E B TAYLOR, Superintendent.

Committee Meeting.

THE Standing Committee will meet in the Court House, in Middleburg, on TUESDAY May 27th, 1879, at 11 o'clock, A. M. A full attendance is requested, as business of importance will be transacted.

WILLIAM H. BEAVER, Chairman.
DR. P. HERMANS, Sec.

Local News, &c.

Peach trees are blossoming.

The fruit crop promises well.

Farmers make a full day now.

The grass crop looks promising.

Maj. Scott is in Lebanon county.

Horse chestnut trees are in leaves.

Soda fountains will soon resume operations.

Ice cream dealers have their signs out already.

Ladies are appearing in their new spring dresses.

Work has commenced on the new penitentiary at Huntingdon.

The weather prognosticator predicts a great deal of rain this summer.

Hon. H. G. Fisher, M. C. will accept our thanks for Public Documents.

S. S. *Bailey* has returned from Nebraska and gives a favorable report.

S. B. Schuck has recovered from his sickness and is now able to attend to business again.

For Sale, Cheap—A new Conklin Wagon. Inquire of J. F. Rield, Selinsgrove or Lewisburg, Pa.

Keep an eye on the locust blossoms as they are said to indicate the proper time for casting off under-clothing.

The scoundrel who entered the cellar and stole widow Stahlnecker's ham should choke to death at the first meal.

The festive hen now scratcheth the newly-made garden and gleefully cackles as the old knot thrown at her hits an innocent chicken of younger years.

ACCIDENT.—Last Sunday, Eugene, son of D. S. Specht, of Middlecreek twp., fell from a fence fracturing his leg just above the ankle. The boy is doing well.

FINGERS SMASHED.—Reub. Hare, living with his father on Wittenmyer's farm below town smashed two fingers whilst loading stones. Doc. *Barber* is fixing them up.

The people of our town and vicinity who have friends buried in the grave yard are planting flowers and otherwise beautifying the graves—a good move in the right direction.

The prudent housewife, who, on account of 'hard times,' has decided not to re-paper the sitting room, as desirable, will find the old paper much improved in appearance by simply rubbing it well with a flannel cloth dipped in oatmeal.

George Shindel's black horse went to water the other day at his own gait totally disregarding George's instructions and directions resulting in bringing George's great toe in contact with the fence and peeling the bark off—not the fence, but the toe.

TROUT FISHING.—Messrs. T.J. Smith, H. H. Grimm, Esqrs., Siff Bolender, ex-Treasurer Benfer and Benj. Bachman were up in Centre county fishing for trout and succeeded remarkably well—they always do—they had a good time.

Gazette-American is the name of the consolidated Gazette and American, published at Sunbury. It is a large, ably-edited, orthodox Republican paper—by far the best and cheapest paper published in Northumberland Co.; valuable for its reliability and large amount of general news it merits a large circulation.

Shad O! Fresh Shad O!! Is heard almost daily. We vouch for the Shad O! but not for the *Fresh* Shad O!!

These moon-light nights there are various shad ows flitting about the front doors and garden gates and when the old man, and "Fig" (a short-nosed, short tailed bull-dog) come around, the shad-ows flit around the corners rapidly.

On Friday and Saturday last, Shade *Mountain*, in the vicinity of Paxtonville was burning fiercely—the fire was down near the base in the valuable timber and necessarily proving very destructive. If the 'fire-bugs' could have a formal introduction to his Honor, Judge Bucher at one of his regular quarterly banquets, at the seat of justice, they would find him lavishly generous in this that he would, besides entertaining them very graciously give them free tickets to Cherry Hill Restaurant, barber-shop and bathing rooms, horses and carriages (optional with the proprietors,

On last Saturday morning about one o'clock the large bank barn of Frederick Shetterly, near Aline, in Perry township, was totally destroyed by fire with all its contents. The cattle were got out. It was insured in the Lykens Valley Fire *Insurance Company*. The fire is supposed to have been the work of an incendiary.

Doc. Barber and another Disaster.—Doc. desirous of fording the creek and the water being too deep to remain in the buggy got astride of his horse—in the middle of the stream the horse plunged and toppled his over-coat, pill-box and pocket apothecary-shop into the water—Doc. being an expert horseman preserved his equilibrium and, otherwise, landed safely on the other side of Jordan.

Union county rejoices over ten candidates for the Sheriffalty—after the Primary *nine of them* won't rejoice much.

We observe that David Gross is a candidate and if he don't come out first best we will acknowledge that we are false prophets. He is decidedly popular—prosecutes a campaign vigorously—and means to *win*.

Boys and Lucifer matches.—Just now almost every gardener is disposing of rubbish by burning on heaps in the gardens and out-lots and the young *Lucifers* must imitate—so the old Lucifer, that's the d—l gets into them and they *hook* matches and kindle fires without regard to the relative positions of stables and out-buildings to their fires. Parents keep the match-box out of reach.

The latest novelty in the confection line is the "lovers' telegraph," and its operation is very simple. It is a stick of taffy long drawn out, and he puts one end in his mouth and she the other end in hers. They begin to chew at the same time, and when they have reached the centre of the line the electricity begins. The inventor has already amassed a fortune, and his sales are growing larger every day.

A. M. Carpenter, of *Beavertown*, who has for several years actively engaged in promoting the missionary cause, lectured in the lower church on Sabbath evening last. The lecture was interesting and instructive. Subject, India—the habits, manners customs, and modes of religious worship of the heathen—the lecturer closing with an appeal for aid.

Revs. Shindel and Irvine also made stirring appeals in behalf of the good cause. Doctor Shindle, Superintendent, and his Sunday school sang several appropriate missionary hymns.

Monday last George Shindle and Charley Steininger planted potatoes in an up-town lot and they planted them so deep that the vines will come out somewhere in the Chinese Empire, and by the trespass laws of that Government the potatoes will belong to the Emperor. Since taking legal advice they mean to disregard it and have chartered a vessel, secured the services of a band of Piute Indians and propose sail for China so that they arrive there in the potato digging time and take forcible possession of the crop.

Agricultural Implements.

The Riehl Brothers open the present campaign for the sale of Farm Implements with double vigor. They have just received two car-loads of Champion Reapers at Lewisburg and Selinsgrove, which will be offered at *reduced prices*.

The Empire Threshing Machine and Farmer's Friend Grain Drill are well known in this county and need no further recommendation.

Machinery Depots at Lewisburg and Selinsgrove. J. L. Riehl, a gentleman of sound integrity and excellent business qualifications will canvass this county. They sell none but first class machinery.

From The Tribune.

The *Times* volunteers the suggestion that S. A. Wetzel is the TRIBUNE's candidate for Prothonotary. We desire to inform Mr. Wetrick that S. A. Wetzel would have been a candidate three years ago, had it not been for the assurance given Dr. Conrad by Mr. Crouse, that if Wetzel would withdraw from the canvass, that he, Crouse, would support Wetzel with his press and influence, next time. This fact is vouched for by Dr. I. D. Conrad, who is ready to make affidavit to the fact. Hence Mr. Wetzel is or *should* be also the *Post's* candidate.

REPLY.

It rarely occurs that I take notice of anything contained in *The Tribune* concerning myself, but I owe it to myself and my friends throughout the county to make this reply to the above which appeared in *The Tribune* of May 1, 1879.

In the first place, it is no matter of concern to me that Mr. Wetzel is Mr. Lumbard's candidate—and Mr. Lumbard has a right to canvas the county and electioneer for his candidate with all the force and effect which he may possess.

In the second place, Dr. I. D. Conrad has put the saddle on the wrong horse—he has confounded a different transaction concerning different persons. *I* have no doubt but the Doctor is honest in his impressions but he is badly mistaken.

I now here state that I am ready and willing to make affidavit that I never at any time entered into such arrangement as spoken of above with Dr. Conrad. Squire Wetzel, nor with any person now living or since dead. If this matter is pressed any further the "*dark horse*" will be brought out and saddled.

Lastly, three years ago Squire Wetzel was not a candidate for *Prothonotary*; nor did he ever intimate, much less declare to me, that he was a candidate.

A little daughter of Joseph Steffen, of Washington township, fell from a wagon and broke one of her arms.—COURIER.

G. Milton *Moatz* & Bro., are repairing their Tannery and are about to commence tanning operations on a lively scale. G. M. Moatz has the reputation of being one of the best *Finishers* in this part of the country. In cleaning out one of the handlers they discovered two sides of leather which had remained in strong tan-liquor since they closed their business several years ago—it is said to be thoroughly tanned and will never wear out.

County Sunday School Convention.

The annual Sunday School Convention of Snyder county, will meet at Selinsgrove May 20th, and 21st, and it is desired that there be a large representation present from all parts of the county. But in order that we have a large representation such who as workers in the cause must interest themselves in making it known and urging persons to attend.

Why not all the superintendants of the Sunday Schools of the County be willing to be present; and will not each one be willing to do his utmost to send a large delegation from his school? Will not each Pastor interest himself in this blessed cause? Will you not give us your presence and your hearty co-opperation? Is it not the duty of those who are called to be the overseers of the flock of Christ to "be ready to every good work?" If so, must we not be ready to engage in this? If we do not take the lead in this work and endeavor to make it a success whose duty shall we deem it to be? The people expect us to do so, the Divine Master expects it of us, will you not then be willing to announce this convention and urge your people to attend? Let every lover of the Sunday School attend. Topics of interest will be discussed, and it, undoubtedly, will be interesting and profitable to all. Come one, Come all.

PRESIDENT.

County Papers please copy.

Items from Richfield.

We deem it necessary to write a short letter, and give you some few items of our town and vicinity. Our merchants have returned from the city, with a large assortment of goods. We think they disposed of quite a lot of goods on last Saturday, for the town was quite lively with people from the country.

Cleaning house appears to be the business in town, you can see almost every woman with white-wash brush in hand and of course they are all in a very good humor, when that kind of work is to be done.

The people have been cleaning their front yards, and everything looks as if they took a delight in keeping things in a clean condition.

The past week has been very beautiful for making garden and the people have been attending to that work very well.

There is prayer meeting or preaching every Sunday evening in the United *Brethern* Church, and it is well attended.

Our farmers are busy putting in their Spring grain.

The workmen in the coach shop under the management of G. S. Mitterling are putting up some splendid buggies, and work seems to be brisk.

CONSUMPTION CURED.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure for consumption, bronchitis, catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases has felt it his duty to make it known to his suffering fellows. Actuated by this motive, and a desire to relieve human suffering, I will send, free of charge, to all who desire it, this receipt, with full directions for preparing and using, in German, French, or English. Sent by mail by addressing with stamp, naming this paper W. W. Sherar 149 Powers' Block, Rochester, New York. March, 27 4w.

Yellow Complexion.

My daughter, twelve years old, complained of headache, and her skin was a dark yellow; also the whites of her eyes were very yellow. We all said she had Jaundice. I bought a bottle of Baroness Bucha Backache, Liver and Kidney Cure, and a box of Dandelion and Mandrake Pills, and by the time the medicine was used she came to her right color again in a week or ten days. I call it a good medicine. Ridd the business up right.
