The Huntingdon Board of Health report 23 cases of small pox on Tuesday a week.

Our Vendue Bill Mill is now in operation, and like the Lewisburg *Chronicle*, we ask for grists. We turn out A No. 1.

A friend in need is a friend in deed, said a gentleman the other day, who had been cured of a terrible cough by Dr. Hess' Expectorant.

J. W. Bassler, of this place, who we announced last week as having been attacked with paralysis, died on Thursday, aged about 65.—*Sunbury Gazette.*

George Wells and Abner Lamp, two well-known citizens of Muntingdon, died within five hours of each other a few days ago of the small-pox plague prevailing in that town.

It is said that about fifty families will remove from Union county to the west this spring. If all go from Snyder county who are talking that way, an equal number will leave here.

Five young lads of well-to-do parents ran away from Lewisburg a few weeks ago, and after a deligent search were found some days after on their way home pretty well used up.

Will the foggy days of January bring frosts on the corresponding days of next May? Old weather-prophets used to predict that they would and said that experience proved it to be an unerring fact.

According to the papers the small-pox is not on the increase in Huntingdon, though a number of cases, in its different stages, are reported. It is at present not a healthy place to go to or to receive visitors therefrom.

Frozen plants, says the American Agriculturist, will often recover if taken to a room where the temperature is just above freezing, and allowed to thaw very gradually. The change to a very warm room would be very injurious.

HOW TO PRESERVE MEAT AFTER SMOKING.—Take one quart rye flour, one half pound glue, and enough black pepper to make black. Make into a paste that can be put on with the hand, hang up in an airy place and they will neither sweat nor mould.

Lice may be effectually exterminated from poultry-houses by using suds of carbolic soft soap. The application should be made with a garden syringe. The suds penetrate every crack and crevice, and render whitewashing needless, except for appearance.

HAND MASHED.—Fred. Bickel, a brakeman on the Sunbury & Lewistown R. R., while in the act of coupling cars at the Station at Selinsgrove, had his hand mashed. Doctor Waggeneller gave the young man all the medical aid in his power.—We learn he is doing well as can be expected.

The article on our first page headed "County Institute—VII," should read, *Thursday Morning Session*, and not *Wednesday Morning Session*, as it appears the in paper.

A DIMINUTIVE MAN.—The smallest man in the coal region is Mr John Bluebaker, of Shamokin. He stands three feet in height with his boots on. Without them on he never allows himself to be measured. He is married to a woman, who is considerably his superior in distance and is the father of two children, the oldest of which is the image of his father. Mr Bluebaker is slatepicker boss at the Burnside colliery and is considerably smaller than any of his pickers.

Cellars should be kept free from decaying vegetable substances. The presence of decaying vegetables in cellars is a prolific cause of diphtheria, fevers and ill health generally. The pure air of cellars is diffused throughout the dwelling; and if dampness is added to the impurity, the bad effects will be increased. *Dampness* of cellars is a frequent cause of consumption, neuralgia, rheumatism and other diseases. In short, the cellar needs to be looked to as closely as any portion of the house.

The Law Against Disturbing a Meeting—Those young people who persist in disturbing meetings should read this: 'If any person shall willfully and maliciously disturb or interrupt any society, assembly or congregation convened for the purpose of religious worship or for any moral, social, literary, scientific, agricultural or floral object ceremony, lecture, examination or exhibition, such shall on conviction be sentenced to pay a fine not exceeding fifty dollars, suffer imprisonment not exceeding three months, or both, or either, at the discretion of the court.'

COUNTERFEIT SILVER.—The "Minersville Republican" says: Our merchants and business men generally, complain of a large amount of counterfeit silver in circulation in the borough. The same complaint comes from all parts of the county, and we fear that much of it is 'shoved' knowingly and with intent to cheat. The law is imperative and punishment severe for passing fraudulent money, and every honest man should do his duty in bringing to justice those engaged in the nefarious business of passing the miserable counterfeits, of which there are so many in circulation.

☞ Great Bargains in FURS are now offered at S. Weis', Selinsgrove.

TRAMP DEPREDATIONS.—Of late the tramps have shown a disposition to recklessness that will cause even those who have heretofore exercised. Christian charity toward them. In Union township they have been detected in petty thieving time after time. Latterly they have been forcibly entering the school houses, remaining from Fryday evening until Monday morning, burning up the coal, and taking away with them articles belonging to the premises. The directors have concluded to place shutters on all the houses not supplied already, in order to stop the nuisance if possible.—*Lewistown Gazette.*

A NEW MILITIA BILL.—Adjutant General Latta has prepared a bill for the reorganization of the militia of the State which has been introduced in the Senate. It fixes the pay of privates, corporals, musicians, etc., at $1.50 per day for actual time served, and sergeants at $2 per day. The number of major generals will be reduced to three, and brigadiers to five. Uniforms and equipments are to furnished by the State out of the $400 allowed each company under the existing law. All officers will be examined by a board consisting of a brigade commander and the regimental commanders, before receiving their commissions, and a board will also be created by the bill to examine into the physical condition of the applicants for membership into the different companies.

Mr. Losch, of Hogestown, Cumberland county, was stopped on the North Mountain in Wagner's Gap a few days ago by two highwaymen, one of whom held his horse while the other demanded his money. Mr. L. said he would hand it over, and reached in his pocket apparently to get it out: but instead of pulling out his money, he drew out his revolver. Upon seeing this, one of the villains shot at him, and he returned the fire hitting the fellow who was waiting for the money and making him exclaim to his companion that he was shot. The robber fired again at Mr. L. but this shot as well as the first one, failed to do him any harm, and he again returned the compliment of a shot when the robbers both fled. Mr. L. hastily drove out of that dangerous locality and soon reached a place of safety. This scene transpired in broad daylight about ten o'clock in the morning, whilst Mr. Losch was on his way to to visit friends in Perry County.

THE IRON CLAD OATH.—The following is the oath every public officer in this State is required to take before entering upon his duties: I do solemnly swear that I will support, obey and defend the Constitution of the United States and the Constitution of this Commonwealth, and that I will discharge the duties of my office with; fidelity; that I have not paid or contributed, or promised to pay or contribute, either directly or indirectly, any money or other valuable thing to procure my nomination or election except for necessary and proper expenses and printing, authorized by law; that I have not knowingly violated any election law of this Commonwealth, or permitted it to be done by others in my behalf; that I will not knowingly receive, directly or indirectly, any money or other valuable thing for the performance or nonperformance of any act or duty pertaining to my office, than the compensation allowed by law.

Remarkable Success.

The success of the leading literary paper of the West THE CHICAGO LEDGER, is truly remarkable. Since its introduction to the reading public, six years ago. The Ledger has steadily advanced to favor, and is now acknowledged second to no paper of the kind in the country. Its circulation is national, and has been obtained through the efforts of its publishers to produce a paper of high moral character, and at the same time sell it at a price consistent with the present hard times. That they have succeeded well, too, the thousands of readers of THE LEDGER scattered from Maine to Texas and from Oregon to Florida will bear testimony. THE CHICAGO LEDGER is a large forty-six column weekly paper, which contains stories both complete and continued, in each number, written by the best authors of the day, and a great variety of information, interesting to everyone. The subscription price of THE LEDGER is only $1.50 per year, postage paid, and it is equal in every particular to other papers of the same character which sell for $2.50 per year. Copies of this splendid paper will be sent to

The Standard Remedies, for all diseases of the lungs are SCHENCK'S PULMONIC SYRUP, SCHENCK'S SEA WEED TONIC, AND SCHENCK'S MANDRAKE PILLS, and if taken before the lungs are destroyed they effect a speedy cure To these medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary disease. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectorant, and the patient has relief from the prostrating cough. The Mandrake Pills must be freely used to cleanse and stimulate the stomach and liver; they remove all obstructions, relax the gall bladder and start the bile freely, and the liver is soon relieved. Schenck's Sea Weed Tonic is a gentle stimulant and alterative; the alkali of which it is composed mixes with the food and prevents souring. It assists the digestion by toning up the stomach to a healthy condition, so that the food and the Pulmonic Syrup will make good blood; that the lungs heal, and the patient will surely get well if care is taken to avoid fresh cold. Full directions accompany each preparation. All who wish to consult Dr Schenck personally, can do so at his principal office, corner of Sixth and Arch Sts., Philadelphia, every Monday.

Letters to the above address, asking advice answered free of charge.

Schenck's Medicines are sold by all druggists.
