Simple Cure for Earache.—Many years ago two of my children, one aged 8, and the other one, had a terrible attack of earache all one day and night. I worked over the little sufferers, doing all I could think of, and trying remedies suggested by our neighbors. On the second morning of the attack a lady came in and ask me if I had tried burnt sugar. I told her no, that I had not heard of that. She told me to put some live coals on a tin plate, sprinkle some brown sugar on them, set a funnel over it, and then hold the child so that the smoke could get into the ear. I did so, using the remedy for both little ones. The result was marvelous; the pain stopped instantly, and soon both little sufferers were in a sound, refreshing sleep.

Save Your Soapuds.—Who would throw away a barrel of soft soap or a box of hard soap? Were it not otherwise useful, it would be of great value as a fertilizer, if spread, in its raw state, about fruit trees or berry bushes. But after being dissolved in water and passing through the wash-tub, gleaming the imperceptible element of the best manure from soil, its fertilizing power is vastly increased. Indeed, we may almost say that the average soapuds from the kitchen and laundry is worth more than the soap which produces it. Do not, then, allow your soapuds to run away wasted, while you have trees it might benefit.

Brood sows must be handled entirely different from the fattening hogs. While they are raising their pigs they should be fed rich slop, of which corn should form an important part. Grind finely two parts of corn to one of oats, which make into a mush with water. Dilute the mush with water until it stirs easily, then add sour milk and kitchen slops until thin enough to drink. Give each sow from half to two-thirds of a bucketful three times a day, according to the appetite; after this is eaten give two ears to each sow.

Sprains.—If a sprain is nothing more than a sprain—that is if no bones are broken or put out—wrap the part in several folds of flannel which has been wrung out of hot water, and cover it with a dry bandage, and rest it for some days or even a week. Entire rest at first, and moderate afterwards, are absolutely necessary after a sprain. If it is in the ankle, the foot should be raised as high as may be comfortable; if in the wrist, it should be carried in a sling.

Moths in Carpets.—A good way to kill them is to take a course towel and ring it out in clean water. Spread it smoothly on the carpet, then iron it dry with a good hot iron, repeating the operation on all suspected places, and those last used. It does not injure the carpet in the least. It is not necessary to press hard, heat and steam being the agents, and they do the work effectually on worms and eggs.

Asthma.—One ounce flour sulphur, one ounce pulverized sugar, a small quantity of ground capsicum, enough to barely flavor it; dose, as much as a three-cent piece can hold every two hours; rub the chest and spine with butter and salt. The homoeopathic remedies are arsenicum; and capsicum avoid sauces, cheese, cakes, pies, gravies, as food.

Cure for Chronic Rheumatism.—Dr. Bonnet, of Grubbert, France, recommends and prescribes for chronic rheumatism the use of the essential oil of turpentine by friction. He used it himself with perfect success, having almost instantaneously got rid of rheumatic pains in both knees and in the left shoulder.

After your crop has been raised it will be greatly to your advantage to raise any mortgage which may be resting upon the farm. This will raise a heavy load from your mind and raise your courage and spirits beyond measure.

Mazins.—Dress your lands with fertilizers rather than yourself with broadcloth. The one reimburses the amount expended, with interest, and the other returns nothing, but is continually clamoring for further disbursements.

To Keep the Hands Smooth.—Take glycerine and ammonia, equal parts; wash the hands clean, and without wiping, pour a little in one hand and rub well over and dry.

To Take out Sores.—If a shirt-bosom, or any other article, has been scorched in ironing, lay it where bright sunshine will fall directly upon it. It will take it entirely out.

To Cure Bilious Headache.—Drink the juice of two oranges or of some lemon, about half an hour before breakfast every morning.

GLENN'S SULPHUR SOAP.

Thoroughly cures diseases of the skin, beautifies the complexion, prevents and remedies rheumatism and gout, heats sores and abrasions of the cuticle and counteracts contagion.

This Standard External Remedy for Eruptions, Sores and Injuries of the Skin, not only removes from the complexion all blemishes arising from local impurities of the blood and obstruction of the pores, but also those produced by the sun and wind, such as freckles. It renders the cuticle marvelously clear, smooth and pliant, and being a wholesome beautifier is far preferable to any cosmetic.

ALL THE REMEDIAL ADVANTAGES OF SULPHUR BATHS are insured by the use of Glenn's Sulphur Soap, which in addition to its purifying effects, remedies and prevents rheumatism and GOUT.

It also disinfects clothing and linen and prevents diseases communicated by contact with the person.

It dissolves Dandruff, prevents baldness, and retards grayness of the hair.

Physicians speak of it in high terms.

Prices—25 and 50 Cents per Cake; per Box (3 Cakes), 60c. and \$1.20.
