

While the greatest juice has a mild, bland, sweetish taste, it possesses the power of dissolving the hardest food that can be swallowed...

There is that organ, an island in the valley and on the mountain-top, there is that always and every where, the atmosphere is full of it, it penetrates the noxious danger and visits the deepest, darkest cave of the earth...

The breath which leaves the lungs has been so perfectly divested of its life giving properties that it is breathless, it is mixed with other air, the moment it escapes from the mouth, would cause immediate death by suffocation...

But, food and drink as the expired air in Nature, so they are essential in all for work and way, for it to go on and on in its outward passage through the organs of the body...

If a well-meaning man be extended on the ground, his arms at right angles with the body, a circle passing the middle of his chest, will just take in the head, the torso and the feet...

Of the states of the human system known in Nature, only eight are found in the human body, and of these seven are metabolic from its origin...
