Where do the young men of Beaver-town go to in the evening?

A large number of people are weekly movin this county for the West.

To take out an advertisement on the score of economy is worse than taking down your sign.

If men and women only stated what they knew to be true, how much happier humanity would be.

Mr. Kearns of Beavertown lost two children within a week. Disease diphtheria.

March having come in like a lamb, our readers may rest assured that it will go out ——about the 1st of April.

Moving time is near at hand, and the day is one to be dreaded by many. Three movings is equal to one "burn out."

Churning butter is not difficult when Cows are in a healthy condition. FOUTZ'S Celebrated Horse and Cattle Powders will correct any disorders in the system.

Perhaps your neighbor is too polite to tell you so, but still he does not like to loan you his newspaper. Subscribe for it youself, and you will never regret it.

We have faith in the virtue of the silver dollar. If any of our delinquent subscribers doubt this, let them try us, and we will guarantee to remove all their doubts upon the subject.

Do you love your children? Then do not allow them to suffer with coughs and colds. Get a bottle of Dr. Haas' Expectorant, and thus have the means at hand to avert a fatal termination. 25 and 50 cents a bottle.

If you have a farm to rent, advertise it. If you wish to rent a farm, advertise for one. There are many persons of both classes in the county looking for each other. The card would bring them together.

A bill has been introduced in the Legislature making it a misdemeanor to furnish tobacco, either for chewing or smoking, by sale, gift or otherwise, to any minor under the age of eighteen years.

ACCIDENT.—On Wednesday last, Nathan Shambach, Blacksmith of our town, whilst welding a steel bar received a painful injury in the left eye by a steel scale flying into it, which, perhaps, may result in the total loss of vision.

The voices of spring are multiplying every day. A fortnight ago we noticed the presence with us of the blue bird and robin red breast. Since then we have had the call of the meadow blackbird, the pee-wee, the lark, and lastly, if not the most welcome, the croak of the awakening frog.

Some of the citizens of this county who sought the grassy plains, affable climate, good hunting ground and the vales that flow with milk and honey in Kansas, have returned heartily cured of their western fever, and willing to endure the hills, and more common fare incident to a life in little Snyder.

People who wish early tomatoes should sow the seeds in boxes now, keep them in a warm place, when the plants are five or six inches in height it is a good plan to transplant them into fruit cans, one plant into each can. This will give well grown and hardy stocks when the time comes for transplanting them into the garden.

The Fairmount House.—John Limbert, late Landlord of the Raudenbush Hotel, in Adamsburg, has taken possession of the Fairmount Hotel in Franklin. Mr. Limbert is an experienced landlord and is favorably known for his excellent social qualities, good liquors and fine dinners. His terms are liberal, and persons attending Court should give him a trial.

A March devoid of moisture has generally been preferred by tillers of the soil, and there are many proverbs to justify the preference. Perhaps the most familiar of these sayings are, "A peck of March dust is worth a king's ransom," and "a dry March never begs its bread." It would doubtless be impossible to trace the origin of these adages, but at all events they prove that our forefathers were not entirely unobservant of cause and effect.

DON'T BE SWINDLED.—A large number of persons in this State are receiving circulars from a New York firm representing that they have drawn a lot of genuine jewelry, consisting of 105 different patterns, valued at $275 to $280, and that a percentage of $14 is due on the same. The firm who sends out these circulars is pronounced a fraud by the New York *World*, as anybody with a spoonful of braines might have guessed it to be.

ACCIDENT.—On Thursday last our neighbor Sam Bowen was on his way to cry a sale, and at the Iked Hill he was invited to take a seat in a buggy with a stranger who was going his way. Getting into the buggy and about to seat himself the horse frightened throwing Sam out over the wheel severely dislocating the left wrist joint. Sam is a large, powerful man and didn't squeal when Dr. Rockafeller set it, but he turned considerably pale and made some ugly faces.

S. Weis Selinsgrove is now offering great bargains, and special inducements in Dry Goods and Notions. In order to reduce his large stock to goods, before the middle of March and prepare for an early Spring trade. He is selling now at greatly reduced prices in fact a great many articles at cost. We would advise our readers to call at the above mentioned establishment if they want bargains. NOW IS THE TIME. Headquarters for Motto Frames at S. Weis' Selinsgrove.

Good Shoe Blacking.—Dissolve one ounce borax in water, and in this dissolve gum-shellac, until it is the consistency of thin paste; add lampblack to color. This makes a cheap and excellent blacking for boots, giving them the polish of new leather. The shellac makes the boots or shoes almost water-proof. Camphor dissolved in alcohol, added to the blacking, makes the leather more pliable and keeps it from cracking. This is sold for fifty cents a small bottle. By making it yourself, a dollar will buy material for a gallon.—*Rural New-Yorker.*

RATS AND HARNESS.—It is stated on good authority that a teaspoon of Cayenne pepper mixed in a quart of oil and rubbing the harness with the oil, will effectually protect it against the gnawing of rats. It is also said that an ounce of aloes to one gallon of oil will afford the same protection. Our remedy heretofore has been, and we have never known it to fail, to hang the harness up so that no rats can molest it. But as some people are careless in this respect, the red pepper and the aloes and oil remedy had better be adopted. A friend at our elbow says carbonic acid is a sure remedy.—[Germantown Telegraph.

We copy the following articles from the Lewistown TRUE DEMOCRAT of the 21st inst:

H. M. Seiple of this place has taken possession of the Selinsgrove Engine and Machine works, lately operated by Gangler & Cooke, and intends to run the same. He is a practical machinist and brass worker, and we trust he may meet with much success.

E. C. Hamilton, of this place, will remove to Adamsburg, Snyder county, on the 1st proximo, and take charge of the hotel in that place. That he will keep a genteel house and set a good table is beyond a doubt, and we hope he may find it profitable, too.

The following bill was reported favorably from committee: "That it shall be unlawful for any person or persons in this Commonwealth to purchase or pay for a drink or drinks of intoxicating liquors for any other person or persons at any bar of public drinking house or place within this Commonwealth, either at the request of such other person or persons, or gratuitously, in the manner know as "treating:" and any person or persons violating the provision of this act shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine not exceeding $10, or imprisonment not exceeding one month, or both, or either, at the discretion of the Court."

ACCIDENT.—On Thursday the 14th inst., Mrs. Daniel Harner, Miss Fetter and Mrs. Fetter who where attending Reuben Gemberling's sale, in Penn township., met with a serious accident. They were seated on the rear seat of a Spring wagon The horses on crossing a small bridge became frightened and dashing suddenly forward precipitated the three ladies above named out over the rear end of the wagon—Mrs. Harner received a compound fracture of the left leg, near the thigh—Miss Fetter, an aged lady of about 70 years, had her breast bone broken and other internal injuries which resulted in her death- Mrs. Fetter was injured at the spinal cord, but is convalescent.

Escape of two Prisoners on Their way to the Penitentiary.—Sheriff Bostian of Lycoming county and deputies started a few days ago to the Eastern Penitentiary with three prisoners, convicted at the last term of criminal court. The "Gazette & Bulletin" of the 18th, gives the following particulars of the escape of two of the prisoners: "When the train was within about fourteen miles of Philadelphia, Fox and Henry, who were handcuffed together, started for the water closet, accompanied by Deputy Leib. When they got to the end of the car one of them took a drink of water, and while doing so the car door was opened by a passenger from another car. This passenger passed between the prisoners and the deputy, an advantage the prisoner did not fail to make use of, for they both sprang through the open door to the platform of the car, and although the train was running at a speed of twenty-five miles to the hour, they both jumped and landed in a plowed field. Before jumping one of them flung his wrist loose from the handcuff. Deputy Leib immediately pulled the bell cord, but owing to it getting twisted in the baggage car, it did not work right till the conductor got hold of it, and by the time the train was stopped it was fully a quarter of a mile away from where the prisoners had jumped. The sheriff and Deputy Leib then left the train, to go in search of their men, but by the time they got back to the jumping ground, almost a half hour had elapsed, and no signs of the escaped prisoners were visible. A lady at a farm house in the vicinity, informed them that she saw two men running into the woods about a half hour previous, and one of them was bleeding badly about the face. The sheriff, then, on learning that the piece of timber land into which his prisoners had sought refuge, was a fourteen mile tract, and contained an immense amount of thick brushwood, concluded to go on to Philadelphia by the next train, and send detectives after them. He expects to hear of their recapture to-day.

Consumption Cured.

An old physician retired from active practice having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma, and all Throat and Lung affections, also a positive and radical cure for General Debility and all nervous complaints, after having thoroughly tested its wonderful curative powers in thousands of cases, feels it his duty to make it known to his suffering fellows. The receips will be sent free of charge to all who desire it, with full directions for preparing and successfully using. Address with stamp naming this paper.
