We deem the above sufficient to bring forth a prompt response to our request.

Gold is getting plenty but the poor printer does not see much of it.

Life is made up of sunshine and shadows—about five shadows and one sunshine.

Advertise your wares—especially your spring stock—and reap the reward of the experiment.

Our friend John has found the philosopher's stone—it is to be content with one girl, and not run after a half dozen the same night.

As spring pigs along, see to putting double hings on your gates or the benefit of the girls, for they have grown much heavier since last year.

Whilst S. Oppenheimer, in his usually happy style, returns thanks to his numerous old patrons for their liberal patronage, he requests a continuance of past favors; and extend a general invitation to everybody to come, see, examine, price, buy, make bargains, go home well pleased, come back and buy again.

CONCERT.—R. Z. Salem's musical classes, assisted by the Institute and Middleburg Orchestras will give a concert in the U. B. Church, Middleburg, Friday evening, April 2. We assume the responsibility of promising a rich treat, and bespeak for its liberal patronage. Admission fee so low that everybody can attend.

A WORD IN SEASON.—We notice that a more than usual number of the publishers of county newspapers are calling upon their subscribers to "pay up." And the question may be asked: Why don't they pay up? Everything is now getting to be prosperous. Mechanics are flourishing. The industrial establishments are in full flow, and there is no excuse why the small sums involved in a few newspaper subscriptions should not be promptly met. Those in arrears, too, should pay a full year in advance, to make amends for their shortcomings. Post-offices are to be found everywhere, and they are safer now than ever before to transmit small notes; besides there's the postal order and the registered letters, so that those who cannot call at the newspaper offices have no excuse to delay payment. To pay a collector to go after subscribers and to pay the postage in advance, as every publisher has to do upon every paper before it is touched with a type.—*Germania Tele*

Burglars entered the grocery store of Henry J. Felix, one night last week. They took the small change in the drawer, amounting to less than \$3.00, and departed leaving everything else undisturbed.

The furnace office was entered the same night. It so happened that the combination was not perfectly adjusted on that evening and the thief was enabled to open the safe, out of which he took the change taken in through the day from the weigh scales, amounting to a couple of dollars. Leaving everything else undisturbed.

The Russian Count invited Dr. Ayer and his family to the Archduke's residence in the Royal Palace. This distinction was awarded him not only because he was an American, but also because his name as a physician had become favorably known in Russia on its passage round the world.—*Petra. Col. Pera.*

IN MEMORIAM.

Wittens, It has pleased the good Shepherd, who loves for his own, to call from his side, by death, our dear sister and faithful member of the Sabbath School, Sallie N. Wagner.

Believe that we shall miss her exceedingly, how to the loss of the great Shepherd, who has transferred our sister and classmate from the fold on earth to the fold of heaven, which he has prepared for his flock.

Believe that while we mourn the loss of our loss, we are still faithful and willing in our duties to God, we rejoice to know that our loss is her Eternal gain.

Believe that we sympathize with the community in the removal of a deeply beloved one, and direct them to the Father of mercies, the giver of all good.

IN MEMORIAM.

Wittens, It has pleased an All-wise Providence to remove from the scene of her earthly life and in the midst of her usefulness Angelina Rothrock, a faithful member of the St. Peter's Evangelical Sabbath School of Altoona, Pa.

Wittens, We have received with profound sorrow the message that our sister and colleague in the vineyard of the Lord has gone from time to eternity to reap the rewards of her labor.

Believe that in behalf of the St. Peter's Evangelical Sabbath School of Altoona, Pa. in competition with other schools we hereby express our profound sorrow and share in the common grief experienced by the friends of the deceased throughout the church and school of which she was a member so prominent and worthy.

Believe, That while weeping, howing to the Divine Will, we deeply deplore this irreparable loss; but by her death, the school lost a talented member, and the grave took from society one of its brightest ornaments. She was a friend to all educational interests, and holding a strong advocate of religion and morality, by whose death humanity loses a precious gem.

Believe, That these resolutions be passed at the services of intercession entered upon the adoption of the Sabbath School, a superstitious to the family, and the stars gathered in the Past.

U. S. are jealous going to me like a man and don't like a cowardly sneak and perhaps we can compromise some way or other.

Letter from Nebraska.

Holiday, March 18, 1880.

Ed. Post:—A few more news from Nebraska. We will first give you the particulars of the tour we made thru northern Nebraska, and southern Dakota. We had the pleasure of making a tour through the above named country, and saw some of the finest farming and grazing lands in America. The greater portion of it being yet open to settlers. I think it would be a wise act if some of the people would leave the over-crowded East, and come out here and take a claim, which would cost him the small sum of \$14. The country is yet very thinly settled; but I think it will have a different appearance in a very short time, as hundreds are flocking in daily. The weather is very cold out here. Farmers were getting ready to commence sowing, and in fact some have sowed already, but this cold spell checked them a little.

Market: Wheat 95c. Rye 45c. Oats 30c. Barley 5c. Corn 25c. live hogs \$3.00. Butter 15. Eggs 8.

If you wish, we will give you in our next letter a full description of the State of Nebraska in general. So that if any ever wish to go west they may exactly know where to go to find homes.

SCHOOL EXHIBITION.

We are pleased to say that the School taught by Revd. L. C. Gilbert, formerly held a very pleasing and interesting exhibition at the close of the winter term, on the last Friday and Saturday evenings the house being crowded on Friday Evening: owing to the inclemency of weather on Saturday eve. was only well attended, it being so interesting and amusing to the community that our citizens requested him to have it again on Wednesday evening next. We will say for our Young friend Ronald C. Gilmore that his school was well conducted, and all his scholars feel interested with his fine qualities and kindness as a teacher.

REPORTER.

West Beaver.

Editor and Reporter. Dear Sir.— You are sneaky, and crafty. I am Charlie of Jacks mountain, you must not think that you have drawn the curtain down over my eyes so far that I can't see any more, "not much," you are a single handed concern, sailing under various names, and think that the public will think that L. R. and W. K. were at the bottom of last week's items relating to the improvements of West Beaver Co., but I don't swallow any such "trash," you are lodging around in some moral abomination, are afraid to come out like a man if you don't want to, and show your face I will show you up next time.

U. S. are jealous going to me like a man and don't like a cowardly sneak and perhaps we can compromise some way or other.
