Local News, &c.

Looking up—the small onions.

Dandelion hunters are on the move.

The weather for the past few days has been pleasant.

Some of the boys have already been fishing with hook and line.

Some of our young men are already affected with Spring fever.

Thursday night 3rd., 4 inches of snow fell and remained about 10 hours.

——Great bargains in Carpets at S. Weis' Selinsgrove.

C. P. Frain was in town on Tuesday. Charley looks well.

Straw hats and linen coats were visible on our streets on Tuesday.

A few days of bright, warm sunshine now will make things go "hoppin."

Swimming will soon be in order, that is, as soon as water gets warm enough.

Diphtheria prevails to an alarming extent in some portions of Union county.

Horse radish is recommended as giving immediate relief to a hoarseness or cold.

We warn farmers against signing contracts with agricultural agents of all classes.

A Judge has decided that a woman is not an 'old maid' until she is 35. Do you hear that, girls?

The buds are swelling fast on trees, and a few more warm days will cause them to unfold rapidly.

Ephraim Fryman of this place is erecting a new Summer house. Let the ball roll on.

E. S. A. your items came too late for this week's issue. They will appear in our next issue.

Dr. Stites of Newport, Perry Co., is in town. The Doctor wears his usual sound, healthy, good looks.

Justices of the Peace elected in February will not receive their commissions until the first Monday in May.

See in another column the Boarding House advertisement of Gabriel Beaver, Main Street, four doors west of the Court house.

——The cheapest and finest patterns of Hamburg edging can be found at S. Weis' Selinsgrove.

The triennial assessment books will soon be in the hands of the assessors, with complete instructions for the work.

Rev. Kohler will have services in the lower church, on Saturday, preparatory to the celebration of the Lord's Supper, on Sunday.

A young lady in town says: "The sooner some young men leave off whistling on the streets the better. Confound their noise and their worse manners."

THINKING ABOUT COMMITTING SUICIDE.—How, where, when? *By* going to U. C. Gutelius's on next Friday evening and swallowing a dose of those large, fat oysters, the last for the season.

Notwithstanding John's pleadings, his Mary Ann left for where the still waters flow. John don't worry, she'll soon get the shakes and then she will return.

Now shut up your liens. Don't let them out till they can be of service.—Wait till your neighbor has planted his garden, when they will be found excellent helps in bringing things to the surface.

Terrible Calamity—distressing disaster—1000 killed and 1100 wounded—old and young men; boys and girls; old and young ladies, and children by the fall in prices of the large, stock of new Spring Goods at Hartman & Long's Centreville Store.

BE CAREFUL.—Always keep an eye on the sparks when you burn brush. Those who destroy rubbish of any kind, by means of fire, in small lots or gardens, surrounded by buildings, would do well to have a bucket of water at hand, to use in case of necessity. The prompt application of a few pails of water has frequently been the means of preventing extensive conflagrations.

There is no use denying the fact that the people have awakened to the fact that Spring is here. The uncovered garden beds and the denuded lawns speak volumes as to the coming of the vernal season. Unconsciously a timely observed disciples the dreams of the many enthusiasts—[illegible]

From New Berlin.

From the Lewisburg JOURNAL:

Quite an excitement has prevaded this usually quiet borough, by the appearance of ghosts (or something similar) in the house of Mr. Gebhart, opposite the Evangelical church.

On last Tuesday night, between 10 and 12 o'clock, the inmates—including Messrs C. O. and H. N. Cornelius, who have their law office in the building—were startled by a noise on the second floor. They immediately proceeding to the scene of the disturbance; here they found things in general disorder. The bureau was upset, books were lying about on the floor and the carpet was rolled upon a heap. The blinds were rattling, and various other noises were heard. Outside a stone was hurled in the air, yet nothing was seen that could have been an agent to produce such effects. The same thing was repeated on Thursday night, Since then nothing has been seen or heard.

The occurrence has been vouchsafed for by all present, whose veracity cannot be questioned.

The question now only remains, "What was it?" Was it a ghost or, as some believe, spiritual rapping? Some sounds were heard on the floor at certain times very much resembling the rapping produced by the so-called spirits, yet no spiritualist is known to be in the vicinity of New Berlin.

BUFFALO BILL

Death in a Limekiln.

Yesterday morning, our townsman, Joel Schaffer, while engaged in arranging the stone in a limekiln a short distance South of this place, was killed by inhailing gas arising from the lime and coal. It seems that Mr S. had gone down into the kiln for the purpose of preparing it for another charge when he was overcome by the gas. When he found he was unable to return to the mouth of the kiln he dispatched his little boy for help which failed to reach him before life had become extinct. Several of our citizens repaired to the scene of the accident, and removed the lifeless body from the kiln, which was conveyed to his residence on Front Street. This is a sad blow to his family. He leaves a wife and four children to mourn his loss. The deceased was a consistent member of the U. B. Church.—Mr. S. was a member of Company B. 6the Reserves, and served with credit during the war. He was a good citizen, quiet and unassuming, and his sudden death has cast a gloom over this community.—FREEBURG COURIER, 17th inst.

From Monroe Township.

MR. POST.—Seeing no letter or news from Monroe, I thought that a few lines would probably be of interest to the readers of the Post. I think the schools of the township are all closed; and I am sorry that I cannot write as "G. K." of West Beaver, concerning literary societies. Debating or some other societies should certainly have been organized. Except an exhibition on Chestnut Ridge, I do not know of any other meeting of the kind, in the Township.

The farmers, generally, are late with spring work on account of the bad weather very few having as yet finished sowing oats. To-day it has been raining and snowing alternatly and interminglingly. The probability is that the farmers must wait another week.

E. W. Y.

Was it old *Santa Claus* or the devil that was after Ed? On Saturday night last Ed., a pupil of Aesculapius, went to see his *Maria Jane* and Miss concluded to have a little fun—so he filled a tin can full of walnuts and placed it at the head of the stairs and fastened a string to the door—Ed., opened the door—down came the can kerwhallop and Ed., Caesar, but he ran—hair on end like porcupine quills and his coat-tail straight out behind. Swears he'll never go to see that gal again unless he's armed with broad axe and Harper's Ferry musket.

SAD ACCIDENT.—On last Monday afternoon, towards evening, a son of Mr. Isaac Erdley of Penn twp., between seven and eight years of age, without the knowledge of anyone went to the stable and took out one of his father's horses, as is supposed, for the purpose of riding him to water. Through some cause he was thrown from the horse, and when found was dead, having the top of his head crushed in. The bereaved parents have the sympathy of the entire community in this their hour of sad bereavement.—*Tribune.*

Mr. C. C. Seebold the enterprising agent for the sale of the White Sewing Machine, has recently had a number of counties added to his territory, and will in a few days go to Dauphin Co., to commence operations.

We bespeak for him success wherever he goes, and can cheerfully say to the people of Dauphin county, that they will find Chebley, a gentleman and worthy their fullest confidence.

On Thursday last a little son of John Beachel, in Franklin township, ran against the sharp end of a broken handled fork which penetrated the *cecum testicili* causing a frightful and dangerous wound. *Dr. Barber* was sent for and at this writing the little fellow is reported "doing well".

Be sure and don't look at Weis & Oppenheimer's big advertisement in another column, for if you do you will certainly be tempted to go and examine their large, new and well selected Stocks, and their low prices will convince you at once that duty and economy impell you to buy.

The young man who prefers working on a farm rather than being an agent at a railroad station, is a sensible fellow, and thereby [illegible]

For the Mifflinburg TELEGRAPH.

THE ROBBERS.

BY AUGUSTUS D. KILLER,

The plunderers came in like a wolf on the fold;
The pockets were searched for silver and gold,
And for two mortal hours they were waiter & cook,
And fifteen dollars drew from the pocket book.

It's not very pleasant to be tied to a chair,
And pistol at your head to make you scare;
It's no fun to be struck down like a dog,
And dragged 'round the room as if you're a log.

They tore up everything at a very quick rate
Eggs, pies and sausage shared the same fate.
Hard hearted wretches they must have been
To tie such old people and then to grin.

It's indeed very hard to be caught by a rough,
And to be ordered about by voices so gruff,
But very, very dry must they have been
To spend their money for whisky and gin.

They were kinder to the young than they were to the old,
For they gave brother copper in the place of gold;
They made grand-mother go and do as they bid,
And asked her to tell where the money was hid.

When they could find no money, but clothing instead,
They tied grand-mother and put her in bed.
After eating and drinking, with talk and with jest,
They seated grand father in his arm chair to rest.

And when the thieves with their visit go through,
They took up their bundles and then they withdrew;
But some very sharp men have followed their trail,
And we hope they will catch them and put them in jail.

EDITOR POST.—Since Spring set in—our people are busily engaged in preparing and putting out their spring crops.

Our Merchants in town are in the city this week buying their summer goods, and no doubt they will supply us single folks with all the necessary fabrics suitable to conduct our courtship.

On the evening of the 3d, inst., Mr Johns the teacher who taught in the Gordon school house, favored us with a grand exhibition, which was highly appreciated, and would have been a grand success if it would not have been for one sanctimonious person—who would not allow the Indian troupe to dress behind the curtain; but compelled them to dress in room No. 1—n; which rather put a stir on the entertainment—than a credit. And on the road going home the sanctimonious person was rather ridiculed when he heard the boys yell at the top of their voices S—H E—N &c; which caused him to try and put a fine on some gentlemen for bad conduct, but he has since learned that he was in the water as deep as they are, and so all was blown away with the north wind.

A Handsome Income For An Energetic Lady Or Gentleman.

The Ohio Scale Works of Cincinnati have just patented and are now introducing to the public a handsomely finished Family Scale, an article that has always been needed in every household, and in a communication addressed to the publisher of this paper the proprietors ask us to refer them to some reliable party to introduce it for them to the people of this County. It is very seldom that a new article steps so suddenly into universal favor. Housekeepers are loud in its praise, it is always ready, there are no weights to get lost or to be hunted up, is reliable, and will not get out of order. The description of them is a handsome base surmounted by a column in which works a spiral spring so scientifically adjusted as to weigh anything up to twelve pounds with perfect accuracy, on the top of the column is the platform on which the articles to be weighed are placed, and they have an adjustable indicator so that you can take the tare of any vessel you may use in weighing giving you the exact net weight. House keepers at once see their value in weighing fruits, sugars and other ingredients used in preserving, cooking etc, or in testing the weights of purchases from others.

The Scales are made of brass are highly polished and are finished in a skillful manner. They are very attractive and take the eye of every one who sees them.

It seems to us that nearly every family in this county will want one, and is certainly a rare opportunity for some smart and energetic party to pick up quite a nice little income during the next few months. The Company has agents in other counties who are easily making from $5.00 to $8.00 per day selling them, and we would recommend parties in need of employment to drop the OHIO SCALE WORKS, No. 123 and 127 Central Avenue, Cincinnati, O., a Postal Card, and all information etc., will be cheerfully given them by mentioning our paper. March 27.4w.

Auctioneer.—George H. Hackenburg, of Middlecreek, P. O., would announce to the people of Snyder county, that he will cry sales for real and personal property, at short notice and on the most reasonable terms. He guarantees satisfaction. [Mar 13.77t.
