To the Patrons of The Post.

—o—

For the *third* time since The Post came under its present management on January 1, 1877, we publish a request that our patrons help us financially to carry on the publication of our papor.

We think it safe to say that no publisher in the State has been more lenient; and now that we are in need of funds to conduct the paper we hope each of our patrons in arrears for subscription, advertising or Job-work will promptly respond.

We deem the above sufficient to bring forth a prompt response to our request.

Our former Citizen Henry L. Bilger, now resident in Carey, Wyandotte county, Ohio, who has been spending a short time here visiting the friends and the scenes of his youth and maturer years will leave to-morrow for his western home. He came to the *Post*, paid his subscription and ordered itsent to his address, indefinitely, *Mr. B.* is a master mechanic—a good citizen and altogether a very clever man.

What will be the result of the *Maine* outrage? Hundreds of the intelligent, orderly citizens of Maine will vote the Republican ticket who never voted it before—the intelligent laboring man will join the business men—capitalists—manufacturers and Maine will never again be the scene of such an outrage. Through the New England, *Middle*, Atlantic, Central and Western States, thousands will turn over to the Republican party believing that all the interets of this great nation are only secure in the hands of the Republican party.

The annual issue of Prof. Tice's "WEATHER FORECASTS AND AMERICAN ALMANAC FOR 1880," is out, and we learn that the first edition of over 20,000 copies was called for within eight days of its publication, and a second larger one put to press. It is fuller and more specific in its weather prognostications for 1880 that formerly, and a variety of subjects of interest, such as plagues and the astronomical relations thereto, heat and sunstrokes, cyclones, facts for foretelling the weather, etc., are discussed. Copy can be obtained by inclosing 20 cents to Thompson, Tice & Lillingston, St. Louis, Mo.

PETERSON'S MAGAZINE for February is already on our table, ahead, as usual; and is even more beautiful in some respects, than the January one. The double-size colored fashion plate; the illustrated story, "Alice Gray's Trial;" and some new and exquisite designs in Japanese embroidery, including a colored pattern, are among these. The stories are all remarkably good. We have so often praised "Peterson," that it is almost useless to do it again. Only two dollars a year. Every lady ought to take this magazine. Back numbers from January can always be supplied. Address, *C. J.* PETERSON 306 Chestnut Street, *Philadelphia*.

WAGNER & DAVIS, Proprietors.

This Nursery has been long and favorably known. The Proprietors have had large experience and are reliable men in all their business tranactions. Their trees are what they are represented and their agents reliable. The Nursery being located in Central Pennsylvania, the trees are oclinated and do not suffer from transplanting.

Their agent, Cyrus *Sieber* will canvass Snyder and adjoining counties and we recommend him to all who wish to purchase first-class trees.

MR. ED,—Our citizens are greatly excited about a ghost, which has lately appeared, to a number of persons.

The spook takes the form of a large female, dressed in black, wearing a black bonnet, with long crape veil.

She starts at the foot of the hill, travels up the road towards the Post office, and then disappears. At other times she is seen between the church, as all who have seen her agree as to her appearance.

She walks so lightly, as not to be heard except the rustling of her dress. When spoken too, makes no reply.

There is certainly some mystery about the matter which needs explanation.

VICK'S FLORAL GUIDE.—This work is before us, and those who send five cents to James Vick, Rochester, N. Y., for it will be disappointed. Instead of getting a cheap thing, as the price would seem to indicate, they will receive a very handsome work of 100 pages, and perhaps 500 illustrations—not cheap, but elegant illustrations, on the very best of calandered paper, and as a set off to the whole, an elegant Colored Plate that we would judge cost twice the price of the book.

CATARRH.

BROCKVILLE,

C. B. LITCHFIELD & Co.—DEAR SIR:—I have been troubled with Catarrh in all its forms for 25 years, and have used all remedies recommended to cure, but received little or no benefit, until I tried the CONSTITUTIONAL CATARRH REMEDY. I have only used one bottle and a half and I am so much better that I can say it has cured me. My daughter in-law has also been afflicted for the last four years. She is now using the remedy with the same result. I can truly say it is a wonderful medicine, as I know from eXperience that it will cure any case of Catarrh. I formerly lived at Napanee, Ont. Hoping that you will introduce the medicine through the Dominion thoroughly, so that my fellow sufferrs may have an opportunity of getting cured of this disease.

Yours respectfully

NELSON SHOREY.

N. B.—I have always been subject to headache; since taking the Constitutional I have not been troubled in the least It will cure headache in two or three hours
