Senator Lamar, of Mississippi, justifies Yazoo Barksdale for killing Dixon.

The Democratic papers seem to be very indifferent about the California election.

De Young's pistol succeeded in making Mr. I. S. Kalloch, Kearneyite, mayor of San Francisco.

"General News" is what the Democratic newspapers head the returns from California and Maine.

The Chicago *Inter-Ocean* would like to trade the inhabitants of Mississippi for the Sandwhich Islanders.

The government has increased the currency circulation since the 1st of January, over six millions dollars.

Wm. Watts, of Conewago township, York county, recently ate three peaches more than a peck, in thirty minutes.

The Corliss engine, of Centennial fame, now runs the machinery of the Branch Mint at San Francisco.

Four persons--father and three sons-- formerly of Allentown, this State, were recently killed by wolves in Stafford county, Kansas.

Albright, the murderer of W. K. Miller, is said to be in the Mahanoy mountains, about three miles from Newport. It is said that after the finding of the corpse in Girty's cave, a man called regularly every other day for his meals at the house of a family named Gussler in Mahanoy mountain. The Central Pennsylvania Synod of the Evangelical Lutheran Church will hold its twenty-sixth annual convention on Wednesday evening, the 24th inst., at New Berlin, Union county.

Prosperous Times.

American farmers ought to prosper this year. European countries will undoubtedly need a large amount of wheat, as reports indicate a partial failure of the crops abroad in many sections. While speculation will, doubtless, run wild among wheat dealers, by which many will suffer, the farmer ought to receive a great deal of benefit, which will be a relief to the condition of affairs which provailed among our agriculturists for so long a period. Not only the business in breadstuffs, but our provision trade will recieve great augmentation, as the scarcity of grain abroad will render the surplus available for feeding cattle very meagre, thereby decreasing the meat supply. And then again manufacturing interests are improving and employment for the masses of working people that have for months been idle is becoming easier to obtain. This fact, combined with the great and increasing demand from abroad for nearly all our products, shows that we are progressing. There is no doubt that our country has been greatly blessed this year, for while complaints from other countries of financial distress, depression of trade, and the failure of crops, we are favored with abundance of grain, and our great surplus marketed abroad will bring millions of dollars into the country. When farmers possess money, trade all over the country is quickened, for in the increased purchasing power of the people lie the elements of prosperity.—*American Grocer.*

The Elections.

California Elects a Republican Governor, all the State Officers, and the whole delegation to Congress.

Maine answers California. A Republican Governor. A Republican Senate. A Republican House.

The election in California resulted in a glorious victory for the Republicans. The official count shows that the Republican Governor, all the State officers, and all four Republican Congressmen elected. The plurality in the State for Perkins, Republican, for Governor is 20,000. The Legislature is Republican. The result is all that could be desired by Republicans outside of the State.

The *Maine* election shows large Republican gains in all parts of the State. Davis, Republican, has 20,000 plurality over Garcelon, Democrat, and Smith, Greenbacker, and probably a majority over both. Returns show the House 87 Republicans to 64 opposition; Senate, 15 Republicans to 10 opposition, with York, Oxford and Franklin uncertain.

A whole town Caving into the Ground.

POTTSVILLE, September 12.—Mahanoy Plane, a town of six hundred inhabitants, is in danger of being engulfed. The workings of Stanton Colliery, operated by Miller, Hoch & Co., underlie the town, and last night, at 10.30 o'clock, loud reports caused by the caving in of the workings aroused the sleeping citizens. At once a scene of terror ensued. People rushed from their houses in their night clothes, screaming and frantic with excitement and spent the night on the streets or in the houses of neighbors in safer localities. The chief place of danger was on the main street of the town, and this morning the residents prepared to move out. It is only a matter of time before most of the town will cave in, as all around it the workings have caved in, leaving an awful gulf as a warning.

Charles P. Smith of New Windsor, Md., forged a note, fled from home, and became a reckless wanderer. At length he resolved to reform, and clandestinely visited his old home; but his father ordered him away, and declared a wish to see no more of his body until the life was out of it. Charles was lately stricken down with consumption, at Tunkhannock, Pa., and the Rev. Geo. T. Keller, to whom he told his story, sent the news to his father, who declined to go and see him. The clergyman telegraphed: "In God's name relent, and take pity on the poor dying boy. See Luke xv.' 11-32." which passage tells the parable of the Prodigal Son; but there was no answer, except a request to forward the remains when Charles was dead.

Philip and Nathaniel Shoop, of Jackson township, Dauphin county, were arrested on Monday last on a charge of murdering and burning an old peddler named Michael Bogan on the night of October 27, 1873. The peddler is said to have had considerable money on his person when he disappeared. About a year ago rumors of the deed were circulated in the vicinity of where Shoop live and have been growing until recently when the accused brought suit for slander against four neighbors. The latter then openly charged Shoops with murder and had them arrested. The accused maintain that Bogan is alive and resides in Philadelphia. They were released by Judge Henderson on a writ of habeas corpus and admitted to bail.

Daniel Wagner, residing on the Balsburgh farm in Swatara township, Dauphin county, raised four hundred bushels of early rose, peerless and other potatoes from a two acre patch.

D. LANGELL'S ASTHMA & CATARRH REMEDY!
(PATENTED.)

HAVING struggled twenty years between life and death with ASTHMA or PHTHISIC, and been treated by the most eminent physicians without receiving any benefit, I was compelled, as a last resort, to experiment on myself. I had become so bad that I was compelled to sit on my chair day and night, striving for my breath. My sufferings were so intense that it is useless to attempt to describe them. Always believing that nature had provided a remedy, if it could only be found, I commenced compounding roots and herbs, and inhaling the same for them, when I fortunately discovered a most wonderful remedy and sure cure for ASTHMA and CATARRH. I now offer to all afflicted with the above named diseases, the benefit of my discovery, and if they will improve the opportunity I will guarantee in the following manner, a perfect cure in from ONE TO FIVE MINUTES, and will be able to do down to every case successfully. As to the guarantee I propose to any person not fully satisfied, after using one-third the contents of a package, (in either ASTHMA or CATARRH) to return the remaining two-thirds to me by express, and the purchase money will be refunded by return mail. I will further say, if the foregoing proposition is not satisfactory, send your name and address, and I will send you one trial package Free of Charge.
