Squirrels are scarce. The doctors are busy. An early frost is prophesied. Summer is on the homestretch. Considerable sickness at present. County fairs will soon be the rage. The potato crop will be large this year. Oysters will be in season in a few weeks. The backbone of summer has been broken. The small boy is beginning to think of school. The days are getting much shorter at both ends. Examine your parlor carpets and the destructive moth. Thin out the vines and give your grapes a chance to ripen. There are any amount of beautiful peaches in market now. Quite a number of our people attended Camp meeting on Sunday. Pheasants are reported as being plenty in the places that they usually frequent. A few days hot and then a few days cold is very trying upon the general health of people. Young Ladies and Gents, should read advertisement of W. FOX, in our advertising columns. The Pennsylvania railroad freight shop at Altoona has orders for twenty-three hundred box cars. Many ladies misinterpret their sufferings. Try a box of "Sellers' Liver Pills." Sold by all druggists. Camp-meetings are now all the rage, and young men are looking out for their girls and handsome turn-outs. Next year will be a very prosperous one for dealers in smoked glass. No less than seven eclipses are announced. Those subject to costiveness should at once try "Sellers' Liver Pills." 25c. per box. Sold by all druggists. Woman should never forget that she brought more sin and misery into the world by her eating than ever man did by his drinking. When you go on a trip through the country you can hear on every side the farmers cheerfully singing: "Gee! How! Whoa! Gee-How!" C. C. Seebold, the white man—we mean the White Sewing Machine man—will accept thanks from this office for a lot of fine plums. A young lady begins to take an interest in the arrangement of a young man's necktie—it is a sure sign of something more serious than sister Z. Whist George Q. Kieckler of Centre Twp. was attending the funeral of one of his children another died, Diptheria is making fearful ravages in Centre township. The rain of Monday was much needed and has revived everything in the vegetable line, and enabled our farmers to prosecute farming operations with more ease and rapidly—and we hope has tended to abate the epidemic. Buggy Accident.—A couple of buggies were smashed at camp-meeting—we didn't stop to inquire whose they were—it is not customary—no matter, "git up there Charley"—the inquiry whether any one is injured comes in after awhile. U. B. Camp Meeting.—Some persons have been circulating reports that the U. B. Camp meeting at Middleburg, was postponed on account of disease in the neighborhood. Now I wish to say to the public that our meeting will be held, reports to the contrary notwithstanding. U. B. GAMBLER, Pastor in Charge.

McCLECK, Aug. 27 79.

Mr. Editor.—It is true that diphtheria and diptheria are raging so fiercely at Middleburg that there are not enough persons who have not been attacked by the disease to attend upon and minister to those that are confined to their beds? Is it true that the undertakers and grave diggers are unable to furnish coffins and graves fast enough and the corpses remain unburied until decomposed without air, and it is almost impossible to bury the dead? OBADIAH.

Dear Obadiah, we answer your question negatively. Diptheria prevails to some extent, but not nearly so bad as you are informed. Quite a number of persons who you mention in your letter as dead and buried are about doing business as usual and have not been sick at all. Our death notices will answer your questions. The disease is confined to children. [E.]

Stedler's Middleburg Cornet Band will accept our thanks for Saturday night's Serenade. The Band is well disciplined, gaily uniformed, and becoming quite proficient. It has musical talent—compares favorably with the best country bands—and is now composed of members generally who are permanent and will not be hindered in its progress toward perfection by the constant acquisition of new members to supply the places of those who remove or go out through other causes. Success to our Band.

What Betsy says:—"Dat doctor Ed, what stays mit doctor Barber he givs me do best metazine what I can gits any blue and he does me more good as all do doctors in Schnyder goundy—he gives a good totter when he dont go lead before he lives so long, and he is so a puddy little fellow what lads when I just comes inter do doctor shop, and he feels my bulse und he say he strikes blandy genunk, und he dries to bless evry podys.

Coal! Grain! Coal!

Seeds! Grain! Seeds!

E. B. Bowen's Coal Yard opposite the Middleburg Depot is stocked with a large supply of all kinds of coal which he is selling at the lowest possible prices. He is paying the highest market prices for Grain and Seeds of all kinds. Lime burners and farmers should now purchase their coal before prices advance.

Nightmare and a Big Leap.—Jonathan Bony was attending camp-meeting. Had his head-quarters at the Grand Central Hotel, Centreville, and on Saturday night after retiring was taken with nightmare—after the oppressive or stupefying effects had subsided he rushed to the window to restore respiration and tumbled from the 2nd story window receiving considerable internal and external injuries.

Penn Township news.—William Hummel and wife, of Penn, were attending Camp meeting, last Sunday and returning home passing the residence of Elias Aurand a dog chased some hogs under the horse at which he became frightened, ran into the fence, throwing Mrs. H. out of the buggy hurting her severely and damaging the buggy very considerably. W. H. S.

A Broken Engine.—Edward Snyder was moving his Engine and Separator to the barn of Joseph Shannon to thresh out his crop. Crossing the bridge in the lane between the main road and the barn the engine upset, broke the fly wheel and otherwise injured the machinery.

Horse and Buggy Stolen.—George Dauberman, of Freeburg, went to Campmeeting on Sunday last, near Centreville, and tied his horse in the woods near the camp. Some time during service the horse and buggy was taken away.

OUR KANSAS LETTER.

NEWTON, HARVEY COUNTY, KANSAS. August 29th, 1879.

Ed. Post.—Harvest for '79 has come and gone and the farmers have been taking recreation by trotting after the plow from morning until night these hot days. There will be more wheat sown in Kansas this fall than any previous year—as next year is their year so called Wheat Year, (they count every alternate year for wheat out here), last year crop was immense, this year not so large although some think she may continue the "Banner State." I understand some are raising the cry that Kansas cannot raise enough this year to feed herself, now this is too thin, as they cannot give you statistics to prove it. Those who were unfortunate enough to go a little too far West where they were troubled with the drouth and hail storms may indeed have rough living this winter, but the people of the eastern part of the State will not let them suffer. If that other Newton correspondent to one of your Snyder county papers would stick a little closer to the truth it might be as well for the coming generation—We have had an abundance of rain this season and consequently have the largest crop of corn ever known in this section. Harvey County has this year 46,176 acres in corn, which at a fair estimate of 40 bus, per acre will be over one and three quarters Millions bus. This is the time of year you hear the big stories come in from down along the river, down there they dare not leave a plow, fork &c., stand out overnight near a corn field as by morning they will be covered with corn ears. One man left his sack in his corn field and when he went to look for it 3 weeks later it had 15 ears of corn nearly grown. Its worse than Hans hair oil. The latest is of an old clucking hen which has been sitting on 15 grains of corn for the last month thinking they were hen eggs—would it not be advisable for some of the "Poor Darkeys" to emigrate thither, as Water Mellons are so large that they could up and enlone, make a door large enough to drive in, and it could be used for a house, stable and pig pen, combined—now as these are a very truthful class of people down there, we have no reason to doubt the truthfulness of these stories.

Newton has been counting up and finds she has 183 places of business—how is that for a six year old town.

Texas Ponies are brought in lively and you can have your choice from about 425 and then have the pleasure of breaking them in the bargain.

We are pleased to know that our friend Jao. Dreese is accumulating golden treasures by the sale of some of his fine large water melons. Last week as he was going to Buntan on business he selected 35 nice large ones (that would willingly give 50 cts., a piece for in Snyder county) and after hanting for near an hour in that city for a purchaser he finally sold out the load for 30 cts., its rough on the 'Boys' as melons are an article we do not like to see go to waste even if some of the poor fellows lose a nights rest with collera morbus in consequence thereof.

Politicians here seem to be more interested in Ohio politics than that of their own State. Guess old hats will be plenty out here this fall. HARVEY.

A Cyclopeda for \$10 00

Perhaps the most remarkable literary enterprise of the time, is the publication of the Library of Universal Knowledge, in 20 volumes of nearly 1,000 pages each, handsomely bound, for 50 cents per volume, or \$10.00 for the set. It is a reprint edition of the last (1879) Edinburgh and London edition of Chambers' Encyclopeda: A Dictionary of Universal Knowledge for the People, with very large additions upon nearly every subject of the American readers. The amount of matter will somewhat exceed that of the Cyclopeda of Appleton or Johnson though the price is but a fraction of their cost. Volume one is to be ready early in September, and the others will follow at very short intervals. The remarkable low prices are accounted for by the method of sale, to the subscribers direct, saving them the large commission, often 50 or 60 per cent, paid to agents or dealers; also, by the recent great reduction in the cost of making books, and by making very large sales. This course is a work that the millions will appreciate. Special inducements are offered to early subscribers and to clubs.

The same publishers have recently issued editions of Chambers' Cyclopeda of English Literature, 4 vols. \$1.50, formerly sold in vols. for \$3.00; also, the Ancient History, and Josephus, Works, large type editions for \$2.25 and 2.00, and Smith's Bible Dictionary, \$1.00.

They also publish, in August and September, the American Library of Biography, 12 vols., and the American Library of Modern Classics, 9 vols., the former \$3 cents and the latter at 50 cents per vol. In these series are presented such authors as Carlyle, Macaulay, Gibbon, Goldsmith, Lamartine, Michelet, Thomas Moore, Walter Scott, and Fourier, and such subjects as Caesar, Cromwell, Burns, Isaac of Ars, Vicar of Wakefield, Pinesley, Lull, Oats, &c. Full catalogues of publications, terms to clubs, &c., will be sent free on request by the publishers, the American Book Exchange, 65 Beekman St., N. Y.

Our young friend John S. Alleman Esq., has located himself at No. 19 North 3rd Street in the City of Harrisburg where any person having legal business to transact, will find him ready and willing to attend to all matters entrusted to him. Mr. Alleman is a graduate of Pennsylvania College, Gettysburg, and also of the Law Department of the University of Pennsylvania. He read Law likewise in the office of E. Spencer Miller, Esq., of the City of Philadelphia. We are recommending him as perfectly honest, trustworthy and efficient. We wish him great success in his profession.

The grape crop will be abundant throughout this season.

Suicide.—R. Benjamin Leitl residing about three miles west of Kratzerville, in Jackson twp., committed suicide on Monday forenoon by hanging himself to a halter strap in his horse stable. No cause for the commission of the deed is known. P.

CAMP MEETING.—A Camp meeting, will be held in Bower's Grove along Middlebrook, one mile west of Middleburg under the auspices of the U. B. in Christ church, to commence on Sept. 3rd., and continue at least one week, where all lovers of the Lord are invited to be present. Come with your tents to this "feast of tabernacles" and let us reap a rich harvest of blessings from Him who is the giver of all good gifts that we enjoy. Come one, come all. U. GAMBLER.

Precinct Federal will cure you coughs. Precinct Federal cures Croup, Whooping Cough, Precinct Federal cures 25 Cents. Sold by J. A. Moxie's Drug Store, Middleburg, Pa.

Tell your Neighbors.

For two years or more I could find nothing that would cure me of a smothering feeling in my chest. The doctors said it was too far gone with dyspepsia and it would do me no good. I was very much distressed with a weak back; pain most of the time I could hardly walk. A lady advised me to use the Barosma, Backache Liver and Kidney Cure, and before two bottles were used I was nearly cured, and have not been troubled with the same complaint for more than two years. It is the best medicine I ever used.

THE BEST REMEDY FOR Diseases of the Throat and Lungs. AYER'S PECTORAL CHERRY PECTORAL. Diseases of the pulmonary organs are so prevalent and fatal, that a safe and reliable remedy for them is invaluable to every community. AYER'S CHERRY PECTORAL is such a remedy, and so eminently merits the confidence of the public. It is a scientific combination of the medicinal principles and curative virtues of the most drugs, chemically united, to insure the greatest possible efficiency and uniformity of results, which enables physicians as well as invalids to use it with confidence. It is the most reliable remedy for diseases of the throat and lungs that science has produced. It strikes at the foundation of all pulmonary disease, affording prompt relief, and is adapted to patients of any age or either sex. Being very palatable, the youngest children take it without difficulty. In the treatment of ordinary Coughs, Colds, Sore Throats, Bronchitis, Whooping Cough, Croup, and Catarrh, the effects of AYER'S CHERRY PECTORAL are magical, and multitudes are annually preserved from serious illness by its timely and faithful use. It should be kept at hand in every household, for the protection of infants and children, in Whooping-cough and Consumption there is no other remedy so efficacious, soothing, and helpful. The marvelous cures which AYER'S CHERRY PECTORAL has effected all over the world are a sufficient guarantee that it will continue to produce the best results. An impartial trial will convince the most skeptical of its wonderful curative powers, as well as of its superiority over all other preparations for pulmonary complaints. eminent physicians in all parts of the country, knowing its composition, recommend AYER'S CHERRY PECTORAL to invalids, and prescribe it in their practice. The test of half a century has proved its absolute certainty to cure all pulmonary complaints not already beyond the reach of human aid. Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
