GUTCHLEN.—On Monday night last some villainous scamp or scamps stole Cal. Gutelius' three large, white Cochin roosters for which he would hardly have taken a house and lot on Main Street, so highly did he prize them. If they had stolen his whole large stock of Spring & Summer goods which he sells at surprisingly low prices he would not mourn the loss half so deeply. We wish he could discover the thieves—he would give them no quarter, except in Fort Delaware.

State of Pennsylvania, }
COUNTY OF SNYDER. } ss:

Personally appeared before me one of the Justices of the Peace in and for said county, Jeremiah Crouse who being duly sworn according to law deposeth an I saith: "On or about the latter part of April 1876" at the "rear of the hall," in the Court house, I DID NOT REQUEST ISAAC D. CONRAD "to get S. A. Wetzel "to decline allowing his name to be "used as a candidate for the office of "Prothonotary" as stated in an affidavit made at Selinsgrove. May 19th 1879. and published in *The Tribune*: NOR DID I SAY TO SAID ISAAC D. CONRAD: "Doc. I believe that you are the only man "that can do me this favor, and "if Squire Wetzel will not be a candi- "date for Prothonotary this time, I will "go for him for Prothonotary next time, "*I will* canvass the county for him, and "also use my press in his interest, *I will do this so help me God*;" NOR DID I "at the same time clasp his hand in mine." And deponent futher saith that the whole of said affidavit made and published at Selinsgrove and mentioned above is FALSE in every particular.

W. HARDING J. P.

LET US REASON TOGETHER.

To the Snyder County public.

I regret very much that Doctor Isaac D Conrad, perhaps, through a defective memory or confusion of different conversations at different times and places and relating to S. A. Wetzel and office, notwithstanding a conversation with him in which he expressed doubts about this very matter-at-ating that he "THOUGHT I said so"—he was "TOLERABLY certain"—I "MIGHT NOT HAVE SAID SO"—that HE "might have confused statements &c. raised a question of veracity between us. Now, I think the following facts and circumstances will make this matter plain to every fair-dealing and candid man who will give it an unbiased examination. Upon the one side is Doctor's naked affidavit with facts directly against it—on the other hand is the following state of facts which alone shows his mistake.

Three years ago, "or abo ut the last of April 1876," Squire Wetzel WAS NOT A CANDIDATE FOR PROTHONOTARY, so far as I know, hence there was no necessity to request the Doctor to get Wetzel to withdraw, but on the contrary Mr. Wetzel was talked of as a candidate for Register & Recorder. and there were arrangements entered into that if he would not be a candidate THEN for THAT office to wit: Register & Recorder three years hence—that is now—the party who used the expression "I WILL SO HELP ME GOD" was to support Wetzel for Reg. & Rec. [I never use the eXpression above quoted and italicized and used in Conrad's affidavit] I will authenticate this statement in a very short time.

Now, can any fair minded man who knows me think for one moment that I would make such request when negotiations of this kind were making and Squire Wetzel not a candidate for the office to which I was aspiring? [I have always said that as long as I suited the people and they were desirous that I should serve them as their public servant, I would accept as often as they chose to elect me, and *they* the people would receive my warmest thanks for the confidence they evidently have in my qualifications to fill the office of Prothonotary] Reader ask yourself the question—did Dr. Conrad who is a close neighbor and apparently the bosome friend of S. A. Wetzel, know that, three years ago, the Squire was not a candidate for Prothonotary? Did he know that Mr. Wetzel was then a candidate for Reg. & Recorder?

It is well known in this end of the county that Mr. Wetzel has been talked of, and that he himself has talked of being A CANDIDATE FOR REGISTER & RECORDER FOR A NUMBER OF YEARS; and I don't think he had a very serious notion at any time of being a candidate against me, but heretofore urged, as he now is, to be a candidate by Joseph A. Lumbard who has always opposed me, not only at the Primaries but AT THE GENERAL ELECTIONS

Why is this Statement of Dr. Conrad's not corroborate dby the affidavit of Squire Wetzel and thus place the matter in a shape to be credited notwithstanding the fact that I had no opposition three years ago either in the person of Mr. Wetzel or any body else.

THIS TIME, AGAIN, AS ALWAYS HERETOFORE I SUBMIT MY CASE TO THE PEOPLE AND NOT TO JOSEPH A. LUMBARD WHO PRETENDS TO HOLD THIS PEOPLE IN THE HOLLOW OF HIS HAND OR BREECHES POCKET. I am sorry that Doctor's persistence in his mistake has compelled a counter affidavit; and only from a sense of duty to the Republican party as well to myself have I yielded to urgent demands for a reply. And here I caution the party to be on the look-out for falsehoods and trickery to be practiced on the eve of election for my SAVAGE OPPONENTS have said they would practice their "cold games" at the last hours when it would be too late for contradiction.

Riehl Bros., have on exhibition a large variety of Farm Implements, among them a magnificent little Steamer and Separator of the latest improved Style of manufacture.

We have this to say for the Riehl brothers that they are practical farmers—that they represent the best machine offered the public, and purchasers place all confidence in their representation can and mode of business.

The Good people of Troxelville and vicinity were about to erect a Church and were kiln-drying the lumber, window boxing and door frames when somehow, last Saturday, the whole was destroyed by fire.

COMMUNION SERVICE.—Rev. Irvine will preach the preparatory sermon on Saturday afternoon and on Sunday administer the Lord's Supper in the Lutheran Church in this place.

Centre county has thirteen bands and Prof. Fehrer, of Selinsgrove, is over there trying to start another.

KRATZERVILLE AHEAD.—John S. Beaver furnishes the following: "I have at my store a *hen's egg* measuring 8½ around the greatest diameter and 7 In inches around shortest diameter.'

W. *H.* K., your deitch brief is *pear excellent* and we would like exceedingly well to publish it for the reason that it contains some very good things, but its personal allusions make it somewhat out of place just *now*. We will be glad to hear from you again—Sharpen your pen and try again.

BURGLARY.—A short time ago burglars entered the Tailor shop of John Radanbaugh, in Beavertown, and carried away four suits of clothing and several new shirts. These were mean cusses or they would have passed by a poor but honest and industrious man as is Mr. R. and cleaned out some one who could better afford the loss.

West Beaver to be taken by Storm by *josie* Lumbard.—The BLOW HORN says he will go up and *lead* a column of Beaver men into West Beaver a day or two before the election and will turn West *Beaver* over just where he wants it. So, West Beaver republicans you may look for his coming. Isn't that "heavy?"

The mail West on Saturday evening killed a valuable cow for John Felmy at Paxtonville—John is a poor man; an honest man, and a good citizen but remarkably unfortunate in cow line as this is the 3d, or 4th, he has lost at the rail-road. His premises are badly located—the rail-road running in at back kitchen door and out the front parlor door, hence his many disasters.

HARRISBURG May 20, 1879.

ED. POST:—The bill which I read in place creating a bounty on Foxes, Wild Cats, Hawks, Owls, &c. passed the House and Senate, but was returned to the House again without the approval of the Governor, stating that it would be in direct antagonism with the 3rd Article of the 7th section of the Constitution. And therefore is no law. CHAS MILLER.

WOOL.—AleX. A. Romig, of West Beaver, brought to our office a Specimen of wool which for length, whiteness and fine texture cannot be beaten anywhere. He sheared 22 lbs. from two Canada Sheep which will be a year old in June. The specimen measures in length 14 inches. Let us hear from other parts of the county. Alex. is an enterprising young farmer and knows that it is profitable to raise the best stock to be obtained. He says Scrub Stock don't pay.

SNYDER COUNTY, ss:

Personally appeared James H. Long, who being duly sworn says that, [it is rumored that Jere Crouse advised me to be a candidate for Jury Commissioner] I am not a candidate for Jury Commissioner and Jere Crouse DID NOT ADVISE ME TO BE A CANDIDATE; NOR DID HE SPEAK TO ME ABOUT BEING A CANDIDATE. I was advised to be a candidate by my friends and had consented but on reflection concluded not to be a candidate.

THROWING A 16 POUND SLEDGE.—On Wednesday evening a knot of *Strong men* gathered in front of the Washington House and gave an exhibition of their strength by throwing the Sledge. Considerable Sleight and strength was shown, but notwithstanding all efforts the White Sewing Machine man, C. c. c. c. Seebold was the victor, throwing it a distance of 40 feet, with one arm. If any village in this county can beat that let us know it and we will publish the result but we want a fair statement.

MR EDITOR:—To day while a young man was engaged, in digging for fish bait at Bowers Island, above this place, he came upon the body of a man, two feet below the surface, upon removal it proved to be the remains of *Mr.* Wilhelm of Danville, who with his little son were drowned at the above place last fall. His name was punctured upon the arm, which led to his identification. The remains were buried upon the Island, and the family notified.

A *HOT* SUMMER PREDICTED.—An unusually hot summer is predicted by Prof. Piazza Smith, the astronomer royal of Scotland. He bases his predictions on the records of the temperature of Edinburgh as during the last forty years by the earth thermometer of the observatory of that city. These observations show, he says, that a great heat wave comes upon the earth without, presumably from the sun, about every eleven years; and it appears that the next heat-wave may be expected in the summer of this year. Prof. Smith thinks these seasons are likely to be glowingly hot, and the following winter exceptionally mild.

ED. POST:—On the 19th, inst., a very sad accident occurred near Winfield, Union county. A gentleman by the name of Renn, together with his wife and Miss Amanda Hummel were out at the boom in the West Branch, and in getting into the boat it upset, and both ladies drowned. The affair cast a gloom over the community. The funerals of the unfortunate ladies took place yesterday; the gatherings of the people, took place at the respective homes of the deceased, at 10 o'clock A. M.; after the usual ceremonies there, they retired to the Baptist church, at Winfield. Here the funeral sermons of Miss Hummel and *Mrs.* Renn were preached respectively by Rev. Hall and Rev. Pine. After these services, the bodies of the deceased were followed to their last resting places, by a very large concourse of people—that of Miss Hummel to Kratzerville, and that of Mrs. Penn to New *Berlin*.

Mrs. Penn had been married less than nine months.

The bereaved of each family have the sympathy of the entire community.

The Phrenological Journal and Science of Health.—The number for June of this excellent family magazine closes its sixty-eighth volume. Its reading matter consists chiefly of a fine Sketch of Governor Prescott, of New Hampshire; a masterly Reply to an Attack on Phrenology, which recently appeared in an English magazine, and was copied by a well-known New York monthly; An entertaining description of Two Curious Orchids; A very instructive paper on The World's Work for Women; A fine Portrait and Sketch of the Lydia Fowler; The continuation of the excellent juvenile story, Uncle Jimmie, the Cripple; Some suggestive remarks on House Alteration, which are illustrated; A highly esthetic bit of writing entitled The Search after the Ideal, by an English contributor; A valuable contribution to therapeutics in Traumatic Tetanus; A lively little Sketch, Piety vs. Health, and other good things. As the July number begins a fresh volume, it is a convenient time for subscribing, and it seems to us that $2.60 is a mere trifle for so valuable a publication as the *Phrenological Journal*, but at this price the publishers offer valuable premiums to each subscriber. It is also offered "on trial" six months $1.00. Single numbers, 20 cents. Address S. R. WELLS & Co., Publishers, 737 Broadway, New York.

Free Reading.

Wood's Household Magazine from January to April, 1879, inclusive, contains over 400 handsomely Illustrated Stories, Poems, Essays, etc., concerning as many different topics of universal interest.
