NARROW ESCAPE FROM DEATH BY SUFFOCATION.—Perry Hare is engaged in burning lime at the kilns east of town, and on Friday last inhaled carbonic acid gas to such an extent as to become entirely helpless and unconscious in which condition he remained for several hours notwithstanding medical aid was promptly procured an l the proper remedies applied. Of late several persons have been in a like condition at the kilns and should admonish those in the business to exercise greater care. Perry is over the effects and will perhaps be more wide awake in the future.

### To Marriageable Young Gentlemen.

I am desirous of opening correspondence with a young gentleman with a view to matrimony.

A pen photograph of myself may be necessary to the success of this enterprise: I am "sweet sixteen"—not tall-possess excellent health-a robust form—am neither lean nor fat—even temper—blue eyes—dark-auburn hair (curly)—would pass for tolerably good looking—economical—at home in the parlor or kitchen—can mend pants in the forenoon and read news papers until time to prepare supper,am respectably connected—not unmindful of the vicissitudes of life, I could bear, with christian fortitude, adversity and on the other hand equally rejoice over unbroken peace happiness and prosperity—as to my present and prospective possessions I have nothing to say as *I* will only give my heart and hand to one who will take me for myself alone, actuated by no sordid motives. The young gentleman must possess a liberal education—must be active energetic and competent for business—he should be of medium height—pre-possessing—kind disposition-economical-industrious—good moral and social character—photos to be exchanged on request by either. All communications exchanged to be strictly confidential. Address 'Lulu.'

### Temperance Meeting at Adamsburg.

On Saturday evening, *May*. 17, '79, we held our regular temperance meeting. Had a good attendance, would have had a better attendance but for the inclemency of the weather. The meeting was opened by singing, reading the Scripture and Prayer by Rev. W. R. Weiand, after which the President,Reuben Klose, introduced Cap. B. T. Parks, of Selinsgrove, who gave an address of an hours duration, which was new, pointed, thrilling, and productive of much good. *He* held the audience in perfect amazement and pointed them to the one who "sticketh closer than a brother,'who plucked him with thousands, as it were a brand out of the fire. He reviewed the eighteen years of his life which were lost to him through the accursed cup. How the prayers of a loving wife and dear children were sent to the throne of grace to rescue a fallen husband and father, and thereby were the means of rescuing him from the Pit, and setting his feet on the Rock of Jesus Christ, and making him a true, and loving husband and father as of years gone by, The Captain will always find true friends in Adamsburg and will always receive a hearty welcome. We hope and trust, that this is not the last address, but that we shall soon hear from him again.

*Eloping with a Negro.*—Annie Mason one of the prettiest, wealthiest and most accomplished young ladies of the town of Beaver a suburb of Pittsburg deliberately married George Jones an ugly, black, ignorant negro. Annie is 20 years of age and being an only daughter was spoiled by too much indulgence. Her father is United States Storekeeper in Indiana county, but lives in Beaver. Annie is a niece of ex-Chief Justice Daniel Agnew of the Supreme Court. Her mother on hearing of the marriage was seized with brain fever and is in a critical condition. On reading the above we put the following proposition to our Will: It Annie would come around this way and declare to you that she truly and sincerely repented having married the "nagar"—that she would love, serve and obey you as a dutiful wife—that she would give you annually the income of $500,000, that she wouldn't love the "nagar" any more but would desert him and cleave unto you,would you marry her? To which Will answered emphatically, "*I would.*"

### Letter from Nebraska.

HOOPER, DODGE CO., MAY, 15, '79.

EDITOR POST:—No doubt some of your readers will be interested in hearing a little from Neb. Or in other words, from the "Bug Eaters" as the Nebraskians are sometimes called. However, we eat but very few bugs. We are, I think, in one of the finest farming countries in the United States. We raise any amount of wheat,corn rye and other grain; and would therefore be very foolish to subsist on bugs. We have rather cold and dry weather, for this time of the year. But notwithstanding all this our crops look excellent.

Market. Wheat is worth from 55 to 65 cts., Corn 18; Rye 25; Oats 15; Barley 25; Potatoes 35. The prospects for good crops are excellent. The grasshoppers are not expected this summer. Hence the people are all of good cheer.

### East-end Squibs.

Squire Rohrer,of M'Kees ½ Falls,sold his Tobacco crop a short time ago which was grown on three (3) acres of the "Sheridan farm" owned by *J. B.* Hall, for the sum of $538.00—good for the Squire. Messrs. *P*ortzlein and Swartz, of McKees, also disposed of their Tobacco crop at rate of 15 cts., per. lb., aggregating the net sum of $500,00—this, too, was raised on 3 acres.

About two weeks ago 7 or 8 tons were sold at Freeburg for which the owners received from 9 to 15 cts per lb., thus showing that toboacco raised in the fertile soil of Chapman is superior and commands a better figure—Whoop! McKees ahead.

Col. E. S. Bowersox of Lindsey, Ohio, formerly of this County, writes us an interesting letter which we are compelled to omit for want of space. From the tenor of the Colonel's letter, Lindsey is prospering and so is the Col.

Gentlemen given to the luxury of carrying concealed deadly weapons on their persons would do well to heed the law of 1876 on the subject. A fine of $75 and six months' imprisonment is the legal price of the enjoyment.

Mr. Jacob Greenhoe has opened a Temperance House in Adamsburg for the accomodation of the traveling public. *His* guests will always find a well supplied table, and good stable accommodations for horses. He asks a share of the public patronage. Rates very low.

PETERSON'S MAGAZINE for June is already on our table, exceptionally bright and meritorious in every department. Nothing but its enormous circulation could enable "Peterson" to give so much for the money: it is incontestibly the cheapest as well as best Magazine of its kind. *Every* lady should have it. Its price is but *Two Dollars* a year. Address CHAS. J. PETERSON, 306 Chestnut Street, Philadelphia, Pa.

KRAMER, May 19, 1879.

DEAR SIR:—Some one of my opponents is circulating that I am not a candidate, at the coming Primary Election, for Register and Recorder. Please announce in your paper that I am a candidate, that the story is false and done to injure me with the view of bettering the chances of nomination of my opponent who circulates the falsehood.

Respectfully.

*Dunmoyer's Saw Mill on Fire.*—The mill is located near Millinburg, Union Co. The employees, four in number, one night last week were aroused by a crackling noise—coming out of their shanty they found the mill on fire and the flames making rapid progress—by prompt and energetic measures they succeeded in subduing the flames but not until the gum belting was destroyed and other slight damages to the machinery—the original cost of the gum belt was $100. It was a pure unavoidable accident and not the result of negilence. Glad that the damage is not greater for Joe is too clever a fellow to meet with misfortunes of that kind.

We are informed that the Middleburg Fire Company have completed arrangements to participate in the grand 4-of-July parade to take place in Saharunpur, Northern India. The invitation, bearing his majesty's, the Emperor's, private seal, is engrossed upon parchment manufactured from the skin of a native; written in native language and characters; encased in the polished horn of a Rhinoceros which is set round and round with diamonds and closed with a solid gold pad-lock—only a few, and those carefully selected and widely known for good moral character and unquestionable honesty are admitted to see it. The company will sail in a double-rigged bamboo cutter on June 1st, at 7 a, m. sharp.

### An Easy way for Ladies and Gentlemen to Secure a Handsome Income.

The Ohio Scale Works of Cincinnati have just patented and are now introducing to the public a Handsomely finished Family Scale, an article that has, always been needed in every household, and in a communication addressed to the publishers of this paper the proprietors ask us to refer them to some reliable party, to introduce it for them to the people of this County. It is very seldom that a new article steps so suddenly into universal favor. *Housekeepers* are loud in its praise, it is always ready, there are no weights to get lost or to be hunted up, is reliable, and will not get out of order. The description of them is a handsome base surmounted by a column in which works a spiral spriug so scientifically adjusted as to weigh anything up to twelve pounds with perfect accuracy, on the top of the column is the platform on which the articles to be weighed are placed, and they have an adjustable indicator so that you can take the tare of any vessel you may use in weighing, giving you the exact net weight. Housekeepers at once see their value in weighing fruits, sugars and other ingredients used in preserving, cooking etc., or in testing the weights of purchases from others.

The Scales are made of BRASS, are highly polished and finished in a skillful manner. They are very attractive and take the eye of every one who sees them.

It seems to us that nearly every family in this county will want one, and is certainly a rare opportunity for some smart and energetic party to pick up quite a nice little income during the next few months. The Company has agents in other counties who are easily making from $5 00 to $6 00 per day selling them, and we would recommend parties in need of employment to drop the OHIO SCALE WORKS, No. 135 and 127 Central Avenue Cincinnati, O., a Postal Card, and all information etc., will be cheerfully given them by mentioning our paper.
