, mistaking him for a pheasant or other game, fired a load of shot into his side.

Since the above was put in type we learn that the unfortunate man died at eight o'clock this (Thursday) morning.—*Perry County Freeman 24th. ult.*

——FURS! FURS! FURS! FURS! A full line of Ladies, Misses and Children's furs at S. Weis' Selinsgrove, cheaper than ever before.

Cold in the Head.—This can be cured at once, if taken care of at the beginning. Dissolve a tablespoonful of borax in a pint of hot water; let it stand until it becomes tepid; snuff some up the nostrils two or three times during the day, or use the dry powdered borax like snuff, taking a pinch as often as required. At night have a handkerchief saturated with spirits of camphor, place it near the nostrils, so as to inhale the fumes while sleeping.

——S. Weis, Selinsgrove, makes a specialty in LADIES COATS, this season. He has a full line at very reasonable figures.

FIRST NATIONAL HOTEL at Selinsgrove, we briefly noticed, in our last issue, that Harrison Witmer has taken possession of this long established and popular Hotel to which there is attached the oldest, best and most popular saloon in the county. Mr. Witmer, the present proprietor is a lifelong citizen of the county; is well known as a gentleman of pleasing manners, generous and hospitable and will make his guests comfortable. His bar and Table will always be supplied with the best the market affords, and attended by [illegible]

Hunting Party.

OCTOBER 28, 1877.

A union hunting party from Centreville and Troxelville started to the mountains, last Monday morning (Oct. 22. By previous arrangements it was agreed that those from the former place would start out early on Monday morning with a team and stop at or near Troxelville, for those from that place, and all necessary preparations were made accordingly. On Saturday morning however, a rain set in which through Saturday, Sunday and Monday morning bid fair to blast our hopes and some of the more FAITHLESS ones had given up all expectations already of getting off while some of the more courageous, we urged the others on and by ten o'clock we started out through a drizzling rain, but had not gone very far until it cleared off—the most pleasant weather following, and the original programme was carried out, and more hopeful of success than though it had not rained. The rout was from Centreville to Troxelville, thence North, through what is known as the old Furnace road until we had passed through the first mountain, then turned West into what they call Little hollow, and traveling nearly due West for some eight miles and arrived at the shanty with log and baggage in time to cut wood, cook supper, and make ourselves comfortable for the night, on calling the roll after supper we found that our party consisted of P. J. R. Zeller, P. Hartman, J. K. Snyder, H. H. Fessler and J. H. Hartman from Centreville Michael Moyer, Israel Boney, Jacob Moyer, Isaac Moyer, Isaac Boney, Aaron Boney and Andy Egger from Troxelville—add to this nine dogs and something like a dozen firearms and you have it. The first night was spent in this wise—Telling stories, a game of Pedro Bungo, a short nap, another game of Bungo Pedro, another short nap and then brakfast, and by daylight every man was ready for business. Jacob K. Snyder, Aaron Boney and Jacob Moyer started out with the dogs, and the balance of the party were stationed in the valley above along the different paths and passes, watching for the deer the dogs might chase up the valley. First days hunt was one deer chased by Jacob Moyer's dog and one by Peter Hartman and Jacob Snyder's dogs. Both deer ran across the mountain's toward Penn's Creek and made their escape. Second day's hunt commenced by a deer being jumped by Boney's dog ran in a Westerly direction up the mountain to where Isral Boney the old hunter stood who shot and knocked off one of its front legs. The deer run on several hundred yards to the next man, Israel Moyer who shot it through the heart, and the deer dropped to the ground dead. As the rest of the hunters came to where the deer was lying, they exclaimed "Liver for supper by thunder." After the deer was taken to the shanty another hunt was agreed upon in the valley south of the shanty where spotty and Don jumping a deer which run across the mountain south and made its escape without a shot being fired at it. Fourth day hunt commenced as usual in the valley North of the shanty where we made two water hunts, and then started for the valley South of the Shanty, where Jacob Moyers dog routed a deer which made its escape across the mountain south. For the fourth and last day's hunt all hands were ready by daylight, Jacob Moyer and J. K. Snyder starting East from the shanty to cross into the valley south of the shanty with the dogs, J. K. Snyder took the North side of the valley and Jacob Moyer the South side.

Michael Moyer the famous old hunter took command of the rifle brigade and placed each man at his post R. H. Fessler to the North side of the valley, Mr. Moyer himself No. 2. P. J. R. Zeller next, then Peter Hartman and J. H. Hartman, Esq., to the North side of the valley. Scarcely had the old veteran formed his line of battle, when the music of J. K. Snyder's detail of dogs assured us that it was business with them and every man was pricking his ears and straining his eyes to hear or see the deer, when bang went a gun and F. J. R. Zellers' gun was emptied and although he did not succeed in bringing the deer to the ground he succeeded in shattering the lower of his hind leg close to the body fearfully, and thus disabled it very much, and although several other shots were fired at it along the line it escaped for us out of that valley—ran across the ridge on what is known as the Big Flat where it was followed and stopped by the dogs, when Jacob Moyer gave it its deathblow with his eighteen shooter. This was a very fine five pronged buck, weighing when dressed 160½ pounds. By eleven o'clock that morning we left the shanty for home, where we arrived that evening a little after dark with about 25 pounds of venison to a man.

I almost forgot to mention that our Constable John Mohn was also one of the party. He was so fortunate as to capture a rabbit in a water pond on our way out to the mountain. He was also placed in line of battle by the old hunter, but when he heard the music of J. K. Snyder's dogs he left his post and ran to, as the rest of the hunters supposed, surround the deer and by this operation got lost and when he was found he was standing in the bushes eating leaves and exclaimed—WO IS DUN DER HERSH HEN SUPRUNSA.

Complaints are being made by farmers in many sections of this State that the early sown wheat is being ravaged by the *Hessian* fly, and other destructive insects. The Port Royal Times reports that the growing grain of Mr. Bejamin Shellenberger, near Johnstown, has suffered from the fly. His wheat was sown on the 10th of September. A peculiar kind of worm has been ravaging the wheat of Mr. Wharton, near Conn's store. Those who held back their seeding are supposed to have done well.

Some idea the large export trade of chestnuts from Johnstown, Pa. may be gleaned from the exhibit reported by the *Tribune*. Shipping commenced Sept. 26, the principle destinations being Pittsburgh, Philadelphia and Chicago, and up till October 17 the total shipments from the freight and express offices amounts to 60,730 pounds or 1,040 bushels of chestnuts. $1.50 per bushel is near the average price at which they were purchased, from first hands. The bulk of the commodity has not yet been shipped.

THE TIME TO INVEST—All men who have a reasonable certainty of sufficient income, and all capitalists who have money to work with, should be willing to spend with generosity—not prodigally, but liberally.—Small gains should not be despised, and selfishness, if there be no higher motive, should indace people to make repairs and improvements at a time when laborers are seeking work, and materials are looking for a market. Buildings can be erected now, and repairs and improvements made cheaper than for years past. The bottom has certainly been reached in labor and material.

Be sure and remember that Haas' Expectorant is a perfectly safe and reliable medicine, free from all *objections* and *dangers* connected with most of the advertised caugh syrups. 25 and 50 cents a bottle.

A Word to the Unemployed.

Our attention has been called to a new cooking utensil, recently invented, which makes baking a pleasure, instead of a dreaded necessity: the inventor of which has conferred an everlasting blessing upon every housekeeper. We refer to the Patent Centennial Cake and Bread Pan, with which, by simply raising a hook, you can remove the sides of the pan from the cake instantly, without breaking or injuring it in the least, thus enabling you to ice and frost it while warm. To remove the tube in the center, insert a knife in the slot in the top of the tube, and simply give it a half turn, and it will drop out. It is also provided with a slide on the bottom, so that, when you remove the tube, you can close the hole, making a pan with plain bottom, for baking jelly and plain cakes, pudding, bread, etc., *thus practically giving you two pans for the price of one.*

The Centennial Cake Pan is highly recommended by the ladies as being the best and most convenient pan ever introduced. They are made of Russia iron, *are more durable, and will bake your cakes more evenly and a much nicer brown than you can bake them in the old fashioned tin cake pans.* These goods are sold exclusively through agents to families, and every housekeeper should by all means have them. A splendid opportunity is offered to some reliable lady or gentleman canvasser of this county to secure the agency for a pleasant and profitable business. For terms, territory etc., write to L. E. Brown & Co., Nos 214 and 216 Elm Street, Cincinnati, Ohio. Sept. 27, 1877.4w.

Letter From Harrisburg.

HARRISBURG, Oct. 22nd, 1877.

MR. EDITOR:—In my short communication of last week I favored you with a brief sketch of Mr. Passmore, our candidate for Auditor General, and I will give you in this a condensed sketch of Mr. *Hart* our candidate for State Treasurer.

The day of summing up is fast approaching and if each and every Republican will give his own efforts to make our ticket a success we shall place in office good men, tried and true men and the people of the State will soon learn that in placing Sterrett, Hart and Passmore in office we will have ability, honesty and integrity and an impartial administration in the Judicial and financial departments of the State government.

Mr. Hart is a native of Montgomery County and belongs to the hearty, honest yeomanry, of that section of the State; his education has been such as the *Common Schools* of the county afford.

Not having been blessed with a superabundance of "this worlds goods," he was at an early age put to work at *Brick*-making, where he remained until the "call to arms" was sounded, when he was among the first who resigned the comforts and pleasures of home, for the hardships and campiife of a soldier, not with straps and stripes of an officer but as a private carrying musket and knapsack.

To follow Private Hart through his marchings, his campings and his battles, we have but to follow his brave leader our present Soldier Governor and for bravezy in action let his repeated promotions and advancements testify.

At the close of the rebellion we see Captain *Hart* returning from his camp life, covered with honors, his duty bravely done, his strap and stripes most nobly won.'

His worth as a soldier was fully appreciated by Gen. Hartranft, whose influence procured him a position as a subordinate in the office of State Treasurer.

Here too his worth and ability were appreciated and by successive steps he was promoted from his subordinate position to that of Cashier, a position scarcely less responsible than that of Treasurer.

In this position we find him to-day. In time of war a brave and true soldier; in peace, a capable, honest, and faithful citizen. Would it not be the *best* example of "Civil service reform" to continue such a man in office? The vote in November next will, I venture to say, return an affirmative answer.

Let the careful reader take the records of the different candidates Democratic and Republican and if he makes an unprejudiced comparison, his preference cannot but be in favor of those men whose records, public and private are "sans pure et sans reproche" and such are the men whom the Republican party has selected for their standard Bearers.

Schell and Noyes have always been men of wealth and are men whose sympathies are not with the laboring classes and for proof of this assertion it is but necessary to examine their public records, while the records of Passmore and *Hart*, who have from the ranks of laboring men, by self appointed efforts, steadily advanced and whose sympathies have ever been with the laboring classes, can stand the crucial test and show a record clear and clean.

The political outlook is far more encouraging now than it was six weeks ago and the Greenback and Laboring ticket advocates, whose main strength comes from the ranks of the Republican party are willing anxious to renew new their allegiance to the party that has ever stood by them, in past years, and whose future success (the laboring men) depends the success of there publican party, for the democratic party is not on friendly terms with the laboring men.

It behooves every Republican to put forth his individual, earnest efforts from the present time until the closing of the polls on November 6th, and the reward will be on the morning of the 7th, Sterrett, Passmore and Hart.

At Avilla, Noble Co., Indiana, Oct 17, Aaron B Snyder, formerly of Franklin Twp., Snyder Co., Pa., of lung disease, aged probably 56 years.

In Centreville, on the 13th inst., Edward Weirick, aged 45 years.

October 19th, near Salem, of typhoid fever, Sarah Catharine, daughter of Levi and Amanda Artly aged 12 years, 9 months and 18 days.

In this Borough, on the 25th., ult., of typhoid fever Luther Grant, son of Daniel and Sabina Bolender, aged 9 years, 9 months and 7 days.

Whilst we bow in humble submission to the dispensation of our great master, with reverence we sympathise with the bereaved parents and sisters. He was the only son—the joy of his mother and the pride of his father's life—

Go to thy rest, fair child!
Go to thy dreamless bed,
While yet so gentle, undefiled,
With blessings on thy head.

Fresh roses in thy hand,
Buds on thy yellow hair,
Haste from this dark and fearful land,
Where flowers so quickly fade.

Ere sin had scared thy breast,
Or sorrow woke the tear,
Rise to thy throne of changeless rest,
In yon celestial sphere!

Because thy smile was fair,
Thy lip and eye so bright,
Because thy loving cradle-care
Was such a dear delight,

Shall love with weak embrace,
Thy upward wing detain?
No! gentle angel, seek thy place
Amid the cherub train.

Ayer's Cathartic Pills,

For all the purposes of a Family Physic; and for curing Costiveness, Jaundice, Indigestion, Foul Stomach, Breath, Headache, Erysipelas, Rheumatism, Eruptions and Skin Diseases, Biliousness, Dropsy, Tumors, Worms, Neuralgia, or a Dinner Pill, for purifying the Blood,

Are the most effective and congenial purgative ever discovered. They are mild, but effectual in their operation, moving the bowels surely and without pain. Although gentle in their operation, they are still the most thorough and searching cathartic medicine that can be employed: cleansing the stomach and bowels, and even the blood. In small doses of one pill a day, they stimulate the digestive organs and promote vigorous health.

AYER'S PILLS have been known for more than a quarter of a century, and have obtained a world-wide reputation for their virtues. They correct diseased action in the several assimilative organs of the body, and are so composed that obstructions within their range can rarely withstand or evade them. Not only do they cure the every-day complaints of everybody, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are, at the same time, the safest and best physic for children. By their agreeable action they gripe much less than the common purgatives, and never give pain when the bowels are not inflamed. They search the vital fountains of the blood, and strengthen the system by freeing it from the elements of weakness.

Adapted to all ages and conditions in all climates, containing neither calomel nor any deleterious drug, these Pills may be taken with safety by anybody. Their sugar-coating preserves them ever fresh and makes them pleasant to take; while being purely vegetable, no harm can arise from their use in any quantity.
