### Adamsburg Notes.

ADAMSBURG Sept. 15 1879.

Maurice, son of Jacob Fillman, aged 5 years, living with his grandfather, William Schwenk while playing last Friday, broke the small bone in his left arm and bent the larger one in such a way that the doctor and older citizens never saw any thing like it before; but he is getting along very well.

The Gospel Temperance Union was addressed on Saturday evening by Mr. Dobbs the state Temperance lecturer.

Etta M. Schwenk has returned from Freeburg after spending six weeks at that place attending the Musical College, she reports having had a pleasant time.

The remarks of our young men now are: "Won es yusht may mate het."

ANON.

Last Friday night Mr. Fred. Smith, baggage master on the mixed train, Sunbury & Lewistown railroad, was sent from the latter place in charge of an extra freight train. When near Selinsgrove, and while in the act of jumping from one car to another, the couple broke, and instead of reaching the car he fell head-long between the cars to the track. He succeeded in getting out with a strained arm and a few scrapes. Considering that the train was in motion, his escape from a horrible death was miraculous, indeed. —*Sunbury Democrat.*

Krieger and Pawling sold their half interest in the large Flouring Mill, near Selinsgrove, to George Schnure for $14,000. The other half had been purchased by Mr. Schnure's son some time ago, and the new firm is George Schnure & Son.

The new firm is a thoroughly substantial one—as was the late firm—substantial, financially; in business capacity; in integrity and all that is essentially necessary in a sound business institution.

Messrs Hart and Freese, of Bucks county, principal Bond-holders of the Sunbury and Lewistown Railroad passed over the road on an inspecting tour, and for the purpose of examining the work in progress near Beavertown.

We have had the pleasure of meeting both these gentlemen who are affable, approachable, courteous, discreetly communicative gentlemen of the old school.

Andrew Reed, Esq., of Lewistown, Solicitor, accompanied the above named gentlemen. Mr. Reed is an eminent lawyer and is familiar with Railroad affairs.

A SINGULAR FREAK.—Mr. George Swartz, of Centre township, has a three year old heifer that has not had a calf and yet she gives milk. As an experiment they began trying to milk her, and the second day she gave two quarts, and continues to give a fair quantity, and is now milked as regularly as the other cows, giving about as much as any of them. —*Bloomfield Times.*

Riehl Brothers are again on the rampage, defying all the world and the rest of mankind to produce a Clover Huller to equal the Victor—it is the best Huller because it has the advantage of combining all the latest improvements—does its work the best—is the most durable—lightest running and therefore the best and cheapest. See advertisement.

Rev. Hervey Dobbs, of Philadelphia, delivered a Temperance sermon in the lower Church on Sabbath evening last to an appreciative audience. He is a fluent speaker and has studied the subject well. Rev. Weiand opened the exercises with scripture lesson and prayer.

Rev. Josiah Bowersox, who has been laboring as a missionary in California and Oregon for nearly ten years, has returned to pay a short visit to his native home, and will preach in Paxtonville next Sabbath morning, and evening.

The foolish man foldeth his hands and saith: "There is no trade, why should I advertise?" But the wise man is not so. He whoopeth it up to the newspapers, and verily he draweth customers from afar off.

TOO THIN.—A young gent *hooked* a hat-ful of peaches from old widow E. and told all round that, pretty little Amelia had presented them to him with a significant smile &c. Young man, go west.

There is reason to believe that the Fair of the Union Agricultural Society, at Selinsgrove, will eclipse that of any former year, and our citizens generally should interest themselves in it and make the thing a grand success.

Our old and esteemed friend Henry K. Sanders, of Centre, will accept our very warmest thanks for a gift of the nicest pears we have seen or eaten this season. It is a source of pride and pleasure that we number Henry K. Sanders among the host of fair-dealing, honest, upright men who are our firm, personal friends.

### "That Cheap Encyclopaedia."

Volume one of the new "Library of Universal Knowledge" is issued September 20th. It contains 736 pages of small but clear and beautiful type, handsomely printed on good paper, and is neatly and strongly bound in cloth, half morocco and half Russia, at 50 cents, 75 cents, and $1 00 per volume. The succeeding volumes will appear about two each month, till the 20 volumes completing the work are issued. Specimen volumes are sent to any part of the United States (10 cents extra for postage), of return after ten days examination. Special terms are offered to early subscribers and to clubs, of which full particulars are sent free on request by the publishers, the AMERICAN BOOK EXCHANGE, 55 Beekman street, New York.

That a complete Encyclopaedia, first class in character, and containing more matter than any heretofore published in this country at any price, should be made and sold for the trifling sum of $10 00, seems so extraordinary, that many who wish it may be true, are very naturally incredulous. The same house publish a large list of standard works, all at similarly low prices, and the presence of some of them already in the hands of hundreds of thousands of lovers of good books in all parts of the land, is naturally rapidly transforming the incredulous into patrons and enthusiastic friends of the enterprise. No mystery is made about the cause of the low prices—they are, the reduced cost of manufacture to about one-half what it was a few years ago, the method of sale, direct to the purchaser, saving him the large commonly paid to agents and dealers, and a very large sale. It is worth the cost of a postal card to see their catalogue.
